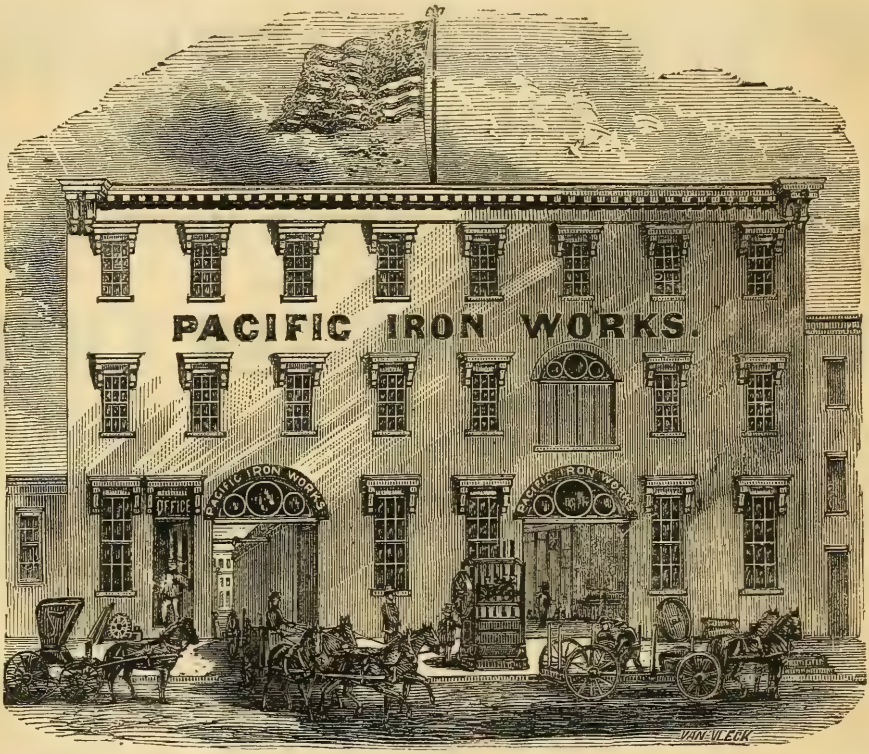
THE PACIFIC IRON WORKS

ESTABLISHED IN 1849.



The Proprietors of the above Works invite the attention of all parties interested, to their improved and unequaled facilities for manufacturing

MACHINERY OF EVERY DESCRIPTION.

Our Works are now conceded to be the most extensive and best appointed on this Coast, and the character of our Machinery, we have reason to believe, will bear favorable comparison with that of any similar establishment in the country. Our PATTERN LIST is most complete and extensive, embracing the late improvements in all classes of Machinery adapted to use on this coast.

We would call special attention to the fact that we have secured the exclusive right of manufacture, in this territory, to the Celebrated

GREENE ENGINE,

which is pronounced by Competent Engineers to be the most perfect and the most economical Engine now in use.

We are also sole Manufacturers of the Celebrated

Bryan Battery, Varney's Amalgamators and Separators, etc.

All Orders executed with promptness in the most thorough and workmanlike manner.

THE CITY COLLEGE

OF

SAN FRANCISCO.

This Institution is situated at the Corner of

STOCKTON AND GEARY STREETS, OPPOSITE UNION SQUARE,

In the central part of the City. It furnishes the best facilities for acquiring a thorough

ENGLISH, MATHEMATICAL,

COMMERCIAL,

AND

CLASSICAL EDUCATION.

The Course of Studies is the same pursued in the Best Colleges.

THE SCIENTIFIC COURSE

Has been adopted with special reference to the wants of California. PROFESSOR PRICE, besides his lectures and instruction in the College, has a Laboratory in which classes are taken through a thorough practical course of

ASSAYING AND CHEMISTRY,

With special reference to Metallurgy and Mining.

THE COLLEGE FACULTY ARE

REV. GEO. BURROWES, D. D., President and Professor of Rhetoric and Moral Philosophy.
W. E. V. HORNER, A. M., Professor of the Latin and Greek Languages.
C. SIDNEY WHITMAN, Professor of Mathematics and Natural Philosophy.
T. PRICE, Professor of Chemistry and Metallurgy.
A. DE LEO DE LAGUNA, Professor of Modern Languages.

AN ENGLISH EDUCATION

Receives particular and thorough attention. Patient, laborious drilling is the leading feature in the instruction, from the Elementary Classes through all the higher studies.

BOOK-KEEPING is taught with care, and a room is kept for this purpose, fitted up with the fixtures of a complete counting-house.

Nine Instructors are constantly employed, and one hundred and seventy Students are in attendance in the different departments.

On the spacious lot adjoining the College is a fine Gymnasium for the use of the Students.

There is a valuable Philosophical and Chemical Apparatus, in a large hall, kept exclusively for Lectures and Experiments, to which the Students have access.

For terms and further particulars, address

REV. GEO. BURROWES, D. D.

President of the City College, San Francisco.

ST. MARY'S COLLEGE

St. Ignatius' College,

Market Street, between Fourth and Fifth Streets,

SAN FRANCISCO, CAL.

This Institution, conducted by the Fathers of the Society of Jesus, was opened for the reception of Students on the 15th of October, 1855. On the 30th of April, 1859, it was incorporated and empowered to confer degrees and academical honors in all the learned professions, and to exercise all the rights and privileges common to any other literary institution in the United States.

THE DESIGN OF THIS INSTITUTION IS TO GIVE A THOROUGH

English, Classical, Mathematical and Philosophical

EDUCATION.

It is intended for day Scholars only.

The Course of Studies embraces the Greek, Latin and English Languages, Poetry, Rhetoric, Elocution, History, Geography, Arithmetic, Book-Keeping, Mathematics, Chemistry, Mental, Moral and Natural Philosophy. The study of Modern Languages is optional.

Besides the CLASSICAL, there is a PREPARATORY DEPARTMENT for the younger students. Its object is to qualify the pupils for the higher studies.

This Institution, provided with a full staff of Professors, presents considerable advantages for the mental and moral training of the students.

A COMPLETE PHILOSOPHICAL APPARATUS

HAS BEEN ORDERED FROM PARIS.

The Laboratory contains over Two Hundred and Fifty Pure Chemicals, and all that is necessary for the most complicated manipulations and analysis.

THE COLLEGE HAS, MOREOVER, A COMPLETE PHOTOGRAPHIC GALLERY.

A Telegraphic Apparatus has also been provided, which, through the kindness of the California State Telegraph Company, connects St. Ignatius' College with Santa Clara College, Santa Clara County.

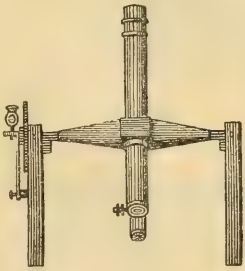
McGREGOR'S TRANSIT OBSERVATORY,

ESTABLISHED IN 1848.

OBSERVE—30 YEARS' EXPERIENCE.



☞JOSEPH McGREGOR begs to announce to Merchants, Captains of Vessels, and the public generally, that he possesses unequaled facilities for the accurate repairing of CHRONOMETERS and WATCHES, on more reasonable terms than those generally charged. Chronometers and Watches are often in this country intrusted to incompetent workmen. J. McG. is prepared to readjust and repair, in first rate style, all Chronometers and fine Watches put into his hands.

FOR SALE.—Chronometers by the most eminent makers; also, Sextants and Nautical Instruments of all kinds; or he will accurately repair and adjust them. Best Nautical Charts for all parts of the World. Give me a trial and judge by the result. Charges moderate.

YOU ARE INVITED TO READ THE FOLLOWING REPORT

Of the Committee on Lumber, etc., at the late Mechanics' Industrial Exhibition

CALIFORNIA LUMBER.

Report of the Examining Committee on Lumber, Scroll-Sawing, Turning, &c.

LUMBER.

There is only one competitor in the Department—Nathaniel Page & Co., of the Union Lumber Yard. They exhibit specimens of sugar pine from the Mills of the Union Lumber Company, of Marysville; said lumber varies from one inch to three inches in thickness, and four feet wide, and from twelve to sixteen feet long. This description of lumber is extensively used in buildings for finish, and for the manufacture of doors, sash, etc., and bids fair to exclude the importation of Eastern pine from this market altogether. The only general purpose which this does not entirely supersede, and for which Eastern pine is now used on this coast, is for patterns for foundry work, but which, even in this department, is being superseded by proper selections and seasoning of sugar pine for the purposes required.

The specimens of sugar pine on exhibition are of the very finest quality; their extraordinary size, closeness of grain, and capability of smoothness of finish and durability, freeness from pitch, excellency of manufacture, and superior whiteness, class them as equal to any white pine imported, and superior to the bulk which comes to this market from the East. The display of matched sugar pine shows a superiority of workmanship and excellency of material. There are about ten million feet of clear sugar pine used in this State annually for the purposes above named, and about one million Eastern pine imported per annum. Five years ago these figures were reversed.

The Mendocino redwood, exhibited by Messrs. Page & Co., is of the best quality of that material. It is much used in buildings for outside finish, and makes a good common finish for joiner work. It is very durable when properly selected. This lumber is used by carpenters for reasons last mentioned, where no great strength is required. The locality whence these specimens are derived, is considered to be the best yet discovered in this State. Forty millions superficial feet, lumber measure, are used in the city of San Francisco per annum, for building and other purposes.

We think the exhibitors entitled to the highest premium in your award,

} COMMITTEE.

Messrs. PAGE & CO. have on hand 500,000 Feet of SUGAR PINE, of the above description, which they invite all persons interested in the use of such material, to call and examine, at the

Union Lumber Yard, corner California and Davis Streets, and 124 Market Street.

They have also a complete assortment of all kinds of Lumber for building purposes, to which they wish to call the attention of all persons who wish to purchase good stock, cheap for cash.

REGISTRY OF DEEDS OFFICE, Boston, Jan. 10, 1859.

Messrs. MAYNARD & NOYES: Gentlemen,—I am glad that longer use of your Writing Ink enables me to repeat the testimony given in its favor many years ago. I have used it in this office thirty-seven years, *and my oldest records are as legible and black as when first written.* This rare quality for permanence renders it invaluable for State and County Records, and all mercantile purposes where it is important that the writing should remain legible and unchanged in color by the lapse of time.

BOWDOIN PUBLIC SCHOOLS, Boston, Jan. 7, 1857.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Ink in the Writing Department of this School the past thirty years, and take great pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good Ink.

JAMES ROBINSON, *Writing Master.*

The following extract of a letter from a well-known and long-established bookseller in Dover, N. H., is like many others often received, and will be found to express the opinion and correspond with the experience of a large number in the business:—

After trying various kinds of Ink, most of my customers come back to yours. I am tired of the miserable compounds offered every little while pretending to be superior to all other Inks, and will have nothing further to do with them. I have used your Ink on my books over twenty-six years, and my customers can see how it stands against time. Entries made in 1832 are as fresh as those made during this year.

PREFACE.

The San Francisco Directory for 1864–65, the seventh issue by the present Compiler, contains over forty-two thousand references, of which over thirty-seven thousand are male residents of the city—an increase of nearly ten per cent. over that of last year. In every department of the work the same gratifying evidences will be found of the rapid growth of the city.

The present population of San Francisco is estimated at one hundred and twelve thousand seven hundred, of which thirty-three thousand are under twenty-one years of age. These figures, made to some extent from official data, may be regarded as a fair approximation of the population. The number of buildings erected during the past twelve months exceeds one thousand, many of which are costly private residences that would ornament any city in the Union.

As an evidence of the progress of San Francisco from 1856 to the present year, we annex the number of references contained in each yearly issue of this work and the number of buildings:

References.—1858, 18,000; 1859, 21,800; 1860, 26,000; 1861, 30,000; 1862, 34,000; 1863, 37,000; 1864, 42,000.

Buildings.—1861, 11,285; 1862, 12,303; 1863, 13,303; 1864, 14,443.

The Business Directory contains over twelve thousand business firms, so arranged as to be of easy reference, to which especial attention is invited. This department has been prepared with great care, and it will be found to embody a mass of information relative to the trade of this city not to be found in any other work.

The "Street Directory" has been carefully revised and now conforms to the official data of the office of the Assessor of the City and County.

In the "Appendix" the Consolidation Act has been republished, with all the amendments so methodically arranged that the changes in the law are perceptible at a glance. Also the local laws relative to this city, passed by the Legislature of 1863–4—a mass of information extremely varied, and much of it very interesting, embracing lists of the Federal, State, and Municipal Officers, notices of Local Societies and Associations, Churches, Military Organizations, etc., etc.

The "General Review" presents a diary of the interesting local events of the year, brief notices of Schools, public and private Benevolent Associations, Cemeteries, Public Improvements, Railroads, and other subjects worthy of special mention, with historical data of present interest and well calculated to make the book a valuable work of reference to future generations. But the particular features of this department of the Directory are the Tables, presenting a corrected census of the city and county for 1861, 1863, and 1864, the compilation of the United States census of the city and county for 1860, and the statement of the buildings within the city limits. To these there has been devoted immense labor at considerable expense to the compiler, but as they satisfactorily prove the permanent growth and prosperity of the city, constitute most valuable data for subsequent reference, and set at rest speculation on a much-vexed question, he is fully rewarded for the expenditure.

Prefixed to the Directory is a valuable map of the City of San Francisco carefully revised and corrected to 1864, with the different railroad routes and new Election Districts.

The difficulties in obtaining information for the work, so frequently referred to in former volumes, have greatly increased during the present canvass. The hesitation and in many instances the positive refusal to furnish information when politely requested have occasioned a considerable amount of extra labor, thereby seriously retarding the progress of the compilation. The condition of our public affairs, the fear of the draft, and the visit of the Tax Collector have each contributed to this result, and it is to be hoped that good sense and a more intimate acquaintance with the importance of the work will remove for the future what has become a serious impediment to its completeness.

The compiler would again acknowledge his thanks for the courtesy extended to him during the preparation of the work. The prompt and willing assistance extended by public officers, officers of societies, and others who have been applied to for information, is warmly appreciated. To his numerous advertising patrons, for their substantial evidences of good will, and to Messrs. Towne & Bacon, to whom the typographical department was intrusted, he would especially offer his thanks.

The San Francisco Directory for 1865–6 will be issued in October next.

PROGRESS OF THE CITY.

THE *City* of San Francisco was, for the first time, incorporated by the Legislature in May, 1850, the organization of the *County* having been effected in the month previous, by the election of a Sheriff and other officers, thus establishing two distinct systems of government. The Consolidation Act took effect on the first day of July, 1856. Under its stringent provisions, our municipal affairs have been administered with energy and fidelity, and a thorough reform has resulted. The enormous outlay consequent on the *dual* system of government has been entirely abolished or seriously reduced, while the checks upon lavish expenditure were so well devised as to defy evasion, and the contraction of debts has been inhibited. The financial history of all this is sufficiently indicated in the subjoined exhibit of the *Aggregate Annual Expenditures* of the City and County of San Francisco, from 1850 to 1864—since the first legislative organization of the government—*exclusive* of the sums paid in liquidation of the principal and interest of the bonded debts:

The amount absolutely collected on is much less than the aggregate valuations for the last two years. In 1862–63 it was $12,227,818 personal against $29,540,554 assessed, and $34,312,403 real estate against $37,016,102 assessed, in all about $46,500,000 collected on against $66,500,000 assessed. There is about $2,680,000 exempt, $1,715,000 assessed in error, and $15,000,000 delinquent from various causes, among which the most prominent is the resistance to payment of taxes on mortgages.

* The amount of Annual Interest, $341,907; Sinking Fund, about $130,567; Total, $472,474.
† In addition to this, there are $129,464 collected for State and County licenses, of which $106,209 belong to the city.

In addition to the above sources of revenue may be enumerated the receipts from fines, rents, harbor dues, and fees collected by the Sheriff, the County Clerk, the County Recorder, Auditor, Tax Collector, Treasurer, etc. The sums received from State and County licenses, and several other sources, are not included.

Population, 1861.*

Believing that the National Census of the City and County of San Francisco, completed during the year 1860, did not truly represent the number of our population, and at the urgent solicitation of numerous patrons of this work, the following exhibit has been carefully prepared from the returns of the different canvassers engaged in collecting information for the present volume. The plan adopted to obtain the necessary data was the same as that so successfully carried into effect in the months of April and May, 1859, the results of which were published in the San Francisco Directory of that year, as follows: "To arrange and classify each sex in three divisions, viz.: MALES: *First Class*—the head of each family, and member thereof over twenty-one years of age; *Second Class*—those between five and twenty-one; *Third Class*—those under five years of age. FEMALES: *First Class*—those over eighteen years of age; *Second Class*—those between five and eighteen; *Third Class*—those under five years of age. Also to collect such other information as would furnish an approximation of the different elements composing our population not included in the foregoing classifications:"

(*a*) The number of names in the Directory 1861-62 exceeds thirty thousand, of which nearly three thousand are composed of non-resident partners of firms doing business in this city, females, Chinese, and colored.
(*b*) This is from actual count, and is composed of a class of population who have no permanent place of abode.
(*c*) This estimate has been arrived at by careful investigation. Number of hotels and lodging-houses in the city, 340.
(*d*) The number at Fort Point, Alcatraces, and Presidio in June last.
(*e*) This number is composed of persons sailing from this port who have shipped from this city.
(*f*) This number has been obtained from actual enumeration. * From the San Francisco Directory, 1861-62.

Population, August, 1864.

The following table, compiled from the most reliable data, is presented as an estimate of the population of San Francisco, August 1st, 1864, and in directing attention thereto, it is believed to be as fair an approximation as can be made without an official and accurate canvass:

White males over 21, names in the present volume	37,500

To which should be added a large element of our population known as "floating," which consists of: 1st. Transient boarders, etc., at hotels, boarding-houses, etc. 2d. Soldiers at the fortifications in the harbor. 3d. Persons engaged in navigating the bay, who claim this city as their residence. 4th. City Improvements.

The past year was one of unexampled prosperity and enterprise, and marked by the progress that has been exhibited in opening, grading, planking, and paving streets, and in the erection of buildings—elegant specimens of architecture, and monuments of the skill of artisans and handiworkmen. The *furore* which had seized upon all classes to invest in mines, gradually died away, as confidence in them was lost, and those who had money to invest began to expend it in real estate, upon which they erected houses. Before speaking of the various individual enterprises, we will epitomize the work that has been performed under the supervision of the Superintendent of Streets. An examination of Mr. George T. Bohen's Annual Report, submitted July 1st, 1864, shows the completion within that time of 655,100 cubic yards of grading, 1,364,920 square feet of planking, 290,523 square feet of paving, 176,727 square feet of McAdamizing, 31,687 lineal feet of sidewalks, 20,012 lineal feet of brick sewers, 7,646 lineal feet of red-wood sewers, 13,564 lineal feet of curbs, 92 pines, and 175 lineal feet of capping for piles, at a total expense of $662,423. This is exclusive of considerable work done immediately by property-holders, which will probably amount

* The School Census just completed gives the number at 30,879.

to $50,000. The amount expended for this purpose during the previous year was $487,865, which shows an increase of $174,558. This indicates to a considerable extent the rapid growth of the city, and its extension within the last year of the population into districts which were previously unoccupied. Among the blocks graded were: Montgomery, between Broadway and Vallejo; Broadway, between Montgomery and Kearny; Bryant, between Fifth and Sixth; Market, between Fifth and Sixth; Folsom, between Fourth, Fifth, Sixth, Seventh, and Eighth; Vallejo, between Dupont and Kearny; Stockton, between California and Pine; Greenwich, between Dupont and Stockton; Washington, between Hyde and Leavenworth, and Hyde and Larkin; Fifth, between Harrison and Bryant; Fremont between Harrison and Folsom; Ninth, between Market and Mission; Clary, between Fourth, Fifth, and Sixth; Taylor, between Green and Union. In bringing some of these blocks to the grade a depth of thirty-five feet was dug away, leaving private residences high above the street, and compelling the owners to erect stairs in order to reach their abodes. Nevertheless, the result has been beneficial to the greater portion of the citizens. The sum expended for grading alone was $209,114. Among the blocks planked we find the following: Fifth, between Folsom and Harrison, Market and Mission, Mission and Howard; Minna, between Fifth and Sixth; Bryant, between Fifth and Sixth; Folsom, from Fifth to Eighth; Seventh, between Howard and Folsom; Eddy, between Jones and Leavenworth, and Hyde and Leavenworth; Davis, between Clay and Washington, and Clay and Sacramento—the total cost being $59,545. If we assume the average width of the streets paved with cobble-stones during the last year at 55 feet from curb to curb, we shall find that the 290,523 square feet mentioned in the Superintendent's Report as having been paved in the following blocks, viz.: Stockton, between Union and Filbert; Third, between Howard and Mission, Market and Mission, and Howard and Folsom; Sacramento, between Kearny and Montgomery, and Dupont and Stockton; Kearny, between Broadway and Pacific; Jackson, between Dupont and Stockton; Pine, between Sansom, Battery, and Front; Sutter, between Dupont and Stockton; Battery, between Green and Union; Bush, between Powell and Dupont; Geary, between Kearny, Dupont, and Stockton; indicates a linear length of about one mile paved, at a cost of $79,537. It will be seen that at that rate our cheapest stone pavement costs more than railroads.

There were about five miles of sewerage erected, at an average cost of $40,000 per mile. The brick sewers cost 8.66 per linear foot, and we find that they were put down in the following streets: Stockton, from Union to Greenwich; Mission, from Fourth to Fifth; Mason, from Chestnut to Lombard; Pine, from Powell to Dupont; Pacific, from Dupont to Sansom; Market, from Mason to Second; Vallejo, from Dupont to Kearny, and Stockton to Powell; Fifth, from Market to Mission; Washington, from Powell to Mason; Fremont, from Harrison to Howard; Union, from Dupont to Kearny; Dupont, from Broadway to Union; Bush, from Stockton to Powell; Sutter, from Dupont to Stockton; Third, from Bryant to Brannan; Dupont, from Clay to Washington; Mason, from Greenwich to Filbert; Post, from Montgomery to Kearny; O'Farrell, from Dupont to Stockton; First, from Market to Mission; Geary, from Dupont to Kearny; Dupont, from Pine to Bush; Powell, from Eddy to O'Farrell; Pacific, from Kearny to Dupont. The work in progress, or recommended, and which will soon be put under contract, comprises the paving, curb-

ing, and constructing of sidewalks on Dupont, from Green to Union; Broadway, from Battery to Sansom; Stevenson, from Fourth to Twelfth; Pacific, from Montgomery to Kearny; Market, from Second to Third; Vallejo, from Stockton to Powell; Dupont from Bush to Pine; Market, from Kearny to Geary; Clay, from Dupont to Stockton; Dora Street; Fifth, from Howard to Folsom; Howard, from Third to Fourth; Dupont, from Post to Geary; Vallejo, from Dupont to Stockton; Howard, from Second to Third; Bush, from Sansom to Battery; Battery, from Pacific to Broadway; Broadway, from Battery to Front; California, from Davis to Drumm; Ellis, from Jones to Leavenworth; Broadway, from Battery to Sansom. The rough hills and deep gulches which mar the beauty and obstruct the free passage of certain streets, are destined to be no more; for already has the contractor began the work of demolition and building up. The following blocks are under contract, viz.: Jones, between Lombard and Greenwich; Leavenworth, between Filbert and Greenwich; Lombard, between Jones and Leavenworth; Market, between Ninth and Tenth; Bryant, between Fourth and Fifth; Larkin, from Greenwich to Union; Broadway, from Kearny to Montgomery; Kearny, from Broadway to Vallejo; Clay, from Hyde to Larkin; Greenwich, from Jones to Leavenworth; Kearny, from Vallejo to Greenwich; Jackson, from Drumm to Davis; Eighth, from Bryant to Brannan; Oregon, from Front to Davis; Eighth, from Harrison to Bryant; Green, from Mason to Taylor; Pacific, from Front to Davis; Valencia, from Market to John; Larkin, from Tyler to McAllister. Sewers are being laid down in Bryant Street, from Fourth to Fifth; in Folsom, from Fremont to First; in Stockton, from Sacramento to California, through Dora Street; in Folsom, from Beale to Main; in Vallejo, from Stockton to Dupont, and from Jones to Lombard; in Howard, from Fourth to Fifth; in Folsom, from Spear to Stewart; Battery, from Pacific to Broadway, and Jackson to Pacific; in Sansom, from Jackson to Pacific; in Dupont, from Geary to O'Farrell; in Sutter, from Mason to Powell; in Stockton, Francisco to water front; in Dupont from Clay to Sacramento; in Market, from Mason to Sixth; in Pacific, from Mason to Taylor. A number of streets are being planked, and others repaired—in readiness for the wet weather.

Cosmopolitan Hotel.—This building, which occupies the site of the old Rassette House, afterwards known as the Metropolitan Hotel, covers a full fifty vara lot, and has therefore a frontage of one hundred and thirty-seven and a half feet on both Bush and Sansom streets, and is the same number of feet either way in depth. The building has a full basement, four full stories above, and an attic with rooms as spacious as those in an ordinary first class dwelling. The clear space between the floors and ceilings of the rooms, on the different floors, are as follows: Basement, nine feet; first or main story, seventeen feet; second story, fourteen and a half feet; third story, twelve and a half feet; fourth story, eleven feet; attic, ten feet. The building is in what is known as the modern French style of architecture, and its outward appearance conveys an impression of great solidity and substantial elegance. The establishment is the property of a joint stock association, incorporated as the "Adelphi Hotel Company," and cost, when finished and furnished, the round sum of $500,000 in gold coin. The cost of the building alone was $250,000. The space has been judiciously economized, and the establishment may be properly termed a model one. The first floor or basement is devoted to the hair-dressing saloon bathing rooms, private

rooms for hair dyeing, bakery, male servants' room, steam laundry, engine room, store room for meat and vegetables, carpenter and furniture repairing shop, coal room, wood room, and wine cellar. The main floor is occupied by the main entrances and halls—of which there are three—office, gentlemen's reading room, bar room, cigar room, billiard saloon, clothing and furnishing store, hat store, rooms for steward and stewardess and other attachés of the establishment. On the second floor we find the ladies' parlor, gentlemen's reception room, dining room, private dining room, kitchen, pastry cook's apartment, pantry, nine full suits of family rooms—each consisting of a parlor, bed room, and bath room, furnished with elegant furniture. On third floor there is a dining room and play room for the use of children, and the balance of the space is occupied by family suits and single rooms. The whole number of rooms in the house is two hundred and seventy-five, and the house is capable of accommodating about seven hundred and fifty guests. The flat French roof is surrounded by a highly ornamental iron railing, which renders it a perfectly safe promenade, observatory, or play.ground for children. To guard against fire there are upon each floor three hydrants set in the wall, each fitted with fifty feet of hose, always ready for use at a moment's notice. Every room is furnished with a patent ventilator. On every floor is a dust-well down which all the sweepings of each floor are thrown; there are dumb waiters by which everything required on either floor is carried up, and also bath rooms for the free use and accommodation of the guests. The furniture of the house was imported from New York, and cost about $200,000. It is mostly of black walnut and presents a neat and substantial aspect. The dining hall is said, by those who are supposed to be capable judges, to be by far the most elegant in the United States. The room is in size sixty-six by forty-three feet and seventeen and a half feet from floor to ceiling, and is surrounded by a row of light, graceful pillars painted in white and gold. The space between the pillars is entirely filled with plate-glass mirrors, twenty-eight in number, running from floor to ceiling and producing a striking and beautiful effect. In each of the four corners of the room is a deep alcove in which is placed a marble statue. These alcoves are surmounted with an eagle with outstretched wings, and a superb cornice in white and gold, with elaborately wrought vine work in stucco, runs around the entire hall. The ceiling is divided into deeply sunk panels most elaborately ornamented with stucco-work and painted in fresco in brilliant colors. The amount of labor expended on the ornamentation and furnishing of this room can only be comprehended by those who have seen it. It was thrown open to the public on the first of September, 1864, and is under the management of Messrs. Seymour, Reis Brothers & Hennig. An addition is being built on Bush Street, with a front sixty-eight and three-fourths feet by one hundred and thirty-seven and one-half feet in depth. It will be five stories in hight, and contain about one hundred rooms. The first floor will be occupied by stores. The cost of this added portion of the hotel will be not far from $125,000.

Donohoe, Kelly & Co.'s Building.—One of the finest buildings in the city was erected during the past summer on the corner of Montgomery and Sacramento streets, by Messrs. Donohoe & Co., for the use and accommodation of the Bank of Donohoe, Kelly & Co. This building is built of brick and stone, in the modern style of architecture, and besides being one of the handsomest, is one of the most substantial buildings in the city. It is four stories high, the first floor being used for banking purposes

and the apartments of the managers of the bank, while the remaining portion of the building is devoted to offices. The entire cost of this building, including the lot, was about $125,000.

Dr. Toland's College.—Dr. H. H. Toland has just completed a beautiful and commodious edifice on Stockton Street, between Chestnut and Francisco, intended for a medical college. The building is a very fine one, and forms an important addition to the northern portion of the city. It contains two lecture rooms, chemical laboratory, and rooms for dissecting, operating, etc. The lecture rooms are spacious enough to accommodate two hundred and fifty students—a greater number than will be likely to be in attendance for many years. The modern French style of architecture has been adopted, and the result is a beautiful as well as a substantial house. It will cost, when completed, about $75,000.

Bay Sugar Refinery.—The Bay Sugar Refining Company have erected, at the corner of Union and Battery streets, extensive works for the refining of sugar. The building is seven stories high, covers a lot fifty feet in front, with a depth of one hundred and thirty feet, and is one of the most substantial in the city. The machinery is of the latest and most approved pattern, and the capacity of the works about five thousand pounds per day. The raw material used by this company is imported from China and the Sandwich Islands, from whence of late years all our supplies have been received.

Buildings Generally.—No better indication of the stability of the country or the financial success of the community can be presented than a reference to the fact that our business men are pulling down their small, dingy wooden store and dwelling houses, and erecting in their stead large and commodious brick edifices. If we accept this proposition as true, we need refer to no other to prove that the past year has been one of unexampled prosperity with the people of California, and especially of San Francisco. Nearly every street bears ample evidence of the great pecuniary success that has attended the ventures of our business men. If we look at Montgomery Street, we find that three large buildings have been erected between Jackson and Pacific streets; one at the corner of Commercial Street, another at the corner of Sacramento Street, still another at the corner of Summer Street, two others between Bush and Sutter streets. Many of the property owners on Kearny Street had concluded to build larger and better appropriated houses, but postponed the consummation of their intentions on account of the determination of the Board of Supervisors to widen that street. Dupont and Stockton streets have both been the scene of the artisan's labor, and fine palatial dwellings have been reared. The same may be said of Powell, Taylor, and Mason streets. At the foot of the three last mentioned streets quite a village has sprung into existence. Pacific Street has made an effort to redeem itself from the odium that has attached to it from its having been the home of the Chinese, and a number of elegant buildings have usurped the places heretofore occupied by old, dilapidated, tumble-down shanties. The lower portion of Clay Street has passed the renovator's hands, and one who once knew it would know it no more. At the corner of Sansom and Pine streets a superb brick building has taken the place of the old iron building so long occupied by the Dashaways and the Home of the Inebriate. On Pine Street, nearly opposite the Academy of Music, and upon the site of Blumenberg's Hall, a large edifice is being erected. The second story will

contain a music hall as large or larger than Platt's. On Battery Street several stores have been built. The block bounded by California, Sacramento, Drumm, and Davis streets, destroyed by fire, has been rebuilt by a much better class of buildings than those destroyed. Market Street looks as though it had passed through the hands of the magician, for on every side large, commodious, and well-finished buildings have been erected. The region of the Mission and the Willows has been transformed from dismal hills covered with a stunted growth of sage bush to beautiful residences with blooming roses and climbing honey-suckles. As we look upon this great change, we realize the power of money, and are pleased to see such evidences of prosperity on the part of our citizens. It also convinces us that California is winning its way into the hearts of her citizens, and that they are content to live "all the days of their lives" under her radiant sun. The completion of the Central Railroad to Lone Mountain Cemetery has been followed by the erection of a large number of dwelling-houses in the western portion of the city. In fact, look where we may, we can see the evidences of unexampled prosperity and content. While our brethren in the East have been striking for the life of our country, we have been living in comfort and gathering together our share of this world's goods, and beautifying our homes where we can live in peace.

Stone Dry Dock.—A company has recently been incorporated for the purpose of building a stone dry dock, near Hunter's Point. The necessary land has been already purchased from the South San Francisco Homestead Association, and arrangements have been made for the immediate construction of the works. These docks, when completed, will be large, commodious, and amply sufficient to accommodate our merchant marine.

Synagogue Emanu-El. — The corner-stone of a Jewish Synagogue for the accommodation of the Society Emanu-El has been laid on Sutter Street, between Stockton and Powell. The edifice will be one hundred and fifty-four feet long by seventy-six feet wide, and ninety-five feet from the ground to the roof. There will be a basement with rooms for the meetings of the Society, etc. The auditorium will be ninety-seven feet by fifty-three feet six inches, and fifty feet high, beautifully and elegantly finished. There will be two towers, each one hundred and sixty-five feet high, and the building will in other respects bear favorable comparison with any other house of public worship on this coast.

Academy of Music.—The rapid exten[illegible] southward necessitated the construction of a theater more convenient of access [illegible]n the Metropolitan and Opera House; and to meet this want, Mr. Thomas Maguire, early in 1864, purchased a lot on Pine Street between Montgomery and Sansom. Work was commenced thereon about the first of March, and in two months thereafter the Academy of Music was opened to the public. The building cost about $40,000 a[illegible], though exceedingly plain, is one of the most beautiful theaters in California.

Citizens' Gas Company's Buildings.—The buildings erected and in course of construction by the Citizens' Gas Company, form one of the marked features of our city's progress. About the beginning of the year 1864, the Company commenced to reclaim the water block bounded by Townsend and King and Second and Third streets. Piles were driven along the outer edge of the block, some three

hundred and fifty feet from the shore, and wooden bulkheads sunk; the hills were then dug away and used in filling up the land surrounded by the bulkhead, until the entire space was raised some six feet above high tide—securing a firm and substantial foundation. Upon this, a brick building sixty feet wide and one hundred and seventy feet in length has been erected. This building is intended for the furnaces and offices of the superintendent and manager. To the west of this building, a gas tank forty feet deep with a circumference of ninety-six feet is being built. East of the brick edifice and fronting on the wharf, a coal depôt is being erected. It is of wood, sixty-four feet wide, two hundred feet long, and fifty feet high. At the north end there will be a steam derrick with a platform forty feet square, upon which there will be two cars; when these cars are filled they can be elevated by means of the derrick to the top of the building, where tracks are laid on which they can be conveyed to any part of the building that is desired, there emptied and returned to the platform, thus saving a large amount of help in the handling of the coal. The carpenter work has been under the superintendence of Mr. W. J. Bowman, a mechanic of large experience. These buildings will be completed by the middle of March, 1865, at which time the company expect to furnish gas to our citizens.

Bay View Park.—This beautiful race course and park is situated on what is known as Hunter's Point, near the San Bruno Turnpike, about six miles south-east from the City Hall. The ground is reclaimed and protected from the tide by a breakwater or bulkhead. A large and spacious hotel, with stables and outhouses attached, has been added, including the judges' stand and all modern improvements found upon first-class race courses in this country or Europe. A beautiful shell road is being built from near the Mission to the Park, about three miles in length, and will cost probably $30,000. The Park is owned by a few private individuals (Geo. Hearst & Co.) and cost upwards of $200,000. It is under the control and superintendence of Mr. W. F. Williamson, a gentleman thoroughly versed and competent for the position.

Hayes' Park Pavilion and Garden.—This public resort and promenade is situated about two miles south-west from the City Hall, and is easily accessible by the cars of the Market Street Railroad, and by private conveyances upon the various streets and avenues leading thereto. The Pavilion is a prominent and imposing structure, three stories in hight, being ninety feet to the top of observatory. The main saloon or concert hall is one hundred and twenty feet by eighty feet (exclusive of a large stage), with a gallery three hundred and twenty feet in length running around the upper portion, being sufficiently wide for sitting, standing, or walking. A large and commodious refreshment room, together with an immense reception parlor, dressing rooms, billiard saloon, etc., etc., are in the same building. Attached to the Pavilion is a garden containing ten acres, laid out with walks ornamented with luxuriant shrubbery, trees, and flowers. There is also a shooting gallery, swings, apparatus for gymnastic exercises, etc. The cost of fitting this elegant resort up in its present style was not less than $80,000, and is the property of Messrs. Thomas and Michael Hayes.

Buildings.—Total number of buildings August, 1863, 13,393, of which 2,630 are of brick. Number errected from August, 1863, to August, 1864, estimated at 1,050, of which about 300 are of brick, making an aggregate in the city and county of 14,443, viz.: wood, 11,513; brick, 2,930.

EXAMINATION OF SCHOOLS.

Grammar Department, Messrs. Pope, Thompson, Grover, Hitchcock, Shepard, and Ayer; Primary Department, Messrs. Badger, Widber, Mastick, Gray, Doble, and Lynch.

The Public Schools of this city are classified as follows: One High School for boys; one girls' High School; six grammar schools; thirteen primary schools; four evening schools of one class each; one Normal School, for teachers of the Department; one school for colored children, and one Chinese school. During the year, one Girls' High School and five additional Primary Schools have been established.

Our system of instruction contemplates a period of eight years for its completion. The course of study in use does not differ perceptibly from that of the best regulated and most successful schools of the Eastern States, and as by law all teachers are subjected to a rigid test of their qualifications before employment, our citizens may have a well-founded assurance that no pains have been spared to render the instruction imparted to their children in the Public Schools thorough, practical, and sufficiently comprehensive.

The whole number of teachers employed in the Department at the close of city school year, April 30th, 1864, was 102, of whom 18 were males and 84 females. Of this corps, 97 were engaged in regular class instruction, and five in attending generally to the special branches—writing, drawing, music, and physical training.

The increase for the year in the number of teachers employed was seven; since the commencement of the May term 18 additional teachers have been elected, making an aggregate of 127.

The establishment of a High School for girls has supplied an educational want long felt in our community. The course of study in this institution is similar to that adopted by the Girls' High School of Boston, and is specially adapted to the culture and education most appropriate to the female sex.

The Boys' High School has now a classical department, and its course of natural sciences will be considerably extended and improved by the aid of a valuable set of philosophical apparatus recently purchased for the school.

During the past year, three new buildings have been erected—two for Primary Schools, and one for a Grammar School. The latter is the imposing brick structure on the corner of Bush and Taylor streets, which, with few exceptions, was modeled after the most approved school-houses of Boston. These new buildings will seat in the aggregate about 900 pupils. The school accommodations have been greatly enlarged by the use of rented buildings for schools. By this means 1,600 additional children have been provided with school facilities. The census returns, as well as the school registers, show an increase of nearly 1,500 pupils in the school attendance during the year.

Although much has been done to improve and multiply the means of education in this city, yet far more than has yet been performed remains to be done. There are still hundreds of children, particularly in the southern section of the city, who, having been denied admission to the Public Schools, and not having the means for securing private tuition, are growing up in ignorance and wasting the precious days of their youth. It is vital to the future interests of society that ample funds be provided for the establishment and support of free schools, and it is incumbent upon all school officers that these funds be judiciously expended, and that they be devoted mainly to the erection of school buildings. The

merit of the course of instruction given in our schools, the qualifications of the teachers, and the superiority of the general school arrangements, are all well recognized by the community—to excite and perpetuate the public favor toward the School Department, by erecting as many school-houses as will accommodate all who may wish to enjoy the benefit of instruction, remains as the most important and difficult task of the Board of Education.

The financial condition of the Department is excellent. The revenue for the present fiscal year is estimated at $325,000, which will be sufficient to pay all the current expenses of the schools, discharge all claims for the year on the School Board account, and to allow about $125,000 for the erection of school-houses, and the supply of the requisite furniture.

The appended table of the school census, which has just been completed, shows that there are in the city 30,879 youths under 21 years of age, and 29,722 under 18 years; of whom 18,748 are native born. Four years ago, the total under 18 years of age was 15,116; and the whole number of native born was 8,890. Thus it will be seen that our juvenile population has more than doubled during the past four years, and the same remark applies to those born in the State.

The cost of tuition in the Public Schools is still higher here than in the Atlantic States, yet this fact occasions no surprise with Californians, who are sensible of the greater expenses of living in this State than elsewhere in the United States. The patriotism manifested by all the schools is a subject of congratulation with our loyal citizens, whose interest in popular education we are glad to see increasing.

Private Educational Institutions.

While the flourishing condition of our Public Schools—those "People's Colleges," as they have been aptly styled—is a source of congratulation to every one interested in the well-being of society and the welfare of the State, the Private Educational Institutions of our city reflect the highest credit upon the parties by whom they have been established and conducted, as well as upon the community by which they have been so liberally supported. To the credit of San Francisco be it said, that no city of a like population in the world can boast a more liberal

supply of first-class private institutions for the training of youth. While everything belonging to California is conducive to the highest degree of physical development, it is creditable to her citizens that nothing has been neglected that can minister to the greatest intellectual attainment. If there are those who labor under the erroneous opinion that a love of gain is the ruling passion of our people, the flourishing educational institutions which are to be found everywhere around us, are the best refutation of so fallacious an idea.

The following statistics of the number of private schools in San Francisco will conclusively show the truth of the statements we have made in this connection. The whole number of these schools is seventy-five, and the aggregate attendance upon the same is 5,775. Of these ten are conducted by the Catholic denomination, the aggregate attendance upon which is 3,519. One of these schools is located in the First District; seven in the Second District; ten in the Fourth District; one in the Fifth District; five in the Sixth District; four in the Seventh District; fourteen in the Eighth District; nine in the Ninth District; fourteen in the Tenth District; eight in the Eleventh District, and two in the Twelfth District.

In enumerating the principal private schools, as the most numerous, largely attended, and amply provided for, we commence our summary with the

CATHOLIC SCHOOLS.

ST. IGNATIUS COLLEGE.

This well-known literary institution, located on Market Street between Fourth and Fifth, which is conducted by the Fathers of the Society of Jesus, was first opened for the reception of students on the fifteenth day of October, 1855, and was incorporated under the law of the State on the thirtieth of April, 1859, and empowered to confer the usual degrees and academical honors. Since its commencement this institution has been attended with the highest degree of prosperity and success. The course of instruction pursued is thorough, and comprises a complete classical, mathematical, and philosophical course of training calculated to prepare the pupil for entering upon the study of any of the professions, or commencing any business vocation. The college is provided with an extensive laboratory, comprising all the necessary appliances for the assaying of metals and making chemical analyses, which is an important feature not generally found in institutions of this character; a spacious building has been erected for a photographic gallery, where all the departments of the Daguerreian art will be practiced and taught. There is a telegraphic room, with an instrument in operation, connecting with a similar station at the Santa Clara College—the use of the California State Line having been granted for this purpose—where the business of operating is taught, forming another novel and important educational feature.

The founders of this institution foreseeing the rapid progress of the Queen City of the Pacific, purchased some years since the property upon which the magnificent College edifice has since been erected. This lot has a frontage of two hundred and seventy-five feet on Market, and the same on Jessie Street, with a depth of three hundred and fifty feet. The College building at present consists of a center and two wings, one of which is one hundred and five feet by fifty-six, and the other in which is the College Hall—used temporarily as the Church, until that building shall be erected in another portion of the grounds—is one hundred and seventy by sixty feet. The present building, the cost of which independent of the lot was $120,000, although one of the finest architectural ornaments of the city is only one-third of the extent contemplated. When the extensive additions are made the entire structure will rival anything of the kind to be found in our portion of the country. The present building is admirably adapted to the purposes for which it was designed, being abundantly lighted and well ventilated in every portion; the ceilings are lofty, and spacious halls run through the building. A large play-ground is attached with a commodious shelter from the rain, affording ample means for the physical exercise of the pupils. In fact, nothing has been neglected which is at all conducive to mental and physical training. The number of students in the College at present is four hundred.

ST. MARY'S COLLEGE.

This institution is situated near the county road to San José, at a distance of four miles and a half from this city. The lot on which the building is erected consists of sixty acres; it possesses all the advantages of a salubrious situation, and commands an extensive view of the Bay and surrounding scenery. The College building covers a space of two hundred and eighty feet front by a depth of fifty feet, which, in the center, is increased to a depth of seventy feet; one hundred and ten feet of the building will be three stories high, and the remaining portion four stories high. On the northern extremity of the main edifice is situated the refectory, which is forty by eighty feet, and two stories in hight. On the southern extremity is the chapel, forty by one hundred and thirty feet. By this arrangement the greatest advantage is secured for all healthful purposes, as the sun shines during the day on the three principal fronts of the building, and the narrow ends being north and south, during the rainy season the smallest surface is exposed to the inclemency of the weather. Thus the structures form three sides of a quadrangle, and on the eastern front there is a cloister thirteen feet six inches wide, which extends the entire length of the building, so that under any circumstances and at all periods of the year the students can have out-door exercise. The basement will contain the offices of the steward, and all apartments in connection with them; the housekeepers' rooms, servants' rooms, general store rooms, bath rooms, and closets for various purposes.

The chief entrances to the College are in the principal story. These consist of an entrance in the center through a spacious porch, and two side entrances. The center one leads to a hall thirteen feet wide by thirty feet long, on either side of which are the reception rooms. This hall terminates in a corridor which leads to the three chief staircases and the different apartments in this story, namely: Lavatories, professor's rooms, recreation hall, and library; on the eastern side of this story are the various entrances to the cloister. The second story consists of school rooms, class rooms, music rooms, apartments for natural philosophy and museum. The third story consists of dormitories, bed rooms, bath rooms, and an apartment which will answer as a temporary infirmary. The first story of the refectory building consists of lavatory, refectory, and lunch rooms; the second story is a dormitory. There are three entrances to the chapel—one through the western porch which faces the altar, another through the tower which is situated on the south side, and one on the north side.

The sanctuary is in the east end of the chapel, adjoining to which are sacristies, and organ gallery. The top of the spire is to be one hundred and thirty feet above the surface of the ground, and the south

gable of the College building eighty-six feet high. The building will be supplied with gas and water throughout its entire extent. All sewerage and drainage is on the outside. The kitchen, bake-house, and laundry are disconnected with the main buildings; every thing has been studied in order to promote the health of the students and give them all accommodation. The portion now in course of erection will accommodate three hundred students. The entire building, when completed, will accommodate seven hundred or eight hundred. The building is designed in the Gothic style of architecture, and in its completeness of outline as well as the faultless elaboration of details, reflects the greatest credit on the professional skill and taste of its architect, Mr. Thomas England. The pension will be exceedingly moderate, not exceeding one hundred and fifty dollars or one hundred and sixty dollars a year for board and tuition, thus placing its advantages within the means of all. Considering the great want of educational facilities in the interior of the State, it must be evident that the Institution will be a great public benefit to the community at large, as children of all denominations will be admitted.

St. Mary's College was opened for the reception of children on the 6th of July, 1863, and has now over two hundred and ten students from all parts of this State and adjoining Territories, under the direction of a large staff of able Professors.

President: Peter J. Grey.

SAINT MARY'S SCHOOL.

This school is for boys, and meets in the basement of Saint Mary's Cathedral, and is conducted by three brothers of the order of St. Francis, aided by six other teachers and a number of monitors, who receive compensation. The number of pupils connected with this school is five hundred and sixty, and the average attendance three hundred and twenty.

A thorough English course is taught here, together with mathematics, the French and Spanish languages. Classical studies may likewise be pursued with peculiar advantage, if so desired. There is a nominal charge of one dollar per month for each primary scholar, and of fifty cents additional for the higher branches, to those attending the school, but it is not exacted except in cases where ability and willingness unite in making the payment. As this is a regulation common to the Catholic schools, male and female, in the city, it will not be necessary to repeat it in referring to the others.

SCHOOL OF SAINT FRANCIS.

This is also a male school, conducted in the basement of the Church of St. Francis, on Vallejo Street. The number of pupils is two hundred and sixty, with an average attendance of one hundred and seventy. The course of studies is the same as in St. Mary's School.

SCHOOL OF THE SISTERS OF PRESENTATION.

This is a large female school conducted by the Rev. Mother Superior and fifteen Sisters of Presentation, at the Convent on Powell Street. The number of pupils belonging to the school is five hundred and twenty, and the average attendance five hundred. The studies embrace a full English course, vocal and instrumental music, French, and embroidery. An examination recently concluded elicited high commendation for the Sisterhood as teachers, won by the intelligence displayed by the little ones under their charge. The pile of buildings devoted to this purpose constitute a feature in the northern part of the city, from the extent of ground occupied on a prominent avenue. The cost of these buildings was about $50,000, of which about $25,000 was recently expended in the construction of the north half, and of which sum a large portion is still unpaid, and is an incumbrance which the liberality of our citizens will not suffer long to hang over so useful an institution.

SAINT VINCENT'S SCHOOL.

This is a female day school on Jessie Street, under the direction of Sister Francis McEnnis and ten other Sisters of Charity, who are also in charge of the Roman Catholic Female Orphan Asylum on Market Street. The number of scholars belonging to the school is over five hundred, exclusive of two hundred and fifty orphan children in the Asylum. The course of studies is the same as in the school last mentioned, and the noble ladies who conduct it have established a high reputation for ability and devotion to their self-imposed duties. As this school is supported by voluntary contributions, it appeals directly to the liberality of the generous and charitable in our midst.

In addition to the foregoing, the Sisters of Mercy have also a female school under their charge for children thrown upon their care, at which instruction in primary English studies is imparted, and the pupils are taught to be useful in the discharge of household duties. The only remaining Catholic institution of learning to be mentioned is

SAINT THOMAS SEMINARY.

This Seminary is for the pursuit of clerical studies, and was commenced at its present place (Mission Dolores) in 1854, although prior to that time a few students pursued their ecclesiastical studies at the residence of the Archbishop. The number of students is now fourteen, and seven have been ordained who were educated at the Seminary.

Other City Colleges and Schools.

CITY COLLEGE.

Amongst the educational institutions of California, the San Francisco City College occupies, already, a position in the front rank. From the little nucleus of a school started in the basement of Calvary Church, by Rev. Dr. George W. Burrowes, in 1859, has sprung, as it were at a single bound, the present prosperous University. The school above referred to having increased apace, the college was regularly established in the following year. In the Fall the present property, a fifty-vara lot, on the southeast corner of Geary and Stockton streets, was purchased for about ten thousand dollars. On this is erected the spacious and commodious structure now occupied, 40 feet by 128 feet, including the additional wing adjoining the Unitarian Church edifice. A large and neatly fitted and furnished chapel is situated on the Stockton Street side of the grounds. In this building religious services are held every morning and evening. The large yard is a sort of out-of-doors gymnasium, furnished with swings, sheds, racket-court, and all the paraphernalia appertaining to the gymnastic and calisthenic department of the College. In the main building the President has his study, library, and other apartments. There are also here two large study halls, furnished with desks, and capable of accommodating two hundred pupils; also, nine recitation rooms, provided with blackboards, and beside these, in the wing, the grand Philosophic Hall, forty feet square. This is a very handsome room, well ventilated and lighted, and furnished with excellent philosophical and chemical apparatus, lately purchased at a cost of some fifteen hundred dollars. An astronomical observatory on the roof of the college building contains a fine telescope for the use of the students. There is connected with the college a department for instruction in the art of book-keeping, where the discipline is very thorough. A series of Kiepert's Mural Maps of Ancient Classical Geography adorn the walls of the Philosophical Hall. The property owned, occupied, and possessed here is by no means

all that the Board of Trustees command. With a wise forethought and sagacity the corporation has become the owner of a tract of land about four miles from the College, on the San Bruno road. This consists of twenty-five acres most eligibly situated, and hereafter will be known as the permanent location of the San Francisco College.

It is intended that this seat of learning shall in all respects vie with the far-famed institutions of the Atlantic States. The system of education will be thorough and complete, comprising the four years' course of Eastern colleges. At present the number of pupils receiving instruction is one hundred and seventy, of whom seventy are pursuing the study of the Latin and Greek languages, higher branches of mathematics, mental and moral philosophy, chemistry, etc.

UNION COLLEGE.

This college, located on the corner of Second and Bryant streets, is under the charge of Dr. R. T. Hiddant, who has probably had more experience in the training of youth than any teacher in this city, aided by an efficient corps of assistants. The manner in which this school is conducted, and the course of education pursued, meets the highest approbation of all who avail themselves of its advantages. As ample arrangements are made for the accommodation of pupils from abroad, a large number of those in attendance are from Mexico and the interior of the State. The average attendance is about one hundred and twenty.

CALIFORNIA COLLEGIATE INSTITUTE.

This highly popular female school, under the charge of Mrs. M. Lammond, has steadily increased in public favor. The Principal is assisted by three other ladies. All the solid branches are taught at this institution, with those lighter and graceful accomplishments of the finished lady, music, drawing, and dancing—not omitting gymnastics and calisthenic exercises so conducive to the health of the pupils. A number of those in attendance coming from abroad board in the institution. The average attendance is seventy-five. The location, which is on Silver Street near Third, is pleasant, and the building large and well arranged for its purpose.

ST. MARK'S GRAMMAR AND ENGLISH DAY SCHOOL.

This school is superintended by a School Board, composed principally of members of the German Lutheran St. Mark's Church. It is situated on Geary Street, between Stockton and Powell, a convenient hall in the basement of St. Mark's Church having been set apart for school purposes. The object of this school is to impart, both in the English and German languages, to children of both sexes, a thorough instruction in all the different branches taught in the public schools of the city, and also to afford to all who desire it, an opportunity for the education of their children in the precepts and doctrines of the Christian religion. Mr. G. H. Labohm, a professionally educated teacher, is Principal. The following gentlemen are the present members of the School Board: J. Schreiber, H. Doscher, O. Kloppenburg, E. Kruse, C. Spreckels, F. Bruns, H. Tumsuden.

To judge from the great increase of pupils of the religious schools, they must have increased considerably since late years. The number of children attending religious instruction in 1854, was from forty to fifty, while the two schools now count nearly three hundred, besides a number that receive private instruction or none at all.

CITY FEMALE SEMINARY.

This institution, which receives the undivided attention of its founder, Rev. Charles Russell Clarke, is located on the corner of Mason and O'Farrell streets, in the immediate vicinity of the routes of the Central and Mission railroads. The Principal is assisted by Mrs. Clarke, who has charge of the general supervision of the Seminary, and by competent and experienced assistants in the different departments. Married and elderly ladies are received temporarily into the institution, which is open at all times to all who desire to select a permanent place for the education of their children, and those interested in the progress of institutions of learning. Number of pupils in attendance, eighty.

HEBREW SCHOOLS.

There exist three schools for religious instruction for Hebrew children in this city.

SHERITH ISRAEL SCHOOL,

On Stockton Street, in the basement of the synagogue, under the management of Dr. Henry, is open Saturdays and Mondays for Hebrew instruction. The school contains about forty children, who are taught free of charge. There are three Hebrew private pay schools in various parts of the city, visited by some two hundred and fifty children.

THE EMANUEL RELIGIOUS SCHOOL,

Under the management of Rev. Dr. Elkan Cohn, teaches the Hebrew, the principles of the Hebrew faith, and all other branches usually taught in a common school. It is supported by the Synagogue Emanu-El. The average number of children attending each of these schools is about one hundred. Both teach children of the poorer classes gratis.

TALMUD TARAH SCHOOL,

No. 10 Stockton Street, J. L. Stone, Principal, receives about one hundred scholars, half of whom receive gratuitous instruction in Hebrew, English, and the common branches.

STATISTICS.

The number of Hebrews in San Francisco can only be approximately stated. Probably they number from 5,000 to 8,000 souls. To judge from the great increase of pupils of the religious schools, they must have increased considerably since late years. The number of children attending religious instruction in 1854, was from forty to fifty, while the three schools now count nearly three hundred, besides a number that receive private instruction or none at all.

The number in attendance at the different private schools in August, 1864, amounted to 5,775.

THE INDUSTRIAL SCHOOL.

This is a public institution of a correctional and reformatory character, for youthful offenders and refractory children. It is supported by a monthly appropriation of $1,000, from the City and County General Fund, and two hundred dollars for the payment of teachers, from the School Fund. The number of children in the school, June 6, was ninety, of which twelve are girls. Number of children admitted since the organization of the institution, two hundred and seventy-five. The scholastic instruction of this institution is intrusted to a teacher appointed by the Board of Education. The Legislature of the State 1863–4, authorized an appropriation of fifteen thousand dollars for the erection and furnishing of an addition to the present building, and a sum not exceeding three hundred dollars per annum for medical attendance.

The foregoing embraces the most of the schools now in operation in the city, but there are a number of others, principally devoted to primary studies, which we have been unable to visit, and which in the aggregate afford elementary instruction to several thousand children, male and female.

The aggregate thus exhibited, we think, fully sustains the proposition, that education is of cardinal consideration in our good City of San Francisco.

TOLAND MEDICAL COLLEGE.

H. H. Toland, M.D., President, Professor of Principles and Practice of Surgery; James Blake, M.D., Professor of Obstetrics and Diseases of Women and Children: J. Newton Brown, M.D., Professor of Anatomy; T. J. Edwards, M.D., Professor of Institutes of Medicine; Wm. O. Ayers, M.D., Professor of the Theory and Practice of Medicine; J. F. Morse, M.D., Professor of Clinical Medicine and Diagnosis; Thomas Bennett, M.D., Professor of General Pathology; J. A. Lockwood, M.D., Professor of Materia Medica; Robert Oxland, M.D., Professor of Chemistry; William A. Douglass, M.D., Demonstrator of Anatomy.

FENCING ACADEMY.

As the art of fencing has already been regarded as a most graceful accomplishment and healthful exercise, we cannot omit from this department the Academy established at No. 522 Montgomery Street, by Col. T. H. Monstery. This gentleman is a thorough master of the art he professes to teach, and those who have availed themselves of his instructions speak in the highest terms of his system and practice. In addition to the art of fencing, instruction is given in the bayonet exercise and the manly art of self-defense.

THE OLYMPIC CLUB.

This club which, was organized in 1860, for gymnastic and healthy exercise, is in a flourishing condition, having a gymnasium on the south side of Sutter between Montgomery and Sansom streets. The club is composed of a large number of members, mostly business men engaged in sedentary occupations, who need the active exercise afforded by this organization. The club give annual exhibitions, showing the proficiency of its members.

Societies—Religious, Benevolent, and Protective.

In another portion of this volume will be found a full list of charitable associations and organizations established for the benefit and improvement of every class of humanity requiring aid and encouragement. It is, however, meet and pleasing to note the continued and regular increase in the number and importance of these indices of modern christian civilization in our midst. There is probably no city in the world of the same population so well supplied with benevolent institutions and elemosynary associations as San Francisco. Every nationality is represented by its charitable association; every want known to humanity is anticipated; every ill that flesh is heir to is ministered to by the kindly hand of benevolence and good fellowship. The vital force and active condition of these praiseworthy associations is the best refutation of the charge sometimes made that our people are absorbed in the worship of mammon. In no community in the world are the calls of distress more fully and liberally responded to. While our numerous benevolent institutions are so liberally sustained by private contribution and individual effort, the State has nobly contributed to the support of a number of this class of our institutions in the following liberal appropriations:

To the Asylum for the Deaf, Dumb, and Blind, $200 per annum for each pupil; Orphan Asylums—Protestant $15,000, and Catholic $10,000; to the Ladies' Protection and Relief Society, $6,000; to the Home of the Inebriate, $2,500, and Magdalen Asylum, $5,000.

SABBATH SCHOOLS.

The Sabbath Schools connected with the different churches continue in a prosperous condition.

SABBATH SCHOOL UNION.

The Union was reorganized May, 1857. The anniversary was held on the fifteenth of June, 1864, in Platt's New Music Hall, when reports were read by the Secretary from the different schools, showing them to be in a very encouraging and prosperous condition.

The most pleasing feature connected with the schools is the energy, perseverance, and entire self-devotion manifested by the officers and teachers in their efforts to forward the glorious work of bringing the young and tender lambs into the fold of the Redeemer.

Two additions have been made during the past year. The Presbyterian Mission and Third Congregational Schools. And three Sabbath Schools are not represented in the Union.

Officers elected for the ensuing year—President: B. T. Martin; Vice Presidents: E. D. Sawyer, E. W. Plater, Warren Holt, and J. G. Mysell; Secretary and Treasurer: Samuel Pillsbury.

The following is the Secretary's report for 1863:

YOUNG MEN'S CHRISTIAN ASSOCIATION.

This Society was organized in 1853, with a view to the moral, social, and intellectual improvement of young men of all denominations, by means of a reading-room supplied with all the leading religious and secular papers, magazines, and periodicals, domestic and foreign, together with a well selected library of over 2,000 volumes, embracing nearly every branch of general literature. Of these, about six hundred are religious, two hundred biographical, one hundred poetical, two hundred historical, two hundred travels, and seven hundred miscellaneous, as essays, sermons, classics, fiction, drama, law, philosophy, science and art, standard works, bound magazines, and periodicals, commentaries, encyclopedias, dictionaries, reference books, public documents, etc. A social prayer meeting is held at the rooms every

Saturday evening, from eight to nine o'clock, and from half-past twelve to one P.M. each day is devoted to the same purpose. There is also a literary society conducted under the auspices of the association, which meets at the rooms every Tuesday evening. The association numbers about three hundred and fifty members; of these, five are honorary, seventy-five life, one hundred and thirty-nine active, and one hundred and thirty-one associate. To become a member, the name of the applicant must first be proposed for membership at a regular monthly meeting, by a member of the association, which proposal will be acted upon at the next monthly meeting; *provided*, said applicant has paid the yearly dues, which, for an active member, is five dollars, and for an associate, three. No initiation fee is charged. Members of evangelical churches in good standing, only, may become active members. Life members are constituted by the payment of twenty-five dollars at any one time. Only active and life members are qualified to vote and eligible to office. The rooms of the association are at 526 California Street, nearly opposite the Mechanic's Institute, and are open to the public the year around from 8 A.M. to 10 P.M. The library is open every day (Sundays excepted) from 3 to 10 o'clock P.M.

LADIES' PROTECTION AND RELIEF SOCIETY.

This institution, organized August 4, 1863, by the benevolent ladies of San Francisco, and incorporated August 9th the year following, has been productive of a large amount of good in relieving the distress of sick and destitute women and children, and providing employment for females desirous of procuring work. To carry out this praiseworthy object, the society has erected a Home on Franklin Street, between Post and Geary, where protection, aid, and information is cheerfully furnished to all residents and strangers included within the sphere of its benevolent operations. The Legislature of 1863–4, amongst other appropriations for the assistance of the benevolent institutions of the State, allotted this association $6,000, which aided in paying for the Home. The officers of this association are elected yearly. We append those for the present year: President: Mrs. Nathaniel Gray; Vice President: Mrs. A. Coffin; Secretary: Miss M. C. Fessenden; Treasurer: Mrs. Jane H. Flint; Managers: Mrs. J. H. Applegate, Mrs. J. Archbald, Mrs. E. B. Babbit, Mrs. A. Dam, Mrs. R. M. Goddard, Mrs. Dr. Mouser, Mrs. Cyrus Palmer, Mrs. John Reynolds, Mrs. W. Stringer, Mrs. John Taylor, Mrs. H. Watison, Mrs. M. Biggs, Mrs. J. W. Cox, Mrs. Isaac E. Davis, Mrs. J. B. Hoyt, Mrs. Dr. Ober, Mrs. M. Parker, Mrs. A. G. Stiles, Mrs. S. B. Stoddard, and Mrs. E. Thomas. Trustees: J. W. Clark, President; R. B. Swain, Secretary; J. B. Roberts, Treasurer; Nathaniel Gray, Rev. E. Thomas, G. W. Dam, and E. Bigelow.

ORPHAN ASYLUM (PROTESTANT).

This benevolent and praiseworthy institution was organized January 31st, 1851, and incorporated by act of the Legislature on the 10th of the ensuing month. To the almost unaided efforts of a few ladies we are indebted for this noble institution, which now stands as a monument to their charity and goodness of heart. The Asylum was first located on the corner of Folsom and Second streets, in a building owned by General H. W. Halleck, from whence it was removed in March, 1854, to the present building, a commodious and elegant stone structure, which was finished at an expense of $30,000. This building occupies the block bounded by Laguna, Octavia, Page, and Webster streets, and is roomy and adequate to the wants of the class for whose benefit it has been founded. Dependent mainly upon private benevolence for support, the institution is one of the proudest monuments of the liberality of the people of San Francisco. In the construction of the building two important matters have been carefully kept in view, which are too often lost sight of in the planning of many public buildings of the present day—ventilation and light. To the abundant supply of fresh air introduced into every portion of the building, combined with the abundant and substantial supply of food furnished the children, and the daily exercise allowed them, may be attributed the unexampled health of the inmates. Every department is thorough and complete, clean, orderly, and well kept; the dormitories are spacious and airy, with everything neat and comfortable; large play-rooms are provided for the exercise of the children, when confined in-doors by the weather; the school-room, dining-room, kitchen, laundry, wash and bath-rooms, are all upon a scale commensurate with the wants of the institution, and everything connected with each is arranged and conducted in the most admirable manner. In the school the children are taught the solid branches, with the addition of drawing and exercises in singing, and in point of aptness and proficiency the pupils will compare favorably with any of the public schools of the city. The elevated location of the asylum commands a view of a great portion of the city and bay, with the opposite shore, and when further improvements are made to the grounds, which are very much needed, a more picturesque and beautiful spot cannot be anywhere found in the vicinity of the city. The Legislature of 1864 appropriated $15,000 for the support of this institution, and for the improvement of the orphan grounds.

STATE DEAF AND DUMB AND BLIND INSTITUTION.

This admirable institution was organized under the auspices of the State, under an Act of the Legislature of 1860, and under its fostering care is now one of the most flourishing institutions in the land. The buildings were erected upon a large lot at the corner of Mission and Fifteenth streets, and are ample for the accommodation of all the pupils that will be apt to be in attendance for years to come. The Legislature of 1863 passed an Act levying a special tax of one mill on each one hundred dollars, for the support of this institution, and the erection of other buildings. The immediate control of the institution was originally assigned to a board of benevolent ladies; but the last Legislature removed them, and passed a law placing the management under the control of a board of three trustees. At present there are sixty-two pupils, about equally divided. The pupils are under the charge of competent teachers, who instruct them in reading, writing, needle-work, etc.—the blind being also instructed in music. While this is a charitable institution, the benefits of which are denied to none, parents who are able are required to pay a small sum yearly for the care and attention bestowed upon their unfortunate children.

CATHOLIC ORPHAN ASYLUM.

This institution is located on Market Street near its junction with Kearny, on a lot donated for the purpose by Timothy Murphy of Marin County. The main building, which is a handsome edifice, fronts on Market Street—the school and infirmary buildings being located in the rear. The children, females—the male Asylum of the Order being located on the property donated for the purpose by the same testator, at San Rafael, Marin County—number upwards of three hundred. Every attention is paid to the mental and physical training of the children, who are truly healthy and happy. All the solid branches of education are taught in the school, with music and other accomplishments—the Asylum being provided with three pianos for the use of the orphans. The rooms are well ventilated, and every attention is paid to the health of the inmates. The play grounds

are ample, and provided with every appliance for healthy exercise. Some of the teachers have been brought up and educated in the institution. Two of the finest globes, terrestrial and celestial, to be found on this coast, belong to this institution. The Asylum is supported by the Order under which it was instituted, by donations and private contributions, and by appropriations from the State. The Asylum is under the charge of Sister Frances, who is truly a mother to the orphans.

GERMAN GENERAL BENEVOLENT SOCIETY.

This Association, composed exclusively of Germans, and those who speak the language, was organized January 7th, 1854, for the mutual attendance upon and relief of its members, and especially the protection and aid of newly-arrived German immigrants. The large and commodious Hospital erected by the Association on Brannan Street, near Third, where every possible comfort and accommodation adequate to the wants of the sick can be obtained, is an enduring monument of the liberality and philanthropy of this provident class of our citizens.

ST. MARY'S LADIES' SOCIETY.

This Society, which was originally founded in 1850 by the Sisters of Mercy for the dissemination of piety among the females of the Catholic Church, and afterwards converted into a Mutual Benevolent Association, holds its meetings in the Hall erected for that purpose adjoining the St. Mary's Hospital, to which its labors are mainly devoted, the officers being selected from the Sisters of Mercy. It is one of the most flourishing of all the benevolent associations, and numbers some six hundred contributing members.

ST. JOSEPH'S BENEVOLENT SOCIETY.

This Society is composed of the male members of the Roman Catholic Church, for the aid of those in distress and the consolation and relief of the afflicted. Although mainly devoted to attending to the sick, burying the dead, and relieving the families left in needy circumstances by its own members, its benevolent operations are not exclusively confined to its own limits, but administer to the wants of all such afflicted as come within its notice.

MAGDALEN ASYLUM.

This reformatory institution is located at Hayes Park, and is under the charge and direction of the Sisters of Mercy. The building is extensive and well adapted to the purposes for which it is designed, being eighty feet by thirty, and three stories high. The success of this institution, we are sorry to say, has not been commensurate with its merits.

HEBREW SELF-PROTECTING ASSOCIATION.

Without making any invidious distinction, it must be acknowledged that no denomination makes more ample and liberal provision for the unfortunate indigent and distressed than the Jewish. To such an extent does this prevail, that pauperism among this class is entirely unknown, and cases where the expense of relieving one of their number has fallen upon other parties are almost entirely unknown. The Hebrew Self-Protecting Association, founded, as its name imports, for the mutual protection and aid of its members in sickness and misfortune, was organized under the incorporation laws of the State in July of the past year. A charitable fund is formed, which is devoted to carrying out the objects of the Association. Although of but recent origin, this organization promises to be productive of much good in its field of usefulness.

EUREKA TYPOGRAPHICAL UNION.

This Society was organized in 1858, for the purpose of protecting the interests and rendering aid and assistance to distressed members of the "Art Preservative of all Arts." It numbers some three hundred members, and is in a very flourishing condition. An arrangement has been made by this Society with the managers of St. Mary's Hospital, by which the sick receive medical attendance and nursing. The Society recently purchased a burial lot in Lone Mountain Cemetery, which they design decorating and ornamenting in a becoming manner.

DASHAWAY ASSOCIATION.

This widely known Temperance organization, originally founded on the 24th of May, 1859, by the members of Howard Engine Company, has increased to an astonishing extent, numbering near 6,000 members. A large and elegant hall has been erected on Post Street, between Dupont and Kearny, by the Parent Association, devoted to the business and social meetings of the members. The affairs of the Association are in a most flourishing condition, and the sphere of its usefulness constantly extending. From this parent stock auxiliary societies have sprung up and are in successful operation all over the State. The name of "Dashaway" has become a household word.

LADIES' UNITED HEBREW BENEVOLENT SOCIETY.

This praiseworthy Association was established in 1855, by the ladies of the Israelitish faith, for the aid of the distressed among the women of that people, to attend to the sick, bury the dead, aid the poor, and relieve the wants of the distressed. The objects of the Association have been carried out with the untiring zeal and philanthrophic spirit with which it originated.

FRENCH BENEVOLENT SOCIETY.

This is a mutual benevolent Association, formed in 1851, by a number of French citizens for the aid and relief of its members, although its action is not confined exclusively to that class. A spacious and commodious Hospital, with handsomely laid out grounds, was erected by this Association a year since, on Bryant between Fifth and Sixth streets.

ITALIAN BENEVOLENT ASSOCIATION.

This somewhat limited but industrious, thrifty and provident portion of our citizens, the Italians, have not been behind other and more numerous classes in their provision for the sick and distressed among their ranks. This Society has an arrangement with the managers of St. Mary's Hospital, by which every provision is made for the care of those entitled to its protection and relief.

EUREKA BENEVOLENT SOCIETY.

This is another benevolent Association, formed of the members of the Jewish faith, for the relief of the unfortunate, and to aid the widows and orphans of its members. The Society embraces two branches, having two separate funds—one for general benevolent purposes, and the other for the relief of widows and orphans—the latter fund, however, cannot be touched until it amounts to $20,000. The combined capital reaches $35,000. An arrangement with the German Hospital has been made, by which the sick receives care and nursing. There are about 375 members.

SLAVONIH ELLIRIH MUTUAL BENEVOLENT SOCIETY.

This Association numbers about one hundred members, and is composed of the citizens of Northern Europe for the aid and success of its members, and their distressed countrymen, was organized November 17, 1857; and although the Association is not so numerous as some others, it has been productive of much good in the sphere of its operations. The sick receive medical and other attendance at St. Mary's Hospital.

CHEBRA BIKUR CHOLIM UKEDISHA SOCIETY.

This is another benevolent organization composed of members of the Hebrew denomination, devoted to the relief of the sick and assistance of the needy of that faith. The Society was organized in February, 1857, since which time it has been in active operation, holding regular meetings once a month to carry out the objects of the Association.

SCANDINAVIAN BENEVOLENT SOCIETY.

This is an Association of citizens hailing from Northern Europe, who have united themselves for the purpose of aiding the sick and distressed amongst their countrymen who stand in need of aid. The Society has a handsome library, which is open to all members; and when any one is out of employment, every effort is made by his associates to obtain it for him. The Society at present number some two hundred and fifty members, and has a respectable relief fund in bank ready for any emergency that may arrive.

THE SANITARY COMMISSION IN CALIFORNIA.

In the first week of September, 1862, the news of the continuous battles and defeats of our armies under Major-General John Pope came across the continent, creating the most intense excitement among the masses of the loyal people. In a well-known saloon in this city several gentlemen were collected one evening during that week and were discussing the topic of the times, when expressions of sympathy for the suffering soldiers were naturally called forth, and prominence given to the fact that California had yet done nothing for the war. Her distance from its center had precluded her citizens from being called upon, and the President was unwilling to subtract from the strength of the State, all of which might be needed in case of complications with foreign powers. In the heat of the conversation one gentlemen expressed his determination to contribute a certain sum to the United States Sanitary Commission. This action was met by others with equal fervor, and one catching the generous glow with another a subscription list was started and in a few hours other names were added until the total sum amounted to $6,600. This movement proceeded no further, for it was conceived upon more mature reflection that the movement might be made more general, and in place of a small sum a large sum might be obtained. The money subscribed upon that list was therefore not collected, but a movement for a wider recognition of the people's duties to the Union and its noble defenders was made at the next meeting of the Board of Supervisors held Monday evening, September 8th, 1862, by Supervisor John H. Redington, who offered the following resolution, which passed unanimously:

"*Resolved*, That this Board recommend that a public meeting of the citizens of San Francisco be called for Wednesday evening the 10th inst., at 8 o'clock P.M., at the chambers of the Board, to take measures for increasing to the greatest extent possible the Patriotic Fund for the benefit of the sick and wounded Union soldiers, and that the Clerk of this Board be instructed to advertise the same in the several daily papers of the city."

In accordance with the foregoing a meeting was held, of which Hon. H. F. Teschemacher, Mayor, was made Chairman, and F. MacCrellish and J. W. Bingham, Secretaries. At this meeting there was so meager an attendance that it was suggested that it be postponed to the next evening to ensure a large attendance. But the feeling prevailed that action be taken at once, and after considerable discussion the result of the meeting was the choosing of an Executive Committee of five "to report a plan of action and organization and the names of a General Committee of thirteen." The Executive Committee was composed of Hon. M. C. Blake, Chairman, Eugene Casserly, R. G. Sneath, D. C. McRuer, and E. H. Washburn, and the meeting adjourned to the next (Thursday) evening. At the adjourned meeting Judge Blake offered the somewhat extended report of the committee, which clearly and forcibly recognized the obligations of each citizen of the Republic to make the cause of the Constitution and Government his cause, involving in its issue his honor, patriotism, and manhood; which pledged the people of this community to the constant support of the Government; which recommended that a mass meeting be held at Platt's Music Hall at an early date and the appointment of a committee of thirteen whose primary object should be "to raise money for the benefit of sick and wounded soldiers and seamen of the army and navy of the United States and to disburse it through the proper channels;" that "the committee shall continue during the war," with power to fill vacancies; that it invite the coöperation of Union men throughout the State and the neighboring territories, and "use its best endeavors to raise and forward with the least possible delay a sum of money large enough to make up in some degree for our past neglect, and to be an assurance of our present interest in the cause of the Union and its defenders; and hereafter, monthly, during the continuance of the war, such a sum that it may be truly said of California, in this respect she has done her whole duty." The report recommended the names of thirteen gentlemen who should compose the General Committee, as follows: H. F. Teschemacher, Wm. Norris, J. B. Roberts, John H. Redington, James Otis, John N. Risdon, Henry Seligman, A. L. Tubbs, Peter Donahue, Horace P. Janes, Herman Michels, Eugene L. Sullivan, and Wm. M. Lent. The report of the committee was unanimously adopted, and the arrangements for the mass meeting and for all future action were referred to the Committee of Thirteen.

The gentlemen named as the Committee of Thirteen all accepted the position assigned them excepting Herman Michels, Esq., who declined the position on account of his being a representative of a foreign power in this city. In his place J. G. Kittle, Esq., was immediately chosen. The committee held their first meeting Friday, Sept. 12th, 1862, the day following their appointment and organized by the choice of H. F. Teschemacher, Chairman, A. L. Tubbs, Secretary, and James Otis, Treasurer. It took measures immediately for a mass meeting to be held on the next Sunday evening, Sept. 14th, 1862, at Platt's Music Hall. On that evening was assembled one of the largest gatherings ever held in this city. The proceedings were appointed to be held at 8 o'clock, but an hour before that time the large hall was filled with an audience, which in point of respectability and intelligence has perhaps never been excelled. The hall was tastefully decorated with American flags. The meeting was called to order punctually by D. C. McRuer, Esq., and organized by the choice of Hon. H. F. Teschemacher as President, supported by a list of seventy-seven Vice Presidents and four Secretaries, selected from the most prominent citizens. After introductory remarks by the President, eloquent speeches were made by Eugene Casserly, Esq., Frederick Billings, Esq., Hon. Jas. McM. Shafter, Edward Tompkins, Esq., and the late Rev. Thos. Starr King. The most intense enthusiasm prevailed, the speeches were received with the heartiest applause and the people entered fully into the spirit of the holy occasion. At the close of the speeches the appointment of the Committee of Thirteen as amended was unanimously confirmed. The President then announced, in accordance with the plan of the committee, of which sub-committees had been previously appointed to canvass the whole city, that it was the intention of the committee to raise as large a sum as possible at once and for that pur-

pose to submit subscription books to our citizens in every portion of the city, so that every person could have the opportunity to subscribe a certain sum payable immediately or by the month as long as the war should last.

The action of the committee was immediate and energetic. The subscription books were headed by prominent merchants, firms, individuals, and incorporated companies with sums worthy of the loyalty and generosity of a people who thoroughly sympathized with the sacred cause. It was the absorbing topic of the street, the office, and the drawing-room. There was a wide-spread generous rivalry to out-do each other in noble giving. The fervor of charity spread into every class of the people, into every business and station in life. There was no nation represented here, whether American, English, German, French, Italian, Chinese, Russian, or Hungarian, from whose representatives most worthy gifts did not come; no sect in religion that did not find its adherents coming into the ranks of this noble army of givers. The Christians gave as sympathizers with the suffering, the Jews gave with unbounded loyalty and liberality, heretics gave as citizens of a Republic to be saved, and men of no religion gave with generous self-forgetfulness. Rich men and poor widows, the little children in the schools and the employés of the U. S. Government, of large firms and incorporated companies denied themselves alike for the sake of the bleeding soldier. The success of the canvassing sub-committees was such that at the end of one week the Chairman and Treasurer, under the direction of the committee, sent by telegraph the sum of $100,000 to the President and Treasurer of the U. S. Sanitary Commission in New York.

The committee wished to excite the whole State to a sympathetic movement with San Francisco, and consequently circulars were immediately prepared and sent to prominent citizens in all portions of the State. The work of the committee in this city was still vigorously pursued and by the steamer of Oct. 1st, another sum, $100,000, was sent to the U. S. Sanitary Commission. The President and Treasurer in New York were notified of the fact by telegraph and directed to give $50,000 of the whole sum sent, $200,000, to the Western Sanitary Commission, whose head-quarters were at St. Louis. The people still continued to give, a considerable number subscribing to pay monthly.. Soon the whole State caught the enthusiasm of the city and sums of money, according to the ability of the various towns, began and continued to flow into the treasury of the Soldiers' Relief Fund Committee for transmission to the treasury of the U. S. Sanitary Commission. From the commencement of the enterprise in Sept., 1863, during the year following funds continued to be received from the city and country. The Treasurer remitted to the East for the relief of sick and wounded soldiers from Sept. 20th, 1862, to Oct. 2d, 1862, currency drafts for $414,995.58, and one draft payable in gold coin for $15,000, making a total of $429,995.58.

In the middle of October, 1863, the committee, whose active labors had long since ceased, and whose numbers had been decimated by death and absence from the State, deemed it requisite to reorganize for labor anew, that the city might be again canvassed and the fund for the relief of the soldiers replenished. The committee accordingly called together a number of citizens to consider the matter and to aid them in reorganization. Twenty-nine gentlemen were then added to the committee. Communication was had with Rev. Henry W. Bellows, D.D., President of the U. S. Sanitary Commission, in regard to the condition and wants of the Treasury. Answer was received which indicated that the funds were low and that "$25,000 a month paid regularly while the war lasts from California would make the continuance of our present magnificent scale of beneficence a certainty." The committee again commenced its work with vigor, circulars were prepared and sent into all portions of the State. A mass meeting was called and an audience assembled with equal fervor and enthusiasm to that of a year ago. Addresses full of spirit and eloquence were made by Hon. H. P. Coon, Mayor, Hon. F. F. Low, Governor of the State, Rev. D. B. Cheney, W. T. Coleman, Commander Selim E. Woodworth, Edward Tompkins, Esq., and the late Rev. Thos. Starr King, and a report made of the receipt and transmission of funds by the Treasurer, James Otis, Esq. The city was again thoroughly canvassed and a large number of subscribers obtained, who either paid a large sum in cash or a smaller sum in monthly contributions. Money was given with equal liberality by citizens of every class, and the towns and cities of the State liberally answered the calls made by the city. From Sept. 12th, 1863, to Aug. 13th, 1864, the Treasurer remitted to the U. S. Sanitary Commission in New York in currency drafts the sum of $210,000, in gold the sum of $21,236.71, and to the Western Sanitary Commission at St. Louis a gold draft for $7,500, making a total of $278,236.71, and a total from the beginning of the movement in Sept. 1862, of $657,495.58.

The presence of the Rev. Henry W. Bellows, D.D., President of the U. S. Sanitary Commission, in this city and the still continuing need of money for the relief of our suffering soldiers, has prompted again a reorganization of the committee. Under his authority the committee has ceased to be a strictly local but has become a State organization of which persons residing in different portions of the State have been invited to be members. It has become and assumed the name of the California Branch of the U. S. Sanitary Commission. Its work will be hereafter continued vigorously and more thoroughly. Hon. F. F. Low, Governor of the State has been made President; an Executive Committee, upon whom the chief labor of the conduct of affairs will devolve, has been chosen, composed of D. C. McRuer, Chairman, R. G. Sneath, A. Seligman, F. A. Woodworth, Albert Miller, Geo. W. Gibbs, and A. L. Tubbs. R. G. Sneath has been made Treasurer. An office has been opened at 240 Montgomery Street, San Francisco, where all communications and remittances should be addressed, care of O. C. Wheeler, Secretary.

CHRISTIAN COMMISSION.

The object of the Christian Commission is to continue the exercise of home influences over our soldiers who have gone into the field, and to furnish a channel through which the kind offices of Christian and benevolent people may be extended to them.

The Commission does its work through a system of volunteer and unpaid agents, who visit the soldier both in the camp and field—supplying him in the camp and hospital with such comforts as he may need, and with such practical religious reading and instruction as shall fit and prepare him to be a faithful soldier under the banner of the Lord Jesus Christ, the Great Captain of our salvation.

In the cities and towns of the East, also, hundreds of minute men are organized and prepared, the moment that the telegraph reports the existence of an engagement, to hurry at once to the field with proper stores, and following the line of battle, to search out the wounded and dying, and drawing them out from under the enemy's fire, to staunch their wounds, and administer cordials and refreshments, and by prompt and timely aid, at the very moment when the question of life and death seems balanced, decide the question for life, and in this manner save thousands of our heroes for their coun-

try and their families. For the dying also the Commission has a work to do, in directing the last thoughts of the departing soul to Jesus Christ, who died for our salvation—that being justified by faith in Him, it may depart in Peace. The last messages for home also are recorded, and with such mementoes as are found on the dying man, faithfully transmitted to absent friends.

The business of the Commission is only commenced on the battle-field, for its delegates follow the wounded to the hospitals, and perform an invaluable work among them as nurses, cleansing their wounds, washing their clothing, administering medicines and cordials, supplying comforts—and, in a word, doing every thing that a parent in like circumstances would do to a suffering son. And when death claims its victims, and the bodies of those who have died for the country's cause are about to be consigned to the grave, performing over their remains the last offices of religion, and after having secured to them the rites of a Christian burial, carefully noting the spot, for the information of the friends of the deceased.

That the work of the Commission is faithfully and efficiently performed, we have a sufficient guarantee in the names of its officers and agents at the East, among whom are found the most prominent of our ministers and lay-brethren—such as Rt. Rev. Bishop C. P. McIlwaine, Bishop E. S. Janes, Rev. Rollin W. Neale, Rev. James Eells, Rev. M. L. R. P. Thompson, Geo. H. Stuart, Esq., Jay Cooke, Gen. C. B. Fisk, etc., etc.

The work of the Commission on this coast has been most ably represented by Rev. Dr. Patterson and Geo. J. Mingins. On the arrival of these gentlemen at San Francisco, a public meeting was called, and a branch of the Commission organized for the Pacific Coast. This organization has been active in its work, and has received and transmitted to the Central Commission in Philadelphia over $100,000, the free contributions of our fellow citizens for our suffering brethren in the armies at the East. Over $50,000 of this sum was furnished by the Ladies' Christian Commission, the proceeds of the Fair held by them, and of collections and memberships.

These two institutions are permanently organized on this coast, as the almoners of the people's bounty to the army in their peculiar sphere of effort. The Commission desires to do just what a Christian parent would do, were his own son lying before him as the sufferer. In doing this work they ask for aid from all Christian and benevolent people, not alone that the pains of the wounded may be removed, but that also the kind-hearted donors may feel in their own bosoms the consciousness of having done Christ's work to Christ's poor on earth. "Inasmuch as ye have done it unto the least of these my brethren ye have done it unto me."

Donations will be received by P. Sather, Esq., at the banking house, Montgomery Street, and Dr. Keeney, Folsom Street, near Second, and by any of the officers of either Society.

Hospitals.

There is, perhaps, no city in the world of its age and population better supplied with public and private hospitals than San Francisco. Essentially cosmopolitan in the constituent parts of its population, and embracing as it does representatives from all portions of the globe, each nationality has its benevolent associations, one of the principal objects of which is to make ample provision for the care of its sick. The greater portion of those unfortunates, injured by the casualties so constantly occurring in the mines, resort to San Francisco for medical and surgical treatment; hence it is that the public and private hospitals of the city are almost constantly crowded.

The following comprises the leading institutions of this character located here:

THE UNITED STATES MARINE HOSPITAL.

This spacious brick building, two hundred feet long by one hundred feet in width, and four stories high was erected by the U. S. Government on the Government Reserve at Rincon Point, in the year 1853. It is capable of containing several hundred patients, and is devoted exclusively to the use of the sick and disabled belonging to the national and merchant marine service, including landsmen engaged in the inland and coast trade. The number of patients admitted each year is about 1,200, and the number of annual deaths near forty-five; the average number of patients is about one hundred and twenty-five. The officers in charge of the hospital, who are appointed by the Government, are a Surgeon, Apothecary, Steward, and Matron.

THE CITY AND COUNTY HOSPITAL.

This spacious building, which is of brick and three stories high, located on the corner of Stockton and Francisco streets, was opened for the reception of patients in July, 1857. It is calculated to accommodate comfortably about one hundred patients. The lower floor is occupied by the offices of the Resident Physician and attendants, with a surgical ward, and cells for the safe keeping of insane patients. The second floor is occupied by surgical patients, dining hall, apothecary's room, contractor's storeroom, and kitchen. The medical patients are allowed the third floor, a number of small rooms in the rear being set apart for the female patients. During the past year important additions have been made, materially enhancing the accommodations. The supplies of the hospital—food, fuel, lights, and washing are furnished by contract. The officers are one Visiting and one Resident Physician, Apothecary, and Contractor.

The most liberal provisions are allowed by law for the maintenance of this useful institution, viz.: for 1863, contingent expenses, $60,000 per annum; repairs, $6,000; furnishing, $12,000; improvements, $25,000; also, for support of a Small Pox Hospital, $6,000 per annum; for 1864, to improve and enlarge the present buildings, an addition to the sum now allowed by law of $125,000.

ST. MARY'S HOSPITAL.

This is the most extensive private hospital in the City of San Francisco, and is under the charge of the Sisters of Mercy. The portion completed is one hundred and sixty feet in length by seventy-five in width, built of brick, and four stories high. The ceilings are lofty, the rooms well lighted and ventilated, with warm, cold, and shower baths on each floor, and lighted with gas throughout. In addition to twelve spacious and commodious wards, furnished with all that is to be found in the best regulated sanitary institutions, there are a number of private rooms neatly fitted up and completely arranged for the accommodation of patients. The officers of the hospital are: Sister Mary Russell, Superior; Visiting Physicians: Drs. R. Beverly Cole, J. P. Whitney, and H. Gibbons; Resident Physician: Maximilian Cachot; Druggist: Edward O'Dougherty.

MAISON DE SANTE.

This hospital, founded by the French Mutual Benevolent Society, was opened March 15, 1858. It is a brick building, situated in the center of a hundred vara lot, and is surrounded with trees and shrubbery, forming a pleasant promenade and exercising

grounds for patients. The building contains two general wards, fitted up with twelve beds each, eight with four beds each, and a large number of private rooms, several of which are appropriated to ladies. The whole is neatly furnished, and heated throughout with hot water—the hospital being also supplied with warm, cold, shower, and steam baths. The officers are two Physicians, a Superintendent, and an Apothecary.

THE GERMAN HOSPITAL.

This is a brick building with a front of one hundred and twelve feet, with a depth of fifty feet, attached to which is a rear wing of one hundred and twenty-two by twenty-three feet, two stories with a basement, with surrounding grounds laid out and arranged, and ornamented with shrubbery and flowers, under careful cultivation, one hundred and thirty-seven by two hundred and eighty-five feet in extent. The two stories are divided into general wards and private rooms for the physicians and attendants in charge. The building is amply supplied with warm, cold, shower, and steam baths, and every appliance for the proper care and treatment of the sick.

Cemeteries.

There is, perhaps, no feature connected with a prominent city that occupies a greater degree of interest in the estimation of strangers and visitors than its cemeteries. One of the most attractive spots to the visitor to the great American metropolis is the "City of the Dead" at Greenwood. The peaceful shades of Mount Auburn have a melancholy charm to those who make a pilgrimage to the great capital of the Bay State, and no one enters the City of Brotherly Love without seeing the classic monuments, tastefully laid out, beautifully adorned, and admirably kept grounds at Laurel Hill. Other cities of lesser extent and fewer years exhibit equal taste and regard for the depositories of their dead. Spring Grove at Cincinnati, Mount Hope at Rochester, the Albany Cemetery, and numerous others, are examples of taste in the selection of the location and beauty of adorning and arrangement. In all modern places selected for the repose of the departed, good taste has retained the primitive forest trees—the monarchs of the grove themselves being fitting monuments "not made with hands." In point of beauty of locality our own Lone Mountain and Calvary cemeteries, situated as they are in full view of that grandest of all monuments, the mighty Ocean, are nowhere surpassed. There is a fitness and sublimity in their contiguity to the waves of the Pacific and the entrance to the Golden Gate, that never fails to impress every beholder. In the way of monuments erected to the memory of the departed by the hand of affection and regard, many may be found in the city cemeteries which are alike models of artistic elegance and pure and refined taste.

MISSION BURIAL GROUND.

The oldest of the city cemeteries is the burial ground at Mission Dolores, which was consecrated by the pious Fathers of the Church as early as the year 1776, the first interment in the consecrated ground being made in September of that year. As the chosen resting place of the early inhabitants of the Pueblo, this sacred spot will ever be surrounded with an atmosphere of deep historic interest, reverence, and veneration. The inscriptions to be found on the monuments in this burial place exhibit the varied character and nationalities composing the population of this region, some being composed in the Latin, with which its learned founders were familiar, and others in English, French, Italian, and a still larger number in the Spanish language, the contemplation of which affords the pilgrim to these shores much food for profitable reflection and thought. Several other spots within what have for some years been the city limits, were selected by parties visiting this portion of the Pacific years ago, who little dreaming of the rapid rise and extent of the homes and haunts of the living, selected these grounds for the resting places of their dead. The principal of these grave-yards were located on Russian and Telegraph hills, and a lot on the north-east corner of Powell and Lombard streets. As the march of improvment infringed upon these localities, their occupants were removed to other places of repose where they will not probably again be disturbed until the earth and sea shall give up their dead.

YERBA BUENA CEMETERY.

In order to accommodate the wants of the fast increasing and growing community, so rapidly augmenting at this locality, in February, 1850, the Board of Aldermen of this city set apart the tract bounded by Market, Larkin, and McAllister streets, embracing an area of sixteen acres, as a city burying ground, under the appropriate name of Yerba Buena, the original appellation of the Pueblo. The prevalence of the cholera, which swept away such numbers of its victims the season following, rapidly filled the space allotted for interments, and the sudden growth of the city in that direction soon indicated the necessity of more remote and extended grounds for burial purposes. Up to the time of the opening of Lone Mountain Cemetery, seven thousand interments had been made in Yerba Buena. Acting under authority from the Legislature, and in many instances under the direction of the friends of the deceased families, the remains of the dead have been gradually removed, and the grounds will hereafter be dedicated to the uses of a public promenade or park for the use of the living.

LONE MOUNTAIN CEMETERY.

Fully alive to the wants and necessities of the case, a number of public spirited citizens succeeded in securing a tract of one hundred and seventy-four acres in extent—about three miles from the city—which was admirably adapted to the purposes of a rural cemetery. Situated on an elevated plateau at the base of the eminence known as Lone Mountain, from which it derives its name, in full view of the Pacific Ocean, and the opposite Bay, the shores of which their discoverer, Sir Francis Drake, whose name this sheeet of water bears—from their fancied resemblance to the white cliffs of Dover, christened New Albion—those solitary sentinels of the sea, the Farallones, dimly outlined in the distance, typical of "the Land beyond the River"—the Golden Gate, suggestive of the entrance to the Holy City, with the beautiful Bay of San Francisco, with its cluster of islands—together with an extended view away to the inland, no more beautiful or appropriate site could have any where been found. Since that time the grounds have been laid off into burial lots—with spacious carriage ways winding among its miniature hills and valleys—with walks threading the mazes of the natural shrubbery, which with characteristic taste has been preserved as far as possible—numerous chaste and beautiful monuments, which would do honor to any community, have been erected—every species of ornamental shrubbery and rare flowers planted, and lots inclosed with handsome iron railings—and the evidences of taste and affec-

tion of the living is every where apparent in this appropriate resting-place of the dead.

Here rest the remains of two illustrious men, whose names and deeds are inseparably interwoven with the history of our State, Senators Broderick and Baker, both of whom fell on the field in the prime of life and the ripeness of manhood. The time will not be long when lofty monuments will be reared to the memory of those illustrious patriots—that of Senator Broderick, which is to be surmounted with a life-size statue in marble, having been commenced some time since. The whole number of interments made in Lone Mountain from its dedication to the present time is about 7,500. The management and improvement of these grounds reflect great credit upon the proprietors of the Cemetery, Messrs. Nathaniel Gray, J. H. Atkinson, and Charles C. Butler.

CALVARY CEMETERY.

Some three years or more ago, Bishop Alemany purchased an extensive tract of land adjoining Lone Mountain and possessing like advantages with that Cemetery, which was consecrated to the uses of the Catholic Church, under the appropriate title of Calvary Cemetery. Since that time numerous improvements have been made in the way of laying out and adorning the grounds, grading avenues for vehicles and walks through the intermediate spaces, under the direction of the Bishop, who has charge of the Cemetery. Improvements are constantly in progress, enhancing its beauty and fitness for the sacred sanctuary of the dead. A small but neat chapel has been erected at this Cemetery for burial service.

MASONIC CEMETERY.

The "Masonic Cemetery Association, of the City and County of San Francisco," was organized on the twenty-sixth of January, 1864, under the Act of the Legislature authorizing the incorporation of rural cemetery associations. The Trustees are: E. L. Smith, H. M. Beach, Thomas Anderson, D. B. Arrowsmith, Thomas Kyle, M. Hopkins, Thos. Young, J. A. Reichert, and William R. Wheaton; Treasurer: Thomas Anderson; Secretary: George J. Hobe. "The association owns sixty-eight acres, thirty of which are already laid out as a Masonic Cemetery. The land lies south of and adjoining Calvary Cemetery. It has a gentle slope towards the east; is sheltered from the prevailing westerly winds by Lone Mountain; is covered in a great measure with shrubbery, and is susceptible of a high state of cultivation. Its situation is equal if not superior to the best portion of Lone Mountain Cemetery, and excels it in natural advantages for the improvement and ornamentation of family plots. The association has laid out and macadamized over two miles of road in the Cemetery; have spent some $2,000 in excavating for a public vault—said excavation being into solid rock, and so situated that it is entirely sheltered from wind. The grand tour, as well as the avenues running north and south, are all staked, and many of them cut and macadamized; the names of all the avenues are placed on convenient-sized boards, and the individual lots are all staked and numbered. The prices upon the different lots are twenty-five, twenty, and fifteen cents per square foot, according to location, which is about one-half of the prices charged by the Lone Mountain and Calvary Cemeteries. The three most eligible plots are 'Mount Moriah,' 'Fountain Plot,' and 'Forest Hill,' and the lots therein contained are the highest priced. The lots facing on what is termed the grand tour command the second price, and all other lots the lowest, or fifteen cents. The lots are sold *only* to members of the order of Free and Accepted Masons, or to the blood relations of Masons; and a clause in the deed says: 'No conveyance or transfer of a lot shall be made to any but a Free and Accepted Mason, or to the family of one who at the time of his death was a Free and Accepted Mason.' But the owner of a lot may permit whomsoever he pleases to be buried upon his ground, provided it is not for a remuneration. The entrance to the Cemetery is from the Point Lobos or Cliff House Road, just beyond the toll-gate, and the association has contracted with Mr. White for a twenty-four-feet macadamized road from the Point Lobos Road to their cemetery. Work on this road has already been commenced, and it is supposed will be finished in three or four weeks."

Associations—Literary, Protective, Etc.

For a description of the different associations, the reader is referred to the Appendix, page 554, in which will be found the officers and operations of each during the past year. The progress made by many of these associations reflects credit upon the members thereof, and is worthy of the liberality so generously exhibited in their support.

THE MASONIC AND ODD FELLOWS ORDERS.

Among the most prominent of our public institutions are these benevolent orders. There is, probably, no city in the Union where these associations are in a more flourishing condition than in San Francisco. Each of these orders own a handsome property, fine building with handsome halls for the use of the Association. In the elegant building owned by the Masonic Order, built by a joint stock association of the members, there are four large halls for the use of the lodges, with a large banqueting hall, with ante-rooms, committee rooms, and offices. This structure is one of the handsomest public buildings of our city.

The Odd Fellows Order is also in a most flourishing condition, having recently purchased and fitted up for the use of the Order the property on Montgomery Street, between California and Pine, known as Tucker's Hall. The library of this institution is one of the best in the city, abounding in rare works, relating especially to the history of our State.

For list of the different associations, and the officers of each, see Appendix, page 567.

Military.

An unusual degree of activity has been exhibited during the past year in the organization and equipment of our volunteer soldiery. The number of companies now enrolled is thirty-nine, exclusive of the Police organization, with an aggregate effective strength of 2,500 men. Twelve companies have been organized during the past year.

Ample provision has been made by the Legislature of the State to relieve, to some extent, the heavy expense attending these organizations, thereby removing an objection heretofore existing with many to a more general connection with this most important branch of our public service.

One of the most prominent military features of the present season is the organization of our Police force as a military battalion. Under the competent and careful instruction of Chief Burke a state of discipline has been attained that will compare favor-

ably with that of any other volunteer command in the Union. Its present strength is about 250 men.

Several companies have recently secured suitable accommodations for armories. The Mechanic's Pavilion, on Union Square, is now used for military exercises, and the National Guards are now erecting on Post Street near Stockton a commodious building for their use. It will be 25 feet front, 100 feet in depth, and two stories in hight, with an octagonal tower, outside the main wall, of sufficient size to admit of doorways and stairways being arranged in it, so as to leave entire body of the building clear for drill-room, assembly-room, and company offices. The cost of the building will be in the neighborhood of $6,000, and the lot on which it is to be erected is the sole property of the company. The Guard are, we believe, the first military company in San Francisco to erect permanent quarters for themselves, and thereby lay the foundation of an organization which will exist long years after the original members of the company have passed away.

Fire Department.

The Department at present consists of 916 members, divided into fourteen engine companies, three hook and ladder companies, and three hose companies. For their accommodation there are twenty houses; and for service sixteen fire-engines; three hook and ladder trucks, and seventeen hose carriages. Four new and powerful steam fire-engines have been recently added to the Department. There are in the city fifty cisterns, capable of holding 1,470,000 gallons of water—many of them substantially built of brick and cement.

We refer our readers to the Appendix, page 539, for a complete description of the organization of this important branch of the public service, in which will be found a mass of information concerning the different companies, useful to its members and interesting to every citizen.

Railroads.

We can, without fear of successful controversion, assert that no community in the world has built so many railroads in so short a time as California. Scarcely sixteen years have elapsed since the hardy pioneer from the Atlantic States arrived here in search of gold; he found almost a barren desert or rough, impassable glaciers; now he can look upon cities, and towns, and railroads. Although there are several roads in the interior of the State, we do not propose to speak of any but those in or leading out of the city. Tracks are laid down through all the principal thoroughfares of the city, and the town-plat exhibits a net-work of iron rails, ramifying throughout its entire extent, and radiating outwardly in all directions affording egress from its limits. The benefits arising from these public improvements, in enhancing the convenience of the public travel, at a reasonable rate, are everywhere apparent, especially in the expansion of the limits of the city, the enhancement of the value of real estate, and the rapid improvement of suburban property. The following is a list of these important public works, in successful and prospective operation, within and leading out of the city:

SAN FRANCISCO AND SAN JOSE RAILROAD.

This company was incorporated July 21, 1860, with a capital stock of $2,000,000; of this amount, $600,000 was subscribed by the counties of San Francisco, San Mateo, and Santa Clara; $500,000 reserved by the company; the remaining $900,000 being raised by issuing bonds. The road was completed in January, 1863, and is pronounced by competent railroad men to be one of the staunchest built roads in the United States. The only funded indebtedness of the company is represented by nine hundred and sixty-eight mortgage bonds of $1,000 each, bearing eight per cent. per annum interest, and issued July 1, 1864, to McLaughlin & Houston in part payment of the contract with them for constructing the road. These bonds run twenty years, and both principal and interest are payable in United States gold coin. Of the $600,000 stock subscribed by the counties through which the road passes, San Francisco took $400,000, San Mateo $100,000, and Santa Clara $200,000. On the seventeenth day of October, 1863, the first train passed over the portion of the road finished from the Mission Dolores to Big Tree Station on the San Francisquito Creek. On the sixteenth day of January, 1864, the road was completed to San José, and trains commenced running to that place; and later, on the fourteenth day of February following, the San Francisco end of the road was extended to the corner of Fourth and Brannan streets, and trains commenced running from that point to San José direct. The company now runs two passenger trains over the road each way daily, leaving San Francisco at 8 A.M. and 4:30 P.M.; San José at 7:30 A.M. and 4 P.M. One freight train is run each way daily, leaving San Francisco at 6 P.M.; San José at 4:30 A.M. A smoking-car is attached to the freight train for the accommodation of passengers. Stages connect at the principal stations and at San José with the morning and evening trains to and from important points. The Board of Directors is composed of the following gentlemen: Timothy Dame, Peter Donahue, Henry M. Newhall, Chas. B. Polhemus, Charles McLaughlin, Alexander H. Houston, and John Center. The officers are: T. Dame, President; H. M. Newhall, Vice President; Chas. W. Sanger, Secretary; Peter Donahue, Treasurer; and A. H. Houston, General Superintendent.

SAN FRANCISCO AND ATLANTIC RAILROAD.

The San Francisco and Atlantic Railroad Company were incorporated under the State law regulating and authorizing incorporations, in July, 1864. Its capital stock is $20,000,000, in $100 shares, and Alpheus Bull, C. F. Lott, Louis McLane, A. Hayward, Sam'l Knight, Geo. H. Howard, W. E. Barron, A. B. Forbes, J. G. Kellogg, Wm. Sharon, M. J. Dooly, J. R. Anthony, and C. Gratton, are named as the Board of Directors. This company proposes to construct a road to run from San Francisco *via* Stockton, to, or near Folsom, where it will tap the Central Pacific Railroad. This company was organized for the purpose of completing the task proposed to be performed by the Western Pacific Railroad Company, which seems to have fallen into a state of coma since receiving the rude shock at the hands of Congress; but in order to be untrammeled, the company will not combine with or use the charter of any existing company. The capital to build this road will be furnished by English capitalists, who will, as soon as they receive the surveys, plans, maps, etc., which

have been prepared for them by a skillful corps of engineers, send their agents here to superintend the construction of the road. The starting-point of the road has not been fixed upon; it may be at Goat Island, Alameda, or Oakland; or, if the company can purchase the San Francisco and San José Railroad upon favorable terms, it may do so, and continue that route to the proposed terminus; but it is not their intention to have connection with any other road leading into the city. The officers are—President: Alpheus Bull; Treasurer: Louis McLane; Secretary: George Wallace.

SAN FRANCISCO MARKET STREET RAILROAD.

This being the first of the Street Railroad enterprises, which have inaugurated, and are daily bringing about such important results in our city, is fairly entitled to the honor of being styled the pioneer in this department.

OMNIBUS RAILROAD COMPANY.

The capital stock of this company is $1,000,000, divided into 10,000 shares of $100 each. There are two lines of the Omnibus Railroad. One from Powell and Union to Stockton, and along Stockton to Jackson and Washington, down both of these streets to Montgomery and Sansom, and through these streets to Second, and thence to Howard, Third, and Townsend. The other is from the intersection of Montgomery and Washington, through Montgomery to Second, thence to Howard, Center, and the Mission Dolores, with a branch from Market through Third to Howard. This road is entirely completed, and the length of rails laid down, if reduced to a single track, would amount to ten and seven-tenths miles. It has twenty-four cars constantly running, and eight more in reserve for extra service. Ninety men and one hundred and forty horses are employed. The Depôt on Howard Street, under Union Hall, is an immense structure. This company have built extensive stables fronting on Minna and running back to Clementina Street, one hundred and fifty-seven by one hundred and sixty feet, built of brick, two stories high. The officers of this company are—President: Peter Donahue; Vice President: Eugene Casserly; Treasurer: William Sharon; Secretary: James O'Neill; Superintendent: John Gardner.

NORTH BEACH AND MISSION RAILROAD.

This Company was organized from a consolidation of two railroad charters granted by the Legislature of California, and approved April 17th, 1861. There are two distinct routes of this Company completed and running; one from the corner of Powell and Union through Kearny, etc., to the corner of Fourth and Brannan; another from the corner California and Montgomery, through Battery, First, and Folsom, to the Willows' Race Course, with a branch through Folsom Street to the Willows, making in all five and a half miles of double track, and three-quarters of a mile of single track. The fare on either of these routes is five cents. Twenty-five cars are required to accommodate the regular travel on these routes, and the Company have eleven more cars ready for extra occasions, with car houses, stables, blacksmith shop, work shop, and every thing complete for the accommodation of all the rolling stock, horses, etc., required for the prosecution of the business. Their depôt is at the corner of Fourth and Louisa streets. This Company was incorporated August 23d, 1862. The capital stock is $1,000,000 divided into 10,000 shares of $100 each. Their annual election for directors takes place on the fourth Monday of August of each year. The officers elected on the 22d August, 1864, to serve for one year, are as follows: President: Dr. A. J. Bowie; Vice President: Robert Turner; Secretary: Willet Southwick; Treasurer: Michael Reese; Superintendent: Michael Skelly.

CENTRAL RAILROAD.

This railroad was chartered by Act of the Legislature of 1862. Incorporated in 1862. Capital stock $500,000, in 5,000 shares. The route traversed is, from the corner of Davis and Vallejo streets through Davis to Washington, along Washington to Sansom, along Sansom to Bush, and through Bush to Dupont, along Dupont to Post, through Post to Stockton, along Stockton to Geary, through Geary to Taylor, along Taylor to Turk, through Turk to Fillmore, to Post, and along Post to Lone Mountain Cemetery. Lateral, a branch tract at Taylor Street, through Sixth to Brannan, and along Brannan to the Bridge at Mission Creek; also along Davis to Bush streets. The Central Railroad is completed and has been running for nearly a year, to the great accommodation of the public and the manifest benefit of real estate in the suburbs. In regard to patronage, this road may compare favorably with either of the other routes.

FRONT STREET, MISSION, AND OCEAN RAILROAD.

The Legislature of 1862–3 granted a franchise to William F. Nelson, and others, to lay down a railroad along and upon the following streets: Beginning at or near the center of intersection of Greenwich Street with Front Street, thence along and upon Front Street to Market Street, thence along and upon Market Street to Sutter Street, thence along and upon Sutter Street to Larkin Street, thence along and upon Larkin Street to Pacific Street, thence along and upon Pacific Street to the charter limits, with the right of continuation along the said line of Pacific Street to the ocean beach whenever said street is declared open by the proper authorities of the City and County of San Francisco, with an intersecting railroad connecting at the junction of Sutter with Larkin Street, thence running southerly along and upon Larkin Street to Market Street, thence along and across Market Street to Johnson Street, thence along and upon Johnson Street to Mission Street, thence along and upon Mission Street to Sparks Street, thence along and upon Sparks Street to Dolores Street, thence along and upon Dolores Street to Corbet Street, thence along and upon Corbet Street to Mission Street, thence along and upon Mission Street to Sparks Street; together with the right to lay and maintain an iron railroad from the intersection of Corbet Street with Mission Street, along and upon Mission Street to the charter limits of said city and county. This Company organized by the election of a Board of Directors and the following officers—President: J. P. Robinson; Vice President: J. C. Beideman; Secretary: A. D. Hatch; Treasurer: John Barton; and expect to have about one-half of this route completed this year.

CITY RAILROAD COMPANY.

This Company was incorporated by Act of the Legislature approved April 21, 1863, and organized May 20, 1863. The capital stock of $1,000,000 is divided into 10,000 shares of $100 each. The first assessment of $10,000 has already been paid in. By resolution of the Board of Directors, nothing was allowed for the franchise which was donated to the Company by the thirteen original corporators. The route traversed by this road commences at the intersection of Chestnut and Stockton streets, thence along Stockton to Union, along Union to Dupont, along Dupont to the intersection of Market, and from the intersection of Montgomery and Market, along and upon Market to Fifth, across Market to Fifth, across Market to the city Front, and from the intersection of Mason and Washington, along Washington to Powell, along Powell to Broadway, along Broadway to Dupont, along Dupont to Pacific, along Pacific to Drumm, along Drumm to Washington, along Davis to Market, along and across Market to Fremont, along Fremont to Mission, along and upon Mission from East to Montgomery, and from the

intersection of Dupont and Sacramento, along Sacramento to Davis, and from the intersection of Mission and Sparks, along Sparks to Dolores, along Dolores to Corbett, and along Corbett to Mission streets. Portions of this road are under contract, but no work has yet been performed. It is thought, however, that some two miles of road will be built during the coming year.

THE OAKLAND RAILWAY.

For the purpose of facilitating travel and shortening the distance between this city and the opposite shore of the Bay, a company has been organized under a charter granted by the Legislature, who have built a wharf, three-quarters of a mile in length, out to deep water, a mile north of San Antonio Creek—the distance from the water end of the wharf to San Francisco being but four miles—shortening the present steam ferry route some six miles. A railroad with a single track of T rail has been completed from the end of this wharf to Oakland and San Antonio, and from thence will probably be extended southward.

SAN FRANCISCO AND ALAMEDA RAILROAD.

The Legislature of 1861-2 was remarkable for its liberality, and gained no little censure from envious old fogies for granting franchises. After pretty effectually gridironing San Francisco, it granted the privilege of leading iron arteries into it from nearly every approach. Although a few grumbled, the public are well satisfied, for they have been vastly benefited. No franchise has been or promises to be of more real benefit to our citizens than the one authorizing and permitting the construction of a wharf, ferry, and railroad from the Encinal in Alameda County to this city. As soon as the charter was in the hands of the projectors of this enterprise, they began operation, and in less than two years had completed their road, and got it into working order. The road is built in substantial style, and furnished with easy cars. A safe and commodious steamer receives passengers at Davis and Broadway St. Wharf, and in thirty minutes sets them down upon the wharf at the Encinal, where the cars carry them to the county road. To those residing in the southern portion of Alameda County, this road is an inestimable accommodation, and they know how to appreciate it. Latterly this Company and the San Francisco, Alameda and Stockton Railroad Company have amalgamated, and consolidated their capital stock, debts, property, assets, and franchises, upon terms which will doubtless prove highly beneficial to both parties, and hereafter the business of both companies will be conducted as one, under the title of San Francisco Railroad Company. This Company are constructing a road through Alameda Valley, *via* Vallejo Mills to Stockton, where it will connect with projected roads to Owens' River and Folsom.

Homestead Associations.

One of the most important as well as pleasing features in the unexampled progress of our city, is the organization of numerous Homestead Associations, which, by united effort and consolidated capital, place it within the scope and means of any industrious and prudent individual to secure a tract that he can call his own, and secure to him the proud title of "lord of the soil." In all civilized countries, the moral and healthful effect produced upon communities, and more especially the so-called industrial classes, by the ownership of a fee simple in the soil, has ever been the subject of laudation among the most enlightened statesmen and liberal philanthropists. By the organization of Joint-Stock Homestead Associations, and the purchase of large and eligibly located tracts of land, every member of the community may become a land-holder at a comparatively trifling cost. By the payment of a small sum into the capital stock, and a comparatively trifling amount in stated assessments, every one may, through this medium, which is available to all, in a short time become the possessor of an unincumbered site for a homestead. The healthy and advantageous effect of this system is apparent in the number of elegant and comfortable residences which have sprung up, as if by magic, in the vicinity of the city in all directions within the past year.

For a complete list of the Homestead Associations organized and existing in this city, with the amounts of their capital stock, the dates of their incorporation, names of trustees, with their operations and progress, see Protective Associations, page 560.

Savings Banks.

One of the most healthy and beneficial institutions of a large city is the Savings Banks, which is emphatically a monetary agent of the people. By receiving on deposit at a remunerative rate of interest, sums, no matter how small, and which would otherwise too often be heedlessly squandered, habits of economy and thrift are inculcated which are productive of the most beneficial results to the entire community. By constant additions, sums insignificant at the outset are gradually swelled to an amount of which the depositors themselves had no definite idea until they gave these institutions a trial, and full and satisfactorily tested the experiment. The loans made by these institutions are generally secured by bond and mortgage, and upon loans mutually advantageous to all parties. By requiring with the payment of the interest due each month, a sum equivalent to a monthly installment of the original loan, at the time fixed for its maturity, the debt has been entirely extinguished. There are four of these institutions conducted upon the same principle in successful operation in the City of San Francisco, the beneficial effects of which are felt and acknowledged by the community at large. The first of these organized on this coast is the

SAVINGS AND LOAN SOCIETY.

Incorporated July 23, 1857. Office, 619 Clay St. The amount to the credit of the members of the Society is $1,021,185 97. A dividend of one per cent. was declared in July last for the preceding six months, leaving a surplus of $140,873 16 on hand. The management of the Savings and Loan Society reflects high credit upon those who have it in charge, and its advantage to the masses can scarcely be estimated. By its means and under the admirable system devised, depositors are made perfectly secure, thrift is encouraged by accumulations of interest, small capitals are aggregated, and enterprise stimulated by the facilities thus provided. The savings of the laborer thus invested, also aid in producing a general prosperity in which he is himself a sharer, and doubtless it is a conviction of these truths, with confidence in the fidelity of those in charge, which have obtained for this society the unparalleled success of which we have spoken.

HIBERNIA SAVINGS AND LOAN SOCIETY.

Incorporated April 12, 1859. This association was formed for the mutual benefit of the members, who through it are enabled to find secure and profitable investment for small savings, and on the other hand have an opportunity of obtaining from it at reasonable rates the use of a moderate capital, upon giving good and sufficient security for the same. The affairs of this association have been managed with the utmost prudence and economy, and its business has been gradually increasing. Its success and healthy condition reflects the highest credit upon the management of the concern.

SAN FRANCISCO SAVINGS UNION.

The Legislature having passed an act, on the 11th of April, 1862, framed with a special view to the formation of savings societies, a few gentlemen of well known character and standing in this community took advantage of it to incorporate themselves under the above name. To depositors it offers the security of a guarantee capital of $100,000, to be increased as the business increases by a reserve fund of equal amount, which bears all losses, and neither of which can be withdrawn under any circumstances until every dollar deposited has been repaid to the depositors; in compensation for this guarantee, the stockholders receive a fair share of the net profits, and it is from this share, not from the profits of depositors, that the reserve fund is formed. As, with ordinary prudence, it is all but impossible that the losses should ever amount to $200,000, and as the losses have to be borne by the guarantee capital and reserve fund before they can touch deposits, the latter may be considered as perfectly secure. No dividend is allowed for the first month, as some time is required to find investment for the funds, but after that they are calculated without deduction for broken months, short time, etc., so that their real value is higher than it appears to be. It is a material relief to married women and minors, especially to the former, that when they make deposits in this institution in their own name, they can draw them without the necessity of obtaining the consent of their husbands or guardians. To borrowers it offers the facility of repayment by easy installments, spread over from twelve to forty-eight months (the law allows six years), according to the circumstances of the case. To men of small means seeking to obtain a homestead, experience has shown this facility to be invaluable. The report of June 30th, 1864, shows the result of the first two years' operations to be—deposits, $273,996 93; guarantee capital paid in, reserve fund, and surplus profits, $41,173 22; total, $315,170 15. Of this amount there was invested in loans made, $287,721 57; on hand, $25,942 07; balance in stamps on hand and furniture. Profits of the half year (net) $16,685 35.

For list of officers, etc., of the different savings associations, including those not referred to here, see page 560.

Banking Houses.

One of the most notable elements of our prosperity as a City and State, is the consolidating of immense capital under our Banking Law, and the establishment of branch offices in this city of foreign banks and capitalists. Of the former, the Bank of California, corner of Battery and Washington streets, stands first. The capital employed is $2,000,000, with a privilege to increase to $5,000,000. D. O. Mills, President; W. C. Ralston, Cashier....The Pacific Bank, No. 404 Montgomery Street, with a capital of $5,000,000, is another prominent house, embracing in its list of directors some of our wealthiest citizens. Peter H. Burnett, President; Geo. F. Bragg, Vice President; Edward Hunt, Cashier....Of the foreign houses, we may mention the Bank of British Columbia, with a capital of $1,250,000, with power to increase to $10,000,000. James D. Walker, Manager; office 412 California Street....The Commercial Bank of India, with a subscribed capital of $5,000,000, and $2,500,000 paid-up capital. Richard Newby, Agent, 408 California Street....The British and California Banking Company, with head office in London, has established a branch here, with Henry S. Babcock as Manager, and James Ireland, Sub-Manager. A temporary office is located at 415 Montgomery Street. A number of other institutions founded on a solid basis might be mentioned, did space permit. Suffice it to say, that such large sums of money on deposit here, for commercial and other uses, is a sufficient evidence of our future prospects and stability.

Insurance Companies.

Within the past year several important institutions of this character have gone into successful operation, while those of an older date have largely increased their business. This is an important feature of our domestic policy; and the establishment and successful conduct of Home Insurance Companies exhibits a healthy condition of public contentment, and a feeling of security on the part of our citizens with regard to fire and marine risks. Instead of the large amounts paid annually as premiums to foreign companies, going abroad, a large portion will be retained at home, and the entire community thereby largely the gainer. The following is a list of the local institutions of this character in successful operation here, the character of whose officers and managers is a sufficient guaranty of their soundness and reliability in all respects.

HOME MUTUAL INSURANCE COMPANY.

The above company was organized in September, 1864, with a capital of $1,000,000, and is prepared to issue fire, life, and marine policies of insurance upon all insurable property, lives, etc. There are five committees—one on Finance and Loans, one on Insurance, one on Claims and Losses, one Auditing, and one Executive. The Directors are selected from nearly all branches of trade—the industrial classes being particularly well represented. A company of this kind is destined to win its way to public favor and its business soon placed upon an unshaken foundation. The office is at No. 630 Montgomery Street. George S. Mann, President; Wm. Holdredge, Vice President.

SAN FRANCISCO INSURANCE COMPANY.

Incorporated March, 1861. Capital and surplus, $240,000.

Officers—President: George C. Boardman; Vice President: C. D. O'Sullivan; Secretary: P. McShane.

The capital and surplus of this company are now over $240,000, all paid in gold, and well secured on the best collaterals, and its careful management has made it one of the most reliable offices on the Pacific Coast, bringing with it the reward of a constantly increasing business. Office, No. 432 Montgomery Street, in Donohoe, Kelly & Co.'s Bank Building.

MERCHANTS' MUTUAL MARINE INSURANCE COMPANY.

Organized April 2, 1863. Capital $500,000. This Company, the only California Company now exclusively in Marine Insurance, may be considered in successful and vigorous operation. It offers to the business community a local institution conducted on liberal principles, prompt and energetic in its administration, and offering in its list of stockholders, composed of many of our most reliable merchants, the amplest security to its customers. Its business is conducted entirely on a gold basis, and all losses are paid promptly in United States gold coin.

Officers—President: James P. Flint; Vice President: C. L. Taylor; Secretary: J. B. Scotchler.

FIREMAN'S FUND INSURANCE COMPANY.

Organized May 1st, 1863. *Officers*—President: S. H. Parker; Vice President: M. Lynch; Attorney: W. H. Patterson; Secretary: Charles R. Bond; Surveyors: E. McLean and M. B. Perry. Capital, $200,000, fully paid in gold coin. One-fourth of all the Directors are active or exempt members of the San Francisco Fire Department. One-tenth of its net insurance earnings are divided among the various Fire Departments of the State, to be dedicated to charitable purposes.

Having become established on a firm basis the company solicits a share of public patronage, and guarantees that all its losses shall be paid in United States gold coin. Office 238 Montgomery Street.

CALIFORNIA HOME INSURANCE COMPANY.

This company was organized in 1864, under the laws of this State, with a capital of $300,000. It is composed of gentlemen of wealth and standing and well known to the business community. They insure against loss or damage by fire on all brick and frame buildings, merchandize, dwellings, furniture, etc., and pay all such losses in U. S. gold coin. From the responsibility of its directors and the competent business capacity of the officers in charge of its affairs, this company will soon rank second to none of its class on this coast. The office is located at Nos. 224 and 226 California Street. B. F. Lowe, President; J. G. Parker, Jr., Secretary.

PACIFIC INSURANCE COMPANY.

This company, which was organized July 14th, 1863, with a capital stock of $750,000, insures against loss or damage by fire. The Board of Directors is composed of the best known and reliable business men and capitalists of the Pacific Coast, and the stockholders represent a larger amount of capital than almost any other company on the continent. The capital is all paid up in gold coin, and recognizing in its fullest extent the law of individual liability, this company offers the best possible guarantee to the insured, and establishes an institution in this important department of which every citizen taking any interest in the welfare and prosperity of Pacific institutions may feel a just pride.

Officers—President: Jonathan Hunt; Secretary: A. J. Ralston.

CALIFORNIA INSURANCE COMPANY.

This company was incorporated February 23d, 1863, with a subscribed capital of $200,000, divided into twenty shares of $10,000 each. It is the pioneer of all the insurance corporations in our city, and the gentlemen owning its stock were the first who had the courage to assume the personal liabilities imposed by our State Constitution on stockholders, in a business supposed to be preëminently hazardous. For the mutual protection of each other and of the insured, with reference to this liability, unusual care was taken to admit only such stockholders as were of undoubted responsibility; and to prevent sales of stock to irresponsible parties, all the receipts of the company, less taxes, expenses, and losses, are retained on hand, and no dividend can be declared until the entire original capital has been earned from the proceeds of the business. The company has thus far prospered. Its officers are well known and experienced underwriters, and they have won for the office a character for prudence in taking risks and liberality in paying losses. Owing to the substantial character of its stockholders, the peculiarities of our State laws, and of the by-laws of the company, the California Mutual is probably the strongest marine office in the United States; for not only are its capital and accumulations subject to the claims of creditors and the control of State officers, but after these are exhausted the stockholders remain personally liable for the excess in the same manner as if they had each signed the policy on the plan of the Lloyds of London.

This company divides ten per cent. of its profits on open policies, among the holders of such policies, on the second Monday of January in each year, in lieu of the scrip returns of Eastern marine companies. All its transactions are made only in gold coin. Office 318 California Street. C. T. Hopkins, Secretary.

Libraries.

It may be set down as a fixed fact that there is no surer indication of the progression and prosperity of a community, than the number and condition of its libraries. In this department San Francisco may safely challenge competition with any city of its age in the range of civilization. The Public Libraries are numerous and respectable, and notwithstanding the activity and energy exhibited by her citizens in every department of life, the statistics of these institutions prove beyond controversy that they are at the same time essentially a reading people. Not physical alone, but mental activity is a prominent characteristic of our population.

In addition to these libraries several of the hotels of the city are provided with large and well selected collections of books for the use of guests. That belonging to the What Cheer House numbers about 5,000 volumes of well selected works, connected with which is an extensive cabinet of specimens in natural history, and a large number of paintings, with a marble bust by Powers, copied by that artist from his statue of California, and a fancy head in marble by Gault, an eminent sculptor, which works of art, selected by the proprietor, Mr. Woodward, during his tour in Europe, reflect credit upon his taste and liberality.

Want of space prevents a reference in detail to the numerous public libraries in this city, prominent among which may be named the Mercantile Library Association, containing 19,000 volumes; Odd Fellows', 10,000; Mechanics' Institute, 6,000; Young Men's Christian Association, 3,000; California Pioneers, 1,000; San Francisco Verein, 3,000.

The Masonic Fraternity have made arrangements for the foundation of a library in this city. From the well-known character of those who have the enterprise in charge, it must soon take rank with the leading library institutions in the State. For list of officers, etc., of the different literary institutions in this city, see page 564.

Protective Association.

MECHANICS' INSTITUTE.

Organized March 29, 1855. President: Joseph Britton; Vice President: A. S. Hallidie; Recording Secretary: P. B. Dexter; Corresponding Secretary: Wm. Patton; Treasurer: Ed. Nunan; Directors: P. J. O'Connor, E. N. Torrey, W. H. Knight, W. W. Hanscom, C. R. Steiger, Jas. A. Pritchard, H. F. Williams. Rooms, Institute Building, 529 California Street. Any person may become a member by paying an entrance fee of five dollars, and a monthly payment thereafter of fifty cents.

This Institute, after experience of some of the trials incident to all generous enterprises demanding self-sacrifice and sustained effort, seems now to have surmounted the most serious difficulties with which it has been contending, and is entering on a career of usefulness which promises correspondence to the hopes of those who laid its foundations in the belief that a city, building without such stones, cannot grow in full and fair proportions.

Two years since, the Institute, then occupying with its library and reading-rooms scant and cheerless quarters, heavily in debt, with diminishing revenues and no credit, was on the verge of dissolution, and it was a question with the officers whether it should be suffered to droop and die, or they should undertake the effort necessary to resuscitate and place it on a living basis. The magnitude of the effort required was not underestimated; it was well weighed and considered, and when resolved upon, it was undertaken with determination, and a reliance, which was not misplaced, on the liberal disposition of our men of wealth and public spirit to aid meritorious enterprises which they approve, when appealed to.

The result is seen in the fine edifice upon California Street, valued at $15,000, a largely improved library of more than 6,000 volumes, including many rare scientific, engineering, architectural, and mechanical works, indispensable for instruction and reference, and too costly for private ownership, and a reading-room supplied with all the leading newspapers, magazines and periodicals, literary and scientific.

The fourth industrial exhibition, under the direction of the Mechanics' Institute, was held during the month of September last; the third exhibition, which took place in 1860, was unfortunate in pecuniary results, leaving a heavy debt, which contributed largely to the burden that lately threatened to crush the Institute.

The exhibition of the present season was resolved upon in the belief that the development of the material resources and industrial interests of the State and neighboring Territories had attained a measure which would render such an exposition highly interesting, instructive and advantageous.

With permission of the city authorities to occupy Union Square, and the aid of a loan of $10,000 made by the officers of the Institute and prominent citizens (to be repaid from the *net* proceeds of the Fair), the Pavilion for the Exhibition was commenced early in July, and was originally intended to cover an area of 44,000 square feet, but it was found necessary to extend the provisions for space until, when completed, the building covered an area of 55,000 square feet, and though of temporary character it has a very imposing appearance. The octagon dome which surmounts and forms the chief feature of the structure has a diameter of one hundred feet, and in hight, to the top of the lantern, of one hundred and five feet. Upwards of 1,200 gas burners were employed in lighting, and during the month of the exhibition the visitors were numbered by thousands each evening, and the spectacle afforded by the throngs, the lights, the playing water, and the fine trophies of industrial victories, that would be honorable to the oldest communities with perfectly organized systems of labor, will be long recollected with pleasure.

The exhibition, notwithstanding the season of unprecedented drouth, the financial stringency, and the depression consequent on reaction from the almost universal speculative interest in mining stocks and ventures, was a solid success — not great in the amount of net money proceeds, but in illustrating the vast progress of our industrial resources, the instruction afforded and confidence inspired in the enterprise and capacity of our home manufacturers.

Water Companies.

SAN FRANCISCO CITY WATER WORKS.

Capital stock, $1,500,000, in 3,000 shares of $500 each.

Officers—President: Henry S. Dexter; Secretary: Peter Carter; Chief Engineer: Charles Elliot; Registrar: P. B. Quinlan; Trustees: H. S. Dexter, John Bensley, J. B. Thomas, C. L. Low, R. G. Sneath, John Parrott, and Erwin Davis; Bankers: John Parrott & Co.; Attorney: O. L. Shafter.

This company filed its certificate of incorporation on the nineteenth day of June, 1857, and on the twenty-seventh day of September of the year following introduced the water of Lobos Creek into the lower portion of the city, and in January, 1860, the permanent works were completed for the supply of the entire city with water. This supply is drawn from Lobos Creek, a stream of pure soft water, emptying into the bay near Point Lobos. The supply drawn from this source amounts to between two and three millions of gallons daily. The distance of the stream, which is fed entirely by springs, in a direct line from the Plaza is three and a half miles. The receiving reservoir is located at Black Point, on the bay, from which the water is elevated by steam pumps to the distributing reservoir on the adjacent hills, the highest being three hundred and fifteen feet above high water mark, located at the corner of Hyde and Greenwich streets; the second, which is situated immediately below, at the intersection of Hyde and Francisco streets, is one hundred and forty-five feet above high water mark. The capacity of the first is 3,600,000 gallons, and that of the lower 7,800,000. The supply of all that part of the city which is over one hundred feet above tide water, is drawn from the upper reservoir, while the lower portion is supplied from the last named source, the distributing mains of all sizes now extending, in the aggregate, a distance of nearly forty miles, from which the fire hydrants and public buildings of the city are supplied without charge.

The public are secured against oppressive water rates by a provision in the charter of this company, which directs the Supervisors to reduce them whenever they yield an aggregate which exceeds the annual income of twenty-four per cent. on the amount invested. The right is also reserved to the city to purchase on payment of the expenditures of the company, together with a reasonable rate of interest.

SPRING VALLEY WATER WORKS.

This company was incorporated in the month of June, 1858, in pursuance of an act of the Legislature approved April 23d, 1858. The capital stock is $3,000,000, divided into 3,000 shares of $1,000 each.

Officers—President: William F. Babcock; Vice President: Wm. T. Coleman; Secretary: Edward Mickle; Superintendent: Calvin Brown; Trustees: Wm. F. Babcock, Nicholas G. Kittle, Nicholas Luning, Charles Mayne, Wm. T. Coleman, J. C. Horan, and Simon L. Jones. Office of the company, southeast corner of Montgomery and Jackson streets.

The company was formed for the purpose of introducing pure fresh water into the City and County

of San Francisco, and supplying its inhabitants. The water is collected from various branches of the stream known as the Pilarcitos Creek, in the coast range of mountains, distant from San Francisco about fifteen miles in a southerly direction. This supply is taken at an elevation of seven hundred feet above the level of the sea, through the main coast range by means of a tunnel 1,500 feet in length. A large dam is now being constructed on the Pilarcitos Valley below the tunnel, which dam will be seventy feet in hight and two hundred and twenty-eight feet between the abutments. This will cause the water to cover one hundred acres of land and make a reservoir that will contain 1,500,000,000 gallons, which will be filled during the winter season of the year, and be drawn from as required in the city reservoirs, making this the great retaining reservoir. From the east end of the tunnel the water is conducted around the hills into another large reservoir—Lake Honda back of the Mission Dolores—by a flume eighteen by twenty inches, with a grade of seven feet to the mile, being thirty-two miles in length. Of this distance six miles are laid of iron pipe, and when the flumes are to be replaced it will probably be done by iron pipe, of which about twelve miles would be required to make the entire route of iron. Lake Honda is a fine natural reservoir three hundred and seventy feet above the sea, from which place the water is brought to another distributing reservoir, corner of Buchanan and Market streets, by means of sixteen and twelve inch cast iron mains. The Market Street Reservoir is constructed on a high hill, two hundred feet above the sea, and is made of brick and cement; capacity 2,000,000 gallons. This is the main distributing reservoir, and supplies four-fifths of the city. The upper part of the city is supplied direct from Lake Honda pressure, which will give a good pressure to almost every section of the city. As to the quality of the water, it is now over two years since it was first introduced, and has been carried to every quarter of the world and given the greatest satisfaction to all that have used it. The amount of pipes of the company now laid reaches fifty miles in the city, and in the course of ten months an addition of ten miles more will be laid.

ADDITIONAL WATER COMPANIES.

About the first of August, Lake Merced, situate adjacent to the Ocean House and heretofore supposed to be an arm of the sea, was discovered to be a fresh water lake. Immediately after the discovery was made one of the fortunate discoverers began organizing a company for the purpose of bringing the water to the city for the use of our citizens. Unfortunately for himself he did not keep his intentions sufficiently secret, and the result is that a law suit has grown up which will probably last for a year or two. On the twelfth of August, 1864, the "Clear Lake Water Company" was incorporated by Messrs. E. W. Leonard, Thomas Bell, J. G. Kellogg, O. F. Giffin, R. L. Ogden, and Moses Ellis, who immediately petitioned the County Court to appoint a day when the owners of property adjacent to the lake in question should be required to appear in Court and show cause why their property should not be condemned to the use of the company. The Court accordingly fixed the twenty-second of August as the day. On the thirteenth of August Edward R. Carpentier, Henry Wetherbee, and Geo. H. Ensign, filed articles of incorporation of the Lake Merced Water Company, and learning what the Clear Lake Company had done immediately served notice on the property holders to appear on the eighteenth and show cause why they should not have the best and first right to purchase the grounds surrounding the lake. Before either of the above petitions were heard by the Court, a third Richmond appeared in the field. Reuben H. Lloyd, John Nightingale, and Dennis Mahony, on the twentieth of August, filed articles of the incorporation of the Galindo Water Company, basing their claims upon the fact that they are the principal owners of the property in question, and consequently have the best right to the benefits which may accrue from the discovery that the lake is fresh instead of salt. Since the three companies were incorporated, the matter has been brought into Court, when able counsel appeared on behalf of each party and the respective claims were urged with fervor and ability. The Court feeling the responsibility and knowing the great importance of the matter in litigation, after hearing all the evidence took the matter under advisement, and has not yet (October 5th, 1864) rendered a decision.

Gas Companies.

CITIZENS' GAS COMPANY.

The Legislature of 1862, on the second of May, granted to Eugene L. Sullivan, Nathaniel Holland, and John Benson, a franchise to lay down pipes through the streets of the City of San Francisco, for the purpose of supplying the citizens with gas; the franchise extending over a period of fifty years. Shortly after the granting of this franchise, the company was organized by the filing of articles of incorporation with the Clerk of this County and the Secretary of State. The articles of incorporation were signed by Eugene L. Sullivan, Nathaniel Holland, John Benson, R. E. Brewster, John Bensley, E. R. Sprague, John A. McGlynn, James Brennan, T. Maguire, Wm. Sherman, A. C. Whitcomb, D. Northrop, W. F. Williamson, and Alfred Barstow, and placed the capital stock at $2,000,000, divided into shares of one hundred dollars each. As soon as the company was completely organized an agent was dispatched east for the purpose of purchasing pipe and material for the erection of the works. An arrangement was soon effected with Mr. Jno. P. Kennedy, a well-known erector of gas works in New York, to furnish the plans and take the superintendence of the erection of their works. The company having purchased between two and three 100-varas of land fronting on the bay at the junction of Townsend and Second streets, work was begun early in the fall of 1863, and has been vigorously pushed toward completion. At the present time, although the works have not been completed, they have reached a state of advancement which give promise of a speedy completion. The reservoir will be completed about the first of December, 1864, and the remainder of the works by the first of March, 1865. On the first of October, 1864, a large quantity of pipe having arrived, the company placed a large force of laborers at work, who are now busily engaged in laying down the mains.

It is thought that the company will begin to furnish our citizens with gas about the first of March. One of the provisions of the company's charter make it imperative upon them to furnish the gas at a cost of not more than six dollars per 1,000 feet. The outcry made against the San Francisco Gas Company in 1862 by San Franciscans was, probably, the origin of the company; but be it what it may, the fact that it will be of vast benefit to the citizens of our city cannot be doubted, for the healthy competition which will result from the struggle of the two companies to furnish us with light, must have the effect to materially reduce the price.

Foundries, Machine Shops, Etc.

There is no department of manufactures and industrial enterprise connected with our city that has made such rapid progress during the past few years, as that included under this head. The number of establishments engaged in the working of metals

is estimated at between three and four hundred, giving steady employment to over 2,000 hands.

IRON FOUNDRIES.

The number of Iron Foundaries now in operation in this city is fourteen, which give employment to from seven hundred and fifty to one thousand persons.

UNION FOUNDRY AND IRON WORKS.

Messrs. Donahue, Booth & Company, proprietors. This pioneer establishment, the oldest of its class in San Francisco, was put in successful operation in 1849 by the enterprising Donahue Brothers, since which time it has steadily increased in extent and importance, and has remained the foremost work of its kind in the city. In this establishment is to be found all the recent improvements and extensive machinery and appliances used in similar foundaries in Eastern cities. The engines manufactured at these works have been thoroughly tested, and bore away the palm of superiority. In addition to steam engines for navigation purposes, the Union has during the past year furnished a large amount of mining machinery, comprising twenty-five mills averaging fifteen horse-power each. The average number of hands employed is one hundred and forty-three, and not less than three tons of pig iron and two and a half of coal are used daily, with an average of 3,000 tuns of wrought iron every week. A large number of Varney's and Wheeler & Randall's Amalgamating Pans have been manufactured here.

PACIFIC IRON WORKS.

Goddard & Co. proprietors. Next to the Union, the Pacific is the oldest establishment of the kind in the city, the works having been established on their present site, First Street between Mission and Natoma, in September, 1850, by Messrs. Egery & Hinckley, whose interest was purchased in December, 1853, by the present proprietors, who erected the present spacious buildings and enlarged and increased the works. The daily running expenses of the establishment reach about $2,000; the machinery is driven by an 80 horse-power engine. The melting capacity of the largest cupola is ten tons; there are two others, the aggregate capacity of which is ten tons, making a total of twenty tons. These works made, during the past year, three 80 horse-power engines, five 60 do., twelve 45 do., seventeen 30 do., four 12 do.; and four quartz mills, from 5 to 40 stamps each; seventy-eight amalgamating pans; forty-nine amalgamating barrels; forty-three 9-in. stamp shoes and dies; eighty-three boilers, ranging from 20 to 100 horse-power. In addition to the foregoing, a large number of grist, sugar, and saw mills, and castings for agricultural implements were turned out. The average number of hands employed is about one hundred and fifty. Pig iron consumed twelve to fifteen tons per week, with a proportionate amount of wrought iron and boiler plate.

FULTON FOUNDRY.

Hinckley & Co. proprietors, 45, 47, and 49 First Street. Established 1855. Men employed at present fifty-five. The machinery for a large number of steamboats has been manufactured during the past two years. Extensively engaged in the manufacture of saw-mill machinery. Many additions have been made to the stock of tools during the last year, and the facilities at the present time are equal to any shop for manufacture of all kinds of machinery for steamboats, quartz-mills, flouring-mills, etc., etc.

VULCAN IRON-WORKS COMPANY.

R. Ivers, President; C. R. Steiger, S. Aitken, proprietors. The Vulcan Iron Works, located on First Street, 137–139, were established in August, 1851, by Geo. Gordon & Steen, for the manufacture of steam engines, boilers, and machinery. In January, 1855, they were incorporated as a joint-stock company, and in April, 1857, became the property of the present owners, who have been with the concern from the commencement. Steam engines and boilers of every variety are constantly turned out at these works, which have also supplied the machinery for a number of saw, flour, and quartz mills on this coast; all the hydraulic machinery for raising brick buildings in San Francisco was invented and made at these works, and the first locomotive built in the State was built there. Every class of mining, pumping, and hoisting machinery can be obtained from this firm, who take especial pride in keeping up with the vast improvements lately made in mining machinery. Hepburn & Peterson's Amalgamating Pan is manufactured here, as also their Separators. This establishment now employs 200 to 250 men, and have during the last year extended their works by the addition of several large shops on the East side of Fremont Street between Mission and Howard.

GOLDEN STATE IRON WORKS.

Palmer, Knox & Co., proprietors. This extensive establishment is located on First Street near Market. The operations of this concern have, owing to the unusual demand for mining machinery, been confined almost exclusively to that class of manufactures in which the production of amalgamating machinery, Knox's Pan with Palmer's Improved Patent Steam Chest and False Bottom, now in general use, are being turned out in large quantities. A number of quartz mills, steam engines, Tyler's Water Wheels and Blake's Crushers have been manufactured here during the past year. The Golden State gives constant employment to about fifty men.

MINERS' FOUNDRY.

This establishment, which, as its name imports, is devoted mainly to the furnishing mining machinery, of which, owing to the increased demand in this department during the past year, a large amount has been sent to the silver mines of Washoe, Esmeralda, and Mexico. During the past year one hundred and twenty-five hands have been kept constantly employed at this establishment, and the business during that time has amounted to $500,000. The business is conducted by Messrs. Howland, Angel & King, practical mechanics, who are thoroughly posted in all the important improvements in mining machinery, which the present activity in that department is daily developing. Within the past year there has been manufactured and forwarded to Idaho Territory three quartz mills, also a number of mills and other mining machinery to Washoe and Mexico. The Miners' Foundry is located on First Street, between Howard and Folsom.

CALIFORNIA FOUNDRY.

William Brodie & Co., proprietors. These works, located at 16 Fremont Street, employ a large number of workmen in the preparation of castings of every description, such as house fronts, leaves, trusses, window caps, sills, quoins, and also light and heavy castings of every description.

JOHN R. SIMS' IRON WORKS.

Established 1853, for the especial manufacture of fire-proof doors, shutters, bank vaults, gratings, cemetery railings, balconies, verandas, and ornamental house work of all kinds. Works on Oregon Street near Front. Number of hands employed, fourteen.

PHENIX WORKS.

These works, owned by Jonathan Kittredge, are extensively engaged in the manufacture of every description of iron doors, shutters, bank vaults, safes, and every description of blacksmith work. Located at 6 and 8 Battery Street.

PIONEER WORKS.

Located corner of Battery and Jackson streets, are manufacturing fire-proof doors, shutters, prison cells, balconies, etc., and blacksmithing in general. Kittredge & Leavitt, proprietors.

EUREKA WORKS.

William McKibbin, proprietor, 41 and 43 First Street. This establishment manufactures iron stairs, shutters, railings, and house-work of every description. The celebrated Eureka Key and Clamp Bridge is also manufactured by Mr. McKibbin.

BOILER WORKS.

The Boiler Works of Messrs. Coffey & Risdon are engaged in an extensive and increasing business, employing a large number of hands, involving a heavy outlay for labor and materials.

PORTLAND BOILER WORKS.

Moynihan & Aitken, proprietors. These works, now established at Nos. 311 and 313 Mission Street, are destined to become one of the features of the city. A number of first-class boilers have been built at this establishment during the past year. They employ constantly from fifty to sixty hands—consuming a large quantity of material.

There are numerous other establishments engaged in the working of metals, viz.: blacksmith shops, brass foundries, carriage and wagon smiths, coppersmiths, exclusive of those employed in the precious metals.

Metallurgical Establishments.

With the constant discovery of new mines in the Washoe, Humboldt, and Reese River region, and the reclamation of old ones in Mexico, there is of course an increased demand for the best methods and most complete facilities for reducing and extracting the various samples of rock, produced from thousands of sources. In order to avail themselves of every facility and the improvements which are made every day in this department, the owners of these mines ship samples of their ore to this city for reduction and assay. There are several large establishments constantly engaged in reducing ores, the most extensive of which is the San Francisco Gold and Silver Refinery, on Brannan, near Seventh Street. The Refinery, a substantial brick structure, is one story in hight, and sixty feet in width, by one hundred and thirty in length. Kellogg, Hewston & Co., proprietors; office 416 Montgomery Street.

Sugar Refineries.

SAN FRANCISCO AND PACIFIC SUGAR REFINERY.

During the year 1862, a new refinery was built, brought into successful operation, and merged into one concern, with the old established "San Francisco Sugar Refining Company." They are incorporated as the "San Francisco and Pacific Sugar Company." Capital, $800,000. Manager: George Gordon; Agents: William T. Coleman & Co.

The buildings of the company are located on the corner of Harrison and Eighth streets, and together comprise the largest buildings in the State, with the exception of the U. S. Forts. The buildings consist of a melting house, eighty feet long, forty-five feet wide, and six stories high; a charcoal tank house, eighty-five feet long, twenty-five feet wide, and thirty feet high; a white sugar house, eighty-five feet long, fifty feet wide, and six stories high; a yellow sugar house, one hundred and twenty-two feet long, seventy-five feet wide, and five stories high; a bone charcoal factory, one hundred feet long, forty feet wide, and thirty feet high; a boiler house, fifty feet square, and twenty-five feet high—with numerous small buildings on the premises for the repair of the machinery, etc.

The company at present are refining 1,000 tons raw sugar monthly; turning out 5,000 barrels white sugar; 2,500 barrels yellow coffee crushed sugar, and 35,000 gallons golden syrup. The works however, with their present machinery and implements, have sufficient capacity to increase this by one-third, whenever the consumption of refined sugars in the State warrants it. The number of hands employed is about two hundred on the premises, besides giving work to some fifty more outside.

BAY SUGAR REFINERY.

This Company have recently erected on the corner of Union and Battery streets extensive works for the refining of sugar. The machinery used is of the most approved description, affording a capacity of about 5,000 pounds per day.

Home Manufactures.

SAN FRANCISCO PIONEER WOOLEN FACTORY.

Incorporated December 2d, 1862. Location, Black Point. Capital $150,000. Heynemann & Co., agents, 311 and 313 California Street. These mills manufacture all kinds of woolen goods, especially blankets and woolen overshirts, of which one hundred and fifty to two hundred pairs are made daily. The number of persons employed are one hundred. Amount of wool used per day is 3,000 pounds, producing from fifteen to two hundred pairs blankets and twenty-five dozen overshirts per day.

MISSION WOOLEN FACTORY.

Located on the corner of Folsom and Sixteenth streets. Lazard & McLennan, proprietors. These works were established in 1861. Number of hands employed at the factory are one hundred and forty, and one hundred at other places, in connection with the business. Amount of wool consumed is 800,000 pounds per annum. All qualities and colors of blankets, and all wool flannels of every description—tweeds, cassimeres, and broadcloths, army and navy cloths manufactured. All these fabrics find a ready market here, and are superior in quality to the same line of imported goods.

These works recently have extended their manufacturing facilities, by the completion of an extensive addition to the main building, thereby affording sufficient room to meet the increasing demand for woolen goods on this coast.

SAN FRANCISCO CORDAGE MANUFACTORY.

This manufactory, which is located at the Potrero, was established in 1856, by Messrs. Flint, Peabody & Co., and Messrs. Tubbs & Co., and has been successfully conducted ever since. The buildings are upon the most extensive scale—that used as the rope-walk being one thousand feet in length, the department devoted to the spinning of the yarn being one hundred feet long by forty feet in width. The material used is Manila hemp—regular shipments being made for this purpose. This manufactory gives constant employment to fifty hands, who turn out 2,000,000 pounds of cordage during the year—about 6,000 pounds of the raw material being consumed each day in the manufacture. The office is at Messrs. Tubbs & Co.'s, 613 Front Street.

PACIFIC GLASS WORKS.

The Pacific Glass Company was incorporated early in October, 1862. The officers are: President,

Giles H. Gray; Vice President, Chas. Kohler; Secretary, John Archibald; Agent, H. Hansmann, 220 Front Street.

This company was incorporated with a capital stock of $50,000, which was afterwards increased to $100,000, and about $70,000 have been levied and paid in on assessments. The factory is situated on a tract of ten acres, purchased by the company, at the Potrero. The first bottle was blown June 16th. 1863.

These works have been ever since in active operation, and is now manufacturing a great variety of green, black and blue bottles, carboys, fruit jars, etc., of any desired shade of color or shape, and will soon have increased facilities for the manufacture of every description of druggists' ware of a superior quality; also lamp chimneys, retorts, telegraph insulators, and other kinds of blown and pressed glass, at a cost below that of imported ware. Private molds are maufactured and lettered to order. Twenty glass blowers are employed. From forty-five to fifty men and boys receive employment in various capacities at the factory. The increase in the various manufactured articles that require bottles—such as acids, patent medicines, etc., and for pttting up pickles, fresh fruits, catsup, mustard, etc., and last, but not least, for the great wine-growing interest in the State—makes this an important branch of manufacture for the Pacific Coast. The new tariff on wines imported here in bottles, will also work very much to the advantage of the company.

DOW'S DISTILLERY.

This establishment is located on Mission Creek, between Brannan and Folsom streets, and is the largest distillery on the Pacific Coast. Barley, wheat, rye, Indian corn, and rice, are used in the manufacture of whisky; the monthly consumption over 1,000,000 pounds of grain, and production of whisky from 60,000 to 75,000 gallons per month; consumption of coal for fuel, about three hundred tuns per month. The proprietors have lately altered and refitted the whole establishment and made many improvements, among the principal of which is in the furnaces, whereby they are enabled to use the Mount Diablo California coal exclusively, and with more success and economy than has been heretofore done, thereby enabling them to be independent of foreign coals, and keeping the money that has been heretofore expended for the imported article, at home. They are also rectifyers—the greater portion of their production is made into pure spirits—annually consuming from 6,000 to 7,000 sacks of charcoal in rectifying. They also have the only Column Still on this coast, for the manufacture of high proof alcohol and spirits—capacity five hundred to six hundred gallons of high proof alcohol daily. Their barrels are made principally of California or Oregon white oak, and are made for them at the State Prison. In consequence of the partial failure last season of the grain crop in this State, the principal material now used is the Sandwich Island molasses, of which about one hundred barrels per day are consumed.

WIRE ROPE MANUFACTORY.

This enterprise was established by A. S. Hallidie & Co., and has been in successful operation for several years. The consumers of wire rope are principally the mining and ferry interests of this State and Oregon, it being chiefly used for hoisting, pump, derrick, ferry, and bridge ropes. The longest wire rope made at this manufactory, without splice or joint, was more than one-third of a mile, and three inches in circumference.

These works also manufacture considerable copper and brass wire rope for sash cords, lightning conductors, etc., etc., and iron wire stays for shipping.

The manufactory is located at the foot of Taylor Street, North Beach.

CALIFORNIA WIRE WORKS.

H. T. Graves' Wire Goods Manufactory, 412 Clay Street, was established in 1852, as the Dennis Wire Works, and is one of the oldest manufacturing establishments in San Francisco. It is fully adapted to the manufacture of every article that wire is used for, and in its consumption every style and size of wire is called into use—from the finest wire cloth to the inch-square coal screens made of three-eighth inch wire.

SOAP.

A very superior article of home manufacture, by J. H. C. Portmann, is turned out in large quantities at his works on Mission Creek. Every variety of soap now in use can be had at this manufactory, to meet the demands of a generous public.

BELLOWS.

C. Van Ness, Smith's Bellows Manufactory, California Street, below Davis, was established in 1859. These bellows are improved in construction, and stronger than those formerly imported, and have "blowed" themselves into general use; so that they now supply the demand for the whole Pacific Coast, to the exclusion of the imported article.

The Fluctuations of Trade.

The following table has been prepared for the purpose of showing the changeable character of our business community. Only the leading branches of trade have been included, but these may be regarded as a fair indication of the whole. The yearly changes among the small dealers will not fall short of forty per cent. per annum:

NUMERICAL DIRECTORY OF THE PRINCIPAL STREETS,

IN ACCORDANCE WITH THE NEW NUMBERS.

[COMPILED EXPRESSLY FOR THIS WORK.]

☞ *For Alphabetical List of Streets, Avenues, etc., see page* 424.

NEW NUMBERS.—The Ordinance for renumbering the buildings of this city provides that—"Market Street shall be the starting point for the numbers on all buildings fronting on the streets running therefrom in a northerly direction, and also for those running therefrom in a southwesterly direction; the streets laid down on the official map of the city as forming the water front thereof, shall be the starting point for numbers on all streets running westerly and south-westerly therefrom, except upon such streets running westerly commencing from Market Street, and upon all such streets Market Street shall be the starting point for numbers. On all streets the numbers on the northerly or north-easterly sides thereof shall be even numbers, and on the southerly or south-westerly sides thereof shall be odd numbers. One hundred numbers, or as many thereof as may be necessary, shall be allotted to each block bounded by principal streets; numbers 100, 200, and 300 being respectively the numbers for commencing the blocks distant one, two, and three streets from the starting point on the side designated for even numbers, and numbers 101, 201, and 301 in similar manner for the opposite side of the street, throughout its extent; so that the initial figure of the number placed on a building at any street-crossing shall indicate the number of main streets, such street-crossing is from the starting point. Not less than twenty feet in frontage of all vacant lots of ground shall be allowed for each number. On all cross or intermediate streets the numbering shall commence where said streets begin, and shall conform to the plan specified in this order."*

By this new decimal system of numbering buildings, the exact location of any number is readily ascertained; for instance, if you want to find 624 Montgomery, it is on the east side of the block extending from Clay to Washington, which is the seventh from Market—Commercial and Merchant being private streets. Again: 825 Clay is above the eighth block from the water front, which is the one extending from Dupont to Stockton. It must be borne in mind that 100 numbers are allowed on each block between principal streets.

(*a*) End of street. (*b*) Not opened. (*c*) Fractional Blocks, one hundred numbers allowed for first two blocks. (*d*) Fronting the bay.

The Consolidation Act, with the Amendments now in Force.

AN ACT

TO REPEAL THE SEVERAL CHARTERS OF THE CITY OF SAN FRANCISCO, TO ESTABLISH THE BOUNDARIES OF THE CITY AND COUNTY OF SAN FRANCISCO, AND TO CONSOLIDATE THE GOVERNMENT THEREOF.

The People of the State of California,
Represented in Senate and Assembly, do enact as follows:

ARTICLE I.

SECTION 1. The corporation, or body politic and corporate, now existing and known as the City of San Francisco, shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the City and County of San Francisco, and by that name shall have perpetual succession, may sue and defend in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold, and enjoy real and personal property, and sell, convey, mortgage, and dispose of the same for the common benefit. The boundaries of the City and County of San Francisco shall be as follows: Beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States survey, separating townships two and three south (Mount Diablo meridian), and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock; thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the Bay of San Francisco; thence to low water mark on the northerly side of the said entrance, at a point opposite Fort Point; thence following said low water mark to a point due north-west of Golden Rock; thence due south-east to a point within three miles of the natural high water mark on the eastern shore of the Bay of San Francisco; thence in a southerly direction to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay); and thence along said first named line to the place of beginning.* The islands in said bay, known as the Alcatraces and Yerba Buena, and the islands in said ocean known as the Farallones, shall be attached to and form a part of said city and county; *provided,* however, that all rights and liabilities of the corporation heretofore and now known as the City of San Francisco, shall survive to, and continue against, the corporations continued by this Act. The district or districts of said city and county, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said city and county, as established in this Act.—[Amendment, April 18, 1857.

SEC. 2. The public buildings, lands, and property, all rights of property and rights of action, and all moneys, revenues, and income, belonging or appertaining either to the corporation of the City of San Francisco, or to the County of San Francisco, are hereby declared to be vested in, and to appertain to, the said City and County of San Francisco; and the moneys in the treasury of said city, and in the treasury of said County of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid and received into the treasury of the City and County of San Francisco as a part of the General Fund; or where the said moneys, revenues, and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held, and disbursed for the same use, unless it is otherwise provided in this or some other Act.

* By the Act of the Legislature, April 25, 1860, the boundaries of Marin County have been extended so as to include the islands of Los Angeles, Dos Hermanos, and Marin.—COMPILER.

SEC. 3. The records, books, and papers in the custody of the said City Treasurer, shall be handed over to and received into the custody of the Treasurer of the said city and county, and all other books, records, and papers of the said corporation, shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said city and county, and shall not be withheld under any claim of a lien thereon for arrears of salary, fees, services, or advances, nor under any other pretense whatsoever. Suits and actions may be brought and maintained in the name of the City and County of San Francisco, for the recovery of any property, money, or thing belonging thereto, or the enforcement of any rights of, or contracts with, said city and county. And from any judgment rendered against the said city and county in any court, an appeal may be taken by the said city and county, where such appeal is allowed by law, without the giving of any appeal bond or undertaking, on complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors and Boards of Supervisors, so far as the same are not repealed or altered by the provisions of this Act, shall be considered as applicable to officers of the said City and County of San Francisco, acting or elected under this Act. Provision shall be made from the revenues of the said city and county for the payment of the legal indebtedness of the former city corporation and of the County of San Francisco. The taxes which may be levied and collected under the provisions of this Act, shall be uniform throughout the said City and County of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said city indebtedness, to increase taxation beyond the rate of the county tax levied upon property in said County of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits defined in the second section of the Act entitled "An Act to Reincorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five, and not upon such property situated without those limits.

SEC. 5. Immediately after the passage of this Act, the present City Attorney, Surveyor-General, and C. K. Garrison, shall proceed to lay off the said city and county into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads, or other permanent monuments, and shall cause a map to be made representing the said districts, with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them or a majority of them, shall be recorded in the office of the County Recorder of said city and county, and the original deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an election precinct.

SEC. 6. [Amended April 18 and 29, 1857, April 22 and May 3, 1861, and May 2, 1862:] There shall be elected, hereafter, for the City and County of San Francisco, by the qualified electors thereof at the time thereinafter mentioned, and in the manner prescribed by law for the election of State and county officers, one Mayor, who shall be *ex officio* President of the Board of Supervisors; a County Judge, County Clerk, Police Judge, Chief of Police, Sheriff, Coroner, Recorder, Treasurer, Auditor, Tax Collector, Assessor, Public Administrator, Surveyor, Superintendent of Common Schools, Superintendent of Public Streets and Highways, District Attorney, and Harbor Master, who shall continue in office for two years next after their election and qualification, unless otherwise provided for in this Act. There shall be elected in each of the twelve election districts of said city and county, by the qualified electors thereof, one Supervisor and one School Director; and in each of the six townships of said city and county, one Justice of the Peace and one Constable, who shall continue in office for two years;* and in each of the twelve districts, one Inspector and two Judges of Elections, who shall continue in office for one year, and until their successors are elected and qualified.—[Act of April 22, 1861, Sec. 1.] And all vacancies in the office of Supervisor or School Director, where the term of the office will not expire at the next ensuing general election, shall be then filled by an election, in the proper district, for the unexpired term; and for the interval between the happening of any such vacancy and the general election next ensuing, any vacancy in the office of Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office; and any vacancy in the office of School Director shall be filled by appointment by the Superintendent of Common Schools, by and with the advice and consent of a majority of the School Directors then in office; and such appointees shall hold office respectively until the general election next ensuing,

* Justices of the Peace shall be elected by the electors of their respective townships or cities, at the special elections to be held for the election of Justices of the Supreme Court, and shall hold their offices for two years from the first day of January next following their election. All vacancies to be filled by appointment of the Board of Supervisors of the County.—*Act of April* 20, 1863.

and the election and qualification of their successors in office. But no such appointment shall be valid unless the appointee be, at the time of his appointment, an elector of the district wherein the vacancy occurred.—[Act of April 29, 1857.] All elections for city and county officers, under this Act, shall be held in said city and county on the third Tuesday of May in each year; the first of which elections shall be held on the third Tuesday of May, eighteen hundred and sixty-one, at which time, and every two years thereafter,* there shall be elected a Mayor, who shall be *ex officio* President of the Board of Supervisors; County Clerk, Sheriff, Coroner, District Attorney, Recorder, Treasurer, Assessor, Surveyor, Superintendent of Common Schools, and Harbor Master; also, in the second, fourth, sixth, eighth, tenth, and twelfth districts, by the qualified electors thereof, one Supervisor and one School Director. There shall also be elected, at the first election under this Act and every year thereafter, in each of the twelve districts,† one Inspector and two Judges of Elections, who shall be elected in the manner prescribed in section two of "An Act amendatory of and supplementary to an Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof," approved April eighteenth, eighteen hundred and fifty-seven.—[Act of April 22, 1861, Sec. 2.] In all elections for Inspectors and Judges of Elections, each qualified voter shall vote for one Inspector and one Judge of Election only, and the person having the highest number of votes for Inspector shall be declared elected Inspector, and the two having the highest number of votes for Judges shall be the Judges of Elections for the respective districts. There shall also be elected, at the general election‡ next preceding the expiration of the terms of the present Justices for the said city and county, six Justices of the Peace and six Constables. For that purpose, the Board of Supervisors shall lay off the city and county into six townships, in such manner as not to divide any district in the formation of such township, in each of which townships there shall be elected by the qualified electors thereof one Justice of the Peace and one Constable, to continue in office two years and until their successors are elected and qualified. The Justices of the Peace so elected shall have jurisdiction co-extensive with the city and county, but shall hold their courts within the townships for which they were chosen respectively.—[Act of April 18, 1857.] At the second election held under this Act, on the third Tuesday of May, eighteen hundred and sixty-two, and every two years thereafter, there shall be elected a Police Judge, Chief of Police, Auditor, Tax Collector, Public Administrator, and Superintendent of Public Streets and Highways; and in each of the six townships, one Justice of the Peace and one Constable; and in the first, third, fifth, seventh, ninth, and eleventh districts, one Supervisor and one School Director; and at the election next preceding the expiration of the term of office of the present incumbent, a County Judge, who shall continue in office for four years, and until his successor is elected and qualified.—[Amended, Act May 3, 1861.] The Police Judge, Chief of Police, Auditor, Tax Collector, Public Administrator, Superintendent of Public Streets and Highways, Justices of the Peace,§ Constables, Supervisors, and School Directors, who shall be elected for the City and County of San Francisco at the election to be held on the third Tuesday of May, in the year eighteen hundred and sixty-two, shall hold their office from the time of the expiration of the terms of office of their immediate predecessors, and until the first of July in the year eighteen hundred and sixty-four, or until their successors are elected and qualified.—[Act of May 2, 1862.] The official terms of all officers elected under this Act are hereby declared to commence on the first day of July next succeeding their election, excepting, however, that of the Assessor, whose official term shall commence on the first day of September; and any and all of the present city and county officers, whose official terms shall not have expired previous to the first two elections provided for in this Act, shall continue in office during the entire term for which they were elected; *provided*, that their successors shall not continue in office after the first day of July, eighteen hundred and sixty-three, or until their successors are elected and qualified; and no officer elected or appointed to fill a vacancy which may, in any manner, occur, shall serve only except during the balance of the unexpired term of his predecessor.—[Act of April 22, 1861, Sec. 4.] It is hereby made the duty of the Mayor to issue his proclamation, by publication in not less than three daily newspapers published in said city and county, at least ten days previous to the third Tuesday of May in each year, calling upon the qualified voters of said city and county to meet in their respective districts for the purpose of electing such officers as are provided for in this Act, reciting, in such proclamation, the different officers to be elected at such election.—[Act of April 22, 1861, Sec. 5.]

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood their having taken the oath of office, given the official bond, where it is required by law, and complied with all the requisites prescribed by the statutes of this State, to entitle and qualify them to exercise the functions of their offices.

* A State Harbor Commissioner, who shall hold his office for two years, shall be elected at the election for municipal officers in May, 1863. The term of his successor shall be four years.—*Act of April* 24, 1863.

† The Act April 4, 1864, authorizes the Board of Supervisors to divide the Twelfth Election District into two voting precincts. ‡ Amended. See Note, page 482. § Amended. See Note, page 482.

SEC. 8. The Sheriff, County Clerk,* County Recorder, Treasurer, District Attorney, Auditor, Tax Collector, Superintendent of Public Streets and Highways, Surveyor, Harbor Master, and Clerk of the Board of Supervisors of said city and county, shall keep public offices, which shall be kept open for the transaction of business every day in the year except Sundays, Christmas, New Year's, Fourth of July, Thanksgiving, the twenty-second of February, and on any days during which a general election shall be held, between the hours of nine o'clock, A.M. and four o'clock, P.M.—[Amendment May 14, 1861.]

SEC. 9. Whenever vacancies occur in any elective office of the said city and county, and provision is not otherwise made in this or some other Act for filling the same until the next election, the Board of Supervisors shall appoint a person to discharge the duties of such office until the next election, when the vacancy shall be filled by election for the term. All persons so appointed shall, before entering upon their duties, take the oath of office and give bond as required by law. But in an action or proceeding where the Sheriff of said city and county is a party, or is interested, or otherwise incapacitated to execute the orders or process therein, the same shall be executed by a suitable person, residing in said city and county, to be appointed by the court, and denominated an "Elisor," who shall give such security as the court in its discretion may require, and shall execute the process and orders in the same manner as the Sheriff is required to execute similar process and orders in other cases.†

SECS. 10 and 11.—[Amended April 18, 1857 and May 17, 1861]: Salaries shall be allowed and paid to the following officers of the City and County of San Francisco, as in this Act provided and not otherwise, and shall be in full compensation for all official services required of them by law:

To the County Judge, five thousand dollars per annum.

To Associate Justices of the Court of Sessions, five dollars per day for each day's actual attendance, not to exceed six hundred dollars per annum each.

SUPPLEMENTAL I.—*An Act providing for an Attorney and Counselor in and for the City and County of San Francisco.*—Approved March 25, 1862.

SECTION 1. There shall be elected, hereafter, for the City and County of San Francisco, by the qualified electors thereof, on the third Tuesday of May, eighteen hundred and sixty-two, and every two years thereafter, one Attorney and Counselor, learned in the law, who shall hold his office for two years, and until his successor shall have been duly elected and qualified, and shall be paid, by said city and county, a salary of five thousand dollars per annum, to be audited and paid monthly, in the same manner as the salary of the County Judge is by law audited and paid. Said Attorney and Counselor shall perform such duties as Attorney and Counselor in and for the said city and county as the Board of Supervisors of said city and county shall from time to time prescribe.—[Amendment, Act April 27, 1863.]

To the District Attorney, five thousand dollars per annum.—[Amendment April 4, 1863.]

To the Clerk of the District Attorney, one hundred and twenty-five dollars per month.—[Amendment April 4, 1863.]

To the Police Judge, four thousand dollars per annum.

To the Clerk of the Police Court, two hundred dollars per month.

To the Prosecuting Attorney for the Police Court, two hundred and fifty dollars per month.

To three [Act April 4, 1864] Interpreters and Translators of foreign languages, to be appointed by the County Judge, Police Judge, and President of the Board of Supervisors, if they deem them necessary, one hundred and twenty-five dollars each per month, subject, however, to be reduced by an order of the Board of Supervisors, if in their opinion such reduction is proper.

To the City and County Attorney, five thousand dollars per annum.

To the Clerk of the City and County Attorney, one hundred and twenty-five dollars per month.—[Amendment April 4, 1863.]

To the County Clerk, four thousand dollars per annum.

To the Deputy County Clerks‡ for the Twelfth District Court, as follows:

To one Register Clerk, one hundred and seventy-five dollars per month.

To one Court Room Clerk, one hundred and seventy-five dollars per month.

To one Copying Clerk, one hundred and fifty dollars per month.

To the Deputy County Clerks for the Fourth District Court, as follows:

To one Court Room Clerk, one hundred and seventy-five dollars per month.

To one Register Clerk, one hundred and seventy-five dollars per month.

To one Copying Clerk, one hundred and fifty dollars per month.

* The Act of March 16, 1863, fix the hours of the County Clerk and County Recorder from nine o'clock, A.M. to five o'clock, P.M.—COMPILER.

† By the Act of the Legislature, Feb. 19, 1859, the Coroner is authorized to act as an "Elisor."

‡ The Deputy Clerks for the Fifteenth District Court are provided for by resolution of the Board of Supervisors.

To the Deputy County Clerks for the County Court, Court of Sessions, and Probate Court, as follows:

The County Clerk may appoint two Deputies for the County Court, one of whom shall receive a salary of one hundred and seventy-five dollars per month, and the other a salary of one hundred and fifty dollars per month. The said County Clerk may also appoint two Deputies for the Probate Court, one of whom shall receive a salary of one hundred and seventy-five dollars per month, and the other a salary of one hundred and fifty dollars per month. [Amendment March 2, 1864.]

[SUPPLEMENTAL II.—*An Act concerning the Office of County Clerk of the City and County of San Francisco.*—Approved May 15, 1862.

SECTION 1. The County Clerk of the City and County of San Francisco is hereby authorized to employ, from time to time, as many copyists as he, the said County Clerk, may deem necessary to perform promptly the duties of his office, who shall be paid at a rate not exceeding six cents per folio of one hundred words, for each and every folio of all matter either recorded or copied by him; *provided*, that the amount so expended in any one month shall not exceed the sum of one hundred and fifty dollars.

SEC. 2. The said County Clerk shall certify, monthly, under oath, the number of folios copied by each one of said copyists, and such certificate of said Clerk shall be conclusive and sufficient evidence to authorize and require the Auditor of said city and county to audit severally the accounts of said copyists, monthly, and the payments of said demands by the County Treasurer out of the Special Fee Fund, as is provided for the payment of other officers of said city and county.]

To the Sheriff, eight thousand dollars per annum.

To one Under Sheriff, two hundred dollars per month.

To six Deputy Sheriffs, each one hundred and fifty dollars per month.—[Amend. April 4, 1864.]

To four Deputies, acting as Jail-Keepers, each one hundred and twenty-five dollars per month.

To one Book-Keeper for the Sheriff's office, one hundred and fifty dollars per month.

The Sheriff may appoint, if deemed necessary by the Board of Supervisors, a Matron and Assistant Matron for the female department of the County Jail, at a salary not exceeding one hundred dollars per month.—[Act April 4, 1864.]

To the Coroner,* four thousand dollars per annum; he shall also be allowed and paid, as fees, fifty dollars per month, for chemical analyses, and ten dollars for each interment made by him—[Act of April 8, 1862]; and he shall likewise receive for the interment of deceased persons payment at the same rate, each, as is allowed for the interment of deceased hospital patients in said city and county, not to exceed ten dollars for each interment made by him. The compensation allowed by this Act shall be paid out of the General Fund, and shall be audited and paid in the same manner as the salaries of officers for the said city and county; *provided*, that the said Coroner shall make oath that he has received no compensation for any of the items charged in his demand; and that the interments charged in his demand, if any have been made by him, and that the bodies interred were proper subjects for burial by the Coroner.—[Act of Feb. 19, 1859.]

To the Mayor, three thousand dollars per annum.

To the Clerk of the Mayor, one hundred and fifty dollars per month.—[Amendment, April 4, 1864.]

To the City and County Surveyor, five hundred dollars per annum, which shall be in lieu of all fees or other charges for official services, which would otherwise be a city and county charge, and he shall charge and collect, for services rendered individuals, such fees as may be prescribed and allowed by the Board of Supervisors.

The Assessor shall receive, for all services required of him by law, a salary at the rate of four thousand dollars per annum, which salary shall be in full for all services required of him, and for all contingent expenses of his office, except necessary books; and he shall devote his whole time, during office hours, to the business of his office, and shall keep his office open to the public during the same hours provided by law for the City and County Auditor. To assist him in making his assessment, he shall be allowed, from the first of February in each year until the first of May, seven Deputies, and from the first of May until the assessment roll is finally completed and handed over to the Auditor, he shall be allowed but three Deputies, after which time, during the balance of the year, he shall be allowed one Deputy only, except as hereinafter provided. The said Deputies shall be paid at the rate of one hundred and fifty dollars per month each.† In addition to the number now provided by law, the Assessor shall be allowed, at such times as he may require, between the first day of February and the first day of July in each year, five Dep-

* The salary of the Coroner, after the expiration of the present term, is fixed at two thousand dollars per annum, and a sum not exceeding fifty dollars per month for chemical analyses. He shall likewise receive, for the interment of deceased persons, the same rate each as is allowed for hospital patients, not exceeding ten dollars each.—[Act March 13, 1864.]

† The Act of April 4, 1864, allows a salary of two hundred dollars per month to be paid to the Chief Clerk or Deputy Assessor.

uties; the term for which such additional Deputies shall be paid shall not exceed an average of three months each, at a salary not exceeding one hundred and fifty dollars per month each.—[Act February 6, 1864.] The Assessor shall also be allowed such Deputies as he may require to collect poll taxes, who shall be allowed for their services only such fees and per centages as may be allowed by law for the collection of poll taxes.

To the Clerk of the Board of Supervisors, two hundred dollars per month.—[Amendment April 4, 1863.]

To three Porters, not to exceed seventy-five dollars each per month.—[Act April 4, 1864.]

To the Auditor, four thousand dollars per annum.

To one Clerk of Auditor, one hundred and twenty-five dollars per month.

To the Tax Collector, four thousand dollars per annum.* During the entire year the Tax Collector shall be allowed two Deputies—one at two hundred dollars per month, and one at one hundred and seventy-five dollars per month; during six months he shall be allowed two Clerks, in addition to said Deputies, and during five months he shall be allowed three additional Clerks. Said Clerks shall be paid at the rate of one hundred and fifty dollars per month, each. He shall also be allowed one Auctioneer, to conduct tax sales, whose compensation for sales of real estate delinquent for taxes, in any one year, shall not exceed the sum of two hundred dollars. All fees, commissions, per centages, and other compensation, of whatever nature or kind, heretofore allowed by law, or which may hereafter be allowed by law, as the compensation of the Tax Collector of said city and county, for the collection of State and County taxes, shall be paid into the Special Fee Fund.—[Amendment, April 10, 1862.]

To the Treasurer, four thousand dollars per annum.

To one Deputy Treasurer, one hundred and seventy-five dollars per month; and to one additional Deputy, one hundred and twenty-five dollars per month.—[Amend. April 4, 1863.]

To the County Recorder, four thousand dollars per annum.

To one Chief Deputy Recorder, one hundred and seventy-five dollars per month. [Act of April 26, 1862.] For an additional Deputy, one hundred and fifty dollars per month.—[Amendment, April 4, 1863.] The Recorder may also employ as many Deputy Clerks as he may deem necessary to duly perform the duties of his office, and they shall be paid at the rate of twelve cents per folio of one hundred words for all matters either registered or copied by them respectively. The Recorder or his Chief Deputy, when any papers are presented for registration, or to be copied, shall write on the margin of each paper so presented the number of folios paid for; and shall, in his monthly return to the Treasurer, certify under oath the number of folios copied or registered by each one of said Deputy Clerks; and such certificate of the Recorder or his Chief Deputy shall be conclusive evidence to authorize the Auditor to audit such certified accounts of such Deputy Clerks, monthly.

To one Porter, or Watchman, for the Recorder's office, not to exceed seventy-five dollars per month.

To the Harbor Master, three thousand dollars per annum.

To the Superintendent of Common Schools, four thousand dollars per annum.

To the Clerk of the Superintendent of Common Schools, who shall also act as Secretary of the Board of Education, one hundred and twenty-five dollars per month, payable from the School Fund, as now provided for by law.

To the Superintendent of Public Streets and Highways, four thousand dollars per annum.

To the Deputies of the Superintendent of Streets and Highways,† one hundred and fifty dollars per month, each.

FIRE DEPARTMENT.

To the Chief Engineer, four thousand dollars per annum.

To the First, Second, and Third Assistant Engineers, each fifty dollars per month.

To the Secretary of the Board of Delegates, as such, and also as Clerk of the Chief Engineer, one hundred and fifty dollars per month.

To three Bell-Ringers, for the City Hall fire alarm bell, one hundred dollars per month, each.

POLICE DEPARTMENT.

To the Chief of Police, four thousand dollars per annum.

To four Captains of Police, one hundred and fifty dollars per month, each.

To Policemen, not exceeding one hundred, the number to be determined from time to time by order of the Board of Supervisors, one hundred and twenty-five dollars per month, each [Act April 4, 1864]; *provided*, that one of the same, detailed for Clerk in the office of the Chief of Police, to be appointed by him, shall receive one hundred and fifty dollars per month.

---

* And fees on delinquent taxes, poll taxes, and levies on delinquent personal property.—COMPILER.

† The Act of April 26, 1862, allows the Superintendent of Streets and Highways, at the discretion of the Board of Supervisors, not less than three nor more than five Deputies, to be by him appointed from time to time.

To the Resident Physician of the City and County Hospital, two hundred dollars per month, in full compensation for all duties as such, and also for his attendance on the Small-Pox Hospital, County Jail, and City Prison.—[Act of May 17, 1861, Sec. 1.]

To the Visiting Physician and Surgeon of the County Hospital, one hundred dollars per month, each.—[Act of April 27, 1860.]

The several officers named in this Act, who are entitled to charge and collect, or receive any fees, commissions, per centages, or other compensation, of whatever nature or kind, allowed by law for services rendered by them or their Deputies, in their several official capacities, or for the performance of duties appertaining to said offices, shall collect and safely keep the same, and on each Monday they shall pay the total amount by them received to the Treasurer of said city and county, who shall set apart the same as a Special Fee Fund, for the payment of the respective salaries of the several officers entitled to charge and collect fees, commissions, or other compensation. And the salaries of all other officers shall be paid out of the General Fund; *provided*, that the Assessor, so far as relates to the collection of poll tax, and the City and County Surveyor, shall be exempt from the provisions of this section. It shall be, and is hereby made, the duty of all such officers who are entitled to charge and collect or receive fees, commissions, or other compensation for their official services, to keep a book or books, in which shall be entered by items the amount received for all official services performed by them or their Deputies, showing the date and nature of such services, and the amount received therefor, which book or books shall, at all office hours, be open to the inspection of the Board of Supervisors or any citizen; and each of said officers shall, at the expiration of each month, make out and verify by oath, and file with the Auditor, a full and accurate transcript, from his said book or books, of the entries for the preceding month.—[Act of May 17, 1861, Sec. 2.] It shall be the duty of the Treasurer of said city and county to receive, receipt for, and safely keep all moneys paid over to him under the provisions of this Act, and to make up, on the first day of October, eighteen hundred and sixty-one, and quarterly thereafter, an accurate statement of said Special Fee Fund, showing the actual condition of the same up to such time, when, if any balance remain in said fund, after satisfying all demands payable out of the same, the Treasurer shall transfer such balance to the General Fund; but should such Special Fee Fund be insufficient to satisfy all of the demands payable therefrom, then the Treasurer shall, at the request of the holder, register such unpaid demands against, and pay the same in their order of registration out of the General Fund, as in other cases.—[Act of May 17, 1861, Sec. 3.] All demands upon the treasury, allowed by this Act, shall, before they are authorized to be paid, be duly audited, as in other cases of demands lawfully payable out of the treasury. The several salaries named shall be payable monthly by the Treasurer upon the audit of the County Auditor, who is hereby directed to audit the salaries herein provided for.—[Act of May 17, 1861, Sec. 4.] The Board of Supervisors may, from time to time, authorize the appointment of such additional Deputies, for any of the various city and county offices, and for such period of time as in their judgment may be necessary for the proper and faithful discharge of the duties of such office. Deputies appointed under the provisions of this section, shall receive not to exceed one hundred and fifty dollars per month, each; but in no case shall the aggregate pay of such Deputies exceed three thousand dollars per annum.—[Act of May 17, 1861, Sec. 5.] The fees receivable by the several officers named in this Act, shall be payable in advance.—[Act of May 17, 1861, Sec. 6.] It shall be the duty of the Sheriff to bestow the advertising of his office on either of the three daily papers having the largest circulation in the county who will do the same at the lowest rates. He shall every six months publish three successive times in one or more daily papers published in the County of San Francisco, for such bids, and the daily paper offering to do the work at the lowest price shall be awarded the contract for such advertising; *provided*, it be one of the three papers having the largest circulation, and the proprietors or Chief Clerk of said papers are hereby required to verify, under oath, the amount of their circulation; and, *provided*, also, that no bids so made shall exceed seventy-five cents for one square of three hundred ems for the first insertion, and fifteen cents for each subsequent insertion. Should the proprietors of the aforesaid papers decline to do said advertising at the prices as aforesaid, then the Sheriff shall advertise and give the same to the daily papers published in the English language offering the most favorable terms for doing such advertising.—[Amended March 1, 1864.] For a willful neglect, or refusal to comply with any of the provisions of this Act, by any officer or officers herein named, he or they shall be deemed guilty of felony, and, on conviction thereof, in the Court of Sessions, be subject to a fine not to exceed five thousand dollars, and a forfeiture of office, or to imprisonment in the State Prison not less than one nor more than three years, or to both such fine and imprisonment; *provided*, that nothing herein shall be held to release such officer from the obligation to give the official bond required by law, or from any civil responsibility arising from his official duties.—[Act of May 17, 1861, Sec. 8.] All requisitions for books, blanks, and stationery, for any of the offices named in this Act, shall be made by such officers, respectively, upon the Board of Supervisors, stating the amount and description thereof, and that the same are essential and necessary for the

use of such office, which statement shall be verified by the oath of such officer, and, upon their approval thereof, the said Board shall order the cost of the same paid out of the Special Fee Fund.—[Act of May 17, 1861, Sec. 9.] The Inspectors, Judges, and Clerks of Elections, shall be paid out of the General Fund such reasonable compensation for their services as such, as may be fixed and allowed by the Board of Supervisors, not exceeding twenty-five dollars each for all services at any one election.—[Act of May 17, 1861, Sec. 10.]

Sec. 12. Neither the Board of Supervisors, the Board of Education, nor any officer of the said city and county, or of any district, shall have any power to contract any debt or liability, in any form whatsoever, against the said city and county; nor shall the people or tax-payers, or any property therein, ever be liable to be assessed for, or on account of, any debt or liability hereafter contracted, or supposed or attempted to be contracted, in contravention of this section.

Sec. 13. Balie Peyton, E. J. Moore, J. B. Crockett, Louis McLane, Jr., and E. R. Carpentier, shall appoint, in each of the districts to be erected in said city and county, as aforesaid, one Inspector and two Judges of Election, by whom the first election under this Act shall be held. The term of office of all officers elected under this Act, shall commence on Monday following the day of election, unless otherwise already provided by law. (Amended, see Sec. 6.)

Sec. 14. All officers of the said city and county must, before they can enter upon their official duties, give bond as required by law. The bonds and sureties of such officers must be approved by the County Judge, Auditor, and President of the Board of Supervisors. Where the amount of such official bond is not fixed by law, it shall be fixed by the Board of Supervisors. No banker residing or doing business in said city and county, nor any such banker's partner, clerk, employé, agent, attorney, father, son, or brother, shall be received as surety for the Treasurer, President of the Board of Supervisors, Sheriff, Auditor, nor any officer having the collection, custody, or disbursement of money. No person can be admitted as surety on any such bond, unless he be worth, in fixed property, including mortgages, situated in said city and county, the amount of his undertaking, over and above all sums for which he is already liable, or in any manner bound, whether as principal, indorser, or security, and whether such prior obligation or liability be conditional or absolute, liquidated or unliquidated, certain or contingent, due or to become due. All persons offered as sureties on official bonds may be examined on oath touching their qualifications. The official bond of the Auditor shall be filed and kept in the office of the Clerk of said city and county. All other official bonds shall be filed and kept in the office of the Auditor. All officers continued in office under this Act shall be required to execute new bonds, conformable to laws heretofore existing, and, in case of default on the part of any officer of doing so within two days after the first meeting of the Board of Supervisors, the said Board shall declare his office vacant.—[Amendment March 28, 1859.]

ARTICLE II.

PUBLIC ORDER AND POLICE.

Sec. 15. The Department of Police of said city and county shall be under the direction of the Chief of Police, in subjection to the laws of this State, and the rules and regulations, not in conflict therewith, which may be established by competent authority, under the powers granted in this Act. In the suppression of any riot, public tumult, disturbance of the public peace, or organized resistance against the laws, or public authorities in the lawful exercise of their functions, he shall have all the powers that now are, or may hereafter be conferred upon Sheriffs by the laws of this State, and his lawful orders shall be promptly executed by all Police officers, Watchmen, and Constables in the said city and county; and every citizen shall also lend him aid, when required, for the arrest of offenders and maintenance of public order.

Sec. 16. The Chief of Police shall keep a public office, which shall be open, and at which he, or in case of his necessary absence, a Captain of Police, or Police Officer, by him designated for that purpose, shall be in attendance at all hours, day and night. In case of his necessary absence from his office, it shall be made known to the Police Officer in attendance where he can be found, if needed, and he shall not absent himself from the city and county without urgent necessity, and leave obtained in writing from the President of the Board of Supervisors, Police Judge, and County Judge, or two of them, who shall, at the time of granting the same, appoint a person to act during his absence, with all his powers, duties, and obligations. If such absence from the city or county be on any other than business immediately connected with his office, he shall lose his salary for the time of such absence, of which account shall be taken by the Police Judge.

Sec. 17. The Chief of Police shall designate one or more out of the number of Police Officers to attend constantly upon the Police Judge's Court, to execute the orders and process of the said Court; he may order to be arrested and to be taken before the Police Judge, any person guilty of a breach of the peace or a violation of the general regulations established by the Board of Supervisors under the authority granted in this Act; he shall supervise and direct the Police force of said city and county, and shall observe and cause to be observed the provisions

of this Act and the regulations established by the Board of Supervisors in relation thereto; he shall see that the lawful orders and process issued by the Police Judge's Court are promptly executed; and shall exercise such other powers connected with his office as head of Police, as may be prescribed in the general regulations adopted by the Board of Supervisors.

SEC. 18. The Chief of Police shall acquaint himself with all the statutes and laws in force in this State defining public offenses and nuisances and regulating criminal proceedings, and shall procure and keep in his office the statutes of this State and of the United States, and all necessary elementary works on that subject; he shall give information and advice touching said laws, gratuitously, to all Police officers and Magistrates asking it.

SEC. 19. Repealed by the following:

SUPPLEMENTAL III.—*An Act to prescribe the Jurisdiction of the Police Judge's Court of the City and County of San Francisco.*—Approved January 27, 1864.

The Police Judge's Court of the City and County of San Francisco shall have jurisdiction:

First. Of an action or proceeding for the violation of any ordinance of the City and County of San Francisco.

Second. Of proceedings respecting vagrants and disorderly persons.

The said Court shall have jurisdiction of the following public offenses when committed in the said city and county:

First. Petit larceny, receiving stolen property, when the amount involved does not exceed fifty dollars.

Second. Assault and battery, not charged to have been committed upon a public officer in the discharge of his duties, or with intent to kill.

Third. Breaches of the peace, riots, affrays, committing willful injury to property, and all misdemeanors punishable by fine not exceeding five hundred dollars, or imprisonment not exceeding six months, or by both such fine and imprisonment.

The Justices of the Peace within the limits of the City and County of San Francisco shall not have power to try and decide any cases of the classes mentioned in this section.

The Judge of said Court shall also have power to hear cases for examination, and may commit and hold the offender to bail for trial in the proper Court, and may try, condemn, or acquit, and carry his judgment into execution, as the case may require according to law, and shall have power to issue warrants of arrests, subpenas, and all other process necessary to the full and proper exercise of his power and jurisdiction. All fines imposed by the Police Judge not exceeding twenty dollars, exclusive of costs, shall be final, and without appeal. * * His Court shall be a Court of Record;* a Clerk shall be appointed therefor by the Board of Supervisors, with a salary of two hundred dollars per month, who shall give bond as required by law, and hold his office during the pleasure of said Board.—[Amendments, April 18, 1857, and March 25, 1862.]

SEC. 20. Proceedings in the Police Judge's Court shall be conducted in conformity with the laws regulating proceedings in the Recorder's Court. The said Court shall be open daily, Sundays excepted, and may be held by any Justice of the Peace of the city and county, in case of the temporary absence of the Police Judge or his temporary inability to act from any cause. In case of a vacancy in the office of Police Judge, the Board of Supervisors shall have power to appoint any Justice of the Peace of said city and county to fill the vacancy until the next election, when the office shall be filled by election for a full term.

SEC. 21. The Clerk of the Police Judge's Court shall keep a record of its proceedings, issue all process ordered by said Court, receive and pay weekly into the treasury of the city and county all fines imposed by said Court, and render to the County Auditor, monthly, and before any amount can be paid him on account of salary, an exact and detailed account, upon oath, accompanied with an exhibition of said record, of all fines imposed and moneys collected since his last account rendered. He shall prepare bonds, justify and accept bail, when the amount has been fixed by the Police Judge, in cases not exceeding one thousand dollars, and he shall fix, justify, and accept bail, after arrest, in the absence of the Police Judge, in all cases not amounting to felony, in the same manner and to the same effect as though the same had been fixed by the Police Judge. The said Clerk shall remain at the court-room of said Court, in the City Hall, during the hours named in section eight of the Act of which this is amendatory, and during such reasonable hours thereafter as may be necessary for the purpose of discharging his said duties.—[Amendment May 18, 1861, Sec. 1.]

SEC. 22. All fines imposed by the Police Judge's Court, Court of Sessions of said city and county, or any Justice's Court, shall be paid into the treasury thereof, as part of the Police Fund; in cases where, for any offense, the said Courts are authorized to impose a fine or imprisonment in the county jail, or both, they may, instead thereof, sentence the offender to be

* Declared not to be a Court of Record.—*Act of April* 27, 1863.

employed in labor upon the public works of said city and county, for a period of time equal to the term of imprisonment which might be legally imposed, and may, in case of imposing a fine, embrace as a part of the sentence, that in default of payment of such fine, the offender shall be employed to labor on said public works at one dollar a day till the fine imposed is satisfied. By the "public works," as used in this Act, is understood the construction, or repair, or cleaning, of any street, road, dock, wharf, public square, park, building, or other works whatsoever, which is authorized to be done by and for the use of the said city and county, and the expense of which is not to be borne exclusively by the individuals or property particularly benefited thereby.

Sec. 23. The Chief of Police, in conjunction with the President of the Board of Supervisors and the Police Judge, the concurrence of two of them being necessary to a choice, shall appoint four Captains of Police, each from a different district, and as many Police Officers, not exceeding one hundred, [Amendment April 4, 1864] as the Board of Supervisors shall determine to be necessary.* Thereof an equal number in proportion to population, as near as may be, shall be selected from each district that shall be situated, wholly or partly, within the limits specified in section second of the Act now repealed, entitled "An Act to Re-Incorporate the City of San Francisco," passed May sixth, one thousand eight hundred and fifty-five.

Sec. 24. No person can be appointed Captain of Police or Police Officer, unless he be a citizen of the United States and of this State, and a resident and a qualified voter of the city and county; and, in case of each Police Officer, a resident of the district from which he is chosen, and also before his appointment, shall produce to the said President of the Board of Supervisors, Chief of Police, and Police Judge, a certificate signed by at least twelve freeholders and qualified voters of the said city and county, who, in case of application for appointment of a Police Officer, must also be residents of the district from which he is to be appointed, stating that they have been personally and well acquainted with the applicant for one year or more, next preceding the application, and that he is of good repute for honesty and sobriety, and they believe him to be, in all respects, competent and fit for the office. All the certificates so produced, shall be carefully preserved in the office of Chief of Police.

Sec. 25. Police Captains and Officers may be suspended from office by the Chief of Police, and, with the concurrence of the President of the Board of Supervisors and Police Judge, removed from office for official negligence, inefficiency, or misconduct, under such general rules and regulations, not contrary to law, as may have been established by the Board of Supervisors; they shall receive from the treasury of said city and county, payable out of the Police Fund, such compensation as may be fixed by the Board of Supervisors, not exceeding one thousand eight hundred dollars a year, each, for Captains, and one thousand two hundred dollars a year, each, for Police Officers.†

Sec. 26. Neither the Chief of Police, Captains, or any officer of Police, shall follow any other profession or calling, become bail for any person charged with any offense whatever, receive any present or reward for official services rendered, or to be rendered, unless with the knowledge and approbation of a majority of the Police Commissioners, to wit: the Police Judge, President of the Board of Supervisors, and Chief of Police of the City and County of San Francisco—such approbation to be given in writing; nor be allowed pay for any period during which they shall absent themselves from public duty, unless such absence necessarily result from indisposition or disability occasioned by injuries suffered while in the discharge of official duty. Police Officers in subjection to the orders of the respective Captains, and all under the general direction of the Chief of Police, shall be prompt and vigilant in the detection of crime, the arrest of public offenders, the suppression of all riots, frays, duels, and disturbances of the public peace, the execution of process from the Police Judge's Court, in causing the abatement of public nuisances, the removal of unlawful obstructions from the public streets, and the enforcement of the laws and regulations of Police.—[Amendment March 24, 1859.]

Sec. 27. In case of great public emergency or danger, the Chief of Police may appoint an additional number of Policemen, of approved character for honesty and sobriety, who shall have the same powers as other Police Officers for twenty-four hours only, but without pay. The Chief of Police, Captains, and every officer of the permanent force, shall provide themselves with a uniform and badge of office, to be prescribed by regulations of the Board of Supervisors, which shall be worn by them upon all occasions, with such exceptions as may be permitted by the Chief of Police in the performance of detective duty.

Sec. 28. Charges of oppression or official misconduct, when presented by any citizen of the said city and county, against any Police Captain or officer, and verified on oath, setting forth the specific acts complained of, shall be received and attentively considered and determined by the Police Judge, President of the Board of Supervisors, and Chief of Police, giving to the accused due notice, and an impartial hearing in defense. The Chief of Police, Police Judge, and

* The Police Commissioners may be empowered by the Board of Supervisors to appoint and regulate local policemen whenever necessary, provided that no money shall be paid out of the city and county treasury for their services.—[*Act of April* 4, 1864.

all other officers now acting or hereafter to be elected or appointed under the provisions of this Act, may be accused, tried, and removed from office in the mode prescribed by the laws of this State for the removal of civil officers otherwise than by impeachment.

SEC. 29. The Board of Supervisors shall, from time to time, establish a convenient number of Police Stations; determine within what districts the Police Officers and Captains shall usually be distributed and employed; designate the prisons to be used for the reception of all persons arrested or convicted and sentenced for public offenses, in cases not provided for by law; [and] appoint, during the pleasure of the Board, the keeper of such prisons.

SUPPLEMENTAL IV.—*An Act to provide for a Police Contingent Fund.*—Approved February 28, 1859.

SECTION 1. The Board of Supervisors of the City and County of San Francisco, shall annually set apart from the General Fund, in the Treasury of said city and county, the sum of three thousand six hundred dollars, to constitute a special fund, to be called the Police Contingent Fund.

SEC. 2. The Police Commissioners of the City and County of San Francisco, or a majority of them, are hereby authorized to allow, out of the Police Contingent Fund of said city and county, any and all orders signed by the Chief of Police of said city and county; *provided*, that the aggregate of said orders shall not exceed the sum of three thousand six hundred dollars per annum.

SEC. 3. The Auditor of said city and county is hereby authorized to audit, and the Treasurer of said city and county to pay, out of the Police Contingent Fund, any and all orders so allowed by the Police Commissioners, not exceeding, in the aggregate, the sum of three thousand six hundred dollars per annum.

SEC. 4. At the end of each fiscal year, any sum remaining in the Police Contingent Fund, upon which no order shall [have] been allowed, shall be returned to the credit of the General Fund.

SUPPLEMENTAL V.—*An Act to establish Police Regulations for the Harbor of the City and County of San Francisco, etc.*—Approved April 4, 1864.

SECTION 1. No person shall board or attempt to board any vessel arriving in the harbor of the City and County of San Francisco before said vessel has been made fast to the wharf, without obtaining leave from the Master or person having charge of said vessel, or permission, in writing, from the owner or owners, or the Agent thereof, or having boarded such vessel, shall refuse or neglect to leave the same upon request of the Master or other person in charge thereof, under the penalty prescribed in the next succeeding section of this Act.

SEC. 2. Any person violating section one of this Act shall be deemed guilty of a misdemeanor, and upon conviction thereof before the Police Judge's Court of said city and county, shall be punished for each offense by a fine not exceeding one hundred dollars, or imprisonment in the County Jail of the City and County of San Francisco for a term not exceeding fifty days, or both, in the discretion of the Judge of the said Police Judge's Court, which Court shall have jurisdiction in such cases.

SEC. 3. The provisions of the last two foregoing sections shall not apply to any Pilot or public officer visiting a vessel in discharge of his duty.

SEC. 4. No person shall entice or persuade nor attempt to entice or persuade any member of the crew of any vessel arriving in said harbor, or of any vessel in said harbor, to leave or desert said vessel before the expiration of his term of service in such vessel. Any person guilty of so doing shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to the penalty prescribed in section two of this Act.

SEC. 5. No person shall knowingly and wilfully persuade or aid any person who shall have shipped on any vessel for a voyage from said port, and received any advance wages therefor, to desert or wilfully neglect to proceed on such voyage. Any person guilty of so doing shall be deemed guilty of a misdemeanor, and upon conviction thereof before the Police Judge's Court of said city and county shall be punished for each offense by a fine not exceeding one hundred dollars, or imprisonment in the County Jail of the City and County of San Francisco for a term not exceeding fifty days, or both, in the discretion of the Judge of said Police Judge's Court, which Court shall have jurisdiction in such cases.

SEC. 6. Any person offending against any provision of this Act may be arrested, with or without warrant, as provided in other cases of misdemeanor, by any officer qualified to serve criminal process in the said City and County of San Francisco; *provided*, the person so arrested shall be forthwith brought before said Police Judge's Court or admitted to bail, as in other cases of misdemeanor committed in said City and County of San Francisco.

SEC. 7. The word "Harbor," as used in this Act, shall be held to mean and include all the waters of the Bay of San Francisco within the limits of the said City and County of San Francisco; and the word "Vessel," as used in this Act, shall be held to mean and include all vessels

propelled by steam or sails plying or bound on a voyage between the said port of San Francisco and any other port in this State, or in any other State of the United States, or in any foreign country.

SEC. 8. The Board of Supervisors of said City and County of San Francisco shall cause this Act to be printed in cheap pamphlet form, and it shall be the duty of each and every Branch Pilot of the port of San Francisco to obtain from the Clerk of the Board of Supervisors of said city and county a reasonable supply of said pamphlets, and to deliver one copy of the same to the Master or person in charge of each and every vessel boarded by him as a Pilot, whether the said Pilot is employed to bring such vessel into said port or not.

SEC. 9. Any Branch Pilot refusing or neglecting to perform the requirements set forth in the last preceding section shall be deemed guilty of a misdemeanor, and shall upon conviction thereof before the Police Judge's Court of said city and county be fined in the sum of ten dollars, or be imprisoned in the County Jail for the term of twenty-five days, or both, in the discretion of the Judge of said Police Judge's Court, which said Court is hereby given jurisdiction in such cases.

ARTICLE III.

PUBLIC INSTRUCTION.

[Sections thirty to thirty-five are repealed by the following Act, approved April 27, 1863.]

An Act to establish and define the powers and duties of the Board of Education of the City and County of San Francisco, and to repeal former Acts regulating the same, and to confer further powers upon the Auditor and Treasurer of said City and County.

SECTION 1. The Board of Education of the City and County of San Francisco, shall consist of the School Directors elected for the several election districts of said city and county. The said Board shall organize annually, on the first Tuesday in July, by electing a President from among its members, and shall hold meetings monthly thereafter, and at such other times as the Board may determine. A majority of all the members elect shall constitute a quorum to transact business, but a smaller number may adjourn from time to time. The Board may determine the rules of its proceedings. Its sessions shall be public, and its records shall be open to public inspection.

SEC. 2. The Board of Education shall have sole power:

First. To establish and maintain Public Schools, and to establish School Districts, and to fix and alter the boundaries thereof.

Second. To establish Experimental and Normal Schools, either separately or in connection with the State Normal School.

Third. To employ and dismiss Teachers, Janitors, and School Census Marshals, and to fix, alter, allow, and order paid, their salaries or compensations; and to employ and pay such mechanics and laborers as may be necessary to carry into effect the powers and duties of the Board; and to withhold, for good and sufficient cause, the whole or any part of the salary or wages of any person or persons employed as aforesaid.

Fourth. To make, establish, and enforce all necessary and proper rules and regulations, not contrary to law, for the government and progress of Public Schools within the said city and county, the pupils therein, and the Teachers thereof, and for carrying into effect the laws relating to education; also to establish and regulate the grade of schools, and determine what text-books, course of study, and mode of instruction shall be used in said schools.

Fifth. To provide for the School Department of said city and county, fuel, lights, water, blanks, blank books, printing, stationery, and such other articles, materials, or supplies as may be necessary and appropriate for use in the schools or in the office of the Superintendent, and to incur incidental expenses not exceeding twenty-five hundred dollars per annum.

Sixth. To build, alter, repair, rent, and provide school-houses, and furnish them with proper school furniture, apparatus, and school appliances, and to insure any and all school property.

Seventh. To lease, for a term not exceeding ten years, any unoccupied property of the School Department not required for School purposes.

Eighth. To receive, purchase, lease, and hold in fee, in trust for the City and County of San Francisco, any and all real estate, and to hold in trust any personal property that may have been acquired, or may hereafter be acquired, for the use and benefit of the public schools of said city and county; *provided*, the lots to be purchased under the provisions of this section do not exceed ten in number; and all conveyances heretofore made to the said Board of Education are hereby legalized and declared valid, and the property therein conveyed vested in said Board in trust as aforesaid.

Ninth. To sell or exchange the following lots of land, or any part thereof, situate in the City and County of San Francisco, to wit: Fifty-vara lot number four hundred and sixty-two, on the corner of Filbert and Kearny streets; fifty-vara lot number seven hundred and thirty-two, on the corner of Harrison and Fremont streets; one-half of one hundred-vara lot number one

hundred and twenty-eight, corner of Market and Fifth streets; one hundred-vara lot number one hundred and seventy-four, corner of Harrison and Fourth streets; fifty-vara lot number six hundred and sixty-three, corner of Taylor and Vallejo streets; and the lots, or any portion thereof, which were set aside for School purposes by the Commissioners appointed by the Van Ness Ordinance, ratified and confirmed by the Legislature by an act entitled An Act concerning the City of San Francisco, and to ratify and confirm certain ordinances of the Common Council of said City, approved March eleventh, eighteen hundred and fifty-eight, and good and valid deeds therefor to make and execute; *provided*, that no real estate shall be sold or exchanged without the consent of seven members of the Board of Education, and seven members of the Board of Supervisors, of said city and county; and, *provided*, further, that the proceeds of such sales shall be applied exclusively to the purchase of other lots or the erection of school-houses.

Tenth. To grade, fence, and improve school lots, and in front thereof to grade, sewer, plank, or pave, and repair streets, and to construct and repair sidewalks.

Eleventh. To sue for any and all lots, lands, and property belonging to or claimed by the said School Department, and to prosecute and defend all actions, at law or in equity, necessary to recover and maintain the full enjoyment and possession of said lots, lands, and property, and to employ and pay counsel in such cases; *provided*, the amount of fees paid to such counsel shall not exceed one thousand dollars in any one year; and further, to do any and all lawful acts necessary thereto.

Twelfth. To determine, annually, the amount of taxation, not exceeding thirty-five cents on each one hundred dollars valuation upon the assessment roll, to be raised by tax upon the real and personal property within the said city and county, not exempt from taxation, for the establishment and support of Free Public Schools therein, and for carrying into effect all the provisions of law regarding Public Schools; and the amount so determined by the said Board of Education shall be reported in writing to the Board of Supervisors of said city and county on or before the third Monday of April of each year; and the said Board of Supervisors are hereby authorized and required to levy and cause to be collected, at the time and in the manner of levying State and other city and county taxes, the amount of taxation so determined and reported to them by the said Board of Education, as a school tax upon all taxable property of said city and county; and said tax shall be in addition to all other amounts levied for State, and city, and county purposes.

Thirteenth. To establish regulations for the just and equal disbursement of all moneys belonging to the Public School Fund.

Fourteenth. To examine and allow, in whole or in part, every demand payable out of the School Fund, or to reject any such demand for good cause, of which the Board shall be sole judge.

Fifteenth. To discharge all legal incumbrances now existing upon any school property.

Sixteenth. To order paid from the School Fund of the said city and county, a sum not exceeding one hundred dollars per month, until the first day of July, eighteen hundred and sixty-four, and no longer, for rent of an office and rooms for the Superintendent and said Board, and a further sum, not exceeding five hundred dollars, to fit up such office and rooms.

Seventeenth. To prohibit any child under six years of age from attending the Public Schools.

Eighteenth. And, generally, to do and perform such other acts as may be necessary and proper to carry into force and effect the powers conferred on said Board.

SEC. 3. The President of the Board of Education shall have power to administer oaths and affirmations concerning any demand upon the treasury payable out of the School Fund, or other matters relating to his official duties.

SEC. 4. At the last regular session of the Board, in September, December, March, and June, of each year, before proceeding to other business, each Director shall be called on to report the condition of the school or schools in his district, and the circumstances and wants of the inhabitants thereof, in respect to education, and to suggest any defect he may have noted and improvement he would recommend in the school regulations. The reports to be made in December and June, shall be in writing.

SEC. 5. Before giving out any contract or incurring any liability to mechanics or laborers, or for expenditures authorized by section two, subdivisions three, five, and six, respectively, to any amount exceeding two hundred dollars, the Board of Education shall cause notice to be published for five days, inviting sealed proposals for the object contemplated. All proposals offered shall be delivered to the Superintendent of Public Schools, and said Board shall, in open session, open, examine, and publicly declare the same, and award the contract to the lowest responsible bidder; *provided*, said Board may reject any and all bids, should they deem it for the public good, and also, the bid of any party who may have proved delinquent or unfaithful in any former contract with said city and county or said Board, and cause a republication of the notice for proposals as above specified.—[Amendment March 12, 1864.]

SEC. 6. No School Director or Superintendent shall be interested in any contract pertaining

in any manner to the School Department of said city and county. All contracts in violation of this section are declared void, and any Director or Superintendent violating or aiding in the violation of the provisions of this section shall be deemed guilty of a misdemeanor.

SEC. 7. No teacher shall be employed in any of the Public Schools without having a certificate issued under the provisions of this Act. For the purpose of granting the certificates required, the Board of Education, either as a body, or by committee, or by the Superintendent, shall hold examinations of teachers. No certificate shall be issued except to a person who shall have passed a satisfactory examination in such branches as the Board may require, and shall have given evidence of good moral character, ability, and fitness to teach. The said certificate shall be in force for two years; *provided*, that the person to whom it is granted is continuously employed in the schools in teaching.

SEC. 8. The Board may, in its discretion, renew, without reëxamination, the certificate of any person so employed. It shall have power to revoke the certificate of any teacher upon evidence of immoral or unprofessional conduct, and any School Director, with the consent and advice of the Superintendent, may, for good and sufficient cause, provisionally withdraw the certificate of any teacher employed in the schools of his district until the next regular meeting of the Board.

SEC. 9. The Superintendent of Public Schools of the City and County of San Francisco is hereby declared and constituted *ex officio* a member of the Board of Education, without the right to vote.

SEC. 10. The said Superintendent is hereby authorized to appoint a Clerk, subject to the approval of the Board of Education, who shall act as Secretary of the Board, and who shall be paid a salary, to be fixed by the said Board, not to exceed the sum of one hundred and fifty dollars per month. The said Clerk shall be subject to removal at the pleasure of the Superintendent, and shall perform such duties as may be required of him by the Board or the Superintendent.

SEC. 11. The Superintendent shall report to the Board of Education annually, on or before the twentieth day of June, and at such other times as they may require, all matters pertaining to the expenditures, income, and condition and progress of the Public Schools of said city and county, during the preceding year, with such recommendation as he may deem proper.

SEC. 12. It shall be the duty of the Superintendent to visit and examine each school at least once in three months; to observe and cause to be observed such general rules for the regulation, government, and instruction of the schools, not inconsistent with the laws of the State, as may be established by the Board of Education; to attend the sessions of the Board, and inform them at each session of the condition of the Public Schools, School Houses, School Funds, and other matters connected therewith, and to recommend such measures as he may deem necessary for the advancement of education in the city and county. He shall acquaint himself with all the laws, rules, and regulations governing the Public Schools in said city and county, and the judicial decisions thereon, and give advice on subjects connected with the Public Schools gratuitously, to officers, teachers, pupils, and their parents and guardians.

SEC. 13. Any vacancy in the office of School Director shall be filled by appointment by the Superintendent, by and with the consent of a majority of the School Directors then in office; and such appointees shall hold office, respectively, until the municipal election next ensuing, and the election and qualification of their successors in office. But no such appointment shall be valid, unless the appointee be at the time of his appointment an elector in the district wherein the vacancy occurred.

SEC. 14. In case of a vacancy in the office of Superintendent, the Board of Education may appoint a person to fill the vacancy until the regular election then next following, when the office shall be filled by election of the people.

SEC. 15. The School Fund* of the City and County of San Francisco shall consist of all moneys received from the State School Fund; of all moneys arising from taxes which shall be levied annually by the Board of Supervisors of said city and county for school purposes; of all moneys arising from the sale, rent, or exchange of any school property; and of such other moneys as may, from any source whatever, be paid into said School Fund; which fund shall be kept separate and distrinct from all other moneys, and shall only be used for school purposes under the provisions of this Act, and for the payment of the interest and redemption of the principal of the school bonds, according to law. No fees or commissions shall be allowed or paid for assessing, collecting, keeping, or disbursing any school moneys; and if, at the end of any fiscal year, any surplus remains in the School Fund, such surplus money shall be carried forward to the School Fund of the next fiscal year, and shall not be, for any purpose whatever, diverted or withdrawn from said fund, except under the provisions of this Act.

* The Act of March 5th, 1864, authorises the transfer of $60,000 from the General to the School Fund for the purchase of lots and the erection of school-houses, at such points as may be selected by the Board of Education; and the Act of April 4th, 1864, empowers the transfer of the City and County Hospital Building to the Board of Education whenever the same shall not be required for a hospital.

SEC. 16. The said School Fund shall be used and applied by said Board of Education for the following purposes, to wit:

First. For the payment of the salaries or wages of teachers, janitors, school census marshals, and other persons who may be employed by the said Board.

Second. For the erection, alteration, repair, rent, and furnishing of school houses.

Third. For the expenses of Model and Normal Schools.

Fourth. For the purchase money or rent of any real or personal property purchased or leased by said Board.

Fifth. For the insurance of all school property.

Sixth. For the payment of interest due on school bonds, and for the redemption of the same.

Seventh. For the discharge of all legal incumbrances now existing on any school property.

Eighth. For lighting school rooms and the office and rooms of the Superintendent and the Board of Education.

Ninth. For supplying the schools with fuel, water, apparatus, blanks, blank-books, and necessary school appliances, together with books for indigent children.

Tenth. For supplying books, printing, and stationery for the use of the Superintendent and Board of Education, and for the incidental expenses of the Board and Department.

Eleventh. For the payment of the salary of the Secretary of the Board of Education.

Twelfth. For grading, fencing, and improving school lots, and for grading, sewering, planking, or paving, and repairing streets, and constructing and repairing sidewalks in front thereof.

SEC. 17. All claims payable out of the School Fund, excepting the coupons for interest and the School Bonds, shall be filed with the Secretary of the Board, and after they shall have been approved by a majority of all the members elect of the Board, upon a call of yeas and nays, which shall be recorded, they shall be signed by the President of the Board and the superintendent of Public Schools, and be sent to the City and County Auditor. Every demand shall have indorsed upon it a certificate of its approval by the Board, showing the date thereof and the law authorizing the same by title, date, and section. All demands for teachers' salaries shall be payable monthly.

SEC. 18. Demands on the School Fund may be audited and approved in the usual manner, although there shall not at the time be money in the treasury for the payment of the same; *provided*, that no demand on said fund shall be paid out of or become a charge against the School Fund of any subsequent fiscal year; and, further, *provided*, that the entire expenditures of the said School Department for all purposes shall not in any fiscal year exceed the revenues thereof for the same year.

SEC. 19. The City and County Auditor shall state, by indorsement upon every claim or demand audited on the School Fund, the particular money or fund out of which the same is payable, and that it is payable from no other source.

SEC. 20. Audited bills for the current fiscal year for wages or salaries of the teachers in the Public Schools, shall be receivable for school taxes due upon real estate.

SEC. 21. All demands authorized by this Act shall be audited and approved in the usual manner, and the Auditor and Treasurer of said city and county are respectively authorized and required to audit and pay the same when so ordered paid and approved by the said Board; *provided*, that the said Board shall not have power to contract any debt or liability in any form whatsoever against the said city and county in contravention of this Act.

SEC. 22. The teachers in the Industrial School in said city and county shall be exempt from the provisions of this Act.

SEC. 23. This Act shall take effect and be in force from and after its passage, and all laws, and parts of laws, so far as they are inconsistent with or a repetition of the provisions of this Act, are hereby repealed.

ARTICLE IV.

PUBLIC STREETS AND HIGHWAYS.

[Sections 36 to 64, inclusive, of the original Act are repealed by the following which is substituted therefor.]

SUPPLEMENTAL XII.—*An Act amendatory of Article Fourth of an Act entitled An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved the nineteenth day of April, eighteen hundred ynd fifty-six, repealing sections thirty-six to sixty-four, inclusive, and Acts and parts of Acts amendatory and supplementary thereof, and substituting this Act for said Article Four.*—Approved April 25, 1862.

SECTION 1. All the original streets, as laid down upon the map now in the office of the City and County Surveyor of the City and County of San Francisco, signed by C. H. Gough, Michael Hayes, and Horace Hawes, Commissioners, and by John J. Hoff, Surveyor, and generally known as the "Van Ness Map," and all other streets, lanes, alleys, places, or courts, now dedicated to public use, or which shall be hereafter dedicated to public use, lying between the

Bay of San Francisco and Johnston and Larkin streets, including the two last-named streets, are hereby declared to be open public streets, lanes, alleys, places, or courts, for the purposes of this law; and the Board of Supervisors of said city and county are hereby authorized to employ the City and County Surveyor to ascertain and establish the lines and width of all or any of said streets, lanes, and alleys, and the sizes of said places, or courts, when they shall deem it necessary so to do.

Sec. 2. The Board of Supervisors shall have power to lay out and open new streets, within the corporate limits of the City and County of San Francisco, and west of Larkin and southwest of Johnston streets, in accordance with the conditions of the ordinance of the Common Council of said city, approved June twentieth, eighteen hundred and fifty-five, entitled an Ordinance for the Settlement and Quieting of Land Titles, but shall have no power to subject the city and county to any expense therefor, exceeding the sum of one thousand dollars, and, when so laid out and opened, the provisions of this Act shall be applicable thereto.

Sec. 3. The Board of Supervisors are hereby authorized and empowered to order the whole, or any portion, of the said streets, lanes, alleys, places, or courts, graded, or regraded, to the official grade, planked, or replanked, paved, or repaved, or macadamized, piled, or repiled, capped, or recapped, and to order sidewalks, sewers, cesspools, manholes, culverts, curbing, and crosswalks, to be constructed therein, and to order any other work to be done which shall be necessary to make and complete the whole, or any portion, of said streets, lanes, alleys, places, or courts, and they may order any of the said work to be improved. The work provided for in this Act shall not be deemed to be "specific improvement," within the meaning of section sixty-eight, Article V, of Chapter One Hundred and Twenty-Five, of the Act entitled "An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof," approved April nineteenth, eighteen hundred and fifty-six. Nor shall the ordinances or resolutions passed by the said Board of Supervisors, under the provisions of this Act, be deemed to be such ordinances or resolutions as are mentioned in said section of sixty-eight.

Sec. 4. The Board of Supervisors may order any work authorized by section three of this Act to be done, after notice of their intention so to do, in the form of a resolution, describing the work, and signed by the Clerk of said Board, has been published for a period of ten days; and it shall not be lawful for any property owner to become exempt from assessment by the performance after the first publication of the said notice of intention of any work included in such notice. At the expiration of any notice of intention, as herein before provided, the Board of Supervisors shall be deemed to have acquired jurisdiction to order any of the work to be done, or to be afterward improved, which is authorized by section three of this Act; and all owners of lands, or lots, or portions of lots, who may feel aggrieved, or who may have objections to any of the subsequent proceedings of the said Board in relation to the work mentioned in such notices of intentions, shall file with the said Clerk a petition or remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object. Said petition or remonstrance shall be passed upon by the said Board of Supervisors, and their decisions thereon shall be final and conclusive. The owners of more than one-half in frontage of the lots and lands fronting on the work proposed to be done and designated in said resolutions, may make written objections to grading, and to piling, capping, and planking, within ten days after the first publication of said resolution of intention; said objections shall be delivered to the Clerk of said Board of Supervisors, who shall indorse thereon the date of the reception by him, and such objections, so indorsed, shall be a bar to any further proceedings in relation to said grading for a period of six months, unless the owners aforesaid shall sooner petition for said grading to be done; *provided*, that when one-half or more of the grading of any street lying between two main street crossings has been already performed, the Board of Supervisors may order the remainder of such grading to be done, notwithstanding the objections of any property owners. Before passing any order for the construction of sewers, plans, and specifications, careful estimates shall be furnished to the said Board of Supervisors by the Superintendent of the Public Streets and Highways of the City and County of San Francisco, if required by them. —[Amendment April 25, 1863.]

Sec. 5. The owners of more than one-half in frontage of lots and lands fronting on any street, lane, alley, place or court, mentioned in sections one and two of this Act, or their duly authorized agents, may petition the said Board of Supervisors to order any of the work mentioned in section three of this Act, to be done, and the Board of Supervisors may order the work mentioned in said petition to be done, after notice of their intention so to do has been published, as provided in section four of this Act. No order or permission shall be given to grade or pile and cap any street, lane, alley, place, or court, in the first instance, or any portion thereof, without extending and completing the same throughout the whole width of such street, lane, alley, place, or court; when any such work has heretofore been done, or when any such work shall hereafter be done, in violation of this section, neither the lots or portions of lots, in front of

which such work has been or may be done hereafter, nor the owners thereof, shall be exempt from assessments made for the payment of the work afterwards done to complete said street, lane, alley, place, or court, to its full width, as provided in section eight of this Act.

SEC. 6. Before giving out any contracts by the Board of Supervisors, for doing any work authorized by section three of this Act, the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Public Streets and Highways, and also published for five days, inviting sealed proposals for the work contemplated. All proposals offered shall be delivered to the Clerk of the Board of Supervisors, and said Board shall, in open session, open, examine, and publicly declare the same, and award said work to the lowest responsible bidder; *provided*, said Board may reject any and all bids, should they deem it for the public good, and also the bid of any party who may have proved delinquent or unfaithful in any former contract with said city and county. All proposals shall be accompanied with a bond in the sum of two hundred dollars, signed by the bidder and two sureties, who shall justify in the manner hereinafter provided, conditioned to pay to the Street Department Fund the full sum of two hundred dollars as liquidated damages, if the bidder to whom the contract is awarded shall fail or neglect to enter into a contract, as hereinafter provided. It shall be the duty of said City and County Attorney to sue on said bonds, in the name of said city and county, and to pay the amount recovered over to said fund. The Board of Supervisors shall have power to relieve the contractor from the performance of the conditions of said bond, when good cause is shown therefor. All persons (owners included) who shall fail to enter into contracts, as herein provided, are hereby prohibited from bidding a second time for the same work. Notice of such awards shall be published for five days. The owners of the major part of the frontage of lots and lands liable to be assessed for said work, shall not be required to present sealed proposals, but may, within said five days after the first publication of notice of such award, elect to take said work, and enter into a written contract to do the whole work at the price at which the same may have been awarded. Should said owners fail to commence the work within ten days after the first publication of the notice of said award, and prosecute the same with due diligence, to completion, it shall be the duty of the Superintendent of Public Streets and Highways to enter into a contract with the original bidder to whom the contract was awarded, and at the price the same may have been awarded him; but if said bidder neglect, for fifteen days after the first publication of the notice of said award, to enter into the contract, then the Board of Supervisors shall again publish for said five days, and pursue the steps required by this section, the same as in the first instance. If the owners who may have taken said contract, do not complete the same within the time limited in the contract, or within such further time as the Board of Supervisors may give them, said Superintendent shall report such delinquency to the Board of Supervisors, who may relet the unfinished portion of said work, after having pursued the formalities of this section as stated aforesaid. All such contractors shall, at the time of the execution of the contract, also execute a bond to the satisfaction of said Superintendent, with two or more sureties, payable to the City and County of San Francisco, in such sums as the said Superintendent shall deem adequate, conditioned for the faithful performance of the contract, and the sureties shall justify, before any officer competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions. Any person suffering damages, by reason of the breach of said contract, may sue on such bond in his own name. It shall be the duty of the Superintendent to collect from the contractors, before the contract is signed by him, the cost of publication of the notices required under the proceedings prescribed in this Act.

SEC. 7. The Superintendent of Public Streets and Highways is hereby authorized, in his official capacity, to enter into all written contracts, and to receipt all bonds authorized by this Act, and to do any other acts, either expressed or implied, that pertain to the Street Department under this Act; and said Superintendent shall fix the time for the commencement and completion of the work under all contracts entered into by him, and may extend the time so fixed from time to time under the direction of the Board of Supervisors. And in all cases where the Superintendent, under the direction of said Board, has extended the time for the performance of contracts, the same shall be held to have been legally extended. And whenever, in any contract heretofore made, the said Superintendent has fixed the time for doing the work, or has extended the same, such acts shall be deemed and held to have been legally done, and it shall be so held in all the Courts of this State; but this provision shall not apply to any contracts the work under which has not been commenced. The work provided for in section three of this Act must, in all cases, be done under the direction and to the satisfaction of the Superintendent, and the materials used shall be such as are required by the said Superintendent; and all contracts made therefor must contain this condition, and also express notice that in no case (except where it is otherwise provided in this Act) will the city and county be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the expenses of all such work, in the mode herein provided, shall be made by the said Superintendent of Public Streets and Highways.—[Amendment April 25, 1863.]

SEC. 8. *One.* The expense incurred for any work authorized by section three of this Act, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specially provided, each lot or portion of lot being separately assessed, in proportion to its frontage, at a rate per front foot sufficient to cover the total expense of the work.

Two. The expense of all improvements (except such as done by contractors under the provisions of section fourteen of this Act) until the streets, street crossings, lanes, alleys, places, or courts, are finally accepted, as provided in section twenty-one of this Act, shall be assessed upon the lots and lands as provided in this section, according to the nature and character of the work, and after such acceptance, the expense of all work thereafter done thereon shall be paid by said city and county out of the Street Department Fund; and if said Fund shall not be sufficient to defray such expenses, the Board of Supervisors may transfer from the General Fund to the Street Department Fund sufficient money to meet any deficiency.

Three. The expense of work done on main street crossings, excepting such as are provided for in subdivision eight of this section, shall be assessed upon the four quarter blocks adjoining and cornering on the crossing; and each lot, or part of a lot, in such quarter blocks, fronting on such main streets, shall be separately assessed, according to its proportion of frontage on the said main streets.

Four. Where a main street terminates at right angles in another main street, the expense of the work done on one-half the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of said street upon the lots fronting on the latter half of the street opposite such termination.

Five. Where any small or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all the lots or portions of lots half way on said small streets to the next crossing, or intersection, or to the end of said small or subdivision street, if it does not meet another.

Six. The expense of work done on the small or subdivision street crossings, shall be assessed upon the lots fronting upon such small streets on each side thereof, in all directions, half way to the next street, place, or court, on either side, respectively, or to the end of such street, if it does not meet another.

Seven. Where a small street, lane, alley, place, or court, terminates in another street, lane, alley, place, or court, the expense of the work done on one-half of the width of the street, lane, alley, place, or court, opposite the termination, shall be assessed upon the lot fronting on such small street, lane, alley, place, or court, so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, lane, alley, place, or court, or to the end of such street, lane, alley, place, or court, if it does not meet another, and the other one-half of the width upon the lots fronting such termination.

Eight. The map now in the office of the said Superintendent of Public Streets and Highways, showing the street crossings, or spaces formed or made by the junction or intersection of other streets with Market Street, also showing other street crossings adjoining fractional or irregular blocks (all which said crossings or spaces are colored on said map, and numbered from one to seventy, inclusive), and heretofore certified by said Superintendent, and adopted by a resolution of the Board of Supervisors, Number Fifteen Hundred and Seventy-Eight, approved on the sixteenth day of December, eighteen hundred and sixty-one, which resolution is copied on the face of said map, shall be deemed and held to be an official map for the purposes of this Act, and the same is hereby approved; and the expenses incurred for work done on the said crossings of spaces formed by the junction and intersection of East Street with Market Street, and of other streets with Market Street, on the northerly side of the same, and not squarely in front of and not properly assessable to lots fronting on such streets, and for work done on said other street crossings and spaces, all of which are colored on said map, shall be assessed on the contiguous, adjacent, and neighboring irregular or quarter blocks or lots of land which are of the same color as the crossings or spaces, and which have a number thereon corresponding with the number of the crossing or space on which the work has been done.

Nine. In all the streets constituting the water front of the City and County of San Francisco, or bounded on one side by the property of said city and county, or crossings cornering thereon, or on the water front, the expense of work done on that portion of said streets, from the center line thereof to the said water front, or to such property of the city and county bounded thereon, and of one-fourth of their crossings, shall be provided for by the said city and county; but no contract for any such work shall be given out except to the lowest responsible bidder, after an observance of all the formalities required by this Act.

Ten. Where any work mentioned in section three of this Act (sewers, manholes, cesspools, culverts, crosswalks, crossings, curbings, grading, piling, and capping excepted) is done on one side of the center line of said streets, lanes, alleys, places, or courts, the lots or portions of lots fronting on that side only in front of which said work is done shall be assessed to cover the expenses of said work according to the provisions of this section.

Eleven. The assessment made to cover the expenses of the grading mentioned in the proviso in section four of this Act, shall be assessed upon all the lands, lots, and portions of lots, fronting on either side of said street, lying and being between the said main street crossings, in the manner provided in subdivision one of this section. Before any work is done under a contract to complete the grading of a partially graded street, lane, alley, place, or court, under the provisions of section four of this Act, the City and County Surveyor shall ascertain, as near as possible, the number of cubic yards of grading done previous to the letting of the contract in front of each lot or parcel of land fronting upon the work under contract, and also ascertain the number of cubic yards of grading necessary to complete the grading included in the contract, and certify such estimates to the Superintendent of Public Streets and Highways before the completion of the work included in said contract. And when any owner of a lot or lots fronting on said partially graded street, lane, alley, place, or court, has graded a part of the same, and such grading in cubic yards or measurement equals the proportional amount of grading which such owner would be obliged to do if no grading had been done on such street, lane, alley, place, or court, then such owner and his lot or lots shall be exempted from assessment for the remaining work. And if the grading done by such owner is less than his proportional share, then the work required to be done in front of his lot or lots, according to the original profile of the land previous to any grading thereon, shall be included in the assessment, and the work he shall be determined to have done at his own expense shall be credited to him at the contract rate; *provided*, that in making the assessment to cover the expense of any work mentioned in this section, the said Superintendent may deviate from its provisions, and assess such lots and lands fronting on any street, lane, alley, place, or court, as he may decide liable to assessment for said work, which decision may be appealed from as hereinafter provided.

Twelve. Section one of an Act entitled "An Act amendatory of and supplementary to an Act to provide Revenue for the support of the Government of this State," approved April twenty-ninth, eighteen hundred fifty-seven, approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section, but the property therein mentioned shall be subject to the provisions of this Act, and to be assessed for work done under the provisions of this section.—[Amendment, April 25, 1863.]

Sec. 9. After the contractor of any street work has fulfilled his contract to the satisfaction of the Superintendent or Board of Supervisors, on appeal, the Superintendent shall make an assessment to cover the sum due for the work performed and specified in such contracts (including incidental expenses, if any), in conformity with the provisions of the preceding section, according to the character of the work done, or, if any directions and decision shall be given by said Board on appeal, then in conformity with such direction and decision; which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with the incidental expenses, if any; the rate per front foot assessed; the amount of each assessment; the name of the owner of each lot, or portion of a lot (if known to the Superintendent); if unknown, the word "unknown" shall be written opposite the number of the lot, and the amount assessed thereon; the number of each lot, or portion of a lot, assessed; and shall have attached thereto a diagram, exhibiting each street, or street crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each distinct lot, or portion of a lot, to the work done, numbered to correspond with the numbers in the assessments, and showing the number of feet fronting assessed for said work contracted for and performed.

Sec. 10. To said assessment shall be attached a warrant, which shall be signed by the Superintendent, and countersigned by the Auditor of said city and county, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments, and must be satisfied that the proceedings have been legal and fair. The said warrants shall be substantially in the following form:

FORM OF THE WARRANT.

"By virtue hereof, I [name of Superintendent], Superintendent of Public Streets and Highways of the City and County of San Francisco, and State of California, by virtue of the authority vested in me as said Superintendent, do authorize and empower [name of contractor] [his or their] agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be (his or their] warrant for the same. San Francisco, [date], 186—. [Name of Superintendent], Superintendent of Public Streets and Highways. Countersigned by [name of Auditor] Auditor."

Said warrant, assessment, and diagram shall be recorded. When so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots, assessed respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessments, and diagrams, all persons men-

tioned in section twelve of this Act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the said Superintendent of the incidental expenses not previously paid by the contractor, or his assigns. And by virtue of said warrants, said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessment.

Sec. 11. The contractor, or his agent or assigns, shall call upon the persons so assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor or his agent shall receipt the same upon the assessment, in presence of the person making such payment, and shall also give a separate receipt, if demanded. Whenever the persons so assessed, or their agents, cannot conveniently be found, or whenever the name of the owner of the lot is stated as "unknown," on the assessment, then the said contractor, or his agent or assigns, shall publicly demand payment on the premises assessed; the warrant shall be returned to the Superintendent within ten days after its date, with a return indorsed thereon, signed by the contractor, or his agent or assigns, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid, in whole or in part, and the amount thereof; thereupon the Superintendent shall record the return so made, in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded at full length in a book to be kept for that purpose in his office, and shall sign the record. All warrants, assessment lists, and diagrams heretofore issued or delivered by said Superintendent to any person or persons, shall be returned to said Superintendent within sixty days from and after the approval of this Act, and in all cases where warrants shall not be returned within the sixty days limited as aforesaid, any liens created thereby shall be and are hereby released and discharged, as if the same had been paid; *provided*, however, that in case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which a return may be made. The Superintendent is authorized at any time to receive the amounts due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor; and he may release any assessment upon the books of his office on the production to him of the receipt of the party, or his assigns, to whom the assessment and warrant was issued; and if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed.—[Amendment, April 25, 1863.]

Sec. 12. The owner, contractor, or his assigns, and all persons, whether named in the assessment or not, and all persons directly interested in any work provided for in this Act, or in the said assessment, feeling aggrieved by any of the acts or determinations aforesaid of the said Superintendent in relation thereto, or having or making any objection to the correctness or legality of the assessment, shall, within fifteen days after the date of the warrant, appeal to the Board of Supervisors, as provided in this section, by briefly stating their objections in writing, and filing the same with the Clerk of said Board. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts or determinations objected to or complained of, shall be published for five days. The said Board may correct, alter, or modify said assessment in such manner as to them shall seem just, and may instruct and direct the Superintendent to correct said warrant, assessment, or diagram, in any particular, and to make and issue a new warrant, assessment, and diagram, to conform to the decisions of said Board in relation thereto, at their option. All the decisions and determinations of said Board upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to an appeal under the provisions of this section as to all errors and irregularities which said Board could have remedied and avoided. The said warrant, assessment, and diagram shall be held *prima facie* evidence of the regularity and correctness of the assessment, and of the prior proceedings and acts of the said Superintendent, and of the regularity of all the acts and proceedings of the Board of Supervisors upon which said warrant, assessment, and diagram are based.—[Amendment, April 25, 1863.]

Sec. 13. At any time after the period of fifteen days from the day of the date of the warrant as hereinbefore provided, or if an appeal is taken to the Board of Supervisors, as is provided in section twelve of this Act, any time after five days from the decision of said Board, or after the return of the warrant or assessment, after the same may have been corrected, altered, or modified, as provided in section twelve of this Act (but not less than fifteen days from the date of the warrant), the contractor or his assignee may sue, in his own name, the owner of the lands, lots, or portions of lots assessed, on the day of the date of the recording of the warrant, assessment, and diagram, or on any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining due and unpaid. Suit may be brought in any Court in said city and county having jurisdiction of the amount to recover which suit is brought; said Courts are hereby clothed with jurisdiction to hear and determine

such actions. The said warrant, assessment, and diagram, with the affidavit of demand and non-payment, shall be *prima facie* evidence of such indebtedness, and of the right of the plaintiff to recover in the action. The Court in which suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution, as in other cases of sale of real estate by the process of said Courts; and on appeal, the Appellate Courts shall be vested with the same power to adjudge and decree a lien, and to order to be sold such premises on execution or decree, as is conferred on the Court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits now pending, or hereafter to be brought, to recover street assessments, the proceedings therein shall be governed and regulated by the provisions of this Act, and also, when not in conflict herewith, by the Civil Practice Act of this State. This Act shall be liberally construed to effect the ends of justice.—[Amendment, April 25, 1863.]

Sec. 14. The Superintendent of Public Streets and Highways may require at his option, by notice in writing, to be delivered to them personally, or left on the premises, the owners, tenants or occupants, of lots, or portions of lots, liable to be assessed for work done under the provisions of this Act, to improve forthwith any of the work mentioned in section three of this Act, in front of the property of which he is the owner, tenant, or occupant, to the center of the street, or otherwise, as the case may require, specifying in said notice what improvement is required. After the expiration of three days, the said Superintendent shall be deemed to have acquired jurisdiction to contract for the doing of the work or improvements required by said notice. If such improvement be not commenced within three days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the said Superintendent may enter into a contract with any suitable person applying to make said improvements, at the expense of the owner, tenant, or occupant, at a reasonable price, to be determined by said Superintendent; and such owner, tenant, or occupant shall be liable to pay the same. After the certificate referred to in section fifteen shall have been recorded, the sum contracted to be paid shall be a lien, the same as provided in section ten of this Act, and may be enforced in the same manner.

Sec. 15. If the expenses of the work and material for such improvements, after the completion thereof, be not paid to the contractor so employed, or his agent, or assignee, on demand the said contractor or his assigns, shall have the right to sue the owner, tenant, or occupant, under the provisions of this Act, for the amount contracted to be paid, and the certificate of the Superintendent that the work has been properly done, and that the charges for the same are reasonable and just, shall be *prima facie* evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action.

Sec. 16. In addition, and as cumulative to the remedies above given, the Board of Supervisors shall have power, by resolution or ordinance, to prescribe the penalties that shall be incurred by any owner or person liable, or neglecting, or refusing to make improvements when required, as provided in section fourteen of this Act, which fines and penalties shall be recovered for the use of the city and county, by prosecution in the name of the People of the State of California, as in other cases provided for in subdivision eleven of section fifteen, Chapter Four Hundred and Ninety-Three, on page five hundred and forty-four of the Statutes of said State, approved May eighteenth, eighteen hundred and sixty-one, and may be applied, if deemed expedient by the said Board, in payment of the expenses of any such improvements, when not otherwise provided for.

Sec. 17. The person owning the fee, or the person in possession, of lands, lots, or portions of lots, or buildings under claim, or exercising acts of ownership over the same, shall be regarded, treated, and deemed to be the "owner" (for the purposes of this law), according to the intent and meaning of that word as used in this Act; and in case of property leased, the possession of the tenant or lessee, holding and occupying under such person, shall be deemed to be the possession of such owner, and the person so defined to be such owner shall be personally liable for the payment of any charge or assessment lawfully made or assessed upon said lands, lots, or portions of lots, by said Superintendent, or contracted to be paid to the contractor for improvements to cover the expenses of any work done under and authorized by the provisions of this Act.

Sec. 18. Any tenant or lessee of the lands or lots liable, may pay the amount assessed against the property of which he is the tenant or lessee, under the provisions of this Act, or he may pay the price agreed to be paid, under the provisions of section fourteen of this Act, either before or after suit brought, together with costs to the contractor, or his agent, or assigns; or he may redeem the property, if sold on execution or decree, for the benefit of the owner, within the time prescribed by law, and deduct the amounts so paid from the rents due, and to become due, from him; and for any sum so paid beyond the rents due from him, he shall have a lien upon, and may retain possession of the said lands and lots, until the amount so paid and advanced be satisfied, with legal interest, from accruing rents or by payment by the owner.

Sec. 19. The records, kept by the Superintendent of Public Streets and Highways, in con-

formity with the provisions of this Act, and signed by him, shall have the same force and effect as other public records, and copies therefrom, duly certified, may be used in evidence, with the same effect as the originals. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

Sec. 20. Notices in writing which are required to be given by the Superintendent, under the provisions of this Act, may be served by any Police officer, with the permission of the Chief of Police, and the fact of such service shall be verified by the oath of the person making it, taken before the Superintendent (who is hereby authorized to administer oaths), Police Judge, or any Judge, or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent himself. The Superintendent shall keep a record of the fact of giving such notices, when delivered by himself, personally, and also of the notices and proof of services, when delivered by any other person.

Sec. 21. When any street or portion of a street has been or shall hereinafter be constructed to the satisfaction of the Committee on Streets, Wharfs, and Public Buildings, of the Board of Supervisors, and the Superintendent of Public Streets and Highways, under such regulations as said Board shall adopt, the same shall be accepted by the Board of Supervisors and thereafter shall be kept open and improved by the said city and county, the expences thereof to be paid out of the Street Department Fund; *provided*, that the Board of Supervisors shall not accept of any portion of the street less than the entire width of the roadway (including the curbing, and one block in length, or one entire crossing). The Superintendent of Public Streets and Highways shall keep in his office a register of all accepted streets, the same to be indexed so that reference may be easily had thereto.—[Amended April 25, 1863.]

Sec. 22. The said Superintendent shall keep a public office in some convenient place, to be designated by the Board of Supervisors, and his office shall be kept open as in this Act required. He shall not, during his continuance in office, follow any other profession or calling, but shall be required to devote himself exclusively to the duties of his office. He shall be allowed, at the discretion of the Board of Supervisors, not less than three nor more than six Deputies, to be by him appointed from time to time; three of said Deputies shall receive a salary not exceeding one hundred and fifty dollars each and three a salary not exceeding one hundred and twenty-five dollars per month. It shall be lawful for the said Deputies to perform all or any of the duties conferred by this Act upon the Superintendent of the Public Streets and Highways, under the direction of the said Superintendent, except the acceptance or approval of work done. The Superintendent of Public Streets and Highways, or his Deputies, shall superintend and direct the clearing of all sewers in the public streets, and the expenses of the same shall be paid out of the Street Department Fund in the same manner as provided for the improvements of streets that have been finally accepted as in this Act provided.—[Amendment April 25, 1863.]

Sec. 23. It shall be the duty of the said Superintendent to see that the laws, orders, and regulations relating to the public streets and highways, are carried into execution, and that the penalties therefor are rigidly enforced. It is required that he shall keep himself informed of the condition of all public streets and highways, and also of all public buildings, parks, lots, and grounds, of the said city and county, as may be prescribed by the Board of Supervisors. He shall, before entering upon the duties of his office, give bonds to the city and county, in such sum as may be fixed by the Board of Supervisors, conditioned for the faithful discharge of the duties of his office; and should said Superintendent fail to see that the laws, orders, and regulations, relating to the public streets and highways, are carried into execution, after notice from any citizen of a violation thereof, the said Superintendent and his sureties shall be liable upon his official bond, to any person injured in his person or property in consequence of said official neglect.

Sec. 24. No recourse shall be had against said city and county for damages to person or property suffered or sustained by or by reason of the defective condition of any street or public highway of said city and county, whether originally existing, or occasioned by construction, excavation, embankment, or want of repair of such street or public highway, and whether such damage be occasioned by accident on said street or public highway, or by falling from or upon the same. But if any person, while carefully using any street or public highway of said city and county graded, or in course of being graded, or carefully using any other street or public highway leading into or crossing the same, be injured, killed, lost, or destroyed, or any horses, animals, or other property, be lost, injured, or destroyed, through any defect in said street or public highway, graded, or in course of being graded as aforesaid, or by reason of any excavation or embankment in or of the same, or by falling from or upon such embankment or excavation, then the person or persons upon whom the law may impose the duty either to repair such defect or to guard the public from the excavation, embankment, or grading aforesaid, and also the officer or officers through whose official neglect such defect remained unimpaired, or said excavation or embankment remained ungraded, as aforesaid, shall be jointly and severally liable to the person or persons injured for the damage sustained.—[Amendment April 25, 1863.]

SEC. 25. *First.* The City Surveyor shall be the proper officer to do the surveying and other work which may be necessary to be done under sections one and two of this Act, and to survey, measure, and estimate the work done under contracts for grading streets, and every certificate of work done by him, signed in his official character, shall be *prima facie* evidence, in all the Courts in this State, of the truth of its contents. He shall also keep a record of all surveys made under the provisions of section one of this act, as in other cases. The Superintendent shall measure and determine any other work which may be done under the provisions of this Act.

Second. The words "improve," "improved," and "improvement," as used in this Act, shall include all necessary repairs of all work mentioned in section three of this Act, and also the reconstruction of all, or any portion, of said work.

Third. The term "main street," as used in this Act, means such street or streets as bound a block. The term "street," shall include crossings.

Fourth. The word "block" shall mean the blocks which are known and designated as such on the map and books of the Assessor of said city and county.

Fifth. The term "incidental expenses" shall mean the expense for work done by the City Surveyor, under the provisions of this Act; also, the expense of printing, advertising, and measuring, the work done under contracts for grading, and the expense of superintendence of sewers, and of piling and capping,

Sixth. The publication of notices, required by the provisions of this Act, shall be published, daily (Sunday excepted), in the newspaper doing the printing by contract for said city and county.

SEC. 26. *First.* All assessments hereafter to be made, to cover the expense of work provided for by contracts awarded prior to the first day of June, eighteen hundred and sixty-one, and after George T. Bohen became the acting Superintendent, shall be assessed as provided by the law in relation thereto, and in force at the time said work was awarded; and all assessments heretofore made by George T. Bohen, as Superintendent, under said laws, to cover the expense of such work, shall be deemed and held to have been assessed under the proper law.

Second. All assessments hereafter to be made to cover the expense of work provided for by contracts awarded on and after the first of June, eighteen hundred and sixty-one, shall be assessed according to the provisions of this Act.

The Board of Supervisors, upon receiving a petition for that purpose from the owners of a majority of the property on any one or more blocks, estimating the property by the front foot, in that portion of the City and County of San Francisco lying west of Larkin Street and south-west of Ninth Street, may order the grading or other improvement of such street or streets in accordance with the prayer of the petitioners, and without reference to the official width or grade of such street or streets, and in the same manner as other street improvements provided for in this Act; *provided*, that no street shall be raised above or cut below the official grade.—[Amended April 25, 1863, Sec. 10.]

SEC. 27. The Superintendent shall appoint a person or persons, suitable to take charge of and superintend the construction and improvement of each and every sewer, and of piling and capping, whose duty it shall be to see that the contract made for doing said work is strictly fulfilled in every respect, and in case of any departure therefrom, to report the same to said Superintendent. He shall be allowed, for his time actually employed in the discharge of his duties, such compensation as shall be just, but not to exceed five dollars per day. The sum to which the party so employed shall be entitled, shall be deemed to be "incidental expenses," within the meaning of those words, as defined in this Act; *provided*, that the owners of more than one-half in frontage of the lots and lands fronting on the work proposed to be done under this section, may, within forty-eight hours after the work has been commenced, appoint their own Superintendent of the work, and provide for his compensation by private agreement.

SEC. 28. All notices, orders, resolutions, advertisements, or other matters required or authorized by any law of this State to be published, the publication of which was by order of any Court of this State, or by contract with the said city and county, commenced in either the Daily or Weekly Mirror, or Weekly San Francisco Herald, newspapers published in the said city and county, and subsequently continued and ended in the Daily or Weekly Herald and Mirror, also published in said city and county, as the case may be, shall be taken, deemed, and held, by all the Courts in the State, to have been legally published, the same as if the publication had been completed in the paper in which it was originally commenced; and when any such publication shall hereafter be completed and ended in said Daily or Weekly Herald and Mirror, the same shall be taken, deemed, and held by said Courts to have been legally published, as aforesaid, and all notices, orders, resolutions, advertisements, or other matters, required or authorized by any law of this State to be published, and which H. Wheelock, the proprietor of the Daily and Weekly Mirror (a newspaper lately published in the City and County of San Francisco), agreed to publish, by virtue of a contract made with said city and county, may be published in the Daily and Weekly Herald and Mirror, as the case may require, a newspaper now published in said city and county, during the existence of said contract; and all such notices, orders, reso-

lutions, or other matters which have been heretofore published, or which are now being published, or which shall hereafter be published, in said Herald and Mirror, during the existence of said contract, shall be taken, deemed, and held, to be legal and valid in all the Courts of this State, to all intents and purposes, the same as if they had been published in the Daily or Weekly Mirror, and the said Daily Mirror and the San Francisco Herald had not been consolidated, under the name of Herald and Mirror.

SEC. 29. Article four, embracing sections from thirty-six to sixty-four, inclusive, of an Act entitled An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved April nineteenth, eighteen hundred and fifty-six and sections three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, and fourteen, of an Act entitled An Act amendatory to an Act entitled an Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved April nineteenth, A.D. eighteen hundred and fifty-six, approved March twenty-eighth, eighteen hundred and fifty-nine, and sections two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, sixteen, and seventeen, of an Act entitled An Act amendatory of an Act entitled an Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved the nineteenth day of April, eighteen hundred and fifty-six, and of an Act amendatory and supplementary thereof, approved the eighteenth day of April, eighteen hundred and fifty-seven, and of an Act amendatory thereof, approved the twenty-eighth day of March, eighteen hundred and fifty-nine, and supplementary to said Acts, approved May eighteenth, eighteen hundred and sixty-one—all and singular, and all acts, or parts of Acts, in conflict with this Act, are hereby repealed; and this Act shall be deemed to be substituted in place of the sections under the head of said Article IV, and as amendatory of this Act first above recited in this section, and held as a part thereof, and shall be taken and deemed a public Act, to take effect from and after its passage. All proceedings which may have been taken under the law for which this law is a substitute, and which are pending at the time this law shall take effect, may be continued and completed under this law; and all advertisements being published at the date of the passage of this Act, shall be published for the respective periods provided by the law in force at the time the publication may have been commenced.

ARTICLE V.

SUPERVISORS.

SEC. 65. The Supervisors, in their respective districts, shall vigilantly observe the conduct of all public officers, and take notice of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration, and disbursement of public funds and property; for which purpose the books, records, and official papers, of all officers and magistrates of such districts, shall at all convenient times be open to their inspection. They shall take care that the books and records of all officers in their districts are kept in legal and proper form. They shall have power, and it shall be their duty, every month, to examine the accounts of any officer of their respective districts, having the collection and custody of the public funds, to examine and count over the moneys remaining in the hands of such officers, and shall note any discrepancy or defalcation that may be discovered, or reasonably suspected, and report the same forthwith, together with any willful official negligence or misconduct on the part of any such officer, to the President of the Board of Supervisors.

SEC. 66. At every regular session of the Board of Supervisors, before proceeding to other business, each member shall be called upon to report, orally, upon the matters specified in the preceding section; to give information of the condition of his district, in regard to public schools, streets, roads, and highways, health, police, industry, and population; and to suggest any defects he may have noticed in the laws and regulations, or the administration thereof, and the means of remedying them.

SEC. 67. The Supervisors shall meet within five days after each annual election, and also on the first Monday of January, April, July, and October, of each year, and at such other times as specially required by law; or they may, for urgent reasons, be specially convoked by the President of the Board of Supervisors. A majority of all the Supervisors to be elected in the several districts shall constitute a quorum to do business; and no regulation, resolution, ordinance, or order of the Board, can pass without the concurrence of a majority of all the members elected, but a smaller number may adjourn from day to day. All the sessions, acts, and resolutions of the Board shall be public. The President of the Board of Supervisors elected by the city and county at large, shall preside at all the sessions of the Board, without the right to vote. In his absence, during any session, the Board shall appoint a President *pro tempore*, who shall, however, have the same vote as other members. The Board of Supervisors shall be the judge of

election returns, and qualifications of its own members, and shall order and provide for holding elections in the proper districts, to fill vacancies, which may happen or exist more than six months previous to the next general election ; at which general election such office shall be filled by election for the full term of two years. The Board of Supervisors shall determine the rules of its proceedings, keep a record of its acts and resolutions, and allow the same to be published ; and the yeas and nays on any question shall, at the request of any member, be entered on its journals. The Board of Supervisors shall appoint a clerk with a salary of twenty-one hundred dollars a year [Amendment Act April 26, 1862], to hold office during the pleasure of the Board, who shall be *ex officio* Clerk of the Board of Equalization, without any additional salary as such, except as provided in section eleven, and shall be required to take the constitutional oath of office, and give bond for the faithful discharge of the duties of his office.* He shall have power to administer such oaths and affirmations as may be required by law or the regulations, or the orders of the Board, relating to any demands upon the treasury or other business connected with the government of the city and county ; and shall also have power to certify and authenticate copies of all records, papers, and documents in his official custody. The powers of the Board of Supervisors are those granted in this Act ; and they are prohibited to exercise any others.—[Amendment, April 18, 1857.]

Sec. 68. It shall be the duty of the President of the Board of Supervisors, vigilantly to observe the official conduct of each Supervisor in his district, and of all public officers of the city and county, and take note of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration, and disbursement of the public funds and property ; for which purpose the books, records, and official papers of all officers and magistrates of said city and county, shall at all convenient times be open to his inspection. He shall take especial care to see that the books and records of all such officers are kept in legal and proper form ; and any official defalcation, or willful neglect of duty, or official misconduct, which he may have discovered, or which shall have been reported to him by any Supervisor, shall, at the earliest opportunity, be laid before the Grand Jury, in order that the officer in default may be proceeded against according to law. Every ordinance or resolution of the Board of Supervisors, providing for any specific improvement, the granting of any privilege, or involving the lease, or other appropriation of public property, or the expenditure of public moneys (except for sums less than five hundred dollars), or laying tax or assessment, and every ordinance or resolution imposing a new duty or penalty shall, after its introduction in the Board, be published, with the ayes and nays, in some city daily newspaper, at least five successive days before final action of the Board upon the same ; and every such ordinance, after the same shall pass the Board, shall, before it takes effect, be presented to the President of the Board for his approval. If he approves, he shall sign it ; if not, he shall return it within ten days, to the Board, with his objections in writing. The Board shall then enter the objections on the journals, and publish them in some city newspaper. If at any stated meeting thereafter, two-thirds of all the members elected to the Board, vote for such ordinance or resolution, it shall then, despite the objections of the President, become valid. Should any such ordinance or resolution not be returned by the President, within ten days after he receives it, it shall become valid the same as if it had received his signature.

Sec. 69. All contracts for building† and printing to be done for the said city and county, and ordinary supplies for subsistence of prisoners, must be given by the Board of Supervisors to the lowest bidder offering adequate security, after due public notice published for not less than five days, in at least two newspapers in said city and county. All contracts for subsistence of prisoners must be given out annually at a fixed price per day, not exceeding twenty-five cents *per diem*, for each person connected with the prison [Amendment Act, April 26, 1862] ; and the advertisement for proposals to be published as aforesaid by the Board of Supervisors, shall specify each article that will be required, the quantity thereof, the quantity for each person, and the existing and probable number of prisoners to be supplied. All articles of food supplied for prisoners must be of a sound and wholesome quality, and subject to the inspection and approval of the keeper of the prison, and also the President of the Board of Supervisors and Police Judge of said city and county, all of which must be expressed in the contract therefor to be entered into.

Sec. 70. The Board of Supervisors shall have power to hear and determine appeals from the executive officers of said city and county, in the cases provided in this Act ; and in all cases of an appeal taken to the Board of Supervisors, or Board of Education, from the order or decision made by any other officer or officers, such officer or officers shall furnish the Board with a statement of his or their reasons for the orders or decision so appealed from, and the party appealing

shall be heard briefly, but without the observance of any technical or other formalities, not necessary in the discretion of the Board, to a just decision,; which shall, after ascertaining the true state of the case, be given without delay.

SEC. 71. On or before the first Monday of May, annually, the Board of Supervisors of said city and county shall levy the amount of taxes for State, city, and county purposes, required by law to be levied upon all property in said city and county, not exempt from taxation, such amount as they may deem sufficient to provide for the payment of all demands upon the treasury thereof, authorized by law to be paid out the same; *provided*, that such taxation, exclusive of the State tax and any special tax shall not, in the aggregate, for all the purposes of said city and county tax, exceed the rate of two dollars and thirty-five cents upon each one hundred dollars' valuation; *provided*, further, that the Board of Supervisers shall, in making the levy of said taxes, apportion and divide the taxes so levied, collected, and applied, to specific purposes, as hereinafter provided:

First. For the Corporation Debt Fund, not to exceed one dollar twelve and one-half cents upon each one hundred dollars' valuation, as aforesaid, which shall be applied to the payment of demands authorized under the fourth, fifth, sixth, seventh, eighth, and tenth, subdivisions of section ninety-five of the Act as amended April eighteenth, eighteen hundred and fifty-seven, and of section seven of an Act entitled "An Act for the funding and payment of the Outstanding Unfunded Claims against the City of San Francisco and against the County of San Francisco, as they existed prior to the first day of July, A.D. eighteen hundred and fifty-six, approved April twentieth, A.D. eighteen hundred and fifty-eight."

Second. For the School Fund not to exceed thirty-five cents upon each one hundred dollars' valuation aforesaid, which shall be applied to the payment of demands authorized under the second and ninth subdivisions of section ninety-five of the Act as amended April eighteenth, eighteen hundred and fifty-seven.

Third. For the General Fund, not to exceed seventy cents upon each one hundred dollars' valuation, as aforesaid, which shall be applied, first, to the payments of demands authorized under the first, third, eleventh, twelfth, thirteenth, and fourteenth subdivisions, of section ninety-five of the Act as amended April eighteenth, A.D. eighteen hundred and fifty-seven, and for the payment of any sum authorized by any special act; and for the payment of any demands, not exceeding eight thousand dollars* in any fiscal year, for the purchase and erection of hydrants, under the first section of an Act entitled An Act to provide for the purchase and erection of Hydrants in the City and County of San Francisco, approved March seventh, eighteen hundred and fifty-nine; and after all the foregoing demands are provided for and satisfied, for the payment of demands authorized under the fifteenth subdivision of section ninety-five of the Act as amended April eighteenth, eighteen hundred and fifty-seven; *provided*, that all repairs for hydrants shall be paid out of the eighteen thousand dollars as aforesaid.

Fourth. For the Street Light Fund, not to exceed seven and one-half cents upon each one hundred dollars, which shall be paid for lighting the streets of said city with gas, and for the repair of lamps and posts, in pursuance of the provisions of the present contract of said city and county with the San Francisco Gas Company, upon demands to be audited and allowed.

Fifth. For the Street Department Fund, not to exceed ten cents upon each one hundred dollars, which shall be paid for repairing and cleaning the streets and sewers which may have been accepted by the Board of Supervisors, for constructing street crossings, the salary of the Assistant Superintendent of Public Streets and Highways, and for such other objects relating to streets as shall be directed by law to be paid therefrom. All moneys received from licenses on wheeled vehicles, from the income on street railroads, and all fines received from the violation of any law or laws, of any city and county ordinances regulating the public streets, shall be paid into said Street Department Fund; and no money shall be transferred from either of the said funds to another, nor used in paying any demands upon such other fund, until all the indebtedness arising in any fiscal year and payable out of said funds, so raised for said fiscal year, shall have been payed and discharged.—[Act May 18, 1861, Sec. 14.]

SEC. 72. The said Board of Supervisors shall also constitute a Board of Equalization for said city and county, and as such shall have the powers conferred by the general laws regulating the assessment and collection of taxes, when not inconsistent with the provisions of this Act.† Appointments of officers or public agents required by existing statutes, not repealed by this Act, to be made on the nomination of the Mayor, and confirmation by the Common Council of the City of San Francisco, shall, after this act takes effect, be made in like manner on the nomination of the President of the Board of Supervisors and a confirmation by said Board.

SEC. 73. It shall be the duty of the Auditor, the Superintendent of Common Schools, the

Superintendent of Public Streets and Highways, Chief of Police and Chief Engineer of the Fire Department of said city and county, to report to the Board of Supervisors on the first Monday in February of each year, the condition of their respective departments, embracing all their operations and expenditures during the preceding year, and recommending such improvements in them as they may deem necessary. The Auditor shall also present to the Board of Supervisors at each quarterly session, and must also publish the same, a statement of the exact condition of the finances of said city and county, which must show the receipts into, and disbursements made from the treasury during the preceding quarter, the amount of money on hand and the amount of audited demands outstanding. Immediately after the first Monday in February, the Board of Supervisors shall make up and publish an abstract from these several reports and other sources of the operations, expenditures, and conditions of all departments of governments of the said city and county.

SEC. 74. The Board of Supervisors of the City and County of San Francisco shall have power, by regulation or order [Amendment April 25, 1863] :

First. To regulate the police and police force of said city and county, and to prescribe their powers and duties.—[Amendment April 25, 1863.]

Second. To provide for the security, custody, and administration of all property of said city and county, without any power to sell or encumber the same, or lease any part thereof for more than three years, except, however, that such personal property belonging to the fire, street, or other departments, as they deem unsuited to the uses and purposes for which the same was designed, or so much worn and dilapidated as not to be worth repairing, may be sold, or exchanged, by order or resolution.

Third. To authorize and direct the summary abatement of nuisances ; to make all regulations which may be necessary or expedient for the preservation of the public health and the prevention of contagious diseases; to provide, by regulation, for the prevention and summary removal of all nuisances and obstructions in the streets, alleys, highways, and public grounds of said city and county ; and to prevent or regulate the running at large of dogs, and to authorize the destruction of the same when at large contrary to ordinance.—[Amendment April 25, 1863.]

Fourth. To provide for cases omitted in this Act, and in conformity with the principles adopted in it for opening, altering, extending, constructing, repairing, or otherwise improving, of public streets and highways, at the expense of the property benefitted thereby, without any recourse, in any event, upon the city and county, or the public treasury for any portion of the expense of such works, or any delinquency of the property-holders, or owners.

Fifth. Providing for lighting the streets.—[Amendment, Act April 26, 1862.]

Sixth. To regulate market-houses and market-places.

Seventh. To provide for the erection, repair, and regulation of wharfs and docks, and fixing the rates of wharfage thereat.

Eighth. To provide for inclosing, improving, and regulating all public grounds of the city and county, at an expense not to exceed two thousand dollars per annum.

Ninth. To prohibit the erection of wooden buildings, or structures, within any fixed limits where the streets have been established and graded, or ordered to be graded ; to regulate the sale, storage, and use of gunpowder, or other explosive, or combustible materials and substances, and make all needful regulations for protection against fire.

Tenth. To make such regulations concerning the erection and use of buildings as may be necessary for the safety of the inhabitants.

Eleventh. To determine the fines, forfeitures, and penalties that shall be incurred for the breach of regulations established by the said Board of Supervisors, and also for a violation of the provisions of this Act, where no penalty is affixed thereto, or provided by law, but no penalty to be imposed shall exceed the amount of one thousand dollars, or six month's imprisonment, or both ; and every violation of any lawful order, or regulations, or ordinance, of the Board of Supervisors of the City and County of San Francisco, is hereby declared a misdemeanor, or public offense, and all prosecutions for the same shall be in the name of the people of the State of California.

Twelfth. To regulate and provide for the employment of prisoners sentenced to labor on the public works of said city and county.

Thirteenth. To license and regulate hackney-coaches, carriages, and other public vehicles, and to fix the rates to be charged for the transportation of persons, baggage, and property, therein ; and also to license and regulate porters employed in conveying baggage for persons arriving in and departing from said city and county, and to prohibit the exercise of those employments without such licenses.

Fourteenth. To license and regulate all such callings, trades, and employments, as the public good may required to be licensed and regulated, and are not prohibited by law.—[Amended, see Act April 27, 1863, Sec. 1, Sub. 1.]

Fifteenth. To prohibit and suppress, or exclude from certain limits, all houses of ill-fame,

prostitution, and gaming; to prohibit and suppress, or exclude from certain limits, or to regulate, all occupations, houses, places, pastimes, amusements, exhibitions, and practices, which are against good morals, contrary to public order and decency, or dangerous to the public safety.—[Amendment April 25, 1863.]

Sixteenth. To provide for the erection of a work-house, house of refuge, or house of correction, and for the regulation and government of the same.

Seventeenth. To direct and control the fire department of said city and county in conformity with the laws.

Eighteenth. To fix the fees and charges to be collected by the Surveyor of said city and county for certificates of surveys for buildings, or other purposes, and by the Superintendent of Streets and Highways, and any and all other municipal officers, where their fees are not otherwise fixed by law.

Nineteenth. To provide, by regulation, where it may be necessary, for carrying the provisions of this Act into effect.

Twentieth. To provide for the care and maintenance of the indigent sick of said city and county.

Twenty-First. To provide for the construction and repair of hydrants, fire-plugs, cisterns, and pumps in the streets, for public security and convenience.

Twenty-Second. [Repealed, Act of April 26, 1862.]

Twenty-Third. To provide ways and means for the prosecution of the claims, in the name of the City of San Francisco, to the public lands, now pending for the same.

Twenty-Fourth. To permit the laying down of railroad tracks, and the running of cars thereon, along any street, or portion of street, for the sole purpose of excavating and filling in a street or portion of a street, or adjoining lots, and for such limited time as may be necessary for the purposes aforesaid, and no longer.—[Act May 18, 1861, Sec. 15.]

The term "construction of a street," as used in this Act, shall include any, or all, of the following, viz: Grading, sewering, paving, piling, and capping, planking, excavating, filling in, and other incidental matters, necessary to make a street, or part of a street, in perfect condition in the first instance, including sidewalks, crosswalks, street crossings or intersections of streets. The term "repairs of streets," as used in this Act, includes all manner of necessary improvements of any street, or part of a street, including sidewalks and crossings, or intersections of streets, and, also, keeping the same in order, after the same has been accepted as in this Act provided. The term "main streets," as used in this Act, mean such streets as bound a block. The world "block" shall mean the blocks which are known and designated as such on the map and books of the Assessor of said city and county.—[Act May 18, 1861, Sec. 16.]

The publication of all notices required by the provisions of this Act, shall be made in the newspaper doing the printing for said city and county.—[Act May 18, 1861, Sec. 17.]

The following additional powers have been granted by the Legislature of the State, viz:

To allow and order paid out of the General Fund, not exceeding the sums of six thousand dollars, in any one fiscal year, for the maintenance of an almshouse.—[Act May 17, 1861.]

To fix limits in said City and County of San Francisco, within which the burning of bricks shall be prohibited, and to make such rules and regulations in relation to the burning of bricks in any part of said city and county as they may deem advisable.—[Act April 15, 1861, Sec. 1.]

To allow and order paid out of the General Fund, a sum not to exceed fifty thousand dollars, for the purchase of a lot and building adjoining the City Hall in said city and county, and for repairs thereon.—[Act April 4, 1863, Sec. 1., Sub. 23.]

The said Board of Supervisors are authorized and empowered, in their discretion, to allow to the Clerk of said Board an increase of salary,* to the amount of twenty-five dollars per month, to be paid out of the General Fund, and to allow said clerk to appoint an assistant, who shall be paid by said clerk for all services said assistant may render him.—[Act April 23, 1858, Sec. 1, Sub. 24.]

To allow and order paid out of the General Fund, not exceeding the sum of five thousand dollars, for any one fiscal year, for the employment of special counsel.—[Act May 17, 1861, Sec. 5.]

To allow and order paid out of the General Fund, a sum not exceeding ten thousand dollars, in addition to the amount now allowed by law, for straightening, widening, and otherwise improving, that portion of the county road south of the Pioneer Race Course, and north of the county line of San Mateo County.—[Act April 26, 1862, Sec. 1, Sub. 18.]

To allow and order paid out of the General Fund, a sum not to exceed one hundred and fifty dollars per month, to be expended at the instance of the President of the Board of Supervisors, for contingent expenses other than those heretofore provided for, and of which he shall make a quarterly report to the Board.—[Act May 17, 1861, Sec. 1, Sub. 1.]

* Increased to two hundred dollars per month; also, Clerk of Finance Committee.

To appropriate the sum of five thousand dollars, in payment of so much money agreed to be paid by said city and county to John W. Dwinelle and Delos Lake, pursuant to the terms of a contract in that behalf, bearing date on November tenth, in the year eighteen hundred and sixty-two, for conducting certain special litigation in behalf of said city and county; which said contract is hereby confirmed, and the said Board of Supervisors is hereby authorized to appropriate and allow the Auditor of said city and county to audit, and the Treasurer of said city and county to pay, the sums of money so appropriated and allowed by said Board in discharge of such contract, as fast as they become due, out of the General Fund of said city and county.—[Act April 4, 1863, Sec. 1, Sub. 11.]

To have power to appoint an Assistant Prosecuting District Attorney, who shall hold said office during the pleasure of said Board. The said Assistant shall also be the Prosecuting Attorney for the Police Court of said city and county, and shall receive a salary as such Assistant and Prosecuting Police Attorney of twenty-four hundred dollars per annum,* payable monthly out of the General Fund, which shall be in full for all services rendered for said city and county, or for either of them.—[Act April 23, 1858, Sec. 1, Sub. 22.]

To allow and order paid out of the General Fund, for the election expenses of said city and county, not to exceed seventy-five dollars for each Election District for each election in said city and county.—[Act April 4, 1863, Sec. 1, Sub. 5.]

To divide the Twelfth Election District into two voting precincts; to designate two places for holding election polls in said district; to appoint two additional Judges and one additional Inspector of Election for said district; and to appropriate and order paid from the General Fund the necessary expenses of such additional polling place and of the elections held thereat, whenever they may deem the same necessary; *provided*, that if said district is divided as aforesaid, provision shall be made for the election of Judges and Inspectors to preside at subsequent elections, as in other districts in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 27.]

To allow and order paid out of the General Fund, not to exceed four thousand dollars per month, for the entire expenses of the Fire Department for said city and county.—[Act April 4, 1863, Sec. 1, Sub. 9.]

The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered to purchase and erect such hydrants, with the connecting pipes and appendages, as they may deem necessary and expedient. And the Auditor of said city and county is hereby authorized to audit, and the Treasurer to pay, the demands so authorized.—[Act March 7, 1859, Sec. 1.]

To allow and order paid out of the General Fund, a sum not to exceed twenty thousand dollars for the current year, and ten thousand annually thereafter, for the erection and construction of hydrants and cisterns in said city and county.—[Act April 4, 1863, Sec. 1, Sub. 7.]

The expense of the purchase and erection of said hydrants shall be paid out of the General Fund, over and beyond the amount already allowed for the maintenance of the Fire Department.—[Act March 7, 1859, Sec. 1.]

To allow and order paid to the San Francisco City Water Works Company, a sum not to exceed fourteen hundred dollars, out of the General Fund, for furnishing and setting hydrants in said city and county, in the years eighteen hundred and sixty-one and eighteen hundred and sixty-two, if, upon due investigation by them, each claim shall be found to be equitable and just.—[Act April 4, 1864, Sec. 1, Sub. 22.]

To allow and order paid out of the General Fund, not to exceed six thousand dollars annually, for rent of buildings for hose and engine companies in said city and county.—[Act April 4, 1863, Sec. 1, Sub. 8.]

To allow and order paid out of the General Fund, the sum of one thousand dollars, for the purpose of compromising conflicting titles to engine house lots, if the legal advisers of the said city and county shall deem such compromise expedient; this sum to be in addition to the amount now allowed by law.—[Act April 4, 1864, Sec. 1, Sub. 3.]

To compromise upon such terms as to the said Board may seem proper, pending action, or actions, or claims, for the possession of the lot upon which the engine house of Broderick Engine Company, number one, is now erected, in said City and County of San Francisco; and for that purpose to appropriate, allow, and order paid, out of the General Fund, a sum not to exceed one thousand dollars.—[Act April 4, 1864, Sec. 1, Sub. 20.]

To allow and order paid, out of the General Fund, for payment of the claim of Doyle & Barber, for party wall of Howard Engine House, in said city and county, a sum not to exceed the sum of eleven hundred dollars.—[Act April 4, 1864, Sec. 1, Sub. 6.]

To allow and order paid, out of the General Fund, a sum not to exceed twenty-seven hundred dollars, for the erection of a third story upon the engine house of Howard Fire Engine Company, number three, in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 7.]

* Increased to $250 per month.—*Act April* 16, 1862.

To allow and order paid, out of the General Fund, a sum not to exceed twenty-five hundred dollars, for the erection of a third story upon the engine house of Pennsylvania Fire Engine Company, number twelve, in said City and County of San Francisco.—[Act April 4, 1864, Sec. 1, Sub. 21.]

To purchase lots and erect engine houses for such fire company or companies as said Board may deem proper and advisable, to remove from their present location to other parts of the city and county, and for such purpose to allow and order paid out of the General Fund such sum or sums of money as may be required; *provided*, that all sums expended under this provision shall not exceed twenty-five thousand dollars in addition to such sums as may be received for engine houses and lots sold as in this Act provided; and, *provided*, further, that no fire company shall be required to remove from their present location until a suitable and proper building shall be provided for such company.—[Act April 4, 1863, Sec. 1, Sub. 28.]

To allow and order paid out of the General Fund for the removal and building of engine houses in said city and county, a sum not to exceed twenty thousand dollars in addition to the amount now allowed by law.—[Act April 4, 1864, Sec. 1, Sub. 4.]

To appropriate, allow, and order paid out of the General Fund not to exceed the sum of ten thousand dollars, for the purchase of a lot in said city and county, and the erection of a bell-tower thereon; or at the discretion of said Board of Supervisors, for the establishment of a system of fire telegraph in said city and county, and the construction of the necessary works therefor.—[Act April 4, 1863, Sec. 1, Sub 15.]

To establish and construct a complete system of fire alarm telegraph in the City and County of San Francisco, and to purchase and obtain materials and suitable apparatus therefor; to connect the same to as many heavy bells as may be deemed expedient by them; and to combine with said fire alarm telegraph a complete system of police telegraph, and for that purpose to allow and order paid out of the General Fund a sum not to exceed fifteen thousand dollars in addition to the amount now allowed by law for that purpose. And said Board of Supervisors are hereby allowed, if in their judgment deemed necessary, to withdraw by order from the treasury of said city and county the sum of twenty-five thousand dollars, or so much thereof as may be necessary, to be paid and appropriated for the purposes hereinbefore mentioned, and for purchasing in the Atlantic States, for cash, suitable apparatus and materials for erecting and completing said fire alarm and police telegraph; *provided*, that said sum of twenty-five thousand dollars, or so much thereof as may be withdrawn as aforesaid from the treasury as aforesaid, be deposited with some banking-house in said City and County of San Francisco, to be designated by said Board of Supervisors, subject to the drafts from time to time, as may be necessary for the purposes herein set forth, of the person or persons contracting with said city and county for the erection and completion of said fire alarm and police telegraph; and, *provided*, further, that said person or persons so contracting as aforesaid, execute to the City and County of San Francisco, and deliver to the Treasurer of said city and county, a good and sufficient bond, with at least two good and sufficient sureties, (the bond and sureties to be approved by the Mayor and Treasurer of said city and county) in double the amount so deposited, conditioned for the just and faithful and proper use of said sum of twenty-five thousand dollars, or so much thereof as may be necessary for the erection, completion, and furnishing with apparatus and suitable materials, said fire alarm and police telegraphs.—[Act April 4, 1864, Sec. 1, Sub. 18.]

To appoint, when deemed necessary by said Board during the erection or upon the completion of said system of fire alarm and police telegraphs, one Superintendent for said telegraphs, and three Assistants therefor, in lieu of the Bell Ringers now employed for the watch tower of the City Hall of said city and county; and to allow and order paid out of the General Fund, when by said Board deemed necessary, one hundred and fifty dollars per month as a salary to said Superintendent, and to allow and order paid in the same manner and out of the same fund as now provided for by law for payment of the aforesaid Bell Ringers, a sum not to exceed one hundred dollars per month, each, to said Assistants as salary.—[Act April 4, 1864, Sec. 1, Sub. 19.]

To allow and order paid out of the General Fund, a sum not to exceed three thousand dollars in any year, for the celebration in said city and county of the anniversary of our National Independence.—[Act April 4, 1863, Sec. 1, Sub. 4.]

To allow and order paid out of the General Fund, to the Secretary of the Board of Funded Commissioners, one hundred and twenty-five dollars per month, for clerk hire and office expenses, in addition to the amount now allowed by law.—[Act April 4, 1864, Sec. 1, Sub. 1.]

To order paid out of the General Fund, any deficiency that may occur in the Street Light Fund, for lighting the public streets.—[Act April 26, 1852, Sec. 1, Sub. 7.]

To audit, allow, and pay, the bills of the San Francisco Gas Company, rendered after the passage of this Act, at the end of each calendar month, in pursuance of the original contract made with James Donahue & Co., by the City of San Francisco.—[Act March 6, 1858, Sec. 2.]

In case the Board of Supervisors of the City and County of San Francisco shall order any

gas for the City Hall, engine houses, or any other public buildings, they are hereby authorized to audit and pay for the same out of the General Fund of the City and County of San Francisco as herein provided.—[Act March 6, 1858, Sec. 3.]

The payments authorized to be made by this Act, when ordered by the Board of Supervisors, shall be made out of the General Fund, and in addition to the payments specified in section eleven of an Act entitled An Act amendatory of and supplementary to section ninety-five of an Act to repeal the several charters of the City of San Francisco, to establish the boundaries of the City and County of San Francisco, and to consolidate the government thereof, approved April nineteenth, one thousand eight hundred and fifty-six, said Act approved April eighteenth, one thousand eight hundred and fifty-seven, and said section eleven being an amendment of section ninety-five of the said original Act, approved April nineteenth, one thousand eight hundred and fifty-six.—[Act March 6, 1858, Sec. 4.]

The amounts authorized to be paid by the Act of April 4, 1864, shall be the only amounts to be paid for the respective purposes for which they are authorized to be paid under the provisions thereof, except when otherwise expressly provided therein, and excepting an allowance of two thousand dollars per annum, heretofore provided by law, for inclosing, improving, and regulating all public grounds in said city and county; and said Board of Supervisors are hereby authorized and empowered to direct and have executed the work, building, services, and improvements thereinbefore mentioned and provided to be paid for.—[Act April 4, 1861, Sec. 3.]

To allow and order paid out of the General Fund, not to exceed the sum of five thousand dollars per month, for the support of the indigent sick, and the contingent expenses of the City and County Hospital of said city and county; and out of the same fund, not to exceed the sum of six thousand dollars for any one year, for the support of the Small Pox Hospital of said city and county.—[Act April 4, 1863, Sec. 1, Sub. 13.]

To allow and order paid out of the General Fund, not to exceeed six thousand dollars, for repairs to the City and County Hospital; and also, out of said fund, not to exceed the sum of twelve thousand dollars, to furnish said hospital.—[Act April 4, 1863, Sec. 1, Sub. 19.]

Also to allow and order paid out of the General Fund, such sums as are now due, or may become due, to the physicians of the City and County hospitals.—[Act April 27, 1860, Sec. 1, Sub. 17.]

To improve and enlarge the present City and County Hospital buildings and property, in said city and county, and if by them deemed expedient, to that end to purchase and receive additional land in said city and county, and to allow and order paid out of the General Fund, and for the purposes mentioned in this section, such sums of money as in the aggregate shall not exceed the sum of twenty-five thousand dollars.—[Act April 4, 1863, Sec. 1, Sub. 18.]

SUPPLEMENTAL VI.—*An Act to give further Powers to the Board of Supervisors of the City and County of San Francisco.*—Approved April 17, 1862.

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered, with the assent of the respective creditors of said city and county, hereinafter mentioned and referred to, and in the manner hereinafter provided, to settle, compound, and compromise, and adjust, certain indebtedness of said city and county, existing by certain final judgments against the City of San Francisco, or against said city and county, in favor of the purchasers, or assignees of purchasers, of certain property, known as the "City Slip Property;" and also, any final judgment that may hereafter be rendered in favor of any other of such purchasers or assignees; and also, the claim in suit in Fourth District Court, in the name of Felix Argenti, against the said city; and also, the judgment in the Twelfth District Court in the name of Lucas, Turner & Co., against said city; and also, the judgment of H. W. Seale, against the said city in said Twelfth District Court; and also, a certain judgment in favor of Nathaniel Holland, against the City of San Francisco, rendered in the Twelfth Judicial District Court, in and for the City and County of San Francisco, on the seventh day of January, eighteen hundred and fifty-six, for four thousand eight hundred and sixty-eight dollars, and costs, with interest thereon, the same as if said judgment remained in full force and effect, and unreversed; and to close, adjust, and settle, all controversies respecting the title to said property, known as the "City Slip Property," upon such terms as the said Board may deem just and equitable; and the said Board is further hereby authorized and empowered to sell, on such terms and conditions as it may deem proper, the said property called the "City Slip Property," and, if deemed by it expedient, to apply the proceeds thereof to the payment of said judgments and indebtedness, or either or any of them, or any part thereof, in such sums and proportions as said Board shall deem best, and to issue, or cause to be issued, in such manner and form, and with such terms and conditions, redeemable in twenty years, as may be approved by said Board, bonds of said city and county, in payment of said indebtedness and judgments, or any or either of them, or of so much thereof as shall remain unpaid after the application and payment, as aforesaid, of said proceeds of sale, if said Board shall conclude to sell said city slip property,

and appropriate the proceeds as aforesaid; and said bonds so issued shall be good and valid securities against said city and county, for the amounts for which the same shall be issued in pursuance of this Act; *provided*, the interest on said bonds shall not, in any instance, exceed the sum of seven per cent. per annum; and the said Board are further authorized and empowered to levy and collect, from time to time, and in any settlement, as aforesaid, as herein provided, to provide for the future levy and collection of such tax, not to exceed one-half of one per cent. per annum, upon the taxable property in said city and county, as may be deemed necessary to pay the interest, and, eventually, the principal, of said bonds, when said interest and principal shall respectively, become due; which tax shall be levied and collected in the same manner, and with like remedies, as other taxes are levied and collected in said city and county; *provided*, that in all cases where the purchase money has been paid for any of said lots, and the purchasers may elect to receive deeds for the same, in lieu of any judgment recovered, or claim for a return of the purchase money, the Mayor of said City and County of San Francisco is hereby authorized to make and execute deeds to such purchasers, or their assigns, without any additional consideration, which deeds shall convey all the title in said lots which the city and county has therein; *provided*, further, that the Mayor of said city and county is also authorized to make and execute deeds for certain slip lots, to such purchasers or their grantees, as paid in full, and receive deeds from the Treasurer of said city and county, under, and by virtue of an Act to authorize the Treasurer of the City and County of San Francisco to execute certain Deeds and cancel Claims, approved April twenty-sixth, eighteen hundred and fifty-eight, and an Act amendatory of said Act, approved April sixth, eighteen hundred and sixty, without additional compensation, which deeds shall convey all the title in said lots, which the city and county has therein.

Sec. 2. *Be it further enacted*, That in the settlement and adjustment of such indebtedness the said Board shall have full power to require and take such assurances, indemnities, and satisfactions as the said Board may deem necessary for the protection of the interests of said city and county.

Sec. 3. *Be it further enacted*, That this Act shall not be construed to divert, diminish, or impair, any power heretofore possessed by said Board of Supervisors.

To allow and order paid out of the General Fund, not exceeding the sum of ten thousand dollars in any one fiscal year, for the redemption of such property belonging to the City and County of San Francisco as may have been or may hereafter be sold for taxes or judgments.—[Act May 17, 1861, Sec. 1, Sub. 1.]

To prescribe by order the time and place of sale, and to cause to be sold at public auction, after advertisement [for] twenty days, in two or more daily papers printed in said city and county, the lot and building on the corner of Brenham Place and Washington Street, in said city and county, known as the "Hall of Records;" also, such engine houses and lots in said city and county, not exceeding six in number, as said Board may deem it expedient to sell; and upon such sale or sales, the Mayor of said city and county is hereby empowered to sign, seal, execute, and deliver to the purchaser or purchasers thereof such deed or deeds as may be necessary to perfect such sale or sales; and the money received for such sale or sales as may be made by virtue hereof, shall be paid to the Treasurer of said city and county, and by him placed in the General Fund of said city and county.—[Act April 4, 1863, Sec. 1, Sub. 26.]

To appropriate all sums of money received from the sale of the Hall of Records, as authorized by subdivision twenty-six of an Act to confer, etc., approved April fourth, eighteen hundred and sixty-three, for the repairs of a building to be used as the Hall of Records, in addition to the amount now authorized by law.—[Act April 4, 1864, Sec. 1, Sub. 23.]

To allow and order paid out of the General Fund, not to exceed twenty-five hundred dollars, for repairs to the Hall of Records of said city and county.—[Act April 4, 1863, Sec. 1, Sub. 3.]

To allow and order paid out of the General Fund, a sum not to exceed fifty thousand dollars, for the purchase of a lot and building for a Hall of Records, and for repairs thereon, or for the purchase of a lot and erection of a building for that purpose.—[Act April 4, 1863, Sec. 1, Sub. 27.]

Supplemental VII.—*An Act to empower the Board of Supervisors of the City and County of San Francisco to appropriate certain Moneys for the Purchase of a Lot and Building adjoining the City Hall, in said city and county, and for alterations and repairs thereof.*—Approved January 30, 1864.

Section 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered: To appropriate, allow, and order paid, out of the General Fund, in addition to the sum of fifty thousand dollars provided by Article Twenty-Third of section one of an Act to confer additional powers upon the Board of Supervisors of the City and County of San Francisco, and upon the Auditor and Treasurer thereof, and to authorize the appropria-

tions of money by said Board, approved April fourth, eighteen hundred and sixty-three, the further sum of thirty thousand dollars for the purchase of a lot and building adjoining the City Hall in said city and county, and for alterations and repairs thereof, for the accommodation of the public offices of the city and county.

SEC. 2. All sums lawfully appropriated and expended under the provisions of the preceding section, shall be paid out of the General Fund, on demands duly audited in the mode prescribed by law for auditing other demands on the treasury.

SEC. 3. From and after the first day of June, eighteen hundred and sixty-four, and after the purchase aforesaid, it shall not be lawful to pay out of the treasury of the City and County of San Francisco, or out of any public funds thereof, any money for rent of rooms or offices for Judges' Chambers, the City and County Attorney, the Board of Education, the Board of Delegates of the Fire Department, or for any other officer or officers of the said city and county; *provided*, that this section shall not impair any contract now existing.

To allow and order paid to the President and Treasurer of the Home for the Care of the Inebriate, for the support of said institution, out of the Police Fund of said city and county, the sum of two hundred and fifty dollars per month.—[Act April 25, 1863.]

To allow and order paid out of the General Fund, such sums as are now due, or may become due, for burying the indigent dead.—[Act April 27, 1860, Sec. 1, Sec. 6.]

To improve and enlarge the present City and County Hospital buildings and property in said, city and county, and if by them deemed expedient to that end, to purchase and receive additional land in said city and county, and to erect new buildings for the City and County Hospital in said city and county, and to allow and order paid out of the General Fund, and for the purposes mentioned in this section, such sums of money as in the aggregate shall not exceed the sum of one hundred and twenty-five thousand dollars in addition to the amount now allowed by law.—[Act April 4, 1864, Sec. 1, Sub. 9.]

To transfer to the Board of Education of said City and County, for Public School purposes, the building now occupied as a County Hospital, whenever the same shall not be required for a Hospital.—[Act April 4, 1864, Sec. 1, Sub. 4.]

To allow and order paid out of the General Fund a sum not to exceed three hundred dollars per annum for medical attendance upon the inmates of the Industrial School in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 26.]

To allow and order paid out of the General Fund, such sums as are now due, or may become due, for expenses of conveying insane persons to the State Hospital, at Stockton.—[Act April 27, 1860, Sec. 1, Sub. 6.]

To improve, alter, and enlarge the present jail building and property of said city and county, and if by them deemed expedient, for that purpose to purchase and receive additional land in said city and county, and to allow and order paid out of the General Fund, sums not to exceed the aggregate sum of twenty thousand dollars, for the purposes mentioned in this section.—[Act April 4, 1863, Sec. 1, Sub. 20.]

SUPPLEMENTAL VIII.—*An Act to confer further Powers upon the Board of Supervisors of the City and County of San Francisco.*—Approved April 27, 1863.

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have power, by regulation or order:

First. To license and regulate all such callings, trades, and employments, as the public good may require to be licensed and regulated, and as are not prohibited by law. And all licenses granted in pursuance of the provisions of this Act, or the powers therein delegated, shall be signed by the Auditor of said city and county.

Second. To authorize the Auditor of said city and county to deliver, from time to time, to either the Treasurer or to the License Collector, as many of such licenses as may be required, and to sign the same, and charge them to the officer receiving them, specifying in the charge the business and amounts named in the licenses and class of licenses.

Third. To regulate and compel the payment to the County Treasurer, of all moneys received by any License Collector or Deputy License Collector; and to fix the amount of the bonds to be required from such License Collector or Deputy.

Fourth. To appoint, instead of the present License Collectors, one person as Collector of Licenses, whose salary shall not exceed one hundred and seventy-five dollars per month, and two persons as Deputy Collectors of Licenses, whose salaries shall not exceed one hundred and twenty-five dollars per month each, the amount of each such salary to be fixed by the said Board of Supervisors; which said Collector of Licenses and Deputy Collectors of Licenses shall have and exercise the same powers as Police Officers in serving process or summons and in making arrests; also, shall have and exercise the power to administer such oaths and affirmations as shall be necessary in the discharge and execution of their official duties. The said Board of Supervisors shall have power to make all needful rules and by-laws regulating the official con-

duct or duty of said persons who shall be appointed Collector of Licenses and Deputy Collectors of Licenses, and alter or amend the same from time to time, in such mannner as they may deem proper.—[Act April 27, 1863.]

To license and regulate hackney coaches, and other public passenger vehicles, and to fix the rates to be charged for the transportation of persons, baggage, and property, or either, therein; and to license and regulate all vehicles used for the conveyance of merchandise, earth, and ballast, or either; and also, to license and regulate persons and parties employed in conveying baggage, property, and merchandise, or either, to or from any of the wharfs, slips, bulkheads, or railroad stations within the limits of the City and County of San Francisco; to appoint and license one Collector, in addition to the two now authorized by law (amended, see preceding section), at a salary not to exceed one hundred and twenty-five dollars per month, which License Collector, and also those now authorized by law to be appointed, shall each have and exercise the same powers as Police Officers in serving process of summons, and making arrest; to fix and establish the amount of every license paid into the City and County Treasury for city and county purposes, at such rate as said Board shall determine, not exceeding the amount fixed by law; and, *provided*, said Board shall have no power to entirely abolish any license fixed by law, or to reduce the proportions of each license collected, which by law is paid into the City and County Treasury for State purposes.—[Act April 25, 1863, Sec. 1, Sub. 4.]

SUPPLEMENTAL IX.—*An Act to authorize the Board of Supervisors of the City and County of San Francisco to regulate and license Intelligence Offices in said City and County.*—Approved May 17, 1861.

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized to direct the Auditor of said city and county to issue licenses to so many and to such persons as they shall deem properly qualified to keep intelligence offices in said city and county.

SEC. 2. Each license shall designate the house in which the person or persons licensed shall keep his or their office, and said license shall be paid for quarterly, in advance, and shall continue and be in force during the current quarter and no longer, unless revoked by order of the Board of Supervisors.

SEC. 3. Every person so licensed, under and by virtue of the provisions of this Act, shall pay to the Treasurer of said city and county the sum of fifty dollars per quarter, one-half for the use of said city and county and the other half for State purposes.

SEC. 4. Eeach and every keeper of an intelligence office, licensed under the provisions of this Act, shall keep his books in the English language, and, on the receipt of any money from any person applying for a situation, or other intelligence, for which fees are demanded, shall furnish to the said applicant a statement in writing of the amount received, on what account received, and what the intelligence office keeper agrees to do for and on account of said payment, with the date thereof, and to be signed by the said intelligence office keeper with his signature.

SEC. 5. Any person violating the provisions of this Act, or keeping an intelligence office within the limits of said city and county, without being duly licensed, or after the same shall have been revoked by order of the Board of Supervisors of said city and county, or at any other house or place than is designated in such license, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall he fined not less than fifty dollars nor more than five hundred dollars, or imprisonment in the County Jail for not less than twenty days nor more than three months.

SEC. 6. Any person who shall obtain information or employment from an intelligence office keeper, and who shall communicate the same to another person, or send another person in his or her stead, with intent fraudulently to obtain the return of the money paid for such information, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished by fine not exceeding one hundred dollars.

To allow and order paid out of the General Fund, for the fiscal year of eighteen hundred and sixty, and eighteen hundred and sixty-one, not exceeding the sum of ten hundred dollars, for compiling and publishing the laws and ordinances relating to the City and County of San Francisco; and for any fiscal year thereafter a further sum, not exceeding three hundred dollars, for the same purpose.—[Act May 17, 1861, Sec. 3.]

To designate one of their number, who shall, in the absence of the Mayor, or during his inability from any cause, perform the duties required by law of the Mayor of said city and county.—[Act April 25, 1863, Sec. 1, Sub. 7.]

The said Board of Supervisors may make all needful rules and police regulations for the safety and well ordering of all omnibus lines in the City and County of San Francisco.—[Act April 23, 1858, Sec. 1, Sub. 23.]

To regulate the Police and Police force of said city and county, and to prescribe their powers and duties.—[Act April 25, 1863, Sec. 1, Sub. 1.]

To increase the salary of each member of the Police force of said city and county twenty-five dollars per month, and to diminish the same again at pleasure to the present salary of said Police force; which said increase of salary, if made, shall be paid as the salaries of the Police force are now paid, and out of the same fund.—[Act April 4, 1863, Sec. 1, Sub. 16.]

To increase the Police force of said city and county, as from time to time may be deemed necessary by the said Board of Supervisors, to not exceeding one hundred members, including the number now allowed by law, a portion of which increase may constitute a Harbor Police in and for the said city and county, and to allow and order paid out of the General Fund the salaries of said additional Police force, not to exceed the sum of one hundred and twenty-five dollars per month, or any less sum which they may deem proper for each member of said additional Police force.—[Act April 4, 1864, Sec. 1, Sub. 11.]

To authorize and empower the Police Commissioners of said city and county to appoint and to regulate local Policemen, whenever in their judgment the necessities of said city and county require it; *provided*, that no money shall be paid out of the treasury of the said city and county to said local Policemen.—[Act April 4, 1864, Sec. 1, Sub. 12.]

To purchase boats, tackle, and apparatus for the use of the Harbor Police, and to allow and order paid out of the General Fund, for that purpose, a sum or sums not in the aggregate to exceed one thousand dollars.—[Act April 4, 1864, Sec. 1, Sub. 16.]

To order constructed a common pound for estrays, and to provide for the taking up and impounding of all animals running at large within the streets of said city and county, north of Johnston Street and east of Larkin Street [jurisdiction extended over the entire limits of the City and County of San Francisco.—Act May 14, 1861]; *provided*, the cost of the construction of said pound shall not exceed five hundred dollars, which sum, or so much thereof as may be necessary, may be paid out of the General Fund by order of said Board of Supervisors. The said Board shall have power to make all needful rules and regulations necessary for the proper management and control of said pound, and may appoint one or more Pound Keepers, who shall be paid out of the fines imposed and collected of the owners of any animals impounded, and from no other source.—[Act April 23, 1858, Sec. 1, Sub. 14.]

To allow and order paid to Interpreter of the German language for the Police and County Courts, to be appointed by the County Judge, Police Judge, and President of the Board of Supervisors, one hundred and twenty-five dollars per month, to be paid from the General Fund. —[Act April 4, 1864, Sec. 1, Sub. 28.]

To allow and pay, out of the General Fund, a sum not to exceed five hundred dollars per annum, for deficiency in the salary of the Pound Keeper in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 5.]

To provide for the safe keeping and disposition of all lost, stolen, or unclaimed property of every kind which may be in the possession or under the control of the Chief of Police of said city and county, or which may hereafter come into the possession of the Police of said city and county.—[Act April 25, 1863, Sec. 1, Sub. 10.]

To allow and order paid, out of the General Fund, not to exceed the sum of six thousand dollars, in addition to the amount now allowed by law, for repairing and improving roads south of Navy Street, in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 10.]

To compromise and settle all claims upon the part of the Western Pacific Railroad and the Central Pacific Railroad, for cash or other security, in place of bonds claimed by said companies of said city and county, under an Act to authorize the Board of Supervisors of the City and County of San Francisco to take and subscribe one million dollars to the capital stock of the Western Pacific Railroad Company and the Central Pacific Railroad Company of California, and to provide for the payment of the same, and other matters relating thereto, approved April twenty-second, eighteen hundred and sixty-three; *provided*, that the power to make such compromise shall rest in said Board of Supervisors only after and in case said Board of Supervisors shall be compelled by final judgment of the Supreme Court to execute and deliver the bonds specified in said Act.—[Act April 4, 1864, Sec. 1, Sub. 5.]

To allow and order paid, out of the General Fund, for the repairs to the outer half of streets constituting the water front of said city and county, as provided in section thirty-eight of "An Act to repeal the several charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof," approved April nineteenth, one thousand eight hundred and fifty-six; the Auditor to audit, and the Treasurer to pay, sums not exceeding in the aggregate, three thousand dollars [increased to six thousand dollars.—Act April 27, 1860] during any one fiscal year.—[Act April 18, 1858, Sec. 1.]

To allow and order paid out of the General Fund, not exceeding the sum of twelve thousand dollars, in any one fiscal year, for repairs to, and improvements upon, streets and sewers in front of property belonging to the city, other than those mentioned in the previous subdivision of this section.—[Act April 27, 1860, Sec. 1, Sub. 2.]

To require, by ordinance, all contractors for street work, or other persons lawfully undertaking

to improve, grade, or alter streets or public highways in the City and County of San Francisco, to erect fences or other suitable barriers to protect the public from damage, loss, or accident, by reason of such grading, alteration, or improvement, and to determine and prescribe the fines and penalties that shall be incurred for breach of such regulations and ordinances as may be passed by virtue hereof.—[Act April 25, 1863, Sec. 1, Sub. 6.]

SUPPLEMENTAL X.—*An Act to confer further Powers upon the Board of Supervisors of the City and County of San Francisco.*—Approved April 25, 1863.

SECTION 1. That the Board of Supervisors of the City and County of San Francisco shall have full power and authority to provide, by order, for laying out, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within the bounds of said city, which, in their opinion, the public welfare or convenience may require; to provide for ascertaining whether any, and what amount in value of damage will be caused thereby, and what amount of benefit will thereby accrue to the owner or possessor of any ground or improvements within said city and county for which such owner or possessor ought to be compensated, or ought to pay a compensation, and to provide for assessing and levying, either generally on the whole assessable property within said city, or specially on the property of persons benefited, the whole, or any part of the damages and expenses which they shall ascertain will be incurred in locating, opening, extending, widening, straightening, or closing up the whole or any part of any street, square, lane, or alley, in said city and county; to provide for granting appeals to the County Court of the City and County of San Francisco, from the decisions of any Commissioners, or other persons, appointed in virtue of any ordinance, to ascertain the damage which will be caused, or the benefit which will accrue to the owners or possessors of grounds or improvements, by locating, opening extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within said city and county, and for securing to every such owner and possessor, the right, on application within a reasonable time, to have decided, by a jury trial, whether any damage has been caused, or any benefit has accrued to them, and to what amount; to provide for collecting and paying over the amount of compensation adjudged to each person entitled, and to enact and pass all orders from time to time which shall be deemed necessary and proper to exercise the powers and effect the objects above specified; *provided*, nevertheless, that before the Board of Supervisors of the City and County of San Francisco proceed to execute any of the powers vested in them by this Act, at least thirty days' notice shall be given of any application which may be made for the passage of any order, by advertisement in at least two of the daily newspapers of the City and County of San Francisco having the largest circulation; *provided*, further, that whenever any street or part of any street in the said city and county, occupied or used by the track of any railroad company, shall require to be altered or widened for the convenience of public travel, and proceedings for the altering or widening the same shall have been taken under the provisions of this Act, it shall be lawful for the Commissioners appointed as in this Act provided, and whose duty it may be, to make a just and equitable assessment of the whole amount of costs, damages, and expenses, of such altering or widening, among the owners of all the lands and real estate intended to be benefited thereby, to assess such portion of said costs, damages, and expenses, upon the corporation or company owning or using said railroad track as shall to them seem equitable and just, and such assessment shall be a lien upon any property of said corporation or company in the said city and county, and may also be enforced in the same manner as the assessment upon such owners of lands and real estate intended to be benefited thereby.

SEC. 2. That before any Commissioners appointed by any order to be passed in virtue of this Act shall proceed to the performance of their duty, they shall give notice in at least two of the daily newspapers published in the City of San Francisco having the largest circulation, of the object of the order under which they propose to act, at least ten days before the time of their first meeting to execute the same.

SEC. 3. That upon the return of any assessment to be made under any ordinance to be passed in virtue of this Act, the Clerk of the Board of Supervisors of the City and County of San Francisco shall cause a copy of said assessment to be published for ten days, in at least two daily newspapers of said city and county having the largest circulation.

SEC. 4. That the time within which any appeal is to be made from any assessment shall be computed from and after the expiration of the ten days mentioned in the preceding section.

SEC. 5. All the expenses resulting from locating, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within said City and County of San Francisco, shall be paid out of the moneys derived from the assessments upon the property benefited by such locating, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within said city and county; and the City and County of San Francisco shall not be liable for any expense caused by the same.

SEC. 6. This Act shall take effect and be in force from and after its passage.

SUPPLEMENTAL XI.—*An Act to declare and regulate the power of the Board of Supervisors of the City and County of San Francisco to take private lands for certain public improvements, and to prescribe the manner of its execution.*—Approved April 4, 1864.

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have power to determine, by order, to lay out, open, extend, widen, or straighten, any street, alley, square, park, road, or highway, in said city and county, and that it will be necessary to take private lands for that purpose, and for that purpose they shall enter in their minutes a resolution or ordinance declaring such determination, containing a description of the lands so deemed necessary, and also of that part or portion of said city and county, and those railroad companies and corporations, if any which they adjudge will be benefited by said improvement, and which ought to bear the expense thereof; such descriptions to be made with like certainty as is required by law in complaints in actions of ejectment, to refer to all such lands by the adjoining streets, and the numbers of the lots of which they are composed or form a part, as the same are or shall be laid down upon the official map of said city and county, if the same are so laid down on said map, or if not so laid down, to refer to the sections, half sections, quarter sections, or fractional sections, of which the same are composed or form a part, as the same are laid down on the official map of the United States. The said Board of Supervisors shall thereupon make an order directing some officer or officers of said city and county, to be designated in said order, to ascertain and report to them an estimate of the whole expense of the said improvements. Upon such report being made, the said Board of Supervisors shall pass an order requiring all persons interested in the subject matter of the said improvement to attend the said Board of Supervisors at a time fixed by the said Board of Supervisors, and to be specified in said order for that purpose. The said Board of Supervisors shall cause all such orders, resolutions, ordinances, and reports, to be published together daily, for one week, in two daily newspapers, published in the said City and County of San Francisco. After the completion of such publication, and upon proof thereof, and at the time appointed therefor as aforesaid, the said Board of Supervisors shall proceed to hear the allegations of the owners and occupants of the houses, lots, and lands, situated within the portion or part of the said city and county so described as aforesaid, and after hearing the same, shall make such further order in respect to such improvement as they shall deem proper.

SEC. 2. If the said Board of Supervisors shall determine to proceed with such contemplated improvement, they shall thereupon pass and enter in their minutes a final ordinance or resolution, declaring such determination, containing a description of the land deemed necessary to be taken therefor, and also of that portion of the said city and county and those railroad corporations and companies, if any, which will be benefited by said improvement, and upon which the expense thereof is to be assessed, which description shall contain the certainty and particularity required in that behalf in the next preceding section of this Act.

SEC. 3. The said Board of Supervisors may purchase the whole or any part of the land so finally declared to be necessary for such public improvement, of the owner or owners, and make such compensation therefor as the said Board may deem reasonable, and shall thereupon receive from such owner or owners a conveyance of said land to said city and county. In case all the land so declared necessary for such public improvement shall be so purchased and conveyed to said city and county, and the expense of such improvement shall have been declared in manner aforesaid to be a benefit to and the expense thereof to be assessed upon the whole of said city and county, the said Board of Supervisors shall cause the expenses of the said contemplated public improvement to be assessed upon the whole of the taxable property of said city and county, and to be included in and form a part of the next general assessment roll of said city and county, being stated in a separate column thereof, and with the like effect in all respects as if the same formed a part of the State and county taxes; and when the same shall have been collected the said Board of Supervisors shall cause the said contemplated public improvement to be forthwith made and completed.

SEC. 4. The said Board of Supervisors shall cause a map of said contemplated public improvement to be made, designating on such map the lots, tracts, and parcels of land which shall have been declared necessary to be taken for the same as aforesaid, and showing the commencement, boundaries, and determination of such contemplated improvement, and also the part and portion of said city and county, the corporations and companies as aforesaid, declared to be benefited by the same, and to be assessed therefor, with the like certainty as required by the first section of this Act, which map shall be filed in the office of the Clerk of said Board of Supervisors.

SEC. 5. In case a part or portion of said city and county, and not the whole of said city and county shall [have] been declared to be benefited by such contemplated improvement, and to be assessed for the expense thereof, as hereinbefore provided, the said Board of Supervisors shall cause to be published daily for one week, in the official newspaper of said Board in said city and county, a notice specifying and describing the land so declared necessary for such

public improvement, and the portion of the said city and county, corporations and companies, so declare to be benefited by the making thereof, and to be assessed for the expenses thereof, and that the damages and recompense to which the owner or owners of such land may be entitled for the same, will be inquired into and determined, and that such damages and recompense, together with the costs and charges of the proceedings for the purpose of acquiring title to such lands and making appointment [apportionment] thereof, will be apportioned and assessed upon the owners and occupants of houses, lots, and other real estate, corporations, and companies, to be benefited thereby, by Commissioners to be appointed by the County Court of the County of San Francisco in the exercise of its civil jurisdiction, at a day in some term thereof to he specified in such notice, not more than ten nor less than three weeks from the first publication thereof. The Said Board of Supervisors shall cause a copy of such notice to be served upon each of the aforesaid corporations and companies, and each of the owners of the respective parcels of land to be taken for such improvement, and of the lands and tenements within the territory declared to be benefited by such improvement, who are residents of said city, so far as the same can be ascertained, and upon each of the occupants of each of said parcels, if such there be, and upon the usual Agents and Attorneys who shall theretofore have had charge of such lands of such owners as may be nonresidents of the said city and county, if such Agents or Attorneys may be found in said city and county; and in case any of such parcels of land are vacant, then by affixing a copy of such notice in some conspicuous place thereon, at least ten days previous to the day specified in said notice for the appointment of such Commissioners by the said County Court. The service and posting of such notices may be proved by the affidavit of any male citizen of this State, of full age, and disinterested in the proceedings, taken and certified by any officer authorized to administer affidavits to be read in Courts of Justice in this State, or by the certificate of the Sheriff of said city and county, as in proceedings in civil cases, and such affidavit and certificate in the respective case shall be received as evidence of the circumstances required by this section to be shown in regard to such service as alternative with personal service or as a substitute therefor.

Sec. 6. Upon the filing in the said County Court a copy of all the proceedings had by the said Board of Supervisors, as hereinbefore provided, certified by the Clerk of said Board, under the corporate seal of said city and county, and also, of all original affidavits showing publications of notices, and of all original affidavits and certificates showing service and posting of notices, and the original map, made as hereinbefore provided, in the said County Court, the said Court shall thereupon have and take jurisdiction of said proceeding as a special proceeding, and shall act therein and continue and determine the same after the manner of cases of equitable cognizance. At the day in such notice specified, or on any other day to which the same may be adjourned by the said Court, the said Court, after ascertaining to its own satisfaction that said notices have been duly served and published, or that sufficient reason for nonservice thereof, personally, has been shown by affidavit or Sheriff's certificate, as hereinbefore provided, and upon hearing the Attorney and Counsel for the said city and county, and any parties interested who may appear for that purpose, shall appoint three discreet freeholders of said city and county, not interested in any of the lands and tenements described in the said notice, nor of kin to any owner or occupant thereof, Commissioners of Appraisal and Assessment. The said Court may at any time remove any or all of said Commissioners for cause, upon reasonable notice and hearing, and may fill any vacancies occurring among them for any causes.

Sec. 7. The said Commissioners shall be sworn faithfully to discharge their duties according to the provisions of this Act without favor or partiality; they shall proceed to view the lands and tenements mentioned and described in the notice, ordinances, resolutions, and map aforesaid, and may examine witnesses on oath, to be administered by any one of them, and shall keep minutes of the testimony so taken by them. In case of any controversy or doubt respecting any legal principle involved in their proceedings, or in any determination to be made by them, they shall apply to the said County Court for instructions, and shall enter upon their minutes the substance of any charge or instruction given them by the Court. They shall appraise the damages which the owner or owners, and if there be any occupants who are not owners, which such occupants of the lands and tenements to be taken for such public improvement will severally sustain by being deprived thereof, and shall apportion and assess the whole amount of such damages, together with the costs and charges of the Board of Supervisors in the proceedings to be taxed and allowed by the said Court, upon all the owners and occupants of lands and houses within the territory deemed by the resolution of the Board of Supervisors to be benefited by such improvement, as near as may be in proportion to the benefit which each shall be deemed to acquire by the making thereof; *provided*, that no damage shall be allowed for the injury, removal, or demolition of any building erected on any of said lands after the filing of said map; and, *provided*, further, that when any street, or part of any street in the said city and county occupied or used by the track of any railroad company shall require to be altered or widened for the convenience of public travel, and proceedings for the altering or widening the

same shall have been taken under the provisions of this Act, it shall be lawful for the Commissioners appointed as in this Act provided, and whose duty it may be to make a just and equitable assessment of the whole amount of costs, damages, and expenses of such altering or widening among the owners of all the lands and real estate intended to be benefited thereby, to assess such portions of such costs, damages, and expenses upon the corporation or company owning or using said railroad track as shall to them seem equitable and just, and such assessment shall be a lien upon any property of said corporation or company in the said city and county, and may also be enforced in the same manner as the assessment upon such owners of lands and real estate intended to be benefited thereby.

SEC. 8. The said Commissioners shall make a report thereof under their hands, or the hands of a majority of them, to the said County Court, in which report they shall describe, with all practicable certainty, the several pieces and parcels of land taken for such improvement, and the names and residences of the owner or owners thereof, respectively, and the rights of such owners, so far as they can be ascertained, designating unknown owners, if any such there be, and the sum of money which should be paid to each of the owners and occupants of the said several parcels of land, or his or their recompense for being deprived thereof, or of his or their estate and interest therein, including any and all lands purchased by, and conveyed to said city and county for the purposes of said improvement as hereinbefore provided and the cost and expense thereof. They shall also in such report specify, in the form prescribed by law for assessment rolls in said City and County of San Francisco, the sums of money which each and every owner or occupant of houses and lands, corporation or company, deemed to be benefited by such improvement, whether known or unknown, as aforesaid, should pay towards the expense of making the same, and the lands in respect to which he shall be deemed by them to be so benefited; and in case the land in respect to which any person shall be deemed benefited shall be the same of which any portion held by him under the same title shall be taken for such improvement, that fact shall be stated in their report; they shall also file a duplicate of such report in the office of the Clerk of said city and county.

SEC. 9. Upon the filing of such report, the said Court shall assign a day for hearing objections to the confirmation thereof; and on the day assigned, or on such other day or days to which the same shall be adjourned by said Court, shall hear the allegations of all persons interested, and may take proof in relation thereto, from time to time, and shall confirm the said report, or may set the same aside and refer the matter to the same or to new Commissioners, who shall thereupon proceed as hereinbefore provided.

SEC. 10. Upon the confirmation of the report of Commissioners of Appraisal and Assessments, the said County Court shall enter an order that the City and County of San Francisco shall be entitled to take the lands and tenements specified in the report of such Commissioners as necessary for the making of such public improvement on paying the amount of damages assessed to the owners and occupants thereof in such report; and where any damages shall be awarded, and any assessments for benefits of the improvements in respect to which such damages are awarded shall be made upon the same person or persons, or in respect to the ownership of any entire parcel of land, a part of which shall be taken for such improvements, in that case the said City and County of San Francisco shall become vested with the title of such lands, (free from all encumbrances) upon paying or depositing, according to the law, the amount of the difference between the sums of money so awarded and assessed.

SEC. 11. The said Commissioners shall be entitled to compensation for their services under this Act, to be certified by the said County Court, and taxed by said Court as a part of the expenses of the proceedings.

SEC. 12. Any person conceiving himself aggrieved by any part of such report that shall have been confirmed by said County Court, may, within one month after such confirmation, give notice to the said Board of Supervisors and to the Clerk of said County Court of his intention to appeal to the Supreme Court to review the said report, or the proceedings of the said Commissioners, or of the said County Court, or of any or of all of them upon matters of law, and to correct the said report. Said notice shall specify the grounds of such appeal with sufficient certainty, and shall be accompanied by the undertaking or deposit provided for in section three hundred and forty-eight of the Act to regulate proceedings in Courts of Justice in this State, commonly known as the Civil Practice Act. When the party appealing shall desire a statement to be annexed to the record, the same shall be prepared as in other appeals in civil cases with the like effect, and any portion of the testimony taken by the Commissioners or Judge, or of the minutes of the Commissioners pertinent to the appeal, may be inserted in such statement.

SEC. 13. The giving of such notice and filing of such undertaking, or making such deposit, shall suspend all further proceedings of the Board of Supervisors in relation to the taking of the lands and tenements which shall be the subject of such notice, until a decision thereon as hereinafter provided. The Supreme Court shall proceed to hear such appeal, giving the same such procedure as may be consistent with the dispatch of public business in the said Court, and may

confirm, correct, modify, or set aside such report, in whole or in part; may direct the Commissioners to proceed and revise the same upon principles declared by the said Supreme Court; and in case a new report is made by the Commissioners under such direction, the same shall be subject to the same confirmation by the County Court, and to the like appeal, with the like effect, respectively, as hereinbefore provided.

Sec. 14. In case the said report so made and confirmed as aforesaid in the said County Court shall be confirmed in the Supreme Court, the obligors in the undertaking given to the said city and county as before provided, shall be liable to pay all the taxable costs necessarily incurred on said appeal; and in case the said report shall be corrected or modified, the Supreme Court shall determine under the circumstances of the case whether the appellant shall be entitled to his costs and expenses; and if the same be awarded to such appellant they shall be paid on taxation by the Board of Supervisors of said city as part of the contingent expenses of the proceeding.

Sec. 15. Whenever the amount of damages for taking any lands as aforesaid and assessment thereof shall be finally ascertained and fixed, either by confirmation of the County Court as aforesaid, and no notice and undertaking being given as hereinbefore prescribed, or by the confirmation, correction, or modification of the report of the Commissioners by the Supreme Court, the Mayor of the said city shall cause a transcript to be made, and in the form used for assessment rolls in said city, except that in such assessment roll to be made from such report as confirmed shall be set down in separate columns:

First. The names of all persons, corporations, and companies assessed, when known, and if not known, then that fact to be stated.

Second. The description of the land in respect to which they are assessed.

Third. The amount to which such persons shall respectively be assessed.

Fourth. The amount of damages, if any, to which such persons are respectively entitled by the award of the Commissioners.

Fifth. The amount of the excess, if any, to be collected; to which said transcript, when so made, the Mayor shall annex his warrant, and the same shall be thereupon collected in the manner then prescribed by law for the collection of general taxes in said city and county, and shall in like manner be a lien upon the respective tracts and parcels of land, corporations, and companies, as aforesaid.

Sec. 16. The expenses of any public improvement herein authorized shall be defrayed by assessment on the owners and occupants of houses and lands, corporations and companies, that may be benefited thereby.

Sec. 17. Whenever the amount of any damages for taking any lands as aforesaid shall be finally ascertained and fixed, either by confirmation of the County Court as aforesaid, and no notice and undertaking being given within the time above prescribed, or by the confirmation thereof by the Supreme Court, it shall be the duty of the said Board of Supervisors to cause the said damages and the other expenses of said improvement to be collected upon the said assessment roll as aforesaid, and when so collected they shall forthwith pay the amount of such damages to the owners and occupants of lands and tenements, or to persons having any liens thereon to whom the same shall have been allowed; and in case such owners be unknown non-residents of the said city, married women, infants, idiots, or lunatics, or the rights and interests of persons claiming the same shall, in the opinion of the Board of Supervisors, be doubtful, it shall be lawful for the said Board of Supervisors in any such case to pay the amount of such damages into the office of the Clerk of the said County Court, accompanied by a statement of the facts and circumstances under which said payment is made, and describing the lands and tenements taken by the said City and County of San Francisco for which such damages have been awarded; but the City and County of San Francisco shall not be liable for any expense of such public improvement beyond the moneys actually collected for the same, except as hereinbefore provided.

Sec. 18. Until such damages shall be paid as aforesaid, it shall not be lawful for the said Board of Supervisors or any of their officers or Agents to take or enter upon any lands or tenements for the taking of which any such damages shall have been allowed.

Sec. 19. Upon any such damages being paid into the said County Court, the said Court shall take order for the investment thereof and of the interest arising thereupon after the manner of Courts of Equity in regard to trust funds deposited therein, and shall cause the securities taken on such investments to be transferred, and the money on hand to be paid over to the persons entitled to such damages, their guardians, or legal representatives, in the manner prescribed by law respecting moneys belonging to doubtful or unknown owners, and deposited in District Courts, and the same proceedings in all respects shall be had to ascertain the rights and interests of such persons.

Sec. 20. If any title attempted to be acquired by virtue of this Act shall be found to be defective from any cause, the said Board of Supervisors may again institute proceedings to acquire the same, as in this Act provided, or if proceedings have been had in the said County Court in regard to such public improvements as herein provided, may summon the owner, occupant, or

claimant of such lands to appear, in the first instance in such County Court and show cause why Commissioners should not be appointed and proceedings thereafter had from that point in and by said Court in relation to said lands as herein provided. Upon the return of such new proceedings so had by the Board of Supervisors as hereinbefore provided, or upon the return of a summons duly served in the respective case, the said County Court shall have and take jurisdiction of the proceedings, and such proceedings shall be thereafter had in the same by said Court from that point as hereinbefore provided, and with the like effect. At any stage of such new proceedings, or of any proceedings under this Act, the said County Court, or the Judge thereof at Chambers, may, by an order made in that behalf, authorize the said city and county, if already in possession of any of such lands, to continue in such possession and the use thereof for the purposes of such improvements; *provided*, said city and county shall pay a sufficient sum into Court, or give security, to be approved by said County Court or Judge, to pay the compensation in that behalf when ascertained.

Sec. 21. This Act shall not be construed to repeal an Act to confer further powers upon the Board of Supervisors of the City and County of San Francisco, passed April twenty-fifth, eighteen hundred and sixty-three, but the provisions of that Act shall be held not to apply to the proceedings provided for in this Act. This Act shall be deemed a public Act, and shall be liberally construed, and the said Board of Supervisors and the said County Court shall have all powers necessary to carry the same into execution. All presumptions attaching to the proceedings of Courts of general jurisdiction shall apply to the proceedings had in the said County Court under the provisions of this Act; *provided*, it shall appear that its jurisdiction originally attached in the same, and such jurisdiction shall be deemed to attach upon the filing in the said County Court of the proceedings, map, affidavits, and certificates mentioned in the sixth section of this Act, notwithstanding any defect of form or of substance not appearing on the face of the proceeding or papers. This Act shall take effect immediately.

To order paid out of the General Fund, not to exceed seven thousand five hundred dollars, for cleaning sewers, cesspools, and street crossings, in any one fiscal year.—[Act April 26, 1862, Sec. 1, Sub. 9.]

To allow and order paid out of the General Fund, not to exceed eight thousand dollars per annum, in addition to the sum now allowed by law, for cleaning the streets, sewers, crosswalks, and highways of said city and county.—[Act April 4, 1863, Sec. 1, Sub. 6.]

To allow and order paid out of the General Fund a sum not to exceed three thousand dollars, for grading and improving Columbia Square, in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 2.]

To appropriate, allow, and order paid out of the General Fund, a sum not to exceed ten thousand dollars, for grading and fencing Hamilton Square, in said city and county.—[Act April 4, 1864, Sec. 1, Sub. 24.]

To allow and order paid out of the General Fund, a sum not to exceed five thousand dollars, for improving Washington, Union, and Portsmouth squares, in said city and county.—[Act April 4, 1864, Sub. 3.]

To allow and order paid out of the General Fund, to such person or persons as in the judgment of said Board of Supervisors may be equitably entitled to the same, a sum not to exceed eight hundred dollars, for work done in grading Union Square.—[Act April 4, 1863, Sec. 1, Sub. 21.]

To settle claims for the refunding of taxes collected under the levy decided to be illegal by the Supreme Court in the case of Crosby et al. vs. Patch; *provided*, the aggregate amount of claims so settled shall not exceed the portion of such taxes levied for city and county purposes. —[Act April 4, 1864, Sec. 1, Sub. 25.]

Supplemental XII.—*Act to Establish the Lines and Grades of Streets in the City and County of San Francisco.*—Approved April 4, 1864.

Section 1. The City and County of San Francisco is authorized, as in this Act provided, to establish the lines and grades of the streets in said city and county lying within the corporate limits of the City of San Francisco as defined in an Act entitled an Act to incorporate the City of San Francisco, passed April fifteenth, eighteen hundred and fifty-one, and for that purpose a Board of Civil Engineers is hereby constituted, composed of the City and County Surveyor, and Thaddeus R. Brooks, who shall be known as the "Board of City Engineers," who shall proceed, as soon as practicable, to survey and to complete surveys already commenced of all the streets and fix the lines thereof within the limits above mentioned, and to make a map or maps thereof, showing thereon the width of every street, to fix monuments for the preservation of the street lines so established, and to prepare and file in the office of the City and County Surveyor a complete record of the monument so fixed; and the lines so established by said Board shall conform as far as possible with the original base lines of the city survey.

Sec. 2. Said Board shall, after making a careful survey thereof, make profiles of all the

streets within said limits west and south of Larkin and Johnson or Ninth streets, and legibly designate on said profiles such lines of elevation or grade as they shall deem suitable to establish a permanent grade for said streets.

Sec. 3. The Board having completed their survey, maps, and profiles, or either, shall deliver the same with a written report to the Board of Supervisors of said city and county, who shall thereupon publish a notice for three weeks, stating that such report has been made, and that the same, with the maps or profiles, are open for public inspection in the office of the Clerk of the Board of Supervisors, where the same shall be kept during the publication of said notice. Any property owner dissatisfied with such maps or profile may at any time within three weeks after the first publication of said notice, file with the Clerk of the Board of Supervisors objections thereto in writing, stating specifically the grounds and reasons of such objections, and the Clerk shall indorse thereon the date of such filing. After the expiration of said notice, in case such objections are so filed, the Clerk shall cause said maps or profiles, together with the written objections thereto, to be returned to said Board of City Engineers, who may, after duly considering such objections, modify their report, maps, and profiles, if they deem proper. In case no written objections are so filed or being filed, and the same being thus considered by the Board of City Engineers, the said maps or profiles, or both, shall be finally submitted to the Board of Supervisors, who shall approve or reject the same; and if the same shall be finally approved and adopted by an order of the said Board of Supervisors, then such maps and profiles shall stand as the legal and valid official plan of said city, to determine the lines of the streets, and the grades thereof.

Sec. 4. In making the survey of that part of the city to the west and south of Larkin and Johnson or Ninth streets, said Board shall make the same conform, as far as possible, to the official plan or map of the Western Addition, made by the Commissioners appointed by Ordinance Number Eight Hundred and Forty-Five, of the City of San Francisco, conforming also to the lines and grades, as far as practicable, of the streets to the east and north-east of the streets last named, observing the original base lines of the city survey, so far as they can be ascertained.

Sec. 5. The maps and profiles, when approved by the Board of Supervisors, shall also be certified by said Board of City Engineers, by their certificate indorsed thereon, and by them subscribed. All their surveys, field notes, and records, and the map or maps designating the lines of the streets, and the width of the same, and the size of each block, on the completion of their duties, as herein prescribed, shall be deposited with and kept by the City and County Surveyor, as a part of the records of his office, and shall be and remain the property of the City and County of San Francisco.

Sec. 6. The Board of Supervisors shall determine the amount of compensation to be paid to said Board of Engineers, and shall also allow them the necessary assistants, and provide suitable rooms for their use while engaged in the work authorized by this act, and furnish the necessary instruments, books, stationery, and office furniture, and also furnish suitable monuments, of iron, stone, or wood, for the purposes mentioned in section one of this Act; all of which shall be obtained by said Board of Engineers, by their requisition upon the Board of Supervisors, in the mode prescribed in section nine of the Act entitled An Act to fix and regulate the Salaries of Officers in the City and County of San Francisco, approved May seventeenth, eighteen hundred and sixty-one; *provided*, that no payments shall be made by said Engineers on account of their compensation until after the completion of their duties as herein provided; and, *provided*, further, that no compensation shall be allowed or paid to said Engineers for any services performed after the first day of August, A.D. one thousand eight hundred and sixty-four. Every item of expense authorized by this Act, before it becomes a claim or debt against said city and county, shall first be allowed and ordered paid by the Board of Supervisors, and audited by the Auditor, when the same shall be paid by the Treasurer, out of the General Fund of the City and County of San Francisco; *provided*, further, that the amount of money expended under the provisions of this Act, including salaries of Engineers, shall not exceed eight thousand dollars.

Sec. 7. In case of vacancy in said Board of City Engineers, the Mayor shall fill such vacancy by the appointment of some competent Civil Engineer, which appointment shall be subject to the approval of the Board of Supervisors.

Sec. 8. All Acts and parts of Acts in conflict with this Act are hereby repealed.

Sec. 9. This Act shall take effect and be in force from and after the date of its passage.

To ordain, procure, and use, a common seal, to be used at pleasure, as the official seal of the said City and County of San Francisco, the cost of which seal shall not exceed fifty dollars, to be paid out of the General Fund, by order of said Board of Supervisors.—[Act April 23, 1858, Sec. 1, Sub. 20.]

To expend and order paid out of the General Fund, not to exceed two thousand dollars per month, for objects of urgent necessity.—[Act April 26, 1862, Sec. 1, Sub. 10.]

To provide for the summary removal and disposition of any or all vehicles found during cer-

tain hours of the day and night, to be designated by said Board, in the streets, highways, and public squares of said city and county, or such of them as said Board may designate; and, in addition to all other remedies, to provide, by regulation, for the sale or other disposition of said vehicles so found in said streets, highways, or public squares, as aforesaid.—[Act April 25, 1863, Sec. 1, Sub. 5.]

Also, to remove the remains of the dead from the Yerba Buena Cemetery to some other burial ground, and to dedicate the land now known as the Yerba Buena Cemetery for such purpose of a public nature as they may deem proper, and to allow and order paid out of the General Fund, a sum not to exceed ten thousand dollars.—[Act April 27, 1860, Sec. 1, Sub. 14.]

To allow and order paid out of the General Fund, for grading, improving, and erecting a monument in Yerba Buena Park, a sum not to exceed ten thousand dollars, in addition to the amount now allowed by law for that purpose.—[Act April 4, 1864, Sub. 1.]

To allow and order paid out of the General Fund, for repairs to public buildings in said City and County of San Francisco, and to meet any deficiency in the Public Building Fund during the fiscal year eighteen hundred and sixty-three and eighteen hundred and sixty-four, a sum not to exceed five thousand dollars.—[Act April 4, 1864, Sec. 1, Sub. 17.]

To allow and order paid out of the General Fund, to the Clerk of the Mayor of said city and county, the sum of one hundred and fifty dollars per month in lieu of the present salary allowed by law to said Clerk.—[Amendment, April 4, 1864, Sec. 1, Sub. 8.]

To allow and order paid out of the General Fund, to the Porter of the City Hall of said city and county, a sum not to exceed ninety dollars per month in lieu of the salary now allowed to him by law.—[Amendment, April 4, 1864, Sec. 1, Sub. 14.]

To appoint an additional Assistant Porter for the City Hall of said city and county, after the same shall be enlarged, and to allow and order paid out of the General Fund a salary to him not exceeding the sum of seventy-five dollars per month.—[Amendment, April 4, 1864, Sec. 1, Sub. 13.]

To allow and order paid out of the General Fund, in lieu of their present salary, the sum of one hundred and fifty dollars per month to three Deputies of the Sheriff of said city and county, which Deputies now receive one hundred and twenty-five dollars per month.—[Amendment, —April 4, 1864, Sec. 1, Sub. 15.]

SUPPLEMENTAL XIII.—*An Act to provide for the appointment of a Weigher of Coal in and for the City and County of San Francisco.*—Approved April 27, 1863.

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized to appoint a Weigher of Coal in and for the City and County of San Francisco, who shall reside in said place, and continue in office for the term of two years from the date of his appointment, and until his successor is appointed and qualified.

SEC. 2. Said weigher, before entering upon the duties of his office, shall take and subscribe the oath of office, and give bonds, in the sum of ten thousand dollars, for the faithful discharge of his duties, which oath shall be administered by the County Judge, and said bond acknowledged before him and approved, or before some other competent officer, the oath and bond to be filed in the office of the Auditor of said city and county.

SEC. 3. When requested to do so by any person interested in knowing the weight of any coal, it shall be the duty of said Weigher to weigh all coal brought to his scales to be weighed, and, unless some other price be agreed upon by said Weigher and the person or persons making such request, he may charge and collect ten cents per ton for such service.

SEC. 4. Said Weigher shall have and maintain at suitable places such number of scales as he may deem necessary; but this Act shall not be so construed as to enable said Weigher to create any liability against said city and county.

SUPPLEMENTAL XIV.—*An Act to define the Powers and Duties of the Board of Supervisors, etc.*—Approved April 10, 1857.

SECTION 1. The Board of Supervisors of the City and County of San Francisco shall have power to appoint a committee, consisting of three members of said Board, to be denominated the "Finance Committee," and to fill all vacancies which may happen in said committee by new appointments, from time to time. Said committee, in addition to the ordinary duties of the Finance Committee of said Board, shall have the power as hereinafter specified.

SEC. 2. The Clerk of the Board of Supervisors shall be Clerk of the Finance Committee, after the expiration of six months from the passage of this Act, and during said intermediate period of six months, the said committee shall have power to appoint a Clerk, who, during the time that he shall be actually employed, shall receive a salary of two hundred dollars a month, which amount shall be understood to cover all expenses for books, stationery, lights, fuel, and contingencies, which may be necessary for the use of said committee, and shall be paid out of

the General Fund, upon demand, of the treasury of said City and County of San Francisco, after being first approved by the committee, and allowed and registered by the Auditor, like other similar demands.

Sec. 3. The Clerk of said committee shall keep a record of its proceedings, with the names of witnesses examined, and a substantial account of the evidence taken. It shall be the duty of the Sheriff, or any Constable, or Policeman, of said city and county, to execute the lawful process and orders of the said committee. The said committee may visit any of the public offices when, and as often, as they think proper, and make their examinations and investigations therein, without hindrance. In the exercise of its functions, the concurrence of two members of the committee shall be deemed sufficient.

Sec. 4. It shall be the duty of the committee to proceed forthwith to examine and settle all the accounts and transactions of the Treasurer of said city and county, and to make out and state two distinct accounts, the one embracing his transactions from the first Monday in October, 1855, to the first day of July, 1856, and the other embracing those of the period from the said first day of July to the time of said settlement; and the said committee shall ascertain, determine, and state the true balance of said accounts.

Sec. 5. After the settlement of the accounts and transactions of the present Treasurer of said city and county, the said committee shall proceed in like manner to investigate and settle the transactions and accounts of the Treasurers, Auditors, Controllers, and Tax Collectors of the City and of the County of San Francisco, who were in office during the two terms next preceding those of the present incumbent, and also of the present Auditor and President of the Board of Supervisors.

Sec. 6. The said committee shall hereafter, as often as may be required, by order of the Board of Supervisors, investigate the transactions and accounts of all officers having the collection, custody, or disbursement of public money, or having the power to approve, allow, or audit demands on the treasury, and report thereon to the Board of Supervisors, and for the purpose, shall continue to have and exercise all the powers granted in this Act. But nothing in this Act contained shall be construed to relieve the Auditor, President of the Board of Supervisors, or other officers, from any of the duties and obligations now imposed on them by law.

Sec. 7. The said committee and the Clerk, shall have free access to any records, books, and papers in all public offices. And said committee shall have the same power as courts of record, to administer oaths and affirmation, to examine witnesses, and compel their attendance before them, by subpena, and attachment for contempt, in case of their refusal to appear or to testify when lawfully required, and shall have the like power to punish as for contempt, any officer, ex-officer, or other person, who shall refuse or neglect, when required in writing, by said committee, to exhibit any official records, books, or papers in his custody, or to explain the same, or any official transaction of his own, or of any other officer so far as he may be able.

Sec. 8. If, from the examination made by the Finance Committee, in pursuance of the powers granted by this Act, it shall appear that a misdemeanor in office, or a defalcation has been committed by any officer of said city and county, whose accounts and transactions they are authorized to examine as aforesaid, said committee shall immediately report the same to the President of the Board of Supervisors, who shall immediately cause said report to be published, in at least two daily newspapers, published in the City of San Francisco, for the period of three days.

Supplemental XV.—*An Act to create certain Road Districts in the City and County of San Francisco, and to provide for the repair and improvement of Roads therein.*—Approved May 20, 1861.

Section 1. It shall be the duty of the Board of Supervisors of the City and County of San Francisco, within sixty days from and after the passage of this Act, to divide that portion of the eleventh and twelfth districts in said city and county, being southerly and westerly of the line formed by Center, Dolores, Market, and Larkin streets, into two road districts; they shall cause each district to be numbered, and the boundaries of the same to be accurately defined by reference to public streets or highways, or other permanent monuments, and shall cause such description of boundaries, with their numbers, to be entered on their minutes.

Sec. 2. The said Board of Supervisors shall, as soon as they have established the road districts before named, appoint some qualified person, a resident and legal voter in each road district, Roadmaster, and whenever thereafter a vacancy in said office may occur; each Roadmaster shall hold his office for the term of one year from and after the date of his appointment, and until his successor is appointed and qualified.

Sec. 3. Said Roadmasters shall each take and subscribe the proper oath of office and give bond conditioned on the faithful discharge of the duties of his office, in such sum, not exceeding fifteen hundred dollars, and with such sureties as the Board of Supervisors may direct.

Sec. 4. It shall be the duty of each Roadmaster to carefully examine all the public roads in his district and report the condition of the same from time to time, to the Board of Supervisors;

provided, that from the month of November to May, inclusive, of each year, such report shall be made on the first Monday of each month; said report shall specify the kind of repairs and the portion or portions of the district in which they are required, together with an estimate of the cost thereof.

SEC. 5. Upon presentation to the Board of Supervisors of the estimate of the Roadmaster of any district, as herein provided, the said Board of Supervisors shall appropriate a sum of money not exceeding the amount of said estimate; *provided*, that the amount of all appropriations authorized by this Act shall not exceed four thousand dollars for any one fiscal year. All sums so appropriated shall be faithfully applied for the purposes specified in such appropriation; and upon the presentation of the sworn certificate of the Roadmaster of any district, any sum or sums, not exceeding such appropriation, shall be allowed and ordered paid out of the General Fund, in like manner as other demands are allowed and ordered paid.

SEC. 6. For the purposes of this Act, public roads and highways shall include all roads that have been open to the public and used as public highways long enough to evince their utility and necessity, but shall not include any street established by any authorized survey of the city, or City and County of San Francisco, or any part thereof, unless such street shall have been or may hereafter be established across or along such public road or highway, or some part thereof.

SEC. 7. Each Roadmaster is hereby authorized to purchase all necessary timber, planks, or other material for the construction or repair of bridges or culverts, and to hire, at just and reasonable rates, all necessary labor, tools, or implements, for widening, straightening, grading, or otherwise improving such roads and highways. Each Roadmaster shall receive a reasonable compensation, to be paid out of the General Fund, not to exceed five dollars per day for each day's service rendered in the discharge of the duties of his office; *provided*, that no Roadmaster shall be entitled to receive more than three hundred dollars for all services he may render as such officer, in any one fiscal year.

SUPPLEMENTAL XVI.—*Act concerning Roads, etc.*—Approved April 16, 1859.

SECTION 1. The provisions of an Act entitled "An Act concerning roads and highways," approved April twenty-eighth, one thousand eight hundred and fifty-five, and the provisions of an Act entitled an Act to amend an Act entitled an Act concerning roads and highways, passed April twenty-eighth, one thousand eight hundred and fifty-five, approved April nineteenth, one thousand eight hundred and fifty-six, are hereby declared to be applicable to the City and County of San Francisco, and all roads and highways in that portion of said city and county that was not included in the City of San Francisco as the boundaries of the same, established by an Act entitled an Act to reincorporate the City of San Francisco, passed April fifteenth, one thousand eight hundred and fifty-one, shall be laid out, opened, constructed, and repaired, as aforesaid in the said Acts; *provided*, that all streets within the said former City of San Francisco, as the boundaries thereof, were established by an Act entitled "An Act to reincorporate the City of San Francisco," passed April fifteenth, one thousand eight hundred and fifty-one, shall be, and they are hereby, excepted from the operations of this Act.

SUPPLEMENTAL XVII.—*An Act in relation to the Exempt Fire Company of the City and County of San Francisco.*—Approved March 26, 1863.

SECTION 1. The Board of Supervisors* of the City and County of San Francisco are hereby authorized and empowered, in their discretion, to designate and set apart for the use of the Exempt Fire Company in said city and county, the building now occupied by the Manhattan Engine Company, Number Two, situated on Jackson Street, near Montgomery, in said city and county; *provided*, a suitable building be first procured for the use of said Manhattan Engine Company, Number Two, now occupying the building to be so set apart or designated for the use of the said Exempt Fire Company.

SEC. 2. Said Board of Supervisors are also authorized and empowered, in their discretion, to allow and order paid out of the General Fund in the treasury of the City and County of San Francisco, a sum not to exceed eight thousand dollars, for repairs to such building, and for the purchase of apparatus for the Exempt Fire Company; and the Auditor is hereby directed to audit, and the Treasurer to pay, such sums as are authorized to be paid by this section.

SEC. 3. This Act shall take effect and be in force from and after its passage.

---

*In addition to the powers of the Board of Supervisors herein specified, the Legislature of the State, Session 1863, passed the following:

I. To provide for the payment of a judgment recovered against the City by John Dunn. See Statutes 1863-4, Act CCXXX, p. 228.

II. To authorize the transfer of certain real estate to the State. Act CCLV, p. 260.

III. To authorize the sale of certain Railroad Stock. (S. F. & S. J. R. R.) Act CCCLXXXVI, p. 437.

IV. To authorize the appointment of a Matron of the County Jail, etc. Act CCCCXXIII, p. 474.

ARTICLE VI.

FINANCE AND REVENUE.*

SEC. 75. All fines, penalties, and forfeitures, imposed for offenses committed within the said city and county, shall be received by the Clerk or Magistrate of the respective court and paid into the treasury thereof, as a part of the Police Fund; forty per cent. of all poll taxes collected in said city and county, or any other proportion of such poll taxes which may be hereafter assigned to said city and county, by law, shall also be paid and received into the treasury thereof, as a part of the Police Fund. All demands payable out of said fund, may, in case there be not sufficient money in the treasury arising from the sources specified in this section, be paid out of the General Fund of said city and county.

SEC. 76. The School Fund of said city and county, shall consist of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use, by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five cents on each hundred dollars' valuation of all property, real and personal, liable to be assessed. The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

To transfer, by order, from the General Fund to the School Fund of said city and county, sixty thousand dollars; *provided*, the Board of Education of said city and county shall first notify said Board of Supervisors, by resolution, that the amount of taxation for the fiscal year eighteen hundred and sixty-three–four, for school purposes, shall not exceed twenty cents on each one hundred dollars of the assessed value of property.—[Act April 4, 1863, Sec. 1, Sub. 29.]

SEC. 77. All taxes assessed upon real and personal property in said city and county, shall be payable and be paid directly to the Treasurer thereof; and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable in the mode prescribed by law for the collection of such State and county taxes. The taxes due, however, may be paid to the said Treasurer at any time before the property is sold, and on production to the Tax Collector of the proper receipt, and payment of his legal fees for services rendered up to that time, such property shall be discharged.

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees, or otherwise; he shall also be charged with and be deemed debtor to the treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from an irregularity or defect in the assessment, then the Assessor, whose duty it was to make the assessment, shall be liable and be deemed debtor to the treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said city and county shall receive and safely keep in a secure fire-proof vault, to be prepared for the purpose, all moneys belonging to, or which shall be paid into the treasury, and shall not loan, use, or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act, and after they have been duly audited; he shall keep the key of said vault and not suffer the same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book, the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly; if he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period not less than three or more than ten years.

* The Public Revenue Act, with its various amendments relative to San Francisco, should also be referred to.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two-thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. Repealed. (See Act of the Legislature, March 28, 1859.)

SEC. 82. No payment can be made from the treasury or out of the public funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided, and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of public funds, unless his account has been duly presented, passed, approved, and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature, regulating the duties of such officer, on being required in writing, to comply therewith, by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act; and the Auditor may examine any officer, receiving a salary from the treasury, on oath touching such absence.

SEC. 83. The term "audited," as used in this Act with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and Board of officers, and finally allowed as required by law; and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, or Board of Delegates of the Fire Department, but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the treasury in the city and county is authorized by law, and out of what fund. If he allow it he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other Board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date, and value composing it, and refer to the law by title, date, and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries fixed by law, and made payable out of the treasury of said city and county, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools, acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed, or audited, to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers must, before they can be allowed by the Auditor or paid, first be approved by the Police Judge and Chief of Police, or if they refuse or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury, or any public funds of said city and county, and not hereinbefore in this section specified, must, before they can be allowed by the Auditor, or in any manner be recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instruction and regulations during recess of the said Board. The Auditor must number and keep a record of all demands on the treasury allowed by him, showing the number, date, amount, and name of the original and present holder;

on what account allowed, out of what fund payable, and, if previously approved, by what officer, officers, or Board it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon, until this requisite shall have been complied with.—[Amendment, April 18, 1857.]

Sec. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education, and each Supervisor, shall have power to administer oaths and affirmations concerning any demand on the treasury, or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county, individually, and on his official bond, for the amount of the demand so illegally approved, allowed, or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, and Clerk of the Board of Supervisors, at any time during business hours. Copies, or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.—[Amendment, April 18, 1857.]

Sec. 87. The Auditor is the head of the Finance Department of the city and county, and as such is required to be constantly acquainted with the exact condition of the treasury, and every lawful demand upon it. He shall keep a public office, and give his personal attendance there daily, during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business, or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.

Sec. 88. Every lawful demand upon the treasury, duly audited, as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it with an indorsement of the word "registered," dated and signed by the Treasurer.

Sec. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance, to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax Collector, or other officer or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law, and without any delay.

Sec. 90. The salaries, fees, and compensations of all officers, including policemen and employés of all classes, and all teachers in common schools, or others, employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing, shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors, or Board of Education, then, within one month after the regular session of the proper Board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it as above required was not in the power either of the original party interested, or his agent, or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

Sec. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to, and countersigned by the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date, and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence,

in favor of such person or officer, of the payment specified in it, without being first countersigned, as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of, or refusal to approve or allow, any demand upon the treasury, presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid; *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors, or the Board of Education, the opinion of the District Attorney thereon, shall be required in writing, read and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury, or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said city and county, shall, every month, examine the books of the Treasurer, and other officers of said city and county having the collection and custody of public funds, and shall be permitted, and it shall be their duty, to see and count over all the moneys remaining in the hands of such Treasurer, or other officer. If they ascertain *clearly* that such Treasurer, or other officer, is a defaulter, they shall forthwith take possession of all funds, books, and papers, belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he is appointed to fill. If the Treasurer, or other officer so charged as a defaulter, be acquitted thereof, he shall resume his duties.

SEC. 95. Payments of demands on the treasury of said city and county may be made for the following objects, and none others:

First. Out of the Police Fund, the fixed salaries of Police Captains and Officers, Chief of Police, Police Judge, and Clerk of Police Court.

Second. Out of the School Fund, the salaries or wages of teachers in the common schools, rents, repairs, building, and furnishing of school-houses, as provided by law.

Third. Out of the General Fund, the fixed salaries or compensation of the Assessor and his deputies, the salaries fixed by law, and other officers of said city and county, and of officers of the Fire Department, and the legal fees of jurors and witnesses in criminal cases, when the same by law are payable out of the County Treasury.

Fourth. Out of the General Fund, coupons for interest due upon the "San Francisco City Stock," duly issued in pursuance of the Act entitled "An Act to authorize the funding of the Floating Debt of the City of San Francisco, and to provide for the payment of the same," passed May first, eighteen hundred and fifty-one.

Fifth. Out of the General Fund, coupons for interest due on the bonds duly issued by the Board of Fund Commissioners, in pursuance of the provisions of the Act entitled "An Act to provide for the Funding of the Legal and Equitable Debt of the City of San Francisco, and for final redemption of the same," passed May seventh, eighteen hundred and fifty-five.

Sixth. Out of the General Fund, coupons for interest due on bonds duly issued by the Commissioners for Funding the Floating Debt of the County of San Francisco in pursuance of an Act entitled "An Act to fund the Floating Debt of the County of San Francisco," passed May fourth, eighteen hundred and fifty-two.

Seventh. Out of the General Fund, coupons for interest due upon the bonds known as the "Fire Bonds," issued to the amount of "two hundred thousand dollars," by the corporate authorities of the City of San Francisco, and bearing date December first, eighteen hundred and fifty-four.

Eighth. Out of the General Fund, the certificates of stock and bonds, after maturity, which have been duly issued, referred to in the four next preceding subdivisions of this section.

Ninth. Out of the School Fund, coupons for interest due on the bonds known as the "School Bonds," dated May fourth, eighteen hundred and fifty-four, and amounting in the aggregate to the sum of sixty thousand dollars, issued by the corporate authority of the City of San Francisco, together with the sum of five thousand dollars, annually, as a Sinking Fund, for the redemption of said bonds, and the sum or sums due on each and every of the said bonds at maturity, and also the amount necessary to discharge legal incumbrances now existing on school-houses and school-house lots.

Tenth. Out of the General Fund, the sum of fifty thousand dollars, annually, for the redemption of the certificates of stock, mentioned in the fourth subdivision of this section, when the same shall be offered for redemption at the treasury, and after first applying to that use the money now belonging to said "Sinking Fund," remaining in the hands of the Fund Commissioners. Also, the sum of sixteen thousand six hundred and sixty-seven dollars, annually, for the redemption of said "Fire Bonds," mentioned in the seventh subdivision of this section, when the same shall be offered at the City and County Treasury for redemption, and after first applying to that use the money now belonging to this "Sinking Fund."

Eleventh. Out of the Police Fund, bills for the subsisting of prisoners previously authorized by the Board of Supervisors, as in this Act provided, and duly audited, which bills must minutely specify each several item composing the demand.

Twelfth. Out of the General Fund, the amount due upon the mortgage upon the City Hall shall be paid off immediately, and in preference to any other demand whatsoever, not previously registered by the Treasurer under this Act.

Thirteenth. Out of the General Fund, bills duly audited for expenditures in the care and maintenance of the indigent sick of the city and county, previously authorized by the Board of Supervisors, and not exceeding the amount in this Act, limited for that purpose.

Fourteenth. [Amended, see Powers of the Board of Supervisors; sec. 74, page 461.]

Fifteenth. Out of the Surplus Fund, expenditures previously authorized by the Board of Supervisors, in the lawful exercise of their powers, for objects other than those specified in the preceding fourteen subdivisions of this section, may be paid out of the Surplus Fund, as specified in sections ninety-seven and ninety-eight, but not otherwise. At the end of each fiscal year, and after every lawful demand on the treasury then due and payable, or to accrue for that year, shall have been actually paid, taken up and canceled, and record thereof made in the proper books, or cash in the treasury shall have been set apart and reserved, equal to the amount of said demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then, and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing, will, in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time, during such succeeding year, subject, however, to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void as against the city and county, if made before such Surplus Fund exists in the treasury, and unless it be in writing, with a printed copy of sections ninety-five, ninety-six, ninety-seven, and ninety-eight of this Act attached to it, and in such case, the officer or officers executing the same in behalf of the city and county, in contravention of this provision, shall alone be liable in his or their individual capacity, to the other contracting party, for the fulfillment of such contract.—[Amendment, April 18, 1857.]

Sec. 96. The demands specified in the first fourteen subdivisions of section ninety-five, shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterward coming into the said treasury, applicable thereto, in the order in which the same are registered.

Sec. 97. The Board of Supervisors, Board of Education, and each and every officer of the said city and county, being absolutely prohibited to contract any debt or liability, in any form, against the said city and county hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may involve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been provided and reserved for the redemption of said bonds and certificates of stock, to the amount hereinbefore specified.

Sec. 98. If any expenditures not authorized by this Act, be incurred, they can never be paid out of the treasury, nor shall they be deemed to constitute, or lay the foundation of any claim, demand, or liability, legal, equitable, or otherwise, against the said city and county. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the treasury, but not for the preferred objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year

in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract or consideration, be deemed to be a legal nor equitable claim or liability against the said city and county, or the treasury thereof, or the taxable property or tax payers, otherwise than as in this section provided; and no demand preferred against the said city and county, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized, assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99. [Repeals former Acts, and provides that all laws and parts of laws defining the powers and duties of Supervisors or Boards of Supervisors, are declared inapplicable to the said City and County of San Francisco, except such as are expressly referred to in, and made applicable thereto by the provisions of this Act; also, all laws and parts of laws, as far as they conflict with the provisions of this Act. The schedule to the Act provides for the organization of San Mateo County, and is therefore omitted.]

SUPPLEMENTAL XVIII.—*An Act to provide for the Collection of the Taxes on Personal Property in the City and County of San Francisco.*—Approved May 9, 1862.

SECTION 1. On or before the first Monday in June, in each year, the Assessor of the City and County of San Francisco shall deliver to the Clerk of the Board of Supervisors of said city and county, a list containing the names of all persons, firms, corporations, and associations, who have given in a sworn statement, or whose personal property has been finally assessed, as provided for in section three of An Act to provide Revenue for the Support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, and the Acts amendatory thereof and supplementary thereto, and the amount of the tax on personal property assessed to each of said persons, firms, corporations, and associations. Said list shall be certified by the Assessor; *provided*, however, that the Assessor may, at any time prior to the last Saturday in October, in each year, specially assess any property which shall not be on the regular list, as provided in section eleven of said Act, approved April twenty ninth, eighteen hundred and fifty-seven. As soon as the Clerk of the Board of Supervisors shall receive said list, he shall give notice of the fact, specifying therein the time of the meeting of the Board of Equalization, for the correction of errors in the assessment of personal property, as provided in section two of this Act, by publication in one or more daily newspapers published in said city, and he shall keep said list open in his office, for public inspection.

SEC. 2. The Board of Equalization of said city and county, as constituted by section eight of An Act to provide Revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, shall meet on the first Monday in June, in each year, for the correction of errors in the assessment of personal property, and shall continue in session, from time to time, until such errors brought to their notice shall be corrected; *provided*, however, that they shall not sit after the third Monday in June. Said Board shall have power to determine such complaints only as shall be made to them upon sworn statements in writing in regard to the assessed value of any property, and may change and correct any such valuation, either by adding thereto, or deducting therefrom, if the sum fixed in the assessment roll is proven to be too small or too great. During the session of the Board, the Assessor may be present, and shall have liberty to make any statement touching questions before the Board. During the session, or as soon as possible after the adjournment of the Board, the Clerk shall enter upon said assessment roll all the changes and corrections made by the Board, and thereupon deliver the assessment roll, so corrected, to the Auditor of said city and county, whose duty it shall be to add up the columns of valuation, and on or before the first Monday in July he shall deliver to the Tax Collector a true copy of the corrected roll, to be styled a "Duplicate Assessment List of Personal Property," with the total of taxes to each person, firm, corporation, and association, carried out in separate money columns, which said duplicate assessment list shall be duly certified by said Auditor.—[Amendment, February 27, 1864.]

SEC. 3. The personal property assessment list referred to in section one of this Act, and the copy thereof named in section two of this Act, shall be made in the form and bound in the manner now provided by law.

SEC. 4. Upon receiving the tax list of personal property from the Auditor, the Tax Collector shall immediately give notice, by publication in three daily newspapers published in the county, that the taxes on personal property are due and payable, and such notice shall be continued until the first Monday of August next succeeding; he shall also cause a notice to the like effect to be addressed to each person, firm, corporation, or association, named in said list, and shall deposit the same in the post-office in said city, for delivery, the names of the persons, firms, corporations, or associations, alone to be considered a full address for the purposes of this Act.

SEC. 5. All taxes on personal property remaining due and unpaid on the first Monday of August in each year shall then become delinquent, and the Tax Collector shall, at the close of

his official business for that day, enter upon the personal property tax list a statement that he has made a levy upon all the property assessed in said list upon which the taxes have not been paid, and thereafter he shall charge two and one-half per cent. on the amount of such delinquent taxes, and on the first Monday in September then next following he shall charge two and one-half per cent. additional on all such delinquent taxes on personal property then remaining due and unpaid. The taxes on special assessments of personal property, provided for in section one of this Act, shall become delinquent, and be subject to the additional charges above named, and the property assessed to be levied upon in the form and manner hereinbefore described at the expiration of thirty days after notice to the persons, firms, corporations, or associations, assessed, that such tax is due and payable. The additional charges on delinquent taxes provided for in this section shall be paid into the County Treasury, for the use of the city and county; *provided*, that the delinquent taxes on personal property shall not be chargeable in addition to the per centage above imposed, with the five per cent. now imposed by law in section thirteen of said Act of April twenty-ninth, eighteen hundred and fifty-seven.

Sec. 6. At any time after the first Monday in August of each year, the Tax Collector is authorized and required, in person or by deputy, to seize and take possession of any personal property on which the assessed taxes have not been paid, or any personal property belonging to any person, firm, corporation, or association, delinquent for taxes on personal property, and to sell, at public auction, sufficient thereof to satisfy the taxes due, and the costs of seizure and sale, upon giving notice of the time and place of sale, by publication once in any newspaper published in the county; said time and place of sale shall be such as the Tax Collector may select, and shall be authorized to employ an Auctioneer to conduct said sales, all expenses being chargeable to the party or parties delinquent.

Sec. 7. In seizing and selling property in accordance with section six of this Act, the Tax Collector shall be governed by his judgment as to the quantity necessary to satisfy the taxes due, and costs; and should the quantity taken by him prove more than necessary for the purpose named, the portion remaining unsold may be left at the place of sale, at the risk of and subject to the order of the person or persons delinquent, and all proceeds of sales, over and above the amount due for taxes and costs, shall be returned by the Tax Collector to the person or persons on whose account the sale was made; and in case said person or persons cannot be found, or shall decline to receive said balance, then the Tax Collector shall deposit the amount with the County Treasurer, subject to the order of said person or persons; and if the same be not demanded within six months from the date of deposit, then the Treasurer shall pay the same into the County Treasury. And when no sufficient visible property can be found to pay said taxes or costs, or when the Tax Collector is in doubt whether said visible property is owned by the party taxed, or whether he has a legal right to seize the same, or when the property of an incorporated company shall be assessed, and the owner or owners of such personal property, seizable under section six of the said Act of May ninth, eighteen hundred and sixty-two, or such incorporated companies do not pay said taxes on or before the first Monday of August of each year, it shall be the duty of the Tax Collector to commence an action against the owner or owners of such personal property, or against the person or persons taxed, or such incorporated company or companies, in the name of the People of the State of California, in any Court in said city and county of competent jurisdiction, for the amount of taxes against said personal property, or said persons, or said companies. And it is hereby made the duty of the District Attorney of said city and county to prosecute said action whenever required by the Tax Collector aforesaid; and if judgment shall be obtained against the defendants in said action, ten per cent. over and above the amount due shall be taxed and added to the costs against the defendants, for Attorney's fees, and all other costs of prosecution; said ten per cent. to be paid into the Urgent Necessity Fund of said city and county.—[Amendment, April 4, 1864.]

Sec. 8. For seizing or selling personal property, as provided in this Act, the Tax Collector shall be entitled to charge and retain in each case, the sum of three dollars, and the same mileage that a Sheriff would be entitled to receive for traveling to the place to make a levy, the same to be added to the costs, and to be recovered from the delinquent party.

Sec. 9. The bill of sale of the Tax Collector shall vest full title to the property sold in the purchaser.

Sec. 10. Sections six, seven, eight, and nine, of this Act, shall apply and take effect in relation to the collection of all taxes on personal property due to said city and county, and unpaid at the time of the passage of this Act.

Sec. 11. So much of sections three, seven, nine, twelve, thirteen, and forty-four, of the Act to provide revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, and so much of sections two, five, and nine, of the Act amendatory thereof and supplementary thereto, approved April nineteenth, eighteen hundred and fifty-nine, and also so much of section one of an Act entitled An Act to amend an Act for the Support of the Government of this State, approved April twenty-ninth, eighteen hundred

and fifty-seven, and of an Act amendatory of and supplementary to said Act, approved April nineteenth, eighteen hundred and fifty-nine, approved March eighteenth, eighteen hundred and sixty-two, as conflict with the provisions of this Act, are declared to be inoperative so far as they apply to the City and County of San Francisco, and in so much are hereby repealed.

SUPPLEMENTAL XIX.—*Act to provide for the prevention of Conflagrations and the protection of Property saved from Fire in the City and County of San Francisco.*—Approved April 1, 1864.

SECTION 1. It shall be lawful for the Board of Fire Underwriters in the City and County of San Francisco to nominate, and, with the approval of the Board of Police Commissioners, to appoint an officer, to be known as the Fire Marshal, who shall serve for one year, unless sooner removed, as provided in this Act. He shall execute a bond to the State of California in the sum of five thousand dollars, conditioned for the faithful discharge of his duties, with two sureties, to be approved by the County Judge, and his salary shall be fixed from time to time and paid by said Board of Underwriters. Any person aggrieved by any misconduct of said officer may bring an action in his own name on such official bond, to recover any damages sustained by him.

SEC. 2. It shall be the duty of said officer to attend at all fires that may occur in said city and county, with a badge of office conspicuously displayed, upon which his official title shall be legibly printed, and he shall take possession of all property saved from fire for which no owner can be found; shall, as far as practicable, prevent property from being injured at fires, and regulate and direct, when necessary, the removal of goods, merchandise, and other property, to a place of safety. He shall also exercise the functions of a peace officer of said city and county. Any person who willfully hinders or obstructs said officer in the performance of any of the duties of his office shall be deemed guilty of a misdemeanor, and shall, on conviction, be punished by imprisonment in the County Jail, for not more than three months, or by fine not exceeding five hundred dollars.

SEC. 3. It shall be the duty of the Fire Marshal to institute investigations into the cause of such fires as occur in said city and county, and for this purpose he shall have power to issue subpenas and administer oaths, and compel the attendance of witnesses before him by attachment and otherwise. All subpenas issued by him shall be in such form as he may prescribe, and shall be directed to and served by any police officer, or by any peace officer of said city and county. Any witness who refuses to attend or testify in obedience to such subpena shall be deemed guilty of contempt, and be punishable by him as in cases of contempt in Justices' Courts in civil cases; *provided*, that said officer shall not have jurisdiction to try any person charged with commission of a crime for the purpose of inflicting punishment therefor, but shall make a written report of the testimony to the District Attorney or Assistant District Attorney, and institute criminal prosecutions in all cases in which there appears to be a reasonable and probable cause for believing that a fire has been caused by design.

SEC. 4. It shall be the duty of the Fire Marshal to aid in the enforcement of the fire ordinances of said city and county, and for this purpose to examine all buildings in process of erection, and institute prosecutions for all violations of the ordinances of the city and county which relate to the erection, alteration, and repairs of buildings, and the prevention of fires. He shall exercise such additional powers as may be conferred by the ordinances of said city and county.

SEC. 5. Any person who saves from fire, or from a building endanged by fire, any article of personal property, who willfully neglects, for two days, to give notice to the Fire Marshal or to the owner, of his possession thereof, shall be deemed guilty of grand or petit larceny, as the case may be; and any person who shall be guilty of false swearing in an investigation referred to in section second, shall be deemed guilty of perjury, and liable to punishment as in other cases.

SEC. 6. No person shall be entitled to any property in the hands of the Fire Marshal saved from fire until the actual expenses paid by said officer for saving and keeping the same shall be paid to him, such expenses to be determined, in case of dispute, by the Police Judge of said city and county.

SEC. 7. It shall be lawful for said Board of Underwriters at any time to remove said Fire Marshal, and to fill any vacancy in said office caused by such removal, or by resignation, death, or absence from the city, in the same manner as provided in section first of this act.

SUPPLEMENTAL XX.—*Act to redistrict the City and County of San Francisco.*—App'd March 21, 1864.

SECTION 1. The lines and boundaries of the different Election Districts in the City and County of San Francisco are hereby fixed and defined as follows:

CHURCHES.

BAPTIST.

First Baptist Church.

Rev. D. B. CHENEY, D.D., Pastor; location, north side Washington near Stockton. Pastor's residence and study, 1417 Taylor Street, near Jackson.

This church was organized in June, 1849, under the labors of its first pastor, Rev. O. C. Wheeler. The church lot was purchased in the spring of the year for the sum of $10,000. The first house of worship was dedicated in August, 1849, and was the first Protestant house of worship erected in California. Mr. Wheeler's pastorate ended in November, 1851, who was succeeded by Rev. B. Brierly in May, 1852. In the summer and fall of 1853, the wooden building was removed, and the basement of the present edifice was erected at a cost of $13,000. In this, the church worshiped until September, 1857, when it dedicated its newly-finished building which it had completed for the sum of $16,000, including upholstery. The church edifice has been recently placed in complete repair, and newly furnished throughout; and during the administration of the present pastor, who commenced his labors in July, 1859, large accessions, both to the church and congregation, have been made.

Number of communicants, 315. The Sunday School has an average attendance of about 380. Number of enrolled about 550. The library contains over 4,000 volumes.

Sabbath services morning and evening; Sabbath School at 1 P.M. Prayer meeting every Wednesday evening; Sabbath School Teachers' Meeting held on three Friday evenings of each month, conducted by the Pastor; Church Covenant Meeting the Friday evening preceding the First Sabbath in each month. Sunday School Concert, second Sabbath evening, each month.

This church has canceled the mortgage on its church property the past year and is out of debt.

Officers—Deacons: John F. Pope, D. N. Breed, A. B. Forbes, Abraham Hobson, John S. Geddes,

and Isaac Lankershim; Trustees: A. B. Forbes, P. Sather, John F. Pope, Isaac Lankershim, and Geo. W. Dam; Clerk: Leonard S. Clark; Treasurer: D. C. Breed; Superintendent of Sunday School: B. T. Martin; Assistant Superintendent; A. B. Forbes: Secretary and Treasurer: Cassius M. Conro; Librarian: R. W. Thompson.

Second Baptist Church.

The house of worship is located on Fifth Street, between Market and Mission. Rev. HENRY A. SAWTELLE, Pastor; residence 130 Turk Street, between Taylor and Jones.

The church was organized December 22d, 1862, with 41 constituent members. The present membership of the church numbers 110, nearly all of whom reside in the city. The affairs of the organization are in a healthful and prosperous condition. During the past year the house of worship has been extended twenty feet in length, and the interior otherwise improved. Officers of the church, not including pastor, are as follows:

Officers—Deacons: S. A. Bemis, J. Reynolds, L. L. Alexander; Treasurer: A. J. Chase; Clerk: J. Daniel; Trustees: S. Benson, Thomas Day, Peter Craig, J. Reynolds, and G. S. Haskell.

The Sunday School connected with this church holds its session every Sabbath at a quarter before 1 o'clock, P.M. The school numbers 280 members, with an overage attendance of about 210. It has a library of 700 volumes.

Officers of the School—Superintendent: William Neil; Secretary and Treasurer: John Daniel; Librarian: —— Davenport.

Third Baptist Church (Colored).

Rev. THOMAS HOWELL, Pastor; location, east side of Dupont Street, between Filbert and Greenwich; residence of the Pastor, north side of Oak Street, near Taylor. Services at 11 A.M. and 3 and 7½ o'clock P.M.

This church was organized in 1854. It owns its church property free of debt. The present pastor, who was ordained in 1861, began to supply the church some five years ago. Under his ministry the church has been much prospered and increased in numbers and efficiency. It has about 80 members. William Harris is Church Clerk.

Sabbath School—8 teachers, 44 scholars.

CONGREGATIONAL.

First Congregational Church.

Location, south-west corner of California and Dupont. Pastor (vacant).

Preaching every Sabbath at 11 o'clock A.M. and 7½ P.M.; Lecture every Wednesday evening at 7½ o'clock; Sabbath School immediately after morning service.

Officers of Church—Deacons: L. B. Benchley, W. O. Ayres, M.D., Lyman Dickerman, J. W. Clark, M.D., and J. T. Boyd. Standing Committee: A. C. Nichols, Henry Dutton, and A. G. Stiles.

Officers of the Society—Ira P. Rankin, Moderator; J. W. Clark, Clerk and Treasurer; Trustees: J. W. Clark, H. L. Dodge, William A. Dana, A. C. Nichols, Ira P. Rankin, and A. G. Stiles.

This church, or congregation, was organized July 29th, 1849, when Thomas Douglas and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt, assisted by Rev. A. Williams. The society met in the school-house, on the Plaza, until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erection of a suitable house of worship, which resulted in the building of a commodious frame structure, 25 by 50 feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God, February 10th, 1850. Rev. T. D. Hunt was chosen Pastor, and installed June 26th, 1850, who, in this connection, it is proper to state, was the first Protestant clergyman, located as such, in the State, having arrived at San Francisco as early as October 29th, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1st, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house; accordingly measures were adopted, in the summer of 1852, for the erection of the present substantial brick edifice, which was dedicated on the 10th of July, 1853. Rev. E. S. Lacy was installed as Pastor July 6th, 1856.

The whole number of members admitted to the church since its organization is 524. The present membership is over 400. The cost of the present church property, including lot, building, and repairs, has been about $70,000.

Sunday School—Superintendent: L. B. Benchley; Assistant: Franklin Tuthill, M.D. Number at present connected with the Sabbath School, of scholars and teachers, is about 590; average attendance, 380. A valuable and instructive library of over 1,000 volumes is attached to the Sabbath School.

Second Congregational Church.

Rev. J. A. BENTON, Pastor; residence 818 Bush Street. Services held every Sabbath at 11 o'clock A.M. and 7½ o'clock P.M. The Sabbath School and Bible Classes meet immediately after the morning service. Lecture room prayer meeting in the church every Sunday evening at 6½ o'clock. Weekly prayer meeting and lecture every Wednesday evening.

The neat and commodious church edifice, with tall spire, recently erected and now occupied by this society, is on Taylor Street, south of Geary. It presents a fine appearance and is very accessible, the Central Railroad passing in front of it.

Third Congregational Church.

Rev. E. G. BECKWITH, Pastor. Location, Fifteenth Street, just above Mission. Services at 11 A.M. and 7 P.M. Sabbath School immediately after morning service. Weekly prayer meeting, Wednesday evening.

North-End Congregational Society,

South-east corner of Dupont and Green streets. Rev. E. C. BISSELL, Pastor. Services every Sabbath at 11 o'clock A.M. and 7½ o'clock P.M.

This Society intend very soon to erect a chapel. The Sunday School now meets in the Union School House.

EPISCOPAL.

Grace Cathedral.

Right Rev. Bishop KIP and Rev. H. GOODWIN officiating. Location, corner California and Stockton streets.

Public services every Sunday at 11 A.M. and 7½ P.M.; Sunday School at half-past nine in the morning. The congregation was organized in 1849, the statistics of which may be summed up as follows: Communicants, 300; the Sunday School numbers about 200 scholars, and has a library of over 300 volumes. The first Rector of the church was Dr. J. L. Ver Mehr, who preached his first sermon in California

at the house of Mr. Merrill, in this city, Sept. 10th, 1849. The church was then in embryo, not yet having been duly organized. A party of gentleman soon after invited Dr. Ver Mehr to preach at Frank Ward's house, situated on the corner of Stockton and Green streets. A chapel was next built toward the close of 1849, at the corner of John and Powell streets, which was first opened for divine services December 30th, 1849. This was the first Grace Church. It was sixty feet long by 20 wide, and cost $8,000. The bell is that used in the former church on Powell Street. It weighs 800 pounds, cost $350, and has called the faithful to prayers from the first. It was presented by Mr. Frank Ward. On the twenty-eighth of April, 1850, Grace Church was formally organized and came into being. E. Bryant and D. S. Turner were elected Wardens, and Dr. Ver Mehr chosen Rector. The first vestry meeting was held on May 20th, 1850—thirteen years ago. In February, 1851, the contract was made to build the former Grace Church on Powell Street, which was finished that summer. Dr. Ver Mehr preached the first sermon in this edifice. Bishop Kip arrived in San Francisco January 29th, 1854, and on the 25th of February following, assumed the Rectorship, at which time Dr. Ver Mehr resigned. The Bishop continued to officiate until Palm Sunday, April 5th, 1857, when F. C. Ewer was ordained, and on the next Sunday he preached his first sermon. On the 14th of April Mr. Ewer was elected to be Assistant Minister, and on the 20th of the same month he took charge of the parish, the Bishop having departed for the Atlantic States. The Bishop having returned and resigned the Rectorship, Mr. Ewer was elected Rector of the Church on the 15th of December, 1857, and retained that position until April, 1861, when he resigned.

Officers—Senior Warden: Wm. Blanding. Junior Warden: Geo. W. Gibbs. Vestrymen: Edw. Pringle, Stephen Smith, Alex. Ely, H. F. Williams, H. C. Parker, Jos. S. Winans, Nathaniel Holland, and Edward Stanly.

Trinity Church.

The Rev. CHRISTOPHER B. WYATT, Rector.

Pastor's residence, No. 812 Bush Street.

Church located north side Pine between Montgomery and Kearny. Organized, 1849.

Public Worship every Sunday 11 A.M. and 7½ P.M.; Wednesday 11 A.M., and Friday 4 P.M.; Sunday School 9 A.M.

Officers—Senior Warden: J. D. Hawks; Junior Warden: B. H. Randolph; Vestrymen: S. R. Throckmorton, W. F. Babcock, Louis McLane, Jas. Bell, J. C. McCeney, W. L. Booker, Jacob Underhill, William Alvord, J. T. Dean, Frank W. Brooks, H. S. Dexter; Jos. G. Eastland, Clerk of Vestry.

St. John's Church, Mission Dolores.

Rev. T. W. BROTHERTON, Rector.

This church was established in November, 1857—the Rev. John Chittenden, President of the San Francisco College, then a lay reader, licensed by the Bishop of the Diocese, officiating as its Minister. The parish, of which this is the church, was instituted in February, 1858, and it is now in a state of forwardness to be permanently received as such into the Diocese of California. It is the Protestant Episcopal Church, and has all the privileges of other churches in the Episcopate. It is a neat edifice, and is thoroughly furnished with organ, robing-room, altar, pulpit, and vestment. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into the neighborhood. The Rev. J. Cameron, ordained in April, 1860, officiated as Curate—the Rev. J. Chittenden being his Rector. By the energy of the Curate, assisted by his brother clergymen, he has established the Episcopal Church permanently in this vicinity. Services are held at 11 A.M. and 7½ P.M. Sundays. It is worthy of being noted that the Ministers, Organist, Choir, and other assistants, give their services gratuitously. The present Rector took charge the 1st day of August, A.D. 1861. The 1st of August, 1862, a church edifice was commenced, on a lot presented by the ladies of the congregation to the Vestry, which was finished in November of the same year. The new church is built in the early English First pointed style, at a cost of $8,500, with furniture, etc., and is capable of accommodating 250 persons. The Sunday School numbers about 150 scholars and ten teachers. W. O. Andrews, Superintendent.

Church of the Advent.

Rev. F. MARION MCALLISTER, Rector.

The parish was established, with its first and present Rector, June, 1858.

This church is located on Howard Street between Second and Third streets. It was completed and consecrated February 24th, 1861.

Services every Sunday at 11 A.M. and 7½ P.M.; Sunday School at 9 A.M.

Officers—Wardens: C. Langley and Cutler McAllister, jr.; Vestrymen: L. A. Garnett, C. A. Eastman, E. B. Benjamin, John Kiloh, T. R. Johnson, Hall McAllister, and L. H. Allen.

The new church, with its lofty steeple, forms a conspicuous object in the southern part of the city. The architecture is nearly pure Gothic. Some modifications in the Romanesque style have been introduced, adding materially to the light and graceful effect. The exterior is of a rich dark brown, and, with its lofty lantern, reminds one of "St. Dunstan's in the East," London, built by Sir Christopher Wren, and copied by him from the fine old church of St. Nicholas, New Castle, England.

The interior is plain and elegant, and offering an auditorium in the clear of fifty feet by eighty, or one hundred and twenty feet in depth with the chancel. The walls are painted in imitation of stone, the ceiling, which is divided with delicate tracery, springs gradually to the apex of the roof, and is painted light blue. The chancel is a model of neat, unpretending architecture, and with the pulpit, which is very high, is much in the old English style. A very attractive feature is the Ten Commandments, which fill up the niches at the rear of the chancel. The windows are lofty and divided into diamond-shaped sections by a lattice work of wood on the inside.

The lot, with the edifice and furniture, cost the society $27,000.

Powell, between Washington and Jackson. This is the oldest M. E. Church in the city, having been organized in 1849 by Rev. Wm. Taylor. During the present year the church edifice has been painted and frescoed, and an organ added to the choir. Some of the present members of this church have witnessed the spread of their denomination in California from its feeble beginning among them until it now numbers over 4,000 communicants and about 40,000 hearers.

Preaching on Sundays at 11 A.M. and 7½ P.M. Sunday School at 2½ P.M. Prayer Meeting on Wednesday evenings.

Central Methodist Episcopal Church.

Rev. J. D. BLAIN, Pastor. Location, corner of Sixth and Mission streets. Services on Sabbath at 11 A.M. and 7½ P.M. Sabbath School meets at 9 A.M.

The building occupied by this congregation is a neat and commodious structure, 40 by 60, and will accommodate about 400 persons. It has been erected during the present year by the trustees of the Howard Street Methodist Church in connection with their Pastor, the Rev. J. D. Blain, and dedicated September 18th, 1864.

Howard Street Methodist Episcopal Church.

Rev. JESSE T. PECK, Pastor; residence, rear of church. Location Howard Street, between Second and Third. Sunday morning and evening service at the usual hours. Sunday School at 2 P.M. Prayer Meeting, etc., on Wednesday evening.

This Society, organized in 1852, under the superintendence of Rev. Isaac Owen, erected and dedicated December 5th, 1853, a plain, but substantial, neatly furnished house of worship. The Society has a valuable property, and is out of debt. The number of communicants was, in September, 1858, 70; since which 280 have been added; making in all 350, up to August, 1863. A good religious interest pervades the Society. Sabbath School Superintendent, William H. Codington; number of teachers, 42; scholars, 550; volumes in the library, 1,200.

The lot formerly occupied by this Society on Folsom Street was sold in September, 1862, to W. F. Babcock, for $7,750. About the same time, a lot was bought on the corner of Howard and Hubbard streets, 112½ feet on Howard by 137½ feet on Hubbard, at a cost of $14,750.

The church is Gothic of the fourteenth century, ninety-six feet long by fifty-eight feet wide. It will seat 1,000 persons. It cost, exclusive of the lot, about $40,000. The whole indebtedness of the property will be about $13,000.

The membership is now about 350. The average number in attendance at the Sabbath School for July, 1864, was 550.

Trustees—Wm. H. Gawley, Wm. H. Codington, Charles Goodall, Robert McElroy, James Harlow, J. W. Whiting, S. H. Hancock, Robert G. Byxbee.

Bethel Methodist Episcopal Church.

Rev. J. R. TANSEY, Pastor; residence, 520 Howard Street. Location, Mission between First and Second streets.

This church was organized early in 1851, under the pastrol charge of Rev. W. Taylor. Service was then held in the ship Panama, on Davis Street. Subsequently, the ship was moved to the foot of Mission Street, and a church built on deck. Early in 1857, the church was taken down and rebuilt in its present eligible situation.

During the past year this church has enjoyed a constant prosperity. Its membership is over 100.

Services at the usual hours on Sabbath morning and evening. Sabbath School at 9½ A.M.

Trustees—Oliver W. Spencer, Peter Miller, Israel Richards, Wm. McPhunn, Daniel H. Mitchell. *Officers*—Joseph Firth, Henry Mahan, J. G. Fulmer. Superintendent of Sunday School: John W. Nye.

Number of volumes in Library, 425; Sunday School officers and teachers, 20; scholars, 100.

German M. E. Church.

Rev. C. H. AFFLERBACH, Pastor; residence, rear of church. Organized February 29, 1859. Location, north side Broadway bet Stockton and Powell. Services every Sunday at 10½ A.M. and 7½ P.M. Sunday School at 9 A.M. Services also every Wednesday evening at 7½ o'clock.

German M. E. Church.

Rev. CHARLES DIERKING, Pastor; residence, 20 Everett Street. Organized April 4th, 1858. Location, Folsom Street between Fourth and Fifth. Services every Sunday at 10¾ A.M. and 7½ P.M. in the German language. Services also every Tuesday evening at 7½ o'clock. Sunday School at 9 A.M.

African Methodist Episcopal Church.

Rev. T. M. D. WARD, Pastor. Location, west side Powell between Jackson and Pacific. Pastor's residence, 532 Bush.

The Society worshiping here was organized in 1850, and is the same that formerly occupied the St. Cyprian Church. Under the pastorship of T. M. D. Ward they reorganized in 1856, and purchased the Scott Street Church property, where they continued to worship until the 25th of last month, when they became owners of the present structure, which up to that time had been known as Grace Church. The amount paid therefor was $5,500, of which $1,100 is still due on Grace Church. The Rev. J. B. Sanderson was Pastor from May, 1857, to June, 1859, since which time the Society has been under the care of the present Pastor.

Public Services are held every Sabbath at the usual hour. Attached to the church is a Sabbath School, which is in a very flourishing condition.

Officers—Trustees: Barney Fletcher, J. B. Sanderson, J. M. Bell, R. C. Armstrong, W. H. Brown, A. Gross, John Sampson, J. H. Scott, and Isaac Pierson.

Zion Wesleyan Methodist Church (Colored.)

Rev. A. B. SMITH, Pastor. Residence, Bernard, between Taylor and Jones. Location, Stockton near Sacramento.

The congregation was organized by Rev. John J. Moore, Aug. 1, 1852. In April last they purchased the Unitarian church on Stockton street for $15,500, on which there is a debt of $7,000; attached, there is a Sabbath School of 6 teachers and 35 scholars, and a library of 300 volumes; R. T. Houston, Superintendent. Services every Sabbath at 11 A.M. and 3 and 7½ P.M.; Sabbath School at 1 P.M.

PRESBYTERIAN.

First Presbyterian Church.

Rev. W. C. ANDERSON, D.D., late Pastor. Location, Stockton Street near Clay. Services on Sabbath at 11 A.M. and 7½ P.M. Sabbath School and Bible Class at 1 P.M. Lecture on Wednesday evening at 7½ o'clock.

This church was organized May 20th, 1849, under the direction of Rev. Albert Williams, and was the first Protestant Church organized in San Francisco. W. W. Caldwell, Frederick Billings, Dr. George F. Turner, Mrs. Sarah B. Gillespie, Mrs. Ann Hodgson, and Mrs. Margaret A. Geary, were the original members: Capt. B. Simmons, E. Woodruff, and H. Grimes, were the first Trustees.

During the summer of 1849 the congregation worshiped in a tent on Dupont Street, afterward in a store-room of the Custom House, and in the Superior Court Room, City Hall, until January 19th, 1851, when a neat Gothic edifice, capable of holding 700 persons, was dedicated. This house was destroyed by the great fire of 22d June, 1851. A plain building was immediately erected, in which the congregation worshiped until August, 1857; and from that time until May, 1858, their meetings were held in the Chinese Mission Chapel. Their present fine house of worship was built in the summer and autumn of 1857, at a cost of about $50,000, including the lot, furniture, and fixtures. It is in the Gothic style of architecture throughout. The main building is 117 feet long, or to the outside of the tower, 123 feet, and is 61 feet wide. Rooms for the Pastor's study and social meetings are on the same floor with the audience room, which last is 81 by 58 feet, with a ceiling 39 feet high. A Sabbath School room, 57 by 36, is over the front apartments; on the north-east corner of the house is a brick tower, 96 feet in hight. There is an organ gallery that will seat a choir of 40 persons. In all its arrangements the edifice is admirably adapted to its purpose, and at the same time is in accordance with true architectural taste.

During the last year a valuable organ has been added to the church, at an expense of $5,000, and the church debt of over $13,000 has been canceled, leaving the congregation entirely free from any liability.

Officers—Rev. W. C. Anderson, D.D., late Pastor; R. H. Waller, N. Gray, S. Hopkins, and John D. Arthur, Elders. Trustees: James Bowman, President; James K. S. Latham, Secretary; G. E. Rogers, Treasurer; Wm. N. Arthur, Joseph Gordon, R. J. Tiffany, W. H. Knight, Gerret W. Bell, Alexander Elder.

The Church is in a very prosperous condition. Present number of communicants, 250. S. B. Stoddard Superintendent Sabbath School. Number of scholars, 350; number of teachers, 42; average attendance, 300. A fine library of over 2,000 volumes is attached to the school.

Calvary Presbyterian Church.

Rev. Charles Wadsworth, D.D., Pastor; residence, 920 Pine Street between Mason and Taylor. Location, north side of Bush Street between Montgomery and Sansom. Services every Sabbath at 11 A.M. and 7 P.M., in winter months, and at 7½ P.M. in summer. Public Lecture Wednesday evening; Prayer Meeting Sabbath evening, one hour before the evening service. Young Men's Prayer Meeting on Saturday evening. Sabbath School every Sabbath at 9½ A.M., James B. Roberts, Superintendent.

Officers—Elders: R. McKee, Henry P. Coon, James D. Thornton, James B. Roberts. Deacon: Edward Hagthrop. Trustees: F. Henderson, Alexander Campbell, James B. Roberts, H. H. Haight, Thomas H. Selby, C. Wittram, H. H. Bigelow, C. Clayton, and H. M. Newhall.

The church was erected in the fall of 1854, at a cost, including the lot, of about $70,000. On its completion the property was largely in debt, but the debt was gradually reduced, and finally wholly extinguished. The whole property is now entirely free from debt, and the income of the church, now some $13,000, from pew rents and Sabbath collections, is ample to meet all its current expenses. The church has a splendid organ, built by Henry Erben, of New York, which cost over $8,000. This is, in all respects, the largest and most costly organ on the Pacific coast, and it has few superiors even in the Atlantic States. It has 46 stops and over 2000 pipes. The greatest variety of combinations can be made by the use of the various stops and couplings; and for excellence of workmanship and sweetness of tone it has been pronounced by judges to be unsurpassed. The choir is under the efficient management of Mr. Washington Elliott, Mr. Gustave A. Scott being the organist.

The church building will seat comfortably 1,000 persons. The number of communicants is now about 425. The number of scholars and teachers in the Sabbath School is about 300; number of volumes in the library, 1,000, which were selected with great care and form a very complete library. Connected with the church is a depository of the books of the Presbyterian Board of Publication, in which there is kept a variety of the standard books and tracts published by that Board.

Howard Street, N. S., Presbyterian Church.

Pastor, Rev. Abbott E. Kittredge. Location, corner of Natoma and Jane streets. Organized September, 1850, to supply a portion of the city (Happy Valley) then destitute of religious privileges. Under the auspices of the Rev. S. H. Willey, who continued in the pastorate for twelve years, the building at present occupied by the congregation was dedicated, June 17, 1851. It was enlarged and thoroughly repaired in 1861, and now contains a neat and commodious Audience Room, besides Lecture Room, Sabbath School Room, etc., in the basement.

The church is in a very prosperous condition. Soon after the arrival of the present pastor, in the early part of 1864, the church building was found inadequate to the wants of the increasing congregation, and the Sabbath services were held in Platt's Hall, Montgomery Street, for several months, until about the end of July, when, the pastor's health requiring a journey to the Atlantic States, the old location was occupied, with the expectation that during the coming year a new house of worship will be erected upon a lot of ground already purchased, situated upon Mission Street, between Third and Fourth.

Officers—Elders: W. A. Palmer, E. Bigelow, G. W. Armes. Samuel I. C. Swezey. Trustees: S. H. Harmon, George W. Armes, I. E. Davis, S. I. C. Swezey, S. C. Bugbee, Cyrus Palmer. Superintendent of Sabbath School, G. W. Armes.

Public service every Sunday at 11 A.M. Sabbath School and Bible Class at 2 P.M.; number of teachers and officers, 44; scholars, 425; volumes in library, 1,400.

Larkin Street Presbyterian Church, O. S.

Location, corner of Larkin and Pacific streets. Rev. J. D. Strong, Pastor. *Officers*—Trustees: H. P. Coon, H. H. Haight, G. L. Kenny, S. H. Williams, E. R. Waterman, F. Leppien, and Robert Irwin. This enterprise was commenced by its present Pastor, in the Spring Valley School House, in April, 1862. A Union Sabbath School, under the superintendence of E. R. Waterman, had previously existed in the neighborhood for more than two years, but was not formally connected with the church movement till near the close of that year, when an effort was made to erect a house of worship, but failed for want of the requisite funds. During the following summer the effort was revived, and in September, 1863, a Board of Trustees was incorporated, a lot purchased at an expense of $1,000, plans and specifications prepared by S. H. Williams, and the contract for building the church edifice let to J. W. Duncan. On the 4th September, 1864, the building was completed and dedicated. It is of wood, 72 feet long by 42 wide, and has seats for about 400 persons. Its architecture is plain and unpretending, but neat and tasteful, and it is one of the most substantial and thoroughly constructed wooden churches in the State. Its whole cost was a little over $10,000.

St. Paul's Presbyterian Church.

Rev. A. Williams, Pastor. This new church, gathered under the ministry of Rev. A. Williams, was organized agreeably to the form of government of the Presbyterian Church in the United States, on the 13th of January, 1861, by a committee appointed by the Presbytery of California. The committee consisted of Rev. A. Williams, F. Buel, and A. W. Loomis, and ruling elder Nathaniel Gray. The original members of the church, under the usual officers in the eldership and deaconate, numbered twenty-one. Divine service is held at 11 o'clock A.M. and 7½ P.M. on Sundays, and a lecture on Wednesday evenings at 7½ o'clock, in the large Hall on Fourth Street, between Market and Mission streets, formerly Music Hall, on Bush Street. St. Paul's Sunday School, in connection with this church, was organized Sunday, October 9th, 1859.

ROMAN CATHOLIC.

St. Mary's Cathedral.

Most Rev. Joseph S. Alemany, Archbishop; Very Rev. James Croke, V.G. Rector; Revs. John F. Harrington and Samuel Doherty, Assistants; Archi-episcopal and pastoral residence, Dupont Street, adjoining the Cathedral. Location, NE corner California and Dupont streets. Masses, Sundays at 6½, 8, 9, and 11 o'clock A.M.; week days, 6, 6½, 7, and 7½ o'clock A.M.; Vespers, at 7 o'clock Sunday evenings, in Winter, and 7½ in Summer.

The erection of this noble structure was commenced on the 17th of July, 1853, during which year the basement portion was built, and the work was resumed the July following. Dedicated December 25, 1854. The church is 75 feet wide, fronting on California Street, by 131 feet on Dupont Street, being the largest church in the State. The basement is now used for a school, at which there is an average attendance of 320 pupils. Service was begun at midnight on December 24, 1854. The basement portion, which is 19 feet high, is lighted from both sides and well ventilated. The present expenditure on the building is $175,000. The church portion is 45 feet high in the clear, and contains spacious galleries and an organ loft. The ceilings are vaulted with a series of groined arches which are decorated, and every means has been resorted to for accommodation, light, and ventilation. The church can seat 1,200 persons. The tower is at present 135 feet high, and when completed, with the spire, will be 200 feet high. The edifice is of Gothic architecture, which has been carried out in every detail through the building. In all the arrangements for the erection of the church, the greatest attention has been paid to the selection of the best materials, and to the combination of strength and durability, which are admirably effected in its construction. William Craine, architect.

The present dimensions of the Cathedral not being sufficiently large for the vast congregation that attends it, it is intended to add about thirty feet more to its length, as also an Archi-episcopal and pastoral residence on California Street, which will probably be done during the current year.

St. Francis.

Rev. James S. Cotter, Pastor; Rev. John Hodges, Assistant. Pastoral residence south side Green, near Dupont. Location north side Vallejo between Dupont and Stockton. Services, Sunday 6¼, 8½, and 11 A.M.; Sunday School, 2 o'clock P.M.; and evening devotions at 7 o'clock P.M.; at 8½ o'clock A.M. the sermon is in Spanish.

This church was organized by Very Rev. Anthony Langlois, in the Spring of 1849, through whose efforts a commodious frame building was erected in the month of December, 1849, and was the first Roman Catholic Church organized in San Francisco. Its ground base was 40 by 100 feet, one story in hight. During the years 1859'-60, a large and commodious church was erected, which was dedicated on the 17th March, 1860. Its design is of the Gothic order, prevalent in the fourteenth century, presenting an illustration of the Christian architecture of that period. The principal features of this imposing structure are the towers, which project beyond the body of the church, and present in their elevation four divisions, rising to a hight of ninety feet from the ground. The entrance porch, or vestibule, has two side aisles, a semi-octagonal sanctuary, and two sacristies, and is approached by a flight of ten steps, ascending to the vestibule, from which, at each side, are entrances to the galleries and baptistry, and in front are the pointed arched doorways which lead to the nave and aisles. In the central space, between the towers, are the three doorways communicating with the vestibule, and thence with the interior. Over the central door there is a large and elegant three-compartment window, and in the gable a highly decorated rose window. Over each side door there is a lofty and spacious niche, which rises from richly molded brick corbels; there are also three marble panels, with appropriate inscriptions, recessed in the brick work immediately over the doorway and gable; the work is finished with a massive and richly decorated cross.

The east and west sides of the structure are divided by buttresses into eight spaces, in each instance; seven of which contain the large, pointed, arched windows, which light the church. Beneath the floor of the church there is a large, well-lighted basement, which is used as a school room, and also as a place of meeting for the parishioners. The extreme length of the building is 66 by 137½ feet; from the floor to the foot of the rafters is 35 feet. The cost when completed will be nearly $100,000.

St. Patrick's Church.

Rev. Peter J. Grey, Pastor; Rev. Michael King, Assistant. Location, south side Market Street, between Second and Third Streets; pastoral residence, Market Street, adjacent to the church. Masses: Sundays, at 6, 8, and 10 A.M., and 1 P.M.; during the week, daily, at 6½ and 7½ A.M.; evening services at 7½ o'clock. A boys' school is kept in the basement, at which there is an average attendance of nearly 400 pupils.

St. Boniface Church (German).

Rev. Sebastian Wolf, Pastor; residence, Sutter, near Montgomery Street. Location, north side Sutter between Montgomery and Kearny streets. Dedicated April 5, 1860. Services—Mass: Sundays, at 9 o'clock A.M., and Vespers 3 o'clock P.M.; week days, 7 o'clock A.M.

St. Ignatius Collegiate Church

Served by the Fathers of the Society of Jesus connected with St. Ignatius' College. Location, north side Market Street between Fourth and Fifth streets. Masses: Sundays, at 5, 5¾, 6½, 7½, 8, 8¾, and 11 o'clock A.M.; Vespers at 7 o'clock P.M. in Winter, and 7½ P.M. in Summer; week days, 5, 5¾, 6½, 7¼, and 8 o'clock A.M. The old building, dedicated July 15th, 1855, being found too small for the rapidly increasing congregation, the new Hall of the College is at present used as a church, and accommodates about 2,000 persons. In the basement are the class rooms of the College, with the entrance from Jessie Street; and the residence of the Fathers fronts on Market Street. The church will afterwards be built on the site of the old one. The

present portion of the institution, recently erected, cost about $120,000.

Notre Dame des Victoires.

Rev. Father Molinier, Pastor. Location, north side Bush between Dupont and Stockton streets. Services at 7½ A.M. every day. Sundays at 7 and 11 A.M.; also, Vespers at 3½ P.M. The congregation was organized May, 1856, and its splendid edifice dedicated on the fourth of the same month. The building was constructed by a society of Baptists, and at the date above given was disposed of to the present owners. It has a ground base of 50 by 100 feet, is a very beautiful and massive brick structure, and with its basement, which is intended for school rooms connected with the church, has a capacity of comfortably seating seven hundred persons.

Mission Dolores,

Rev. John J. Prendergast, Pastor; Rev. Thos. Cushing, assistant. Services at 8 and 11 o'clock A.M., on Sundays and Festivals. This adobe church is located on the south-west corner of Sixteenth and Dolores streets; was dedicated on the 9th of October, 1776, although projected in 1769, by Father Junipero Serra, the Father of the California Missions. The first Friar who had charge was Francisco Palou, who was assisted in his labors by Benito Cambon. At the organization of this Mission, and for its protection, there were fifteen soldiers located at the Presidio, under the command of S. Flores. A cemetery is attached to the church, in which the first interment was made in September, 1776. The first Indian convert was baptized on the 27th December in the same year. In the introductory portion of the San Francisco Directory for 1862, page 5, will be found further details connected with the history of this Mission. Attached to this church is the Seminary of St. Thomas.

St. Joseph's Church.

Rev. H. P. Gallagher, Pastor; residence next door to the church. Location, Tenth Street, between Folsom and Howard. Services on Sundays and Festival days. Mass at 8 o'clock A.M.; High Mass at 11 o'clock A.M.; Catechism at 3 and Vespers at 7 o'clock P.M.; Mass, week days, at 7 o'clock A.M. St. Joseph's Church was opened for divine service on the 8th day of December, 1861. The building is a neat and substantial one story frame, 60 feet long by 37 feet wide, and stands on the 100 vara lot donated by Horace Hawes, Esq., for the future Cathedral of the Arch Diocese.

St. Rose's Church.

Pastor—(Vacant.) Attended from the Cathedral. Location, Bryant Street. Mass: Sundays, at 8 o'clock A.M. St. Rose's Church was dedicated on the Festival of Pentecost, June 8th, 1862. There is a vacancy in the Pastorship, which will be in a short time filled. There is connected with the church a school for girls, in charge of the Sisters of St. Dominic, which contained, within one month after its establishment, 156 pupils. There are now more than three hundred girls in regular attendance.

St. Bridget's Church.

Rev. James H. Aerden, Pastor; Rev. E. J. Caldwell, assistant; residence, rear of Church. Location, SW corner Van Ness Avenue and Broadway. The building occupied by this church was completed in February, 1864. It is a one-story wooden structure, 40 by 76 feet, erected upon a valuable lot purchased by Archbishop Alemany, at a cost of $5,000. Services, Sundays, 8 and 11 A.M., and 7½ P.M.; week days, 7 A.M. The services for the burial of the dead at Calvary Cemetery, is attended by the clergymen of St. Bridget's Church, from 3 to 5 P.M., from March to October, and from 2½ to 4 P.M., from November to April. St. Bridget's Church is the first established in the Western Addition. Services first held in February, 1864.

SWEDENBORGIAN.

New Jerusalem Church.

Administration of the Sacrament of the Lord's Supper, at the residence of Thomas S. Miller, 823 Bush Street, on the first Sundays of January, April, July, and October, at 2½ o'clock P.M.

This society have recently purchased at an expense of $4,000, a lot 55 by 137½ feet, situated on O'Farrell Street, between Mason and Taylor, on which they intend to erect a building for church purposes.

Officers—Trustees: Thomas S. Miller (President), Joseph Hobart, James Kellogg, C. C. Webb, T. C. Banks, Charles Pace, and J. H. Purkitt; Reader: J. H. Purkitt; Librarian: Dr. A. Kellogg; Superintendent of Sabbath School and Treasurer: Jas. Kellogg.

A library, containing all the Scientific and Theological works of Swedenborg, and a large collection of the collateral works of the New Church, both English and American, is kept at Dr. Kellogg's Drug Store, 517 Jackson Street, above Montgomery.

The Church was organized in 1851.

UNITARIAN.

First Unitarian Church.

Rev. Horatio Stebbins, Pastor. Location, south side Geary below Stockton. Services Sunday at 11 A.M., and 7½ P.M. Sabbath School, Sunday at 1 P.M. This society was organized September 1, 1850. The first edifice owned by the society was erected in 1852, on Stockton Street between Clay and Sacramento. The first regular pastor, the Rev. Joseph Harrington, arrived August 27th, 1852, and died November 2d of same year, of Panama fever. The second regular pastor, Rev. F. T. Gray, arrived June, 1853, and left in June, 1854, and died in Boston in February, 1855. The third regular pastor, the Rev. R. P. Cutler, arrived August 31, 1854, and continued his ministrations without intermission until June 1, 1859, at which time he resigned his charge, and left for New York. The Rev. John A. Buckingham then officiated as temporary pastor until April 5, 1860. The late pastor, Rev. Thomas Starr King, arrived here with his family, April 28, 1860, and commenced his ministrations the following day, (Sunday) before one of the largest congregations ever assembled in this city. Since the commencement of Mr. King's labors, and during the period of ten months, this society relieved itself of a debt which had been for years accumulating upon them, and which amounted on the first of May, 1860, to very nearly $20,000.

Though the former church was capable of seating 1,000 persons, and was one of the most attractive places of public worship in the city, it was inadequate to the growing wants of this congregation; and the corner stone of the present edifice was laid, December 3d, 1862, with appropriate ceremonies, and dedicated on the tenth of January, 1864, an immense congregation being in attendance.

The lot measures 112½ feet on Geary Street by 137½ feet in depth. On this lot are erected a church building proper, with a double porch of approach, set back twelve feet from the street, and a school building, set sixty-five feet back, forming a wing to

the church on the west side, also approached from Geary Street. The buildings are subdivided into accommodations to suit the needs and customs of the parish and the denomination to which it belongs.

It is one of the most beautiful structures our city contains, and is remarkable for the purity of its architectural design. Its entire cost was $95,000, which has been paid entirely by subscription, and the building donated to the society. The pews of the church are not owned by individuals, but belong to the society, whose organic law requires that the pews shall be rented annually at auction to the highest bidder. This method, although known in the East and adopted by the church of the Rev. Henry Ward Beecher and others, was new to California, and proved a remarkable success. Before the church was dedicated, every pew was taken at a high premium, and many were unable to obtain seats even at those terms. The pew-rents together with the premiums assured an income to the society of $25,000, in gold, for the first year, which amount has never been exceeded by any church in the country.

In the midst of this prosperity, and at the very completion and perfection of his most cherished plans, on the fourth day of March, 1864, after a brief illness, consequent upon his arduous public and parochial labors, the Rev. Thomas Starr King died. The announcement was received by the entire country as a national calamity. He was buried in the church he had just dedicated amid most imposing ceremonies, in which all classes and denominations of the community voluntarily joined, on the sixth of March, 1864. A dispatch to Rev. Dr. Henry W. Bellows, of All Souls' Church, New York, President of the Sanitary Commission, and one of the most influential and distinguished ministers of the denomination, secured his temporary succession to the vacant pulpit and subsequent ministration for six months. He arrived in San Francisco on Saturday, April 30th, precisely four years after the arrival of Mr. King, and preached his first sermon on the following day, being the anniversary day of Mr. King's occupancy of the pulpit of the society. He continued in charge of the society until the arrival, in September, of the present incumbent, the Rev. Horatio Stebbins, of Portland, Maine, who had accepted the unanimous call of the society as their permanent pastor.

A new Constitution has been adopted for the society, one clause in which provides that the property of the church shall never be pledged, mortgaged, or encumbered, for any purpose whatever.

Officers of the society are as follows: R. B. Swain, Moderator; Charles Wolcott Brooks, Treasurer; William A. Macondray, Secretary; Charles L. Low, J. A. Coolidge, Nathaniel Page, Samuel C. Bigelow, Henry Kimball, and Levi Stevens, Trustees.

MISCELLANEOUS.

Chinese Mission House.

Rev. A. W. Loomis, Pastor; residence, north-east corner Stockton and Sacramento; location, north-east corner Sacramento and Stockton streets.

Religious services in the Chinese language on each Sabbath afternoon and evening, and also on Thursday evening. A day and evening school is kept throughout the week. The house is brick, and was built by the liberality of the citizens of San Francisco, and by funds from a Board of Missions in New York, by which the Mission to the Chinese in California is supported. The house contains school rooms in the basement; on the first floor a chapel which will seat two hundred persons, and on the second, apartments for the accommodation of the Missionary family.

The Mariners' Church.

Rev. J. Rowell, Pastor; residence, on Bernard Street, near Taylor; location, Clark Street, near Pacific Wharf.

This church was organized with six members, in December, 1858, and now consists of seventy-five. Public worship every Sabbath at 3 o'clock P.M. There is connected with the Church a Sabbath School and Bible Class, numbering more than ninety teachers and scholars. The house of worship is a commodious wooden building, on Clark Street, near Drumm. It was erected some years since by contributions from merchants and other citizens of San Francisco.

Officers—Rev. J. Rowell, Pastor and Chaplain of the American Seaman's Friend Society, who has labored here since August, 1858; James F. Stewart and Henry Chester, Deacons.

This Church finds a wide field of usefulness, in the usual Church services, a large Bible Class for seamen and strangers, a Sabbath religious reading room, weekly prayer meetings in several sailors' boarding houses, preaching on the Sabbath and personal labor during the week at the U. S. Marine Hospital; distribution of Bibles and tracts on ship board, boarding houses, and elsewhere, and missionary labors about the streets, wharfs, and shipping, and on board several men-of-war, and other seagoing vessels. It is an undenominational missionary church.

During the year 1860 a society was formed among the business men of San Francisco, having for its object the moral improvement of seamen, called the San Francisco Port Society. It seeks to attain its object by sustaining the preaching of the Gospel, and other missionary labors, in connection with the Mariners' Church. The officers of the Society for the present year, are: Ira P. Rankin, President; R. B. Swain, Vice President; J. Rowell, Secretary; A. C. Nichols, Treasurer; Dr. H. P. Coon, Capt. J. B. Thomas, A. C. Nichols, Nathaniel Gray, J. F. Pope, Cyrus Palmer, Louis McLane, J. Rowell, and James F. Stewart, Trustees.

Church of Christ.

German Evangelical Lutheran St. Marks' Church.

J. M. Buehler, Pastor; residence, 29 O'Farrell Street, between Market and Stockton. Location, south side of Geary Street, between Stockton and Powell. Public worship every Sunday, at 10½ o'clock, and Wednesday evening at 7½.

This Church was organized in the fall of 1860. Divine services were first held in the northern part of the city, when the growing wants of the congregation made the selection of a more conveniently located place of worship necessary. The society, therefore, purchased its present lot on Geary Street, fronting on Union Square, and measuring 55 feet front by 137½ feet in depth. A large and commo-

dious basement building, which, after the completion of the entire edifice, will be devoted to school purposes alone, has already been erected, and is now used for public worship. The corner stone of the Church proper was laid October 31st, 1863, with appropriate services, and the entire building will soon be finished. A German and English day school, superintended by a School Board, with Mr. G. H. Labohm as principal teacher, is connected with this congregation.

Officers—President: Jacob Schreiber; Vice President: H. Doscher; Treasurer: Otto Kloppenburg; Secretary: E. Kruse; C. Spreckels, H. Kohlmoos, H. Schultheis.

First German Evangelical Lutheran Church.

The present building was erected in 1854, at a cost of $35,000; it is a noble edifice, and will seat about 800 persons. The school for the religious education of youth is now conducted in the school building of the Pastor, north side Post Street between Dupont and Stockton.

Officers—President: L. Sachs; Vice President: M. Heller; Treasurer: W. Scholle; Secretary: B. Hagan; Sexton and Collector: M. Steppacher; Trustees: L. Cohn, J. Cerf, S. Wand, I. Wormser, M. Meyerfield, and J. Bloch.

SOCIETIES.

Religious.

THE CALIFORNIA BIBLE SOCIETY.—Organized Oct. 30, 1849, with John M. Finley as President; and the Revs. J. L. Ver Mehr, Albert Williams, W. Taylor, Vice Presidents; and T. D. Hunt as Secretary. Depository, 757 Market Street. Meetings of the Board of Trustees are held by appointment on the Tuesday after the first Sunday of each month. The first building of the society, on Stockton Street, was destroyed by fire April 26, 1853, when a new one was erected on the same site at an expense of $7,000. The corner stone of the new building of the Society, 757, 759, and 761, Market Street, was laid with appropriate ceremonies on the second day of May, 1862. The edifice is an ornament to the city, a marked feature of the enterprise and foresight of the Board of Trustees; having disposed of the property owned by the society on Montgomery Street, they selected this location on a growing thoroughfare, in hopes that the future income of the property will enable the respected agent, Rev. F. Buel, to more fully extend the circulation of the Holy Scriptures in this State, and the Pacific Coast. The building is 50 feet by 75, three stories, with stores on the ground floor. One of them is now occupied as the depository of the society. The name of the society was changed by Act of the Legislature, 1859, from the San Francisco Bible Society to its present title. New Constitution adopted November, 1860.

Officers—President: Rev. J. T. Peck, D.D.; Vice Presidents: Reverends A. Williams, D. B. Cheney, D.D., S. H. Willey, S. D. Simonds, F. M. McAllister, J. Rowell, J. A. Benton, all of San Francisco; Rev. M. C. Briggs, Santa Clara; Rev. W. C. Pond, Downieville; Rev. Lucius Hamilton, San José; Rev. W. H. Hill, Sacramento; Rev. C. C. Pierce, Placerville; Rev. J. W. Ross, Yreka; Hon. D. O. Shattuck and Hon. H. P. Coon, San Francisco; Rev. John Braley, Santa Clara; Rev. Isaac Owen, Sacramento; Rev. Peter Veeder, Napa; Treasurer: C. Wittram; Secretary: William R. Wadsworth. Depository, 757 Market; Agent: Rev. Frederick Buel.

SABBATH SCHOOL UNION.—Reorganized May, 1857. The Union meets quarterly, alternately at the different churches whose schools are represented in the Union, when reports from the different schools, showing the average attendance of scholars and teachers for the previous month, are presented. (See General Review.)

Officers—President: Benj. T. Martin, First Baptist Church. Vice Presidents: E. D. Sawyer, Second Congregational Church; E. W. Playter, Powell Street Methodist Episcopal Church; Warren Holt, St. Paul's Presbyterian Church, and Joseph Mysell, Mission St. German Church. Secretary and Treasurer: Samuel Pillsbury.

Benevolent.

ORPHAN ASYLUM (CATHOLIC).—Market near Kearny Street. Organized March 23, 1851, and placed under the care of the Sisters of Charity. A frame building for this purpose was commenced in July, and completed in September, 1851. It was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of Rev. John Maginnis. The present capacious brick building was completed in November, 1854, at a cost of $15,000. It is a source of gratification to behold the consoling appearance presented by the 320 little ones now provided for in the institution, which speaks audibly of the benign influence of their guardian sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless. Another spacious brick building of the same dimensions as that erected in 1854, was completed in January, 1859, for a school, in which 550 children, day scholars, receive a useful education. The asylum is conducted under the sole management of Archbishop Alemany, and the Sisters of Charity.

A farm of fifty-three acres has been purchased at Hunter's Point, where a branch Orphan Asylum has been established for very young children. A large and commodious brick edifice will soon be erected thereon.

SAN FRANCISCO ORPHAN ASYLUM SOCIETY (PROTESTANT).—Organized January 31, 1851, and incorporated February 10, 1851.

Original Officers—President: Mrs. Albert Williams; Vice President: Mrs. S. H. Willey; Secretary: Mrs. E. A. Warren; Treasurer: Mrs Boring; Managers: Mrs. R. H. Waller, Mrs. C. V. Gillespie, Mrs. Taylor, Mrs. Joice, Mrs. A. Dubbs, and Mrs. O. C. Wheeler; Trustees: Charles Gilmore, D. L. Ross, and S. Franklin. It originally occupied the building on the corner of Second and Folsom streets, owned by Mr. H. W. Halleck, whence they removed the children in March, 1854, to the present building, just then completed at a cost of $30,000. This house, built of stone and brick, expressly for the purpose, is highly creditable to the Institution, and one of the noblest monuments of San Francisco benevolence. During the year 1862–'63, a large and convenient addition was made to the present building, at an expense of $30,000, which, together with the main building, will accommodate 250 children. As a compliment to the Sansom Hook & Ladder Co., who, upon disbanding, donated to the Asylum the building and lot owned by them, the new addition is called the "Sansom Wing." The number of children under the care of the asylum is 131, of which 84 are boys and 47 girls.

Officers—President: Mrs. Ira P. Rankin; Vice President: Mrs. R. J. Vandewater; Treasurer: Mrs. S. R. Throckmorton; Secretary: Mrs. F. MacCrellish; Managers: Mrs. D. B. Cheney, Mrs. A. J. GERMAN GENERAL BENEVOLENT SOCIETY OF SAN FRANCISCO (styled in German, Die Allgemeine Deutsche Unterstuetzungs Gesellschaft), is one of the largest and most efficient charitable associations in the State. It was organized on the 7th of January, 1854, with 105 members, and has rapidly increased until now it numbers 1,200 city members, and 400 in the interior.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. The society has a hospital situated in Brannan Street near Third, built of brick, two stories high, with a basement, 112½ feet front, 50 feet deep, with a wing in the rear of 23 feet front, 122 feet deep, furnished with steam, sulphur, hot and cold water and shower baths, and other conveniences for the treatment of the sick. The wards are smaller than in any other hospital in the city, so that not many patients are put together in a room. The lot upon which the hospital is built is 137 feet 6 inches wide by 275 feet long, the whole surrounded by a high fence and cultivated in a fine garden, a part planted with ornamental flowers and shrubs and a part with kitchen vegetables. The property of the society, including the lot and hospital buildings, is worth about $10,000. The revenue of the society amounted in 1863 to $21,461, derived chiefly from a monthly assessment of $1 levied on each member. The expenses of the hospital

in the year 1863 amounted to $18,903. The Society has as paid servants in the hospital, a superintendent, an apothecary, a gardener, a cook, and five waiters. The present officers of the society are:

President: Herman Michels; Vice Presidents: Jacob Gundlach and Herman Pflueger; Recording Secretary; A. Wapler; Financial Secretary: Theodore Helmken; Treasurer: H. Nielsen; Directors: E. A. Engelberg, A. Kuner, F. Nutz, A. Mayrisch, C. Duisenberg, Wm. Kroning, J. C. Meussdorffer; Physicians: Drs. Loehr, Regensberger, and Scharlach.

The office of the society is at 625 Merchant Street, between Montgomery and Kearny streets, where the principal agent, Julius Barckhausen, can be found from 8 A.M. to 5 P.M., on week days. All applications for admission into the society, or for charitable relief, and to furnish employment, or servants to applicants, should be addressed to the agent. No charge for applications.

LADIES PROTECTION AND RELIEF SOCIETY.—Established August 4, 1853. Incorporated August 9, 1854. The society has under its supervision a Home where friendless or destitute girls under the age of fourteen and over three years of age, and boys under ten and over three years old, abandoned by their parents, may be received and provided for until permanent homes in christian families can be secured. The adults are embraced in two classes: first, those able to labor, who are received temporarily until employment can be obtained; second, those who by reason of age or infirmity are incapacitated for labor, without means or friends to care for them.

The building is situated on Franklin Street between Post and Geary. It is two stories high, with full basement and French roof (equal to four stories). The walls are of the best hard-burned brick. It was commenced October 1, 1863, and completed April 20, 1864. It is 48 by 81 feet, contains 47 rooms with all the modern improvements, gas, water, etc. The cost of the edifice, including grading, fencing, etc., was $23,000. S. C. Bugbee & Sons, architects, designed and superintended the building, and with the contractor, Garrett Welton, rendered most efficient service. It is an ornament to the city and cannot be surpassed for convenience, cheapness, or substantial work.

Application for admission should be made to the President, Mrs. Nathaniel Gray, cor Sacramento and Powell streets, or Mrs. A. Coffin, Vice President, 217 Minna Street between Third and Fourth. STATE DEAF, DUMB, AND BLIND ASSOCIATION.—Located corner of Mission and Fifteenth streets. Organized 1860. Number of pupils, 50, of which 18 are blind. The total appropriations by the State of California to the first of January, 1863, toward the building of the institution, amount to $20,000. The appropriation by the City of San Francisco toward the purchase and improvement of the lots upon which the buildings are erected amounts to $7,000. About $2,000 derived from private charity have been expended upon furniture and necessary fixtures. The present value of the buildings and grounds is estimated at $42,000. It is a State institution, under the charge and control of a Board of Trustees and Lady Managers, who are ready to receive all children of this unfortunate class. Among all the charitable institutions so liberally sustained by the wealthy and benevolent, none

is more worthy of support than this. The school will be free to all; yet it is expected of parents and guardians of children, who have the ability, to pay $300 per annum, which includes everything except clothing; an allowance of $250 for each pupil is provided for by Legislative enactment.

The Managers propose to receive all of suitable age to commence their education, and it is considered better to send the deaf mutes young, say five years old, as it is essential they should learn the Sign language correctly at the commencement.

The Legislature of the State, at the session of 1863, passed an Act submitting to the people of the State, an act authorizing the issue of State bonds to the amount of $75,000 for the completion and furnishing of this institution. The operation of this act was by the Legislature of last Winter, we are sorry to say, suspended until further action.

SCHEDULE II.—*Rates of Storage on Merchandise.*

Measurement goods, per month, $1 per ton of forty cubic feet; heavy ditto, $1 per ton of 2,000 lbs; or in either case the amount actually paid. The consignee to have the option of charging by weight or measurement. A fraction of a month to be charged as a month.

REGULATIONS—*Concerning delivery of Merchandise, payment of Freight, etc.*

When no express stipulation exists per bill of lading, goods are to be considered as deliverable on shore.

Freight on all goods to be paid, or secured to the satisfaction of the captain or consignee of the vessel, prior to the delivery of the goods.

After the delivery to the purchaser of merchandise sold, no claims for damage, deficiency, or other cause, shall be admissible unless made within three days, and no such claim shall be admissible after goods sold and delivered have once left the city.

When foreign bills of lading do not expressly stipulate the payment of freight in a specific coin, foreign currency shall be reckoned according to the United States value thereof, and payment may be made in any legal tender of the United States.

Where foreign bills of lading expressly stipulate that the freight shall be paid in a specific coin, then the same must be procured, if required, or its equivalent given—the rate to be determined by the current value at the time in San Francisco.

For tare on China Sugar 4 pounds is to be allowed on each mat containing four pockets of about 25 pounds each.

All other rates of tare are to be allowed as by custom in New York, except when otherwise provided.

Pond, Apothecary; M. C. Bateman, Contractor for Diet, etc. Average number of patients, 290; daily admission, 3. Deaths about 5 per cent. per annum. The situation of the building occupied by the hospital is salubrious and beautiful—on the shore of the North Beach, commanding an extensive view of the bay, immediately opposite Alcatraz and Angel islands, with the village of Saucelito and the picturesque head-lands of Marin County in the distance. The structure is of brick, and, with the recent additions, capable of accommodating 200 patients. The present charge on our citizens, for all purposes connected with the care and maintenance of the indigent sick, is but $5,000 per month, as compared with $16,143, the average monthly expenditure for three years prior to the consolidation of the government of the city and county. An allowance of $6,000 is made for the support of a small-pox hospital. In addition to those within the Hospital, there is an average of 500 outside patients yearly. The small-pox hospital is located on Islais Creek, Potrero Nuevo.

Cemeteries.*

CEMETERY ASSOCIATION (Masonic).—Office, Masonic Temple, corner Montgomery and Post.

Officers—President: D. B. Arrowsmith; Vice President: Wm. R. Wheaton; Secretary: Geo. J. Hobe; Treasurer: Thos. Anderson; Trustees: E. L. Smith, H. M. Beach, Thos. Anderson, D. B. Arrowsmith, Thos. Kyle, M. Hopkins, Thos. Young, John A. Reichert, Wm. R. Wheaton.

The association owns sixty-eight acres, thirty of which are already laid out as a Masonic Cemetery. The land lies south of and adjoining Calvary Cemetery. It has a gentle slope towards the east; is sheltered from the prevailing westerly winds by Lone Mountain; is covered in a great measure by shrubbery, and is susceptible of a high state of cultivation. Its situation is equal if not superior to the best portion of Lone Mountain Cemetery, and excels it in natural advantages for the improvement and ornamentation of family plots. The association has laid out and macadamized over two miles of road in the Cemetery; have spent some $2,000 in excavating for a public vault—said excavation being into solid rock, and so situated that it is entirely sheltered from wind.

CEMETERY, HEBREW.—"Hills of Eternity" (Gibboth Olom) Dolores, Nineteenth, Twentieth, and Church, Mission Dolores. Secretary: Jacob Rich, 638 Sacramento.

CEMETERY, HEBREW.—"Home of Peace," (Nevai Shalome) Dolores, Eighteenth, Nineteenth, and Church, Mission Dolores. Secretary: David Stern, south-east corner California and Sansom.

CEMETERY, HEBREW.—North-side Broadway, between Franklin and Gough, Presidio.

CEMETERY, LONE MOUNTAIN.—2½ miles West from Montgomery, and opposite California. Proprietors: Nathaniel Gray, Joseph H. Atkinson, and Charles C. Butler; Treasurer: W. K. Van Alen; Superintendent: Frederick Mowe. On the grounds is erected a receptacle vault, capable of containing fifty bodies; also, a chapel. First interment, June 28th, 1854. Monthly average of interments at this Cemetery, 115. Office No. 6 Government House.

CEMETERY, ROMAN CATHOLIC.—Mission Dolores, Burial Ground adjoining the Church, Mission Dolores.

CEMETERY, ROMAN CATHOLIC.—Mount Calvary, adjoining Lone Mountain Cemetery. The burial services are attended to by the clergymen of St. Bridget's Church, from 3 to 5 P. M. from March to October, and from 2½ to 4 P.M. from November to April.

*See General Review, page 30, for a detailed description of the different Cemeteries.

HUCKS & LAMBERT'S

CELEBRATED PATENT

H. & L. AXLE-GREASE.

THIS EXTRAORDINARY LUBRICATING COMPOUND

Is produced by chemical combination of suitable oily substances, purified by distillation, and

EFFECTUALLY

Freed from resinous or pitchy matter which attaches to all oils, more or less, in their natural or unrefined state.

In operation, the PATENT GREASE works free from Comb, or Gum;

PREVENTS

Friction by keeping the heaviest bearings in a soft oily state to the last; and, as its consistency is not altered by exposure to the hottest sun or coldest frost, (its liquifying point being 200 degrees) it follows that, on axles which have a tendency to become hot from too heavy abrasion, etc., the anti-friction will adhere to and keep them cool, when other substances would run off and become dry; thus the evil known as

"FIRING OF WHEELS,"

is by its use effectually prevented.

The proprietors will guarantee one application of their PATENT GREASE to carry the heaviest loaded team from 300 to 500 miles without requiring to be greased on the road.

☞ N. B.—We respectfully caution the friends to ask for HUCKS & LAMBERT'S AXLE-GREASE, as there are several spurious imitations in the market, and see that the trade mark, **H & L** is on the red cover of the package.

ON HAND AND MANUFACTURED TO ORDER.

ORDERS RESPECTFULLY SOLICITED.

It is 35 PER CENT. LESS WEIGHT " " "
It is FIVE TIMES AS DURABLE.
It does not stretch or shrink in dry or wet weather.
It is not injuriously affected by the heat of summer or cold of winter.
It does not absorb water, and double its original weight.
IT IS AS PLIABLE AS HEMP ROPE of equal strength. For instance:

A Wire Rope 2½ inches in circumference, weighing 87 lbs. per 100 feet, equals in strength a Hemp Rope 6 inches in circumference, weighing 130 lbs. per 100 feet.

WIRE SASH CORD.

We also manufacture Iron and Copper Wire Sash Cords, which, over the ordinary cord, combine all the advantages of Wire Ropes over Hemp. Wire Rope has been in use in California for Mining and Ferry purposes for nine years, and we can refer to Companies in every part of the State who have had it in successful and economic use.

WIRE DRAWING.

We have lately completed a Wire Mill, and are now manufacturing all the Iron, Copper and Brass Wire used in our Ropes, and are prepared to execute limited orders for Wire for our customers, guaranteeing to furnish them at our Mills a clean article of any size, free from rust, and equal to any imported, and on as favorable terms.

SUSPENSION BRIDGES AND FLUMES.

We have been engaged in the erection of Suspension Bridges and Flumes for nine years, and refer those interested to the numerous works of this character erceted by us in almost every part of this State, Oregon and British Columbia, of span varying from 200 to 400 feet.

We have published a pamphlet entitled the "Mechanical Miners' Guide," containing scale of weight, strength and prices of Wire Ropes, with other useful data appended, which we forward free by mail, and which can be had on application from any of our agents in the Interior.

HUNT'S IMPROVED

WINDMILL,

Patented August 19th, 1862.

The cheapest and best ever offered for sale; is easily regulated; works well in light winds.
A large number of these celebrated Windmills have been set up this year, and have given perfect satisfaction to all concerned.

ROUND AND SQUARE WATER TANKS

MADE TO ORDER.

HUNT'S IMPROVED

ENDLESS CHAIN SELF-REGULATING HORSE-POWER

These Horse-Powers are regulated by a Governor, and are suited for use in all cases where a small power is wanted to run a Lathe for turning Wood, Iron or Brass—for running a Scroll Saw, or small Circular Saw, or Pumping Water—and are warranted to run as steadily as a Steam Engine.

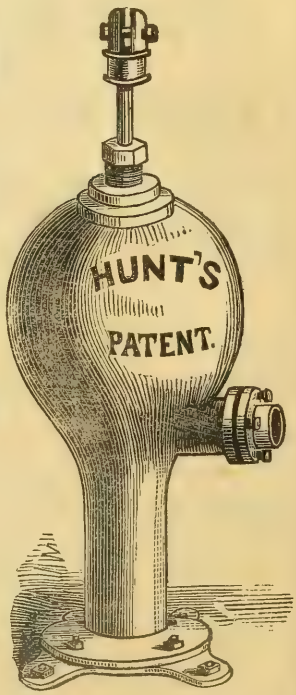
Rights in the above patents can be had by applying to E. O. Hunt, at the Windmill Factory, San Francisco.

HUNT'S PUMPS

ARE ADMITTED TO BE

BEST IN THE MARKET FOR WINDMILLS,

Being built expressly for that purpose. They can be set, and taken apart with a common wrench, and are very easily repaired.



Constantly on hand and for sale,
